239-56-SM

APPLICANT—Stoneman Engineering and Manufacturing Company, owner—roof flashing.

APPEARANCES—

For Applicant: Alexander Mast.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker

Negative: ..... 5

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 239-56-SM—Stoneman Engineering & Manufacturing Co. filed March 12, 1956 for approval of *Semco* Stormtite Roof Flashing Assemblies Models 1000, 1010, 1100, 1200 and 1210 with Dash 7 or 8 Cast Iron Counterflashing Sleeve with Vandal Proof Hood under the provisions of Section C26-191.0 Administrative Building Code.

USE: A lead flashing.

DESCRIPTION: The construction of the assembly is the same as the construction considered under Cal. 239-56-SM with the addition of a cast iron hood installed so that the free area of the hood is twice the area of the pipe. All details of construction were examined in conjunction with Cal. 240-56-SM.

RECOMMENDATION: The Committee on Test recommends the approval of the *Semco* Stormtite Roof Flashing Assemblies Models 1000, 1010, 1100, 1200 and 1210 with Dash 7 or 8 Cast Iron Counterflashing Sleeve with Vandal Proof Hood for voluntary use in New York City under the provisions of Section C26-191.0 Administrative Building Code on condition that the cartons in which the material is marketed shall be stamped "Approved by the Board of Standards and Appeals for use in New York City under Cal. 239-56-SM."

(Sgd.) WILLIAM A. NOLAN,

Director,

JOHN A. DARTS,

Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

\* Correction: In the Resolution and Recommendation portions *Stemco* is corrected to read *Semco*, as shown in italics above.

# RULES

RULES FOR TESTS OF FIRE-RESISTIVE, FLAMEPROOFED MATERIALS, SUCH AS TEXTILES, PAPER, SIMILAR MATERIALS AND ADHESIVES USED FOR DECORATIVE PURPOSES AND TREATED ACOUSTICAL DRAPERIES, CARPETS AND SIMILAR MATERIALS FOR USE IN PLACES OF PUBLIC ASSEMBLY AND SPECIAL OCCUPANCY STRUCTURES.

ADOPTED BY THE BOARD OF STANDARDS AND APPEALS MAY 3, 1940. EFFECTIVE IN ACCORDANCE WITH SECTION 665, SUBDIVISION C, OF THE NEW YORK CITY CHARTER, MAY 27, 1940.

[Cal. No. 294-40-SR]

## AUTHORITY:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2, of the Charter of the City of New York and Section C26-721.0b (12.2) as amended by Local Law No. 170, approved November 14, 1939, and Section C19-16.1 Local Law No. 112, approved July 18, 1939.

## 1.0 SCOPE

These requirements apply to flameproofed combustible materials used for decorative or other purposes within special occupancy structures as defined in Section C26-715.0 (12.1.1) and other places of public assembly as provided in Section C19-161.0 which was amended by Local Law No. 112.

## 2.0 GENERAL REQUIREMENTS

It shall be unlawful for any person to use any decorations, drape, curtain or scenery used for artistic enhancement which is made of combustible material, unless painted or saturated with a non-combustible material or liquid or otherwise rendered safe against fire to the satisfaction of the

## RULES

Fire Commissioner and in accordance with the requirements of these Rules, in any building of a public character, including a hotel, theatre, restaurant, public hall, department store, and a building used or intended to be used for purposes of public assembly, amusement or instruction, and a building where large numbers of persons congregate (See Section C19-161.1) except as exempted in Rule 7.

After flameproofing, such processing as ironing, sewing and normal handling shall have no detrimental effects on the treatment of the material.

### 3.0 APPROVAL OF MATERIALS AND METHODS USED IN FLAMEPROOFING TEXTILES, ETC.

3.1 No materials or methods for flameproofing combustible materials for use under these Rules shall be used unless approved by the Board.

### 4.0 FLAMEPROOFING PROPERTIES.

The flameproofed material, when subjected to the test described in Rule 5.0, shall meet the following requirements as to fire-retardant properties.

4.1 FLASHING—No flashing shall occur at any time on the length of the test specimen. A flashing due to fuzz or bad edges may be disregarded.

4.2 DURATION OF FLAME—The average continuation of flaming shall not exceed 3 seconds.

4.3 DURATION OF GLOW—The average continuation of glow at the edge of the charred area shall not exceed an additional twenty seconds after the cessation of flaming. Glow confined to the charred area may be disregarded.

### 5.0 TESTS.

Tests for each specific installation of originally treated combustible material, or any re-tests thereof, shall be made by the Fire Commissioner, or in a laboratory approved by him, in accordance with the requirements of these Rules.

5.1 SAMPLING FOR TEST SPECIMENS — Samples of each variety of material and for every kind of treatment shall be subjected to separate test. Samples shall be of sufficient size to furnish test specimens provided for in Rule 5.2. At least three samples shall be furnished for every 500 square feet or fraction thereof.

5.2 TEST SPECIMENS—Specimens for test shall be 2 in. wide and 12½ in. long and shall be numbered on one end. Test specimens shall be carefully cut from at least three different places in the material to provide a minimum of three test specimens from each material for testing.

5.3 CONDITIONING OF TEST SPECIMENS—The test samples or test specimens shall be dried for 24 hours in a room of average temperature of 70° F., with an average humidity of 40%.

5.4 TEST FOR PERMANENCE OF CHEMICALS—Test specimens shall be suspended by folding and pinning one-half inch of the numbered end over a horizontal 8-gauge wire, placed two inches above the center of a 7-inch opening in a 3-ft. wind tunnel arrang-

ed to deliver a wind velocity to the air, at the tunnel end, of 700 lineal feet, plus or minus 50 ft. per minute, as measured by a suitable anemometer on a line with the wire. In this position the test specimens shall be whipped for five minutes. Immediately upon conclusion of this test, the specimens shall be placed in a closed dry container until required for the flame test.

5.5 APPARATUS FOR FLAME TEST—The apparatus shall consist of a ring stand 20 inches high with an adjustable clamp housed in a metal shield 12 inches square and 20 inches high, opened in front and at both ends and a Bunsen or Tirrill gas burner which shall have a tube of ¾-inch inside diameter.

5.6 FLAME TEST—A whipped test specimen shall be taken from the closed container required in Rule 5.4 and suspended vertically with one-half inch of the numbered end in a clip held in a clamp on a ring stand so that the test specimen shall hang vertically within and near the center of the metal shield required in Rule 5.5. The lower end of the test specimen shall be three-quarters of an inch above the top of the gas burner on which the air supply is shut off completely and adjusted to give a luminous flame 1½ inches long. The flame shall be applied for 12 seconds, then withdrawn. The result of the test for duration of flame and duration of glow of the three test specimens shall each be averaged and recorded. Flashing, if any, shall be noted.

### 6.0 APPROVAL AND CERTIFICATION.

The approval of materials that have been flameproofed, as provided in Rule 1.0 and tested as required in Rule 5.0 with flameproofing properties as given in Rule 4.0 shall be limited to one year. An affidavit by the person, firm or corporation flameproofing the combustible materials shall be filed with the Fire Commissioner stating that the flameproofing compound and method complies with the approval of the Board, with calendar number thereof, and including the date of treatment and warranted period of effectiveness of the flameproofing.

6.1 The Fire Commissioner may require check tests at any time. Upon the termination of the approval, as provided for in Rule 6.0, a retest of the flameproofed combustible materials shall withstand to the following:

Flameproofed materials shall withstand a test of at least 400° F., as measured by a pyrometer, or other acceptable method, for approximately one-minute's duration by means of an open flame. Under such test, the flameproofed material shall not flash or support combustion and shall not glow outside of the char if a char is set up by the open flame. Material found not to conform to these requirements, shall be removed and replaced with materials conforming to the requirements of Rule 4.0.

### 7.0 EXEMPTION.

These Rules shall not be construed to apply to merchandise for sale or displayed for sale, to guest rooms in hotels, offices, to works of art in museums, nor to churches or places of religious worship.

### PETITION AND ORDER OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On September 13, 1960, Petition and Order of Certiorari was served on the Board by Reginald S. Hardy, attorney for petitioner, Harold F. Goetz, owner, seeking a review of the Board's denial on July 26, 1960 of his application, reopened March 8, 1960 as Volume II—based on a decision of the Borough Superintendent—under Section 7e of the Zoning Resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, office, sales, car wash, non-automatic and lubritorium; Calendar Number 275-56-BZ-Vol. II; Premises 929 Manor Road, northeast corner of Lincoln Street, Block 700, Lot 1, Castleton Corners, Borough of Richmond.

### NOTICE

1—CALENDAR: Notices of public hearing on applications for zoning variances, will be published twice: first publication, listing new cases set for hearing, in the Bulletin available to the public at least 14 days before the date of hearing; second publication, in the last Bulletin available to the public immediately prior to the hearing date. The second publication will be augmented with a listing of cases laid over from previous hearings. Attention is directed to the MINUTES of such previous hearings, where the reasons for laid over cases will have been published. Notices of public hearing on applications for approval of materials and appliances will be published once, at least 10 days prior to the hearing date.

2—MINUTES: The publication of the "digest" of the applicant's statement has been discontinued, except that the administrative orders, decisions, etc., which are the subject of each application or appeal will be published. The summary of information given in the Appeal Form (Form A) shall be published for Administrative Appeals. The Board will continue to publish such other matters as it may deem advisable.

### HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Commissioners, Director or the Engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

### CONTENTS

Petition and Order of Certiorari Served on the Board of Standards and Appeals.

Docket.

Minutes of Regular Meeting, Tuesday Morning, September 27, 1960, Affecting Calendar Numbers 603-37-BZ—Vol. II, 532-44-BZ—Vol. II, 164-52-BZ—Vol. II, 671-58-BZ—Vol. II, 477-59-A, 837-59-BZ, 898-59-BZ, 104-60-BZ, 151-60-BZ, 153-60-BZ, 154-60-A, 217-60-BZ, 313-60-BZ, 314-60-A, 355-60-BZ, 356-60-A, 367-60-BZ, 370-60-BZ, 371-60-BZ, 524-52-BZ, 5-33-BZ—Vol. IV, 414-41-BZ—Vol. IV, 171-44-BZ, 95-45-BZ—Vol. II, 100-48-BZ—Vol. III, 604-49-BZ, 723-50-BZ—Vol. III, 312-51-BZ—Vol. II, 777-54-BZ—Vol. II, 645-58-BZ—Vol. II, 440-59-BZ, 921-59-BZ, 82-60-BZ, 146-60-BZ, 204-60-BZ, 208-60-BZ, 212-60-BZ, 281-60-BZ and 300-60-BZ.

Minutes of Regular Meeting, Tuesday Afternoon, September 27, 1960, Affecting Calendar Numbers 68-60-A, 255-60-A, 256-60-A, 257-60-A, 353-60-A, 364-60-A, 380-60-A, 850-56-BZ, 135-58-BZ, 768-58-BZ, 322-60-BZ—Vol. II, 1051-21-BZ—Vol. IV, 696-24-BZ—Vol. II, 232-26-BZ—Vol. III, 472-37-BZ—Vol. IV, 802-40-BZ—Vol. II, 389-51-BZ—Vol. II and 176-55-BZ—Vol. II.

(Remaining Minutes of the Meeting of September 25, 1960, will be printed in the Bulletin of October 13, 1960.)

# CALENDAR

## DOCKET

*New Cases Filed up to September 27, 1960.*

*Cal. No. Dept. Premises Affected*

**691-60-A**—B.M.—332-344 West 44th Street, south side, 250 feet east of 9th Avenue, Block 1034, Lot 48, Borough of Manhattan, Alt. 914-60, re—alteration to existing garage.

**692-60-SA**—Trane Propeller Unit Heater, various models, for suspended space heating in industrial and commercial applications, manufactured by The Trane Co., Appliance.

**693-60-A**—B.R.—164 Wolverine Street, southwest corner Wilder Avenue, Block 4400, Lot 1, Oakwood Heights, Borough of Richmond, N.B. 377-60, re—building not fronting on legal street.

**694-60-A**—B.R.—168 Wolverine Street, south side, 52 feet west of Wilder Avenue, Block 4400, Lot 45, Oakwood Heights, Borough of Richmond, N.B. 378-60, re—building not fronting on legal street.

**695-60-A**—B.R.—172 Wolverine Street, south side, 92 feet west of Wilder Avenue, Block 4400, Lot 43, Oakwood Heights, Borough of Richmond, N.B. 379-60, re—building not fronting on legal street.

**696-60-A**—B.R.—176 Wolverine Street, south side, 132 feet west of Wilder Avenue, Block 4400, Lot 41, Oakwood Heights, Borough of Richmond, N.B. 380-60, re—building not fronting on legal street.

**697-60-A**—B.R.—180 Wolverine Street, south side, 172 feet west of Wilder Avenue, Block 4400, Lot 39, Oakwood Heights, Borough of Richmond, N.B. 381-60, re—building not fronting on legal street.

**698-60-A**—B.R.—184 Wolverine Street, south side, 157.17 feet east of Thomas Street, Block 4400, Lot 37, Oakwood Heights, Borough of Richmond, N.B. 382-60, re—building not fronting on legal street.

**699-60-A**—B.R.—190 Wolverine Street, south side, 94.67 feet east of Thomas Street, Block 4400, Lot 34, Oakwood Heights, Borough of Richmond, N.B. 481-60, re—building not fronting on legal street.

**700-60-A**—B.R.—520-528 Bay Street and 40-50 Sand Street, southwest corner, Block 512, Lot 1, Stapleton, Borough of Richmond, Alt. 413-59, re—Marquee.

**701-60-BZ**—B.Bx.—727 Brush Avenue, west side, 603.62 feet north of Randall Avenue, Block 5560, Lot 62, Borough of The Bronx, N.B. 1189-60, re—motor vehicle repair shop, body and fender work, paint and spraying, welding, lubrication, etc.; boiler room and locker room, parking and storage of cars and trucks waiting to be serviced; business signs; business entrances, residence use district.

**702-60-BZ**—B.B.—985 Rockaway Avenue, east side, from Linden Boulevard, to Hegeman Avenue, Block 3636, Lots 11 to 51 inclusive, Borough of Brooklyn, N.B. 1237-60, re—proposed coverage excessive for D Area district, business and retail use district.

**703-60-SA**—DeVilbiss Gas Fired, Batch Type Convection Oven, Series TG, to provide a means for drying surface coatings, pre-heating, core baking, manufactured by the DeVilbiss Company, Appliance.

**704-60-SA**—DeVilbiss Gas Fired, Heated Air Supply Systems, to provide a means for circulating clean tempered air to replace that exhausted by ventilating fans, manufactured by the DeVilbiss Company, Appliance.

**705-60-SM**—Blok-Lok, horizontal joint reinforcement for masonry walls, manufactured by AA Wire Products Company, Material.

**706-60-SM**—Econo-Lok, horizontal joint reinforcing and ties for two Wythe masonry walls, manufactured by AA Wire Products Co., Material.

**707-60-BZ**—B.B.—5201-5215 Avenue N and 1643-1653 East 52nd Street, northeast corner, Block 7877, Lots 4, 5, 7 and 9, Borough of Brooklyn, N.B. 706-60, re—gasoline service station, lubritorium, minor auto repairs, car washing, storage room, office and sales, parking and storage of motor vehicles in open area, retail use district; proposed ground sign; proposed show window and sign within 75 feet of a residence use district.

**708-60-BZ**—B.B.—721-731 Livonia Avenue and 539-547 Bradford Street, northeast corner, Block 3810, Lot 1, Borough of Brooklyn, Alt. 2657-60, re—proposed alteration from factory, parking and storage of motor vehicles to a motor vehicle repair shop, office, painting and spraying, welding with acetylene and oxygen torches, electrical welding machines, body and fender work, parking and storage of motor vehicles awaiting service in an open area, business use district.

**709-60-A**—F.D.—1307 Beach Channel Drive, northwest corner Mott Avenue, Block 15661, Lot 1, Far Rockaway, Borough of Queens, F.D. Order No. 3274-0, re—wet automatic sprinkler.

**710-60-SA**—Hammond Laundry Washer-Extractor, Model No. WELCA-25, Tumblytype washer-extractor, manufactured by Hammond Laundry Cleaning Machinery Company, Inc., Appliance.

**711-60-SA**—Space Ray, SRO 35 and Space Ray 50M Portable, (gas fired), overhead space heater, portable floor space heater, industrial, commercial and construction operation, but not residential, manufactured by Bright Leaf Industries, Inc., Appliance.

**712-60-A**—B.Bx.—3210-3222 White Plains Road, east side, 75 feet north of Burke Avenue, Block 4596, Lot 9, Borough of The Bronx, Alt. 432-59, re—existing marquee not permitted for new use.

### *Restored to Docket*

**1051-21-BZ—Vol. V**—B.B.—1820-1832 Cropsey Avenue and 231-245 Bay 19th Street, southwest corner, Block 6464, Lot 16, Borough of Brooklyn, Alt. 853-58, re—2-550 gal. gasoline tanks, mezzanine for offices and minor auto repairs—business and residence use district.

# CALENDAR

**696-24-BZ—Vol. II—B.B.**—1317-1327 36th Street and 123-139 Louisa Street, northeast corner, Block 5312, Lot 6, Borough of Brooklyn, Amendment to Alt. 513-58, reopened for consideration as to extension of time to complete, re—public garage, motor vehicle repair shop, lubrication, welding, etc.—manufacturing and residence use district.

**389-51-BZ—Vol. II—B.M.**—108-112 West 56th Street, south side, 150 feet west of Avenue of the Americas, Block 1008, Lots 39 and 40, Borough of Manhattan, Alt. 970-60, re—change of use of 3rd floor to garage and extending existing building to 4 stories and roof parking for garage use—business use district.

**802-40-BZ—Vol. II—B.Q.**—168-26 to 168-28 Liberty Avenue and 103-01 to 103-07 168th Place, southeast corner, Block 10222, Lots 9 and 10, Jamaica, Borough of Queens, Alt. 1479-49, reopened for consideration as to extension of term of variance, re—extension of existing motor vehicle repair shop—business use district.

**232-26-BZ—Vol. III—B.Bx.**—2255-2269 Webster Avenue, northwest corner of Ford Street, Block 3143, Lot 201, Borough of The Bronx, Amendment to Alt. 981-56, re—proposed use of storage and factory in a building partly in a residence use district and partly in a business use district.

**285-59-BZ—Vol. II—B.Bx.**—1156 Simpson Street, east side, 149 feet 9 inches south of Home Street, Block 2728, Lot 11, Borough of The Bronx, Alt. 864-58, re—proposed extension to include 2nd floor as junk shop; lot coverage of 2nd floor extension contrary—residence use district.

**286-59-A—Vol. II—B.Bx.**—1156 Simpson Street, east side, 149 feet 9 inches south of Home Street, Block 2728, Lot 11, Borough of The Bronx, Alt. 864-58, re—egress.

**472-37-BZ—Vol. IV—B.B.**—2765-2773 Cropsey Avenue and 184-196 28th Avenue, northeast corner, Block 6915, Lot 44, Borough of Brooklyn, N.B. 1355-60, re—demolition, reconstruction extension of area and extension of use of an existing gasoline service station; ground sign—residence use district.

**176-55-BZ—Vol. II—B.Q.**—147-36 Brookville Boulevard, southwest corner of 147th Road, Block 13729, Lots 30 and 33, Springfield Gardens, Borough of Queens, Alt. 574-60, re—factory, assembly of automatic transmissions and minor repairs limited to installation of automatic transmissions and extension of building; parking of cars, etc.—residence use district.

**DESIGNATIONS:** B.—Department of Buildings; B.B.—Department of Buildings, Brooklyn; B.M.—Department of Buildings, Manhattan; B.Q.—Department of Buildings, Queens; B.R.—Department of Buildings, Richmond; B.Bx.—Department of Buildings, Bronx; H.D.—Health Department; F.D.—Fire Department, and M. and A.—Dept of Marine and Aviation.

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 13, 1960 after due notice by publication in the Bulletin; laid over to September 27, 1960 for inspection and decision; applicant to file drawing indicating proposed additional sign; and

WHEREAS, the decision of the Borough Superintendent, dated March 18, 1960 as amended by decision dated July 12, 1960, acting on Alt. Applic. No. 186-60, reads:

"1. Proposed change of use of existing premises located partly in a Residence Use District, Business Use District and Retail Use District from gasoline service station, car wash, lubritorium, parking and storage of more than 5 motor vehicles, sale of accessories, minor repairs with hand tools (as appd. by Bd. of Stds. & Appeals Cal. 5-33-BZ, C.O. 27515-59) to gasoline service station, car wash, lubritorium, parking and storage of more than 5 motor vehicles, sale of accessories and auto body and fender repairs, welding, painting, spraying and towing is contrary to Art. II Sect. 3, Sect. 4 (a) (29) & Sect. 4(a) (46) and Sect. 4-A of the Zon. Resol.

2. Proposal to erect an additional business sign is

# MINUTES

denied. The existing sign on the northwest corner was granted under Cal. 5-33-BZ by the Board of Stds. & Appeals and the additional sign proposed requires approval by the said Board."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted under certain conditions insofar as it relates to Objection No. One and denied as it relates to Objection No. Two on Alt. App. 186-60, of the decision of the Borough Superintendent dated March 18, 1960 as amended by decision dated July 12, 1960; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7i of the Zoning Resolution, to permit in a business, retail and residence use district, the extension of the present uses of an existing gasoline service station, car wash, lubritorium, parking and storage of more than five motor vehicles, sale of accessories and minor auto repairs, to include auto body and fender repairs, welding, painting, spraying and towing of cars *on condition* that the work be done in accordance with drawings filed with this application dated March 18, 1960, five sheets, and September 20, 1960, one sheet, revised, showing proposed plan conditions; *on the further condition* that signs on the premises shall be limited to those in place at this time; that the application under Objection No. 2 is denied; that all laws, rules and regulations applicable shall be complied with; that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 414-41-BZ—Vol. IV

APPLICANT—Leonard F. Rothkrug for Mildred Slatow, owner.

SUBJECT—Application reopened March 15, 1960 as Volume IV—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a local retail and residence use district, the extension of a parking lot, previously granted by the Board, for a temporary term of ten (10) years.

For Applicant: Sidney H. Kitzler.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker . . . . . 5

Negative: . . . . . 0

### THE RESOLUTION—

WHEREAS, on November 15, 1949 as thereafter amended through December 13, 1955, this application—Vol. II—was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which will expire by time limitation December 13, 1960; and

WHEREAS, this application was reopened on July 19, 1960 and set for hearing on September 27, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on September 27, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated June 1, 1960 acting on Alt. Applic. No. 3380-48, reads:

"1. The proposed extension of the term of variance for the use of motor vehicle repair shop, gasoline service station, lub. in conjunction with 5 car garage on the premises located within a Business Use Dist., is contrary to Art. II, Sec. 4(a) of the Zoning Resolutions and Bd. of Std. & Appeals and appeals variance, Cal. #95-45-BZ which expired 12/13/60," and

WHEREAS, under Correspondence No. 1649-60 dated July 18, 1960, with reference to Cal. No. 95-45-BZ, Vol. I, the Borough Superintendent states:

"The records of this office show that on February 10, 1947, District Inspector expired Alteration 74-45, in that no work had commenced and no permit to build was issued;" and

WHEREAS, under Correspondence No. 1649-60, dated July 14, 1960, with reference to Cal. No. 95-45-BZ, Vol. II, Alteration Applic. 3380-48, the Borough Superintendent states:

"Certificate of Occupancy Q 107066 was issued by this Department on January 6, 1956 after a favorable report from our Inspection Division; this Certificate being in accordance with Board of Standards and Appeals Case BZ 95-45, and is to expire December 13, 1960."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 15, 1949, under Volume II, as amended through December 13, 1955,

only as to the term of the variance, so that as amended this resolution shall read:

"that the existing premises may be continued arranged as proposed and as indicated on drawings filed with this application Vol. II, dated May 24, 1949, 3 sheets and as passed upon by the Borough Superintendent under Alt. App. 3380-48, Objection 1, dated May 20, 1949, to permit minor repairs by hand tools only under Section 7i for a term of ten years from the date of this amended resolution, *on condition* that all repairing shall be done within the building; that there shall be no lubrication lift or pit in the open; that all lubrication shall be done within the building as shown; and that the buildings shall not be increased in height or area and shall be arranged and maintained as proposed and as shown on the hereinbefore mentioned plans; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto and that a new certificate of occupancy shall be obtained."

## 100-48-BZ—Vol. III

APPLICANT—Henry Nordheim for John H. Bush, owner; Henry Bellmann, lessee.

SUBJECT—Application reopened July 12, 1960 for consideration as to extension of term of variance—decision of the Borough Superintendent, previously granted on condition, under Section 7i of the Zoning Resolution, permitting in a business use district, the maintenance of existing motor vehicle repair shop in store building (1878 Valentine Avenue).

PREMISES AFFECTED—1933-1959 Webster Avenue, 1876-1892 Valentine Avenue and 350-360 East 178th Street, south side, from Valentine to Webster Avenues, Block 2815, Lot 1, Borough of The Bronx.

Minutes of Regular Meeting, Tuesday Afternoon, October 4, 1960, Affecting Calendar Numbers 620-40-SM, 521-45-SM—Vol. II, 309-53-SA, 95-57-SM, 96-57-SM, 97-57-SM, 99-57-SM, 100-57-SM, 310-58-SM, 667-58-SA, 242-59-SM, 399-59-SA, 42-60-SM, 97-60-SA, 232-60-SA, 276-60-SA, 294-60-SA, 246-60-SA, 1027-40-A—Vol. III, 138-60-A, 255-60-A, 256-60-A, 257-60-A, 283-60-A, 319-60-A, 325-60-A, 342-60-A, 561-60-A, 1030-41-A—Vol. II, 807-59-A, 260-60-A, 306-60-A, 366-60-A, 377-60-A, 736-45-BZ—Vol. II, 778-50-BZ, 870-50-BZ, 784-53-BZ—Vol. II, 887-53-BZ—Vol. II, 916-55-BZ, 672-56-BZ—Vol. II, 61-58-BZ, 63-58-BZ, 168-58-BZ, 583-59-BZ, 751-59-BZ, 1266-25-BZ—Vol. III, 340-48-BZ—Vol. III, 88-55-BZ, 746-58-BZ and 188-59-BZ—Vol. II.

### NOTICE

1—CALENDAR: Notices of public hearing on applications for zoning variances, will be published twice: first publication, listing new cases set for hearing, in the Bulletin available to the public at least 14 days before the date of hearing; second publication, in the last Bulletin available to the public immediately prior to the hearing date. The second publication will be augmented with a listing of cases laid over from previous hearings. Attention is directed to the MINUTES of such previous hearings, where the reasons for laid over cases will have been published. Notices of public hearing on applications for approval of materials and appliances will be published once, at least 10 days prior to the hearing date.

2—MINUTES: The publication of the "digest" of the applicant's statement has been discontinued, except that the administrative orders, decisions, etc., which are the subject of each application or appeal will be published. The summary of information given in the Appeal Form (Form A) shall be published for Administrative Appeals. The Board will continue to publish such other matters as it may deem advisable.

### HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Commissioners, Director or the Engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

### PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

Corrections Affecting Calendar Numbers 380-50-BZ, 979-55-BZ, 515-59-BZ.

Absent: Vice Chairman Kleinert . . . . . 1

### THE RESOLUTION—

WHEREAS, on March 19, 1957 as amended through June 24, 1958 this application was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work, which had expired by time limitation June 24, 1959; and

WHEREAS, this application was reopened on July 26, 1960 and set for hearing on October 4, 1960 at 10 A. M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on October 4, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated June 23, 1960 acting on N. B. Applic. No. 2990-56, reads:

"1. The application to extend time limit beyond time limit required by the Board of Standards and Appeals under Res. 609-56-BZ is contrary to Board approval and is referred back to the Board for reconsideration."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 19, 1957, as amended through June 24, 1958, as to the time to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this amended resolution; and that a certificate of occupancy shall be obtained and does amend the above resolution to grant under Sections 7a and 7i instead of Section 7c and 7i."

414-58-BZ

APPLICANT—Ingram S. Carner for Eleanor A. Fisher, owner.

SUBJECT—Application reopened July 26, 1960 for consideration as to extension of time to complete, expired February 3, 1960—decision of the Borough Superintendent, previously granted on condition, under Sections 7e, 7f, 7i and 7A of the Zoning Resolution, permitting in a retail use portion of a plot partly in a retail and partly in a residence use district, the erection and maintenance of a gasoline service station, office, sale of auto accessories, non-automatic car washing, minor auto repairs with hand tools only, lubritorium and parking and storage of more than five motor vehicles waiting to be serviced with curb cuts and show windows within 75 feet of a residence use district.

PREMISES AFFECTED—107-52 to 107-60 (107-56 official) New York Boulevard and 162-11 to 162-21 108th Avenue, northwest corner, Block 10140, Lot 26, South Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Massimo Francis Yezzi.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, on February 3, 1959, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work, which had expired by time limitation February 3, 1960; and

WHEREAS, this application was reopened on July 26, 1960 and set for hearing on October 4, 1960 at 10 A. M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on October 4, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated June 30, 1960, acting on N. B. Applic. No. 575-58, reads:

"1. Proposed extension of time to obtain all permits and complete all work is contrary to Art. V Sec. 22-A Zone Res. and must be referred back to the Board for its determination."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on February 3, 1959, to include minor auto repairs with hand tools only; only as to the time to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this amended resolution; and that a certificate of occupancy shall be obtained."

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 of the Zoning Resolution, to permit in a C area district, the extension of a retail store occupying more than the permitted area, *on condition* that the work shall be done in accordance

with drawings filed with this application dated May 2, 1960, 3 sheets; that all laws, rules and regulations applicable shall be complied with; that all permits, including a certificate of occupancy shall be obtained within the requirements of Section 22A of the Zoning Resolution.

## 335-60-BZ

APPLICANT—George H. Colin for Cities Service Oil Company, owner.

SUBJECT—Application April 20, 1960—decision of the Borough Superintendent, under Sections 7a, 7i and 7A of the Zoning Resolution, to permit in a business and residence use district, the reconstruction of an existing gasoline service station and extend the uses to include accessory minor auto repairs, car washing, office, retail sales, ground sign, show windows and business entrances within 75 feet of a residence use district.

PREMISES AFFECTED—717-729 Kings Highway and 1730-1738 East 8th Street, northwest corner, Block 6664A, Lot 20, Borough of Brooklyn.

APPEARANCES—

For Applicant: Benjamin Mosher and Thomas E. Berkery.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 20, 1960 after due notice by publication in the Bulletin; laid over to October 4, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated March 31, 1960 acting on N.B. Applic. No. 186-59, reads:

"1. Proposed building and premises, partly in a Business and partly in a Residence zone, to be used for gasoline service station, including retail sales, minor motor vehicle repairs, lubrication, car washing & parking and storage of more than 5 motor vehicles, violates Art. II, PP. 3 and PP.4a, subsections 29 and 46 of the Zoning Resolution.

2. Ground signs violate Art. II, PP. 4a, subsection 49 of the Zone Resolution.

3. Sign, show windows and business entrance within 75' of a Residence zone violate Art. II, PP. 7-A of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions a, i and 7A of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7a, i and 7A of the Zoning Resolution, to permit in a business and residence use district, the reconstruction of an existing gasoline service station and extend the uses to include accessory minor auto repairs, car washing, office, retail sales, ground sign, show windows and business entrances within 75 feet of a residence use district, *on condition* that the work shall be done in accordance with drawings filed with this application dated April 20, 1960, 6 sheets, and August 16, 1960 one sheet; that the owner make application to the proper authorities to have the bus stop relocated; that all laws, rules and regulations applicable shall be complied with; that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

336-60-A

APPLICANT—George H. Colin for Cities Service Oil Company, owner.

SUBJECT—Application April 20, 1960—appeal from a decision of the Borough Superintendent re—gasoline station within 20 feet, wall of a theater.

PREMISES AFFECTED—717-729 Kings Highway and 1730-1738 East 8th Street, northwest corner, Block 6664A, Lot 20, Borough of Brooklyn.

APPEARANCES—

For Applicant: Benjamin Mosher and Thomas E. Berkery.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 31, 1960 on N.B. Applic. 186-59, reads:

"4. Gasoline station to be situated within twenty feet of the nearest wall of a building occupied as a theatre violates Section C19-73.0 as per Section C19-65.0 of Chapter 19."

and

WHEREAS, the applicant states that the building will be 57.5 feet by 28 feet in area, 1 story, 12 feet high, of class 3 construction, located in business and residence use, D area, class 1 height district, now used and occupied since 1942: 1st floor—stores, 5 car garage, gasoline service station, parking for more than 5 cars and accessory uses, 4 persons; substantially in accordance with Certificates of Occupancy #106943 and #106944, issued October 2, 1942 against B.N. Applic. 190-42; that the proposed use and occupancy will be: 1st floor—gasoline service station, including lubritorium, minor auto repairs and car washing, office, retail sales, parking and storage of more than 5 motor vehicles, 2 persons; and

WHEREAS, the applicant states that this is a case filed in conjunction with Cal. No. 335-60-BZ; that the present gasoline service station is being reconstructed and extended; that the present new building will adjoin an existing theatre building; that there are no openings in the theatre building wall adjacent to the subject premises; that the motion picture theatre on the adjoining premises, Block 6664A, Lot 25, also known as 711-715 Kings Highway, was constructed in 1937 after the establishment of the gasoline service station use on the subject premises in 1922; that it is respectively submitted that the proposed reconstruction and extension sought in the accompanying BZ application will not result in any hazardous fire condition; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted on condition.

*Resolved*, that the decision of the Borough Superintendent, dated March 31, 1960, acting on N.B. App. 186-59, Objection No. 4 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that no gasoline tank be located nearer than fifty (50) feet from the nearest wall of the adjoining theatre; and that all of the conditions of the resolution adopted by the Board this day under Cal. No. 335-60-BZ shall be complied with.

## REGULAR MEETING

TUESDAY AFTERNOON, OCTOBER 4, 1960, 2 P. M.

Present: Chairman Foley, Commissioner Sleeper, Commissioner Fox and Commissioner Becker.

620-40-SM

APPLICANT—Owens-Corning Fiberglas Corp., owner—additional use.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 620-40-SM—Amendment to resolution as to include additional uses of Fiberglas.

Owens-Corning Fiberglas Corp. requested that the resolution adopted July 28, 1942 under Calendar Number 620-40-SM be amended so as to include additional uses of Fiberglas.

# MINUTES

USE: Incombustible acoustical tile.

DESCRIPTION: The material is the same material as that approved under Calendar Number 620-40-SM. The difference being that Fiberglas batts are sized into size and shape of acoustical tile and acoustical board and the tile and board are so sized that they are used in conjunction with approved suspension system.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted July 28, 1942 under Calendar Number 620-40-SM be amended so as to include the following Fiberglas acoustical tile and acoustical ceiling board, Fiberglas "Frescor", Fiberglas "Stria", Fiberglas "Access", in the following surface designs: Textured, Perforated, Stria and Frescor, Fiberglas Textured Type TXW and Fiberglas Perforated PRW-R, on condition that the requirements of the resolution adopted July 28, 1942 under Calendar Number 620-40-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,

Director,

JOHN A. DARTS,

Asst. Engr.,

GEORGE F. SKLENARIK,

Asst. Engr.,

Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 521-45-SM—Vol. II

APPLICANT—United States Plywood Corp., owner—amendment of resolution, change in corporate ownership.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Resolution amended in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper,  
Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
521-45-SM—Vol. II—Amendment to resolution as to change in corporate ownership.

United States Plywood requested by filing an affidavit that the resolution adopted June 24, 1952 under Calendar Number 521-45-SM—Vol. II be amended so as to show a change of ownership. The application was reopened by a vote of the Board July 21, 1959.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted June 24, 1952 under Calendar Number 521-45-SM—Vol. II be amended so as to show a change of owner-manufacturer, previous owner-manufacturer being National Brick Corp., present owner-manufacturer being Cincrete Corp., which is a wholly owned subsidiary of United States Plywood Corp. so that the present owner-manufacturer shall be known as United States Plywood Corp., on condition that the requirements of the resolution adopted June 24, 1952 under Calendar Number 521-45-SM—Vol. II be complied with.

(Sgd.) WILLIAM A. NOLAN,

Director,

JOHN A. DARTS,

Asst. Engr.,

GEORGE F. SKLENARIK,

Asst. Engr.,

Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 309-53-SA

APPLICANT—Bill Glover, Inc., owner—additional model of washing machine.

APPEARANCES—

For Applicant: F. C. Feiler.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper,  
Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
309-53-SA—Amendment to resolution to include washing machine.

Bill Glover, Inc., requested that the resolution adopted September 25, 1956 under Calendar Number 309-53-SA be reopened and amended so as to include an additional model of washing machine.

USE: A 25 lb. clothes washing machine.

DESCRIPTION: The requested washing machine is basically the same as the presently approved washing machine. The water supply inlet and the drain arrangement in the requested model are the same as in the approved model. The difference in the machines is in the styling and the installation automat control for coin operation.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted September 25, 1956 under Calendar Number 309-53-SA be reopened and amended so as to include the Glover 25 lb. Coin-Op Washer Extractor and also permission to market the appliance under the additional trade name of Speed Queen by Speed Queen, a division of McGraw-Edison Co., on condition that the requirements of the resolution adopted September 25, 1956 under Calendar Number 309-53-SA are complied with.

(Sgd.) WILLIAM A. NOLAN,

Director,

JOHN A. DARTS,

Asst. Engr.,

GEORGE F. SKLENARIK,

Asst. Engr.,

Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 95-57-SM

APPLICANT—Congoleum-Nairn Inc., owner.

APPEARANCES—

For Applicant: James R. Andre.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper,  
Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
95-57-SM—Congoleum-Nairn, Inc., Kearny, N. J. filed for approval of the material known as Gold Seal Asphalt Tile under the provisions of Section C26-667.0 Administrative Building Code.

USE: Asphalt floor tile.

DESCRIPTION: Asphalt tile consists of asphalt or coumarone-indene resins, petroleum pitch, filler and pigment. The mixture is consolidated and calendered into die-cut tile. The tile is made in either  $\frac{1}{8}$ " and  $\frac{3}{16}$ " thickness and is 9" x 9" in size. The tile is designed for either above or below grade installation.

INSPECTION AND TEST: Samples of the tile were examined by Ass't. Engr. J. A. Darts and it was noted that the gauge complied with the Federal specifications.

RECOMMENDATION: The Committee on Test recom-

# MINUTES

mends the approval of the material known as Gold Seal Asphalt Tile for use in New York City under the provisions of Section C26-667.0.4.a Administrative Building Code, on condition that all cartons in which the material is marketed shall be marked or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 95-57-SM".

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 96-57-SM

APPLICANT—Congoleum-Nairn, Inc., owner.

### APPEARANCES—

For Applicant: James R. Andre.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper,  
Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Vice Chairman Kleinert ..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 96-57-SM—Congoleum-Nairn, Inc., Kearny, N. J. filed for approval of the material known as Gold Seal Linoleum under the provisions of Section C26-667.0 Administrative Building Code.

USE: Linoleum used as floor covering.

DESCRIPTION: The linoleum is manufactured from a blended mixture of oxidized linseed oil, natural gums, rosin, limestone, pigments and ground cork or wood flour. This processed composition is inlaid over burlap or flooring felt and is cured to obtain a durable tough resilient product. The gauge of the material ranges from .072" to .125" in thickness. This material may be installed over smooth underfloors not in contact with the ground or those below grade.

INSPECTION AND TEST: The samples of the material were examined by Asst. Engr. J. A. Darts as to thickness and it was noted that the material met all Federal Specifications for this type of material.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Gold Seal Linoleum for use in New York City under the provisions of Section C26-667.0.4.a Administrative Building Code, on condition that the wrappers in which the material is marketed shall be labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 96-57-SM", and shall also show the gauge thickness.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 97-57-SM

APPLICANT—Congoleum-Nairn Inc., owner.

### APPEARANCES—

For Applicant: James R. Andre.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Absent: Vice Chairman Kleinert ..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 97-57-SM—Congoleum-Nairn, Inc., Kearny, N. J. filed for approval of the material known as Gold Seal Floor Adhesives under the provisions of Section C26-191.0 Administrative Building Code.

USE: Adhesive for floor covering.

DESCRIPTION: Gold Seal Linoleum Paste consists of a blended mixture of lignin liquors and suitable fillers. Applicable Federal Specification is O-P-106.

Gold Seal 320 Adhesive consists of a latex base, tackifiers and suitable fillers. 310 Adhesive is of the same general nature as 320. While there is no directly applicable Federal Specification for these two products, MIL-C-15200A applies to solvent-containing adhesives.

Gold Seal Asphalt Tile Cement (all purpose emulsion type) consists of an asphaltic base, emulsifiers and suitable fillers. Applicable Federal Specification is SS-A-00138.

Gold Seal Asphalt Tile Cement (Cut-back type) consists of an asphaltic base, aliphatic solvents and suitable fillers. Applicable Federal Specification is SS-A-128.

Gold Seal Marine Deck Adhesive is a special adhesive developed for use with Gold Seal Marine Deck Covering installed over steel decks of ships. This adhesive consists of a nonflammable resin base, ketone-type solvent and suitable fillers. Upon evaporation of the solvent this adhesive will not support combustion. The label carries a N.Y.C. Fire Department permit for inflammable mixtures. Applicable Federal Specification is MIL-C-152-1A.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Gold Seal Floor Adhesive for voluntary use in New York City as an adhesive for floor covering under the provisions of Section C26-191.0 Administrative Building Code, on condition that the container in which the material is marketed shall be marked "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 97-57-SM".

Rubber Tile under the provisions of Section C26-667.0 Administrative Building Code.

USE: Rubber tile floor covering.

DESCRIPTION: The tile is made by vulcanizing a calendered mixture of natural or synthetic rubber, sulfur, accelerators, plasticizers, pigment and mineral fillers. The tile is available in 0.125" and .080" and is 9" x 9" in size.

The tile is to be used over any smooth underfloor except those below ground level.

INSPECTION AND TEST: Samples of the tile were examined by Ass't. Engr. J. A. Darts and were found to comply as to thickness.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Gold Seal Rubber Tile for use in New York City under the provisions of Section C26-667.0.4.a Administrative Building code, on condition that the cartons in which the material is marketed shall be stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 99-57-SM".

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## 310-58-SM

APPLICANT—The Central Foundry Co., owner.

APPEARANCES—

For Applicant: Lawrence J. Nicholson.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper,  
and Commissioner Becker ..... 3  
Negative: Commissioner Fox ..... 1  
Absent: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 310-58-SM—Central Foundry Co., Newark, New Jersey, filed for approval of the material known as Cefco Bituminized Fibre Sewer Pipe and Perforated Pipe and Cefco Cast Iron Fittings and Adapters under the provisions of Section C26-1238.0 Administrative Building Code.

USE: To be used for house sewers.

DESCRIPTION: The pipe is essentially a bituminous compound reinforced with a preformed wood fiber structure with the wood fibers impregnated with a hard coal tar pitch.

The fibers are made into a pulp stock by the use of machinery similar to that used to produce pulp stock in paper mills.

The stock is then pumped in the form of dilute fiber and water slurry to the pipe forming machines where the fibers are deposited on mandrels or rolls to produce a tube of the required dimensions. Excess water is forced out by means of rollers to a point where the tube is removed and conveyed to an oven where the wood fiber tube is thoroughly dried.

After drying, the tubes are stacked in baskets and placed in air tight steel jacketed tanks, the lid is closed and vacuum pumps are used to exhaust from the tank all the air, gases or moisture left in the wood fiber tubes.

Then hard coal tar pitch, heated to 325°F is pumped into the tanks and is recirculated over the tubes which soak up the pitch; the vacuum is then removed and atmospheric pressure is allowed to complete the job of impregnating the wood fiber tube with the pitch.

The tubes are then taken to the Tooling Room for final cutting and providing each pipe end with a 2° machined taper for coupling.

Installations are done in the following manner: A coupling is placed on the outer end of the first length of pipe. The second length of pipe, also with a coupling placed on its outer end is inserted into the coupling of the first length of pipe. With a block of wood placed against the last coupling, the joints are driven together by a few blows of a sledge hammer so that the coupling makes up firm against the shoulders of the pipe.

INSPECTION AND TEST: The applicant has submitted test reports showing that tests conducted on the pipe successfully met the requirements of Commercial Standards of the United States Department of Commerce CS116-54. The complete reports are on file with and are part of the record.

RECOMMENDATION: On the basis of the inspection and test and the data filed by the applicant, The Committee on Test recommends, under Section C26-1240.0 Administrative Building Code, the approval of the material known as Cefco Bituminized Fiber Sewer Pipe and Perforated Pipe and Cefco Cast Iron Fittings and Adapters (for house sewer connection) for use, under Section C26-1238.0 Administrative Building Code, where vitrified clay sewer pipe or approved reinforced concrete pipe are allowed under Section C26-1238.0 Administrative Building Code.

It is further recommended that all cartons and/or con

# MINUTES

tainers in which the pipe as herein described (for house sewer connections) are marketed shall be stamped, tagged or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 310-58-SM," or in lieu thereof each bill of lading and/or invoice may be similarly marked.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 667-58-SA

APPLICANT—Cincinnati Screen Printing Equipment Company, owner—change in ownership and change in size of dryers.

### APPEARANCES—

For Applicant: Peter S. Gluck.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE:

Affirmative: Chairman Foley, Commissioner Sleeper,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative ..... 0  
Absent: Vice Chairman Kleinert ..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

667-58-SA—Cardel Electric Co., Inc., Cincinnati, Ohio, requested by filing an affidavit that the ownership of the Cincinnati Jet Dryer approved under Calendar Number 667-58-SA be changed to Cincinnati Screen Printing Equipment Co., same address, and subsequently requested that the amendment also include additional size dryers with a change in the perforation pattern in the warm air distribution plate within the drying hood over the conveyor belt.

USE: These dryers are used for drying silk screen printed paper or cardboard.

DESCRIPTION: The new Model Cincinnati Jet Dryers are similar to those previously approved except for size and are designated as follows: Models 48108-G, 48120-G, 48144-G, 48180-G, 6072-G, 6096-G, 60120-G, 60144-G, 7296-G and 72120-G.

The first two digits in the model number indicate the width in inches of the warm air distribution plate and the conveyor belt, the last figures show the length of the distribution plate within the drying hood.

New models and those previously approved may be equipped with the new type air distribution plate in which a chevron pattern with fewer and larger perforations per unit area is used in order to provide a better escape for spent air containing evaporated solvent into the collector pan below. The new type air distribution plate is made longer than the old style plate for the same type of work but exhaust volume remains unchanged from that originally approved while drying temperature is usually lower.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted September 22, 1959 under Calendar Number 667-58-SA be amended to show new ownership of the Cincinnati Jet Dryer by the Cincinnati Screen Printing Equipment Co., and that the resolution also be amended to include the new Models Cincinnati Jet Dryer 48108-G, 48120-G, 48144-G, 48180-G, 6072-G, 6096-G, 60120-G, 60144-G, 7296-G and 72120-G, as well as a change in the perforation pattern in the warm air distribution plate as described above, on condition that the requirements of the

resolution adopted September 22, 1959 under Calendar Number 667-58-SA be complied with.

Committee on Test.

*Resolved* that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 242-59-SM

APPLICANT—Powell Steel Lath Corp., owner; Fireproof Products Co., agent.

### APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Vice Chairman Kleinert ..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

242-59-SM—Powell Steel Lath Corp., Franklin Park, Illinois, filed for approval of the material known as Powell Metal Lath and Accessories under the provisions of Sections C26-459.0 and C26-460.0 Administrative Building Code.

USE: Metal Lath to be used in the plastering industry.

DESCRIPTION: The lath is either Diamond Mesh,  $\frac{1}{8}$ " flat rib,  $\frac{3}{8}$ " rib and/or  $\frac{3}{4}$ " rib. The diamond mesh lath is cut and expanded from copper alloy steel and is then painted with a rust inhibitive, protective paint or the lath can be fabricated from galvanized steel sheet. The diamond mesh is also made in the self furring type. The indentations in the lath hold it away from a smooth surface about  $\frac{1}{4}$ ". The flat rib lath has solid strips of metal to stiffen the lath and the ribs have a depth of not more than  $\frac{1}{8}$ ". The high rib lath has ribs  $\frac{3}{8}$ " deep. The  $\frac{3}{4}$ " rib lath has ribs  $\frac{3}{4}$ " deep and is sold on the square foot basis.

The accessories consist of cold rolled channels  $1\frac{1}{2}$ ", weighing 0.475 lbs. per foot and are formed of 16 gauge steel. Ceiling runner, either "Z" or "L" shaped are made of 28 gauge galvanized steel. Studs and track for non-load bearing partitions are fabricated from 18 gauge steel and weigh from .420 lbs. per ft. for the  $2\frac{1}{2}$ " to .650 lbs. per ft. for the 6". Additional accessories consist of grounds, corner beads, casing beads and base screeds.

INSPECTION AND TEST: Samples of the material were examined by Ass't. Engr. J. A. Darts and it was noted that the lath complied as to weight.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Powell Metal Lath as described herein; the diamond mesh weighing 3.4 lbs. per sq. yd., the flat rib lath weighing 2.75 and 3.4 lbs. per sq. yd., the  $\frac{3}{8}$ " lath weighing 3.4 and 4.0 lbs. per sq. yd. and the  $\frac{3}{4}$ " lath weighing 0.60 and 0.75 lbs. per sq. ft., and the accessories as herein described for use in New York City under the provisions of Sections C26-459.0 and C26-460.0 Administrative Building Code, on condition that each bundle of the material be tagged or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 242-59-SM".

## 399-59-SA

APPLICANT—John R. Thomson for Rheem Manufacturing Company, owner.

## APPEARANCES—

For Applicant: Ralph F. Magline.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Vice Chairman Kleinert ..... 1

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

399-59-SA—John R. Thomson for Rheem Mfg. Co., owner, filed June 17, 1959 an application for approval of the appliance known as Rheem Hot Water Heaters (gas-fired) to be marketed as Warrior Hot Water Heaters, Models 24-20, 30, 40 and 50; Custom Hot Water Heaters, Models 24-20A, 30A, 40A-3, 50A and 75A; Rheemglas Standard Hot Water Heaters, Models G24-20, 30 and 40-3; Rheemglas Standard "Stubby" Hot Water Heaters, Models G24-30S and 40S; Rheemglas Fury Hot Water Heaters, Models G27-20R, 30R, 40R, 50R and 75R; Rheemglas Fury "Stubby" Hot Water Heaters, Models G-27-30S and 40S; Rheemglas Imperial Hot Water Heaters, Models G48-20R, 30R, 40R, 50R, 75R and 100A; Booster Hot Water Heater, Models 53-60, 85, 110 and 150, for use in New York City under the provisions of Article 12, Administrative Building Code.

USE: Domestic and Commercial Type Hot Water Heaters.

DESCRIPTION: The various model water heaters are all floor type vertical tank package units made up with a cast iron burner with safety pilot, storage tank and heavy duty insulation surrounding the tank, combustion chamber and the top of the heater. The outer jacket is a cold rolled steel finished in a hard baked enamel.

The Warrior and the Custom Series have storage tanks made of hot-dipped galvanized steel tanks and are tested to 300 psi for a maximum working pressure of 127½ psi. The Warrior and Custom have die-formed reverse spiral flue baffles and cast iron circular burners, also Grayson Unitrol "110" Automatic Control, which controls both pilot and main burner and a drop tube for proper water mixing. The Custom Series is equipped with an anode rod for corrosion control.

The Rheemglas Standard, Rheemglas Standard "Stubby", Rheemglas Fury, Rheemglas Fury "Stubby", Rheemglas Imperial, and Rheemglas Imperial 100 gallon series have glass lined steel storage tanks tested to 300 psi for a maximum working pressure of 127½ psi. The above glass lined tanks have an anode rod for corrosion control; a drop tube for proper water mixing; die-formed reverse spiral flue baffles; cast iron circular burners. These models are also equipped with a Grayson Unitrol "110" Automatic Control that controls both pilot and main burner. The Rheemglas Imperial and Rheemglas Imperial 100 gallon have the Grayson Unitrol "400" Automatic Control.

The Booster Model 53 Series have heavy-duty hot-dipped galvanized steel storage tanks tested to 300 psi for a maximum working pressure of 127½ psi. The Model 53 Series is provided with multiple die-formed reverse spiral baffles; multiple vertical drilled, port-type cast iron burners, combustion chamber; hand-hole cleanout; Automatic Controls on all models will employ a diaphragm valve used in conjunction with the thermostatic control. Thermostatic control may also be installed in the hot water storage tank. For use with L.P gas a single valve, less diaphragm valve is used. This valve used in conjunction with the thermostatic control also provides complete automatic temperature control. An Automatic Hi-Temperature cutoff is furnished as standard

equipment. Completely automatic, manual resetting not necessary.

The capacities of the various models are as follows:

| Trade Name and Model               | Tank Size gallons | Recovery GPH 100°F Rise | BTU Input per hour |
|------------------------------------|-------------------|-------------------------|--------------------|
| <i>Warrior</i>                     |                   |                         |                    |
| 24-20                              | 20                | 18.5                    | 22,000             |
| 24-30                              | 30                | 25.2                    | 30,000             |

## 42-60-SM

APPLICANT—The Yale and Towne Mfg. Company, owner.

## APPEARANCES—

For Applicant: Walter J. Cyr.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Vice Chairman Kleinert ..... 1

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

42-60-SM—The Yale & Towne Mfg. Co., Lock and Hardware Division, Lenior City, Tennessee, filed for approval of the material known as Yale Panic Exit Devices, for exit doors, Models 5, 10 and 30 Series, rim applied and mortise for use in New York City under the provisions of Sections C26-191.0 and C26-285.0 Administrative Building Code.

USE: Locking Mechanism for exit doors to permit egress at all times by pressure on crossbar. Not to be used on fire doors.

DESCRIPTION: These devices are self-closing exit latches combining in one unit, the usual door locking devices and self-releasig mechanism. The system of levers is designed so as to release the lock and latches simultaneously and permit the doors to open by the application of force on a cross bar extending across the interior side of the door.

The Series 5 Yale Panic Exit Devices are rim mounted, permitting rapid installation. Utilizing malleable iron, there are two basic models available, Model 5A, with side latching and Model 5R with vertical rod latching.

The Model 5A is widely specified for use on single doors and double doors without removable mullion. Can also be

used on double doors without mullion when paired with Model 5R devices. Slight pressure on cross bar withdraws heavy Pullman type latch bolt and assures positive opening from inside at all times. Cross bar may be held in depressed "dogged" position for push-pull operation.

The Model 5R is used where maximum security is required; the "R" device is used on single doors, pairs of doors without mullion and double doors with removable mullions. Vertical bolt latching latches door at top and bottom, giving maximum security. The bolts are provided with an automatic latch stop that retains the bolts in the retracted position while the door is open and automatically releases when door is shut. The bolts then extend into the latched position automatically.

## Models

The operation of Models 5A and Model 5R is as follows:

5A-5R — Operated from inside by cross bar at all times.

There are no means of entrance from outside. With Model 5A, cross bar can be dogged. With Model 5R, cross bar cannot be dogged. No outside trim.

5AP-5RP — Operated by cross bar from inside at all times. Can also be operated by pull handle from outside when cross bar is dogged.

5AC — Operated by cross bar from inside at all times. By key from outside. Cross bar can be dogged.

Model 1109 Cylinder — Five pin regular; six pin when required, master keyed to special order.

5ACK-5RCK — Operated by cross bar from inside at all times. From outside by knob except when knob has been locked by key. With Model 5ACK latchbolt can be retracted by key without unlocking knob. With 5RCK key does not retract bolts. Models 5ACK-5RCK push pull operation when cross bar is dogged. 1109 cylinder for Model 5ACK, 1709 cylinder for Model 5RCK—Five pin regular; six pin when required, master-keyed to special order. D35 knob 2 1/4" diameter by GT87 plate 8" x 2 1/2".

5ACSH — Operated by cross bar from inside at all times. From outside by thumbpiece of handle except when thumbpiece has been locked by key. When so locked, latchbolt can be operated by key without unlocking thumbpiece. By handle from outside without the use of thumbpiece or cylinder when cross bar is dogged. 1109 cylinder—Five pin regular; six pin when required, masterkeyed to special order. 270 handle, 5 5/8" center to center. Top plate 3" x 2". Bottom plate, 2" x 2".

5ACP — Operated by cross bar from inside at all times. By key from outside. By pull handle from outside when

The Specifications for Models 5A & 5R are as follows:

|                                               | Model 5A                                                                                | Model 5R                                                                                |

# MINUTES

bolt is retracted by key or when cross bar is dogged.  
1109 cylinder—Five pin regular; Six pin when required.  
Masterkeyed to special order. 536½ handle, 5½" center to center.

All "knocked down" devices are handed and must be specified when ordering. Made for horizontal and vertical rim cylinder connecting bars. When ordering, suffix "KD".

There are 7 types of strikes available for use with desired style exit device.

## Models

50S — Strike for Type 5A single door wood application (mortised).

51S — Strike for Type 5A single door surface or double door mullion application. For metal or channel iron frame.

52S — Strike is mounted on inactive leaf of pair of doors without mullion for Type 5A bolt (active door). Type 5R bolt used on inactive door (semi-mortised).

53S — Soffit Strike supplied with all Type 5R bolts (surface).

53S — Sill Strike for Type 5R bolts (surface).

17 — Dustproof Sill Strike for Type 5R bolts (flush-mortised).

10S — Sill Strike for Type 5R bolts (flush-mortised).

The Series 10 Yale Panic Exit Devices are completely reversible. The handling to suit the hand of door being equipped is accomplished in the field. The Model 10A is widely specified for use on single doors and double doors with removable mullion. Can also be used on double doors without mullion when paired with Model 10R device. Model 10A has a lateral latching, hinged type bolt, ¾" throw, and is supplied in the following types:

Model 10A — exit only

Model 10AC — cylinder outside or cylinder and thumbpiece

Model 10AK — key-in-knob trim

Model 10AP — lever pull outside, with cylinder

Where maximum security is required, the "R" device is used on single doors, pairs of doors without mullion and double doors with removable mullion. Vertical bolt latching latches door at top and bottom, providing maximum security. The bolts operate independently. An automatic trigger keeps bolts retracted when door is open and releases bolts automatically when door is closed. Model 10R is available in the following:

Model 10R — Hinged latch bolt, top and bottom

Model 10RD — Hinged latch bolt at top and dead bolt at bottom

The operation of Models 10A & 10R is as follows:

Models 10A, 10R & 10RD — No outside trim. For exit only, without means of entrance from outside.

Models 10A, 10R — Escutcheon with grip only. Door can be opened by grip from outside when cross bar is dogged.

Models 10A, 10R & 10RD — Sectional plate with grip only. Door can be opened by grip from outside when cross bar is dogged.

Model 10AC — Cylinder only. Cylinder outside. Latch bolt can be retracted by key. Night latch operation.

Model 10AC — Escutcheon with grip and cylinder. By grip from outside when bolt is retracted by key or when cross bar is dogged.

Model 10AC — Sectional plate with grip and cylinder. By grip from outside when bolt is retracted by key or when cross bar is dogged.

Models 10AC, 10R & 10RD — Escutcheon with grip, cylinder and thumbpiece. From outside by thumbpiece, except when thumbpiece has been locked by key. Key unlocks thumbpiece, but does not retract latch bolt.

Models 10AC, 10R & 10RD — Sectional plate with grip, cylinder and thumbpiece. From outside thumbpiece, except when thumbpiece has been locked by key. Key unlocks thumbpiece, but does not retract latch bolt.

Models 10AP, 10RP — Escutcheon with lever pull. By lever pull from outside except when pull has been locked by key.

Models 10AK, 10RK — Key-in-knob. By knob from outside, cross bar inside.

The 3 strikes for Model 10A are as follows:

3S — Standard Rim Strike (adjustable) mounts to edge of stop for single doors. Mounts to removable mullion when used for pair of doors. Minimum width of stile, 3¼".

4S — Strike mounts on face of inactive leaf of a pair of doors without removable mullion. Minimum width of stile, 2¾".

9S — Mortised strike (adjustable with ratchet plate) mounts to face of frame. This strike is for use with narrow stile doors which cannot take the standard strike. Minimum width of stile, 2½".

Strike for Top Latch on Model 10R is:

3S — Standard Strike (adjustable with ratchet plate). Mounts to edge of stop.

4 — Strikes for bottom latch or Models 10R & 10RD. "R" Devices use no bottom latch case; the lower vertical rod serves as a deadbolt).

6S — Surface mounted strike. This is the regular rim sill strike and is mounted directly to sill.

8S — Flush mounted strike. This is a mortise sill strike and is normally mortised in concrete for use with lower latch of Model 10R or for deadbolt of 10RD.

10S — Flush mounted strike. This is the regular sill strike for the 10RD. Mortised in wood or metal floors.

17 — Flush mounted strike. This is a dust-proof sill strike for the 10RD. Mortised in wood or metal floors.

The Specifications for Series 10 are as follows:

Latch Cases, Model 10A — Cast brass & bronze,  
7¾" x 1⅝" x 2⅞"

Hinge Stile Cases — Cast brass & bronze,  
7¾" x 1⅝" x 2⅞"

Models 10A, 10R-10RD —

Rod Cases Model 10R-10RD — Cast brass & bronze,  
3½" x 1⅝" x 1⅞"

Cases (10R & top of 10RD) —

Cross Bar — 1" dia, seamless brass and bronze tubing. A steel reinforcing tube is available to special order in operating cross bar up to 48" in length for Models 10A and 10R devices. An additional spring is used in the hinge case to offset the extra weight of the reinforcing tube.

Vertical Rods — ½" dia, seamless brass and bronze tubing. Top rod extensions in 6", 12" and 18" lengths are available where the opening is over 7 feet.

Rod Guides — Cast brass and bronze (2 at top, one at bottom).

Latch bolts — Brass and bronze, 10A, ¾" throw; 10R, ⅝" throw for top and bottom; 10RD, ⅝" throw for top latch bolt and ½" throw for bottom rod.

Backset — Backsets vary with trim and application.

Stile-minimum width — Widths vary with trim and application.

Projection — Door to top of case 2⅞". Door to outside of cross bar 4⅞". Door to inside of bar when depressed A device 2⅞", R device 2⅞".

Door thickness — 1⅜" to 2¾".

Keying — Five pin tumblers regular. Six pin tumblers when master-keyed. Keyed alike or masterkeyed to special order. Two No. 8 or No. 11 nickel silver keys. No. 1109 or No. 1152L cylinders.

Dogging Key — Steel, zinc plated (No. S505).

Finish — AZ10, BY22, DY10, or DF on Bronze.

The Series 30 Yale Mortise Panic Exit Devices, these sets consist of a cross bar assembly and mortise lock, with

# MINUTES

or without exterior trim. Three different locks provide all necessary functions. Operating and non-operating exterior trims are available in many handle and knob designs allowing a functional variation that suits a maximum of door conditions.

The operation of the Series 30 is as follows:

Model 30X PM530—Consists of 30 cross bar assembly, 32 Mortise Lock with cylinder, PM530 pull escutcheon with thumbpiece.

Operates by cross bar from inside at all times. From outside by thumbpiece except when the thumbpiece has been locked by key. Key does not retract latch bolt. By pull handle (grip) without the use of thumbpiece when dogging feature is in use.

Model 30X PM531—Consists of 30 cross bar assembly, 31 Mortise lock with cylinder. PM531 pull escutcheon, no thumbpiece.

Operates by cross bar from inside at all times. By pull hand (grip) from outside when bolts are retracted by key or when dogging feature is in use.

Model 30X PM830—Consists of 30 cross bar assembly 32 Mortise Lock with cylinder. PM830 sectional pull and thumbpiece.

Operates by cross bar from inside at all times. From outside by thumbpiece except when the thumbpiece has been locked by key. Key does not retract latch bolt. By pull handle (grip) without the use of thumbpiece when dogging feature is in use.

Model 30X PM831—Consists of 30 cross bar assembly, 31 Mortise lock with cylinder. PM831 sectional pull, no thumbpiece.

Operates by cross bar from inside at all times. By pull handle (grip) from outside when bolts are retracted by key or when dogging feature is in use.

Model 30X31—Consists of 30 cross bar assembly, 31 Mortise Lock. No cylinder, no outside trim.

Operates by cross bar from inside at all times. No means of entrance from outside. Cross bar can be dogged.

Model 30X LF35—Consists of 30 cross bar assembly, 31 Mortise lock with cylinder. Litchfield design knob and rose assembly.

Operates by cross bar from inside at all times. By key, from outside. Outside knob is rigid and acts as a pull when bolts are retracted by key or when dogging features is in use.

Seven other knob designs available by suffixing alternate design symbols and numbers i.e.

30 x Br35—Brandywine knob & rose assembly.

30 x CL35—Classic knob & rose assembly.

30 x ES35—Essex knob & rose assembly.

30 x GF35—Greenfield knob & rose assembly.

30 x GW35—Greenwood knob & rose assembly.

30 x MG35—Medford knob & rose assembly.

30 x MW35—Medford knob & rose assembly.

Model 30X LF38—Consists of 30 cross bar assembly, 33 Mortise Lock with cylinder. Litchfield design knob and rose assembly.

Operates by cross from inside at all times. From outside by knob except when knob has been locked by key. Knob sets as a pull from outside when dogging feature is in use.

Seven other knob designs available by suffixing alternate design symbols and numbers 1.3.

30 x BR38—Brandywine knob & rose assembly.

30 x CL38—Classic knob & rose assembly.

30 x ES38—Essex knob & rose assembly.

30 x GF38—Greenfield knob & rose assembly.

30 x GW38—Greenwood knob & rose assembly.

30 x MG38—Medford knob & rose assembly.

30 x MW38—Medford knob & rose assembly.

The specifications for the locks are as follows:

Case & Cover

Front

Bolts: Brass—Latch bolt is antifriction type with  $\frac{3}{4}$ " throw. Trigger bolt is sliding type.

Backset— $2\frac{3}{4}$ "

Min. Stile width— $4\frac{3}{4}$ "

Door Thickness— $1\frac{3}{4}$ " min.,  $2\frac{3}{4}$ " max.

Hand—Not reversible. Specify LHR or RHR.

Strikes—11S (regular)  $5\frac{3}{4}$ " x  $1\frac{1}{4}$ ",  $1\frac{1}{8}$ " lip for  $1\frac{3}{4}$ " and 2" door; 2" lip for  $2\frac{3}{4}$ " doors.

12S Open back. Supplied only when specified.

Keying:—5 pin regular, key changes practically unlimited. 6 pins when required for MK, paracentric section regular, surety section where required.

The specification for 30 cross bar assembly.

Comprises slide case assembly, hinge case assembly, operating arms and cross bar.

Cases:— $7\frac{3}{4}$ " x  $1\frac{5}{8}$ " x  $2\frac{19}{32}$ ", cast brass and bronze.

Cross bar:—Brass & bronze tubing, length to fit door width. Clearance  $2\frac{13}{16}$ ". Projection  $4\frac{13}{16}$ ".

Reinforcing Tube: Steel. Available to special order in cross bars up to 48" in length.

INSPECTION AND TEST: All details of construction and data were examined by Ass't. Architect T. W. Farricker.

The Series 5 was approved under application No. 59C5979, SA1097. The Series 10 & 30 approved under Guide No. 105E16, SA1097.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Yale Panic Exit Devices, for exit doors, Models 5, 10 and 30 Series for use in New York City, under the provisions of Sections C26-191.0 and C26-285.0 Administrative Building Code, and in specific cases subject to a variation by the Board, in such cases under Section 272-Par. 3 of the State Labor Law, provided the device bears a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 42-60-SM".

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 97-60-SA

APPLICANT—Bryant Manufacturing Company, owner.

APPEARANCES—

For Applicant: Donald Ferdon.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper,  
Commissioner Fox and Commissioner Becker ..... 4

Negative ..... 0

Absent: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 97-60-SA—Bryant Manufacturing Co., Mineola, New York, filed for approval of the appliance known as Bryant "Crystal-glas" Gas-Fired Water Heaters, Models 2-147B, 3-147B and 4-147B; 2-148, 3-148, 4-148 and 5-148; 2-155, 3-155 and 4-155; 2-156, 3-156, 4-156, 5-156, 7-156 and 10-156; 3-157, 4-157 and 5-157; 3-158, 4-158 and 5-158, for use in New York City under the provisions of Article 12, Administrative Building Code.

# MINUTES

USE: Gas fired water heater for domestic and small commercial and industrial installations.

DESCRIPTION: The various model water heaters are all floor type package units made up with a cast iron burner with safety pilot, glass lined storage tank and heavy duty insulation surrounding the tank combustion chamber and the top of the heater. The outer jacket is of cold rolled steel finished in a hard baked enamel. The storage tanks are tested to 300 p.s.i.

In all model heaters water is stored in the glass lined tanks at a temperature selected but not over 180°F. As hot water is drawn from the top of the tank cold water enters through a dip tube inlet. The cold water flows towards the bottom where a thermostat is located. When the temperature falls to a preset level, the thermostat opens the main gas supply and the main burner goes on, ignited by the pilot. When selected temperature is reached, the thermostat shuts off the gas supply.

The capacities of the various water heaters are as follows:

| Model  | Tank Size<br>Gallons | Recovery GPH<br>100°F Rise | BTU Input<br>per hour |
|--------|----------------------|----------------------------|-----------------------|
| 2-147B | 20                   | 22.7                       | 27,000                |
| 3-147B | 30                   | 25.2                       | 30,000                |
| 4-147B | 40                   | 29.4                       | 35,000                |
| 2-148  | 20                   | 22.7                       | 27,000                |
| 3-148  | 30                   | 30.3                       | 36,000                |
| 4-148  | 40                   | 35.3                       | 42,000                |

All water heaters are to be connected to a flue or chimney in accordance with Article 12, Administrative Building Code.

INSPECTION AND TEST: All data was examined by Ass't. Architect T. W. Farricker.

These water heaters have been tested and approved by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Bryant "Crystalglas" Gas-Fired Water Heaters, Models 2-147B, 3-147B and 4-147B; 2-148, 3-148, 4-148, and 5-148; 2-155, 3-155 and 4-155; 2-156, 3-156, 4-156, 5-156, 7-156 and 10-156; 3-157, 4-157 and 5-157; 3-158, 4-158 and 5-158, for use in New York City under the provisions of Article 12, Administrative Building Code, provided that each water heater shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 97-60-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

## 232-60-SA

APPLICANT—Iron Fireman Manufacturing Company, owner; Henry S. Proctor, agent.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper,

Commissioner Fox and Commissioner Becker..... 4

Negative ..... 0

Absent: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 232-60-SA—Iron Fireman Mfg. Co., New York, N. Y., filed for approval of the appliance known as Iron Fireman Oil Burner, Model MF-65, under the provisions of the Oil Burner Rules of the Board. This burner will also be marketed as the Petro Burner, Model PF-65, and the National-U. S. Burner, Model NPF-65.

USE: A conversion oil burner.

DESCRIPTION: The Model MF-65 burner is a high pressure gun type burner designed to burn No. 2 fuel oil. Its capacity range is from .75 to 6.0 gallons per hour. It may be either flange connected to the boiler or furnace or pedestal mounted.

Burners are available with the drive motor, fan and pump assembly placed either above or below the burner head or gun. When located below the burner head the suffix SM is added to the model designation. When integral electronic combustion control is installed, the suffix E is added to the model designation.

INSPECTION AND TEST: Details submitted by the applicant was examined by Ass't. Engr. G. F. Sklenarik. The Model MF-65 burner was tested and approved by Underwriters' Laboratories.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Iron Fireman Oil Burner, Models MF-65, MF-65-SM, MF-65-E, MF-65-E-SM, for use in New York City under the provisions of the Oil Burner Rules of the Board, such burner also to be marketed as the Petro Burner, Model PF-65, and the National-U. S. Burner, Model NPF-65, with the same suffix designations provided that each burner shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 232-60-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Asst. Engr.,

GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

## 276-60-SA

APPLICANT—Rheem Manufacturing Company, owner.

APPEARANCES—

For Applicant: Robert E. Shenberger.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper,

Commissioner Fox and Commissioner Becker..... 4

Negative ..... 0

Absent: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 276-60-SA—Rheem Manufacturing Co., Chicago, Illinois, filed for approval of the appliance known as Rheem Gas Fired Furnaces, Models 3204-S-75D, 80D, 85D, and 100D;

# MINUTES

3204-75B, 80B, 85B, 100B, 120B, 140B and 160B; 3208-80B, 100B, 120B, 140B and 160B; 3404-100B, 120B, 140B and 160B; 3408-100B, 120B, 140B and 160B; 3202-175B, 200B, 250B and 300B, under the provisions of Article 12, Administrative Building Code.

USE: Warm air furnaces.

DESCRIPTION: The Rheem Gas Fired Furnaces are floor type package units consisting of a steel heat exchanger and combustion chamber, cast iron burners, blower fan for forced air circulation, air filters and controls including a fan and limit control and safety pilot to shut off gas in case of pilot flame failure. The complete assembly is encased in a steel cabinet made with removable front panel for servicing. All furnaces are designed for flue connection.

The suffix D indicates a direct driven blower fan, the suffix B indicates belt drive. The numeral preceding the suffix indicates in thousands the BTU input per hour.

The 3204 Models are "High Boy" furnaces; the 3208 Models are "High Boy" furnaces and have a porcelainized heat exchanger. The 3404 Models are "Lo-Boy" furnaces; the 3408 Models are "Lo-Boy" furnaces with porcelainized heat exchangers. The 3202 Models are "High-Boy" furnaces of larger capacity and have two tandem driven blower fans.

INSPECTION AND TEST: All data was examined by Ass't. Engr. G. F. Sklenarik.

All furnaces listed in this application have been tested and approved by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Rheem Gas Fired Furnaces, Models 3204-S-75D, 80D, 85D and 100D; 3204-75B, 80B, 85B, 100B, 120B, 140B and 160B; 3208-80B, 100B, 120B, 140B and 160B; 3404-100B, 120B, 140B and 160B; 3408-100B, 120B, 140B and 160B; 3202-175B, 200B, 250B and 300B, for use in New York City under the provisions of Article 12, Administrative Building Code when installed with clearances from adjacent combustible construction not less than those approved by the American Gas Association as indicated on the manufacturer's label but sufficient to allow for proper servicing of each installation and provided that each furnace shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 276-60-SA".

Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

## 294-60-SA

APPLICANT—Weil-McLain Company, owner; JL Plumbing and Heating Supply Corporation, agent.

APPEARANCES—

For Applicant: William John Edgar.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper,  
Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 294-60-SA—Weil-McLain Co., Michigan City, Ind., filed for approval of the appliance known as Weil-McLain Type E Gas Boilers, Models E3, E4, E5, E6, E7 and E8, S or W, for use in New York City under the provisions of Article 12, Administrative Building Code.

USE: Gas fired steam or hot water boilers.

DESCRIPTION: The Weil-McLain Type E Gas Boilers are low pressure heating boilers for steam or hot water heating systems. They are constructed in accordance with the ASME boiler code and are made up of cast iron sections varying in number with the size of the boiler. Burners are atmospheric type with stainless steel ribbon ports. Other equipment includes gas pressure regulator, pilot light with automatic gas shut off valve in case of pilot flame failure, pressure relief valve and limit controls. Provision is made for flue connection at the top.

The boilers are encased in a heavy gauge steel jacket which is insulated with foil backed glass wool insulation and finished in a baked enamel.

The heat input capacity in Btu per hour varies from 64,000 for the E3 Model to 288,000 for the E10 Model, each size increasing by 32,000 Btu.

INSPECTION AND TEST: The data submitted by the applicant was examined by Ass't. Engr. G. F. Sklenarik.

These boilers have been tested and approved by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Weil-McLain Type E Gas Boilers, Models E3, E4, E5, E6, E7 and E8, S or W, for use in New York City when installed in accordance with this report and the requirements of Article 12, Administrative Building Code, provided that each unit shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 294-60-SA".

(Sgd.) WILLIAM A. NOLAN,

## 138-60-A

APPLICANT—Hurley and Hughes for 71 Murray Street Corporation, owner.

SUBJECT—Application February 24, 1960—Appeal from a decision of the Borough Superintendent, re—Labor Law.

PREMISES AFFECTED—71-73 Murray Street, north side, 74 feet 3¾ inches west of West Broadway, Block 132, Lot 4, Borough of Manhattan.

### APPEARANCES—

For Applicant: Frank Farinella.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Vice Chairman Kleinert ..... 1

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 16, 1960 on Alt. Applic. 1300-59, reads:

"3—Building does not comply with Section 270 of the Labor Law."

and

WHEREAS, the applicant states that the building is 49 feet 11 inches by 100 feet in area, 12 stories, 120 feet high, of class 1 construction, located in unrestricted use, B area, class 1½ height district, built in 1911, now used and occupied since 1927: basement—boiler room, storage, locker room and repackaging; 1st floor—packaging and repackaging; 2nd floor—printing and repackaging of printed materials; 3rd floor—repackaging and packaging of leather; 4th floor—dress manufacturing; 5th floor—warehouse and office; 6th floor—printing; 7th floor—repackaging and packaging of washers; 8th floor—packaging and repackaging of cutlery; 9th floor—packaging and repackaging and office; 10th floor—packaging and repackaging resisters; 10th floor—drafting; 11th floor—office; 12th floor—office and repackaging brushes; 30 persons each floor; and

WHEREAS, the applicant states that in his opinion Section 271 of the Labor Law applies and not Section 270 of the Labor Law, because this building was built in 1911 and has been occupied as a factory building since that time; that it is not proposed to make any changes to this building and that the exits are adequate for the number of people in this building; that the appeal is for the Board to accept the building as a legal factory building as built in 1911; that the building is a 12 story fireproof building with one fireproof enclosed stair, 3 feet 2½ inches wide and one fire tower, 3 feet 1½ inches wide; that both are accessible to all tenants; that the floor capacity of all floors is 120 pounds per square foot; that the building is fully sprinklered with a two-source system; that there is a standpipe present with hose racks on each floor; that all floors have a single tenant per floor except the 8, 9, 10 and 12th floors which have respectively 4, 2, 3 and 2 tenants; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 1300-59, Objection No. 3, and that the appeal be and it hereby is *granted, on condition* that the work shall be done in accordance with drawings filed with this appeal dated February 24, 1960, 3 sheets and June 3, 1960, 4 sheets; on further condition that the doors from the public hall to the main stair shall swing into the stair; that the occupancy of the building shall be limited to that accommodated

by primary means of egress; that all exit doors along the stairways shall be put in good operating condition; and that a new certificate of occupancy shall be obtained.

APPLICANT—Noah N. Sherman for B. Louise Birch, owner.

SUBJECT—Application April 7, 1960—Appeal from an order and a decision of the Fire Commissioner re—an order—Automatic sprinkler system.

PREMISES AFFECTED—146 West 94th Street, south side, 342.2 feet east of Amsterdam Avenue, Block 1224, Lot 150, Borough of Manhattan.

### APPEARANCES—

For Applicant: Noah N. Sherman.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal denied.

### THE VOTE TO GRANT—

Affirmative: ..... 0

Negative: Chairman Foley, Commissioner Sleeper, Commissioner Fox, and Commissioner Becker ..... 4

Absent: Vice Chairman Kleinert ..... 1

### THE RESOLUTION—

WHEREAS, the decision and order of the Fire Commissioner dated March 8, 1960 on Folder No. 94W146.01, reads:

"1. Install an approved, wet automatic sprinkler system in the open stairways, in buildings 146 & 150 West 94th Street, having at least one source of water supply arranged and equipped as per Chap. 26, Art. 16, Adm. Code & Ch. 19-161.0 Adm. Code.

2. Install an approved, wet automatic sprinkler system in the cellar of buildings 146, 148-150 and 152 West 94th Street, Man., having at least one source of water supply arranged and equipped as per Chap. 26, Art. 16, Adm. Code & Ch. 19-161.0 Adm. Code.

3. Provide fusible links on all dumbwaiter doors in building 146."

and

WHEREAS, the applicant states that the building is 18 feet by 55 feet 6 inches in area, 4 stories and basement, 50 feet 5 inches high, of class 3 construction, located in residence use, B area, class 1½ height district, built in 1887, now used and occupied since 1930: cellar—storage and boiler; basement—kitchen and school (lunchroom), 25 persons; 1st floor—school (cafeteria), 45 persons; 2nd floor—school, 30 persons; 3rd and 4th floors—one apartment each floor; substantially in accordance with Certificate of Occupancy No. 17072, issued November 28, 1930 against Alt. Applic. 1727-30; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that this is one of 4 buildings and land were purchased by the present owner and were converted for legal present use as a private school during the years as noted above (1926 to 1930); that these educators expended considerable sums of monies for purchase of land and buildings and towards altering and conversion of the buildings to present legal use as private school; that this school has been used continuously by the same owners from its inception to present date; that the existing stairway is wood that is open in the cellar but protected at the basement floor level with fire retarded partition and fireproof self-closing door; that the entire hall area of the basement floor level is protected with fire-retarded partition and all openings in same has fireproof self-closing doors and further, hallway leads directly to the street and through rear yard; that the same condition applies to the 1st floor hallway area with additional means of egress directly into fireproof stairway of building 148 West 94th Street; that the entire 2nd floor stair hall is protected with fire-retarded partition and fireproof self-closing doors with an additional means of egress directly into fireproof stairway of building No. 146 West 94th Street; that the 3rd and 4th floors (legal use dwelling on each of these floors—not occupied) have stud and plaster partition around stair hall with wood doors and scuttle and ladder to roof from the 4th floor; that the cellars of all 4 buildings have fire retarded ceilings pro

# MINUTES

tected with plaster board and cement plaster finish and at the areas of the boiler this surface is further protected with galvanized sheet metal; that all 4 buildings, have an approved interior alarm system and the school maintains in all buildings an approved fire drill system with a record of same maintained; and kept by the Division of Fire Prevention, Fire Department and approved type of fire extinguishers are located throughout all buildings as required by the Fire Department (portable type); and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the decision and order of the Fire Commissioner, acting on Folder No. 94W146.01, Objections No. 1, 2 and 3 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 256-60-A

APPLICANT—Noah N. Sherman for B. Louise Birch, owner.

SUBJECT—Application April 7, 1960—Appeal from an order and a decision of the Fire Commissioner re—an order—Automatic sprinkler systems.

PREMISES AFFECTED—148-150 West 94th Street, south side, 307 feet east of Amsterdam Avenue, Block 1224, Lots 51 and 52, Borough of Manhattan.

Occupancy No. 13234 issued November 10, 1947 against Alt. Applic. 1646-27; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that this is one of 4 buildings and land were purchased during the years 1923 to 1926 by the present owner and were converted for legal present use as a private school during the years 1926 to 1930; that the educator expended considerable sums of monies for purchase of land and buildings and towards altering and conversion of the buildings to present legal use as private school; that this school has been used continuously by the same owners from its inception to present date; that the stairway in building 152 West 94th Street is of fireproof construction from cellar (open in cellar but protected at basement floor level) directly to the roof and with fireproof passageway directly to the street on the basement floor level; that the cellars and all buildings, have fire retarded ceilings protected with plaster board and cement plaster finish and at the areas of the boiler this surface is further protected with galvanized sheet metal; that all buildings have an approved interior alarm system and the school maintains in all buildings an approved fire drill system with a record of same maintained and kept by the Division of Fire Prevention, Fire Department and approved type of fire extinguishers are located throughout all buildings as required by the Fire Department (portable type); and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the decision and order of the Fire Commissioner, acting on Order No. 5650-9, Objections No. 1, 2 and 3 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 283-60-A

APPLICANT—William J. Karp for Silvino Giannasca, owner; Orium Products, Incorporated, lessee.

SUBJECT—Application April 7, 1960—Appeal from an order and a decision of the Fire Commissioner, re—manufacture of inflammable mixtures, buried storage system required, etc.

PREMISES AFFECTED—10-20 45th Road, south side, 125 feet east of Vernon Boulevard, Block 49, Lots 6 and 10, Long Island City, Borough of Queens.

## APPEARANCES—

For Applicant: William S. Karp.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Vice Chairman Kleinert ..... 1

## THE RESOLUTION—

WHEREAS, an order of the Fire Commissioner, dated March 9, 1960 on Order No. 6167-9, reads:

"3. Separate gas flame from remainder of premises by fire-retarded room and fireproof self-closing door. C19-59.O-P, Administrative Code.

4. Provide a mixing tank located in a mixing compartment which must be constructed as per C19-59.O-h, Administrative Code.

5. Provide approved buried storage system for storage and handling of volatile inflammable oils used in manufacture of inflammable mixtures. C19-59.O-d, Administrative Code.

6. Discontinue packaging of inflammable mixtures in glass bottles exceeding a capacity of 4 oz. C19-59.O-a, Administrative Code."

and

WHEREAS, the applicant states that the building is 34 feet by 83 feet in area, 1 and 2 stories, 12 and 25 feet high, of class 3 construction, located in unrestricted use, A area, class 2 height district, built in 1906, now used and occupied since 1949: 1st floor—factory and office, 2 persons; 2nd floor—office, 5 persons; and

WHEREAS, the applicant states that B.N. Applic. 627-60 proposed to block up existing window openings in common wall with 4 inch solid masonry; that there is no basement or cellar—floor being concrete slab on grade; that both halves of the building are sprinklered throughout by a two source sprinkler system; that the building is heated by steam lines overhead from boiler room in adjoining structure; that there are three sets of fire fighting equipment placed strategically about the premises; that each set consists of 1-each Dry Chemical Fire Extinguisher, Model STM 20, filled sand pail and filled water pail; that the adjoining structures are sprinklered throughout and the West structure, which provides access to street from 2nd floor office and front portion of 1st floor, is equipped with an ADT Automatic Alarm System; that it is further stated that the two or three drums (maximum of alcohol used in the manufacturing process per month) are to be stored on racks in a storage area as indicated on proposed plan and carried to the mixing area on a portable rack, there equipped for mixing purposes with a suitable faucet to the satisfaction of the Fire Commissioner or fitted with a hand pump approved by the Underwriters' Laboratory of Factory Mutuals Laboratory; that the mixing area will be two 8 feet high dwarf partitions five feet apart with No. 26 gauge metal on ½ inch plaster boards on inside faces of area; that there will be no heating or spark producing devices maintained in the portion of the premises used for storage of oils and mixing and that said area is to be separated from remaining portion of premises which has gas flames by a solid wall of masonry and fire-proof self closing door; that the mixing area is to be vented by a gravity type roof ventilator in skylight directly overhead; that a six inch high concrete sill is to be installed in doorway between the two areas and that one of the three fire extinguishers on the premises is to be installed directly over the mixing area and rigged for semi-automatic operation from a position on the opposite side of the fire door; that it is further stated that the business is small and that the maximum amount of inflammable oils (denatured alcohol) on the premises at any given time does not exceed three (3) 55 gallon drums; that this alcohol is either undiluted in drums or in mixture with ethyl silicate, which has a 125°F flashpoint, and is packaged ready for delivery; that no stock is kept and mixture is made up only to order; that the usual and practical tank to be installed for underground storage is a 500 gallon tank, since delivery by tank car for underground storage must be at least 320 gallons; that the installation of such a tank would be required to comply with the Order and that this installation would be excessive and unreasonable in cost to store this oil in such small amounts; that it is impracticable to pump the oil out of said tank; that it is further stated that the method of bottling the mixture of alcohol and condensed 28% ethyl silicate in one gallon glass or one gallon unbreakable plastic (fire resistant polyethylene) containers with tight fitting screw type replaceable tops, is a universal and established custom in the trade; that the mixture is used in the manufacture of an end product that is inserted in the mouth and that it is impossible to maintain the desired degree of sterilization in metal containers; that the use of metal is a potential source of contamination and corrosion; that the one gallon containers are packed four (4) to a case in corrugated cartons completely isolated with corrugated dividers for each jar; that the mixture is sold to individual dentists and to dental laboratories with each user demanding the gallon size for economy; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Fire Commissioner dated March 9, 1960, acting on Order No. 6167-9, Objections No. 3, 4, 5 and 6, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall conform to drawings filed with this appeal dated April 7, 1960, 2 sheets; that the storage of alcohol shall be limited to two 55 gallon drums; that the flammable mixture prepared shall be packaged in one gallon Boston round glass containers; that the containers shall be packed in corrugated cartons with not more than four containers to a carton.

319-60-A

APPLICANT—Hady H. Craigwell for Irving Leberfeld, owner.

SUBJECT—Application April 28, 1960—Filed pursuant to Section 310 of the Multiple Dwelling Law for variation Section 171 subdivision 3 f the Multiple Dwelling Law and a decision of the Borough Superintendent—re Class 3 construction area excessive, egress.

PREMISES AFFECTED—65-48 to 65-54 Grand Avenue, south side, 23 feet west of 66th Street, Block 2775, Lot 2 and 7, Maspeth, Borough of Queens.

APPEARANCES—

For Applicant: Hady H. Craigwell.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 27, 1960 on Alt. Applic. 840-60, reads:

"1M—Proposed combination of buildings to comply with Sec.171 Subd.3 Multiple Dwelling Law.

1C. The proposed combination of bldgs. (4) in excess of 3000 sq. ft. is contrary to Ch.26-254.0 (4.2.1) of the Adm. Code.

2C. The proposed exit from Bldg. #48 into a common Lobby to Bldg. #50 is contrary to Ch. 26-292.0 (6.4.1.11k) of the Adm.Code."

and  
WHEREAS, the applicant states that the owners acquired these properties progressively, starting with the corner building (#65-54) in 1919 and locating their retail wearing apparel business in the store; that in 1932 the adjoining building (#65-52) was purchased and the business combined with that store; that the remaining two buildings (65-48 and 50), which are the subject of this appeal, were bought in 1949; that efforts to rent these latter stores have been futile and, as stores go to-day, particularly in this neighborhood, will continue unsuccessful; that vacant stores represent a loss of income and hardship to the owners; that it is proposed to eliminate these vacant stores by expanding the business therein; that the full compliance with the fireproofing and other requirements of the code which are stringent for this type of building, would make the undertaking economically impossible; that the work as contemplated consists of part wall removals, store entrance lobby in #65-50 which would also serve as the exit from the upper floors of #65-48 and 50 and a store front for both buildings to match the existing store front of #65-54 and 52; that the new lobby by being open and unobstructed to the street and of a size to accommodate 30 persons is more than adequate to serve the 4 families involved; that this improvement would enhance the neighborhood and in all likelihood encourage other owners to up-date their properties; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 840-60, Objection No. 1M, 1C and 2C, be and it hereby is modified under the powers vested in the Board by Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is granted, on condition that the buildings conform to drawings filed with this appeal dated April 28, 1960 1 sheet and Sept. 30, 1960 1 sheet and that the cellar and first floor of the building shall be sprinklered throughout; and that a fire escape shall be provided; and that a certificate of occupancy shall be obtained.

325-60-A

APPLICANT—Oscar I. Silverstone for Congregation

Emes Wozdek of Washington Heights Incorporated, owner.

SUBJECT—Application April 29, 1960—Appeal from an order and a decision of the Fire Commissioner—re-Automatic Sprinkler system.

PREMISES AFFECTED—3940-3960 Broadway, 1119-1121 St. Nicholas Avenue, 565 West 165th Street and 560-564 West 166th Street, Block 2124, Lot 43, Borough of Manhattan. (Block bounded by Broadway, West 165th Street, St. Nicholas Avenue and West 166th Street, entire block).

APPEARANCES—

For Applicant: Oscar I. Silverstone.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: ..... 0  
Negative: Chairman Foley, Commissioner Sleeper, Commissioner Fox, and Commissioner Becker..... 4  
Absent: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, the order and decision of the Fire Commissioner, dated April 14, 1960 on Order No. 3699-9, reads:

"1. Install an approved, wet automatic sprinkler system in the entire cellar, having at least one source of water supply arranged and equipped as per Chapter 26, Article 16, Adm. Code.

CH. 19-161.0 Adm. Code.

Note:—Plans to be filed with and approved by the Department of Buildings before work on such system is commenced."

and  
WHEREAS, the applicant states that the building is 219 feet 6½ inches by 122 feet 8 inches, irregular in area, 2 stories, 40 feet high, of class 3 construction, located in business use, B area, class 1½ height district, built in 1912, now used and occupied since 1930; cellar-storage, boiler room and recreation room, 50 persons; 1st floor—stores; 2nd floor—dancing, dining and meeting rooms, 2056 persons; THEATRE PORTION OF BUILDING—orchestra, 1568 persons; balcony, 837 persons; loges and boxes, 246 persons; substantially in accordance with Certificate of Occupancy #41359, issued June 30, 1953 against Alt. Applic. 1538-51, except for cellar occupancy, which reads: cellar—storage, boiler room and scullery, 3 persons; and

WHEREAS, the applicant states that this application is submitted to accept the installation of a sprinkler system of nine (9) heads for the protection of the space used in the cellar for the storage of upholstery materials; that this area, which is the only space storing materials deemed objectionable by the Fire Department is less than 1,000 square feet in area; that it is directly accessible to the upholstery store above; that the stairs to the space will be enclosed with masonry and a fireproof one hour door at the cellar level; that the wood partitions enclosing this area in the cellar will be removed and new 3 inch cinder block partitions built; that ventilation will be obtained by the installation of metal vent ducts to the outer air; that these nine (9) sprinkler heads will be insalled in this space and shall be connected to the existing 3 inch domestic water main, all as per Section 15.38b of the Building Code; that it is also proposed to remove the other wood partitions in the cellar, which partitions form the existing enclosures of the individual storage areas and erect 3 inch cinder block partitions as per plans; that one hour fireproof self-closing doors will be installed to separate two other spaces as per plans; that the boiler room is completely isolated from the storage areas of the cellar; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the order and decision of the Fire Commissioner acting on Order No. 3699-9/Dated April 14, 1960, Objection No. 1 be and it hereby is affirmed and that the application be and it hereby is denied.

342-60-A

APPLICANT—E. Richard Crino for Abraham Klinghoffer, owner.

SUBJECT—Application May 4, 1960—Appeal from a decision of the Borough Superintendent—re Frame building, increase from one to two families.

PREMISES AFFECTED—2536 Young Avenue, east side, 518 feet south of Allerton Avenue, Block 4470, Lot 22, Borough of The Bronx.

APPEARANCES—

For Applicant: E. Richard Crino.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 27, 1960, on Alt. Applic. 960-59, reads:

"1 Increase of occupancy from one to two families in a frame building with liveable rooms on three floors is contrary to Sect. 4.2.1. and 8.7.2.1."

and

WHEREAS, the applicant states that the building is 22 feet 8 inches by 45 feet in area, 2 stories and attic, 25 feet high, of class 4 construction, located in residence use, D area, class 1 height district, built in 1947, now used and occupied since 1947: basement—1 car garage, boiler, toilet and storage; 1st floor—one family (5 rooms), 4 persons; attic—domestic storage, substantially in accordance with Certificate of Occupancy #4720 issued October 7, 1948, against N.B. Applic. 511-47; that the proposed use and occupancy will be: basement—1 car garage, boiler room and one family, 2 persons; 1st floor—one family (5 rooms) 4 persons; attic—2 rooms; and

WHEREAS, the applicant states that it is proposed to convert the dwelling from one to two families; that the additional 3 room apartment will be formed in the basement; that it is further proposed to construct 2 additional livable rooms in the present attic space, rooms which will be used in conjunction with the apartment on the 1st floor; that the attic rooms were always anticipated by the owner who purchased this house to suit the needs of a growing family; that the class 4 classification of this building is based upon only 10% of frame construction which is located at the gable ends of the attic floor; that the remaining 90% of this dwelling is of masonry construction; that this small percentage of frame construction should not obstruct the full use of this building; that the original dwelling was designed and built with an expansion attic to supplement the two bedroom plan of the first floor; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated April 27, 1960, acting on Alt. Applic. 960-59 Objection No. 1 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building conforms to drawings filed with this appeal dated May 4, 1960, 3 sheets, and that a fire escape be provided from the attic floor to the ground; and that a certificate of occupancy be obtained.

561-60-A

APPLICANT—LeRoy Q. Ferry for Francisco and Jacobus —for The Brooklyn Union Gas Company, owner.

SUBJECT—Application July 21, 1960—Appeal from a decision of the Borough Superintendent re—Windows on lot line (must be protected by fireproof self closing windows).

PREMISES AFFECTED—193-201 Montague Street, north side, 161 feet 2¼ inches west of Fulton Street, and 152-160 Pierrepont Street. Block 244, Lot 5, Borough of Brooklyn.

APPEARANCES—

For Applicant: A. J. Wheeler and LeRoy Q. Ferry.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 11, 1960 on N.B. Applic. 2749-59, reads:

"2—Windows on lot line must be protected by f.p.s.c. windows as provided in 10.7 11 of A.C."

and

WHEREAS, the applicant states that the proposed building is 125 feet by 184 feet in area, 14 stories, 170 feet high, of class 1 construction, located in restricted retail use, B area, class 2 height district; that the proposed use and occupancy will be offices with parking in the cellar and a cafeteria on the 5th floor; and

WHEREAS, the applicant states that the Building Department objection refers to openings on the easterly lot line of the building facing Fulton Street; that adjacent to and east of the above plot is to be constructed a fireproof bank building of Class 1 fireproof construction, limited in height to 54 feet forever by Resolution of the Board of Estimate; Indenture; and Agreement between the Brooklyn Savings Bank and The Brooklyn Union Gas Company; that the proposed new office building extends above the adjacent bank building for ten stories; that it is proposed to use granite and metal curtain wall construction on the lot line facing the Civic Center Mall and Fulton Street as that used on the other street frontages; that the curtain wall construction on the easterly lot line will start at the sill of the 5th floor of the proposed building and will continue on to the roof; that the mullions are of stainless steel, the piers of granite and the frames of stainless steel; that window openings on this lot line will be fixed and glazed with ¼ inch polished wire glass for the 1st floor above the main roof of the bank building only and will be center pivoted and glazed with ¼" plate glass for all window openings above this 5th floor; that stainless steel louvered openings are provided on the 14th floor for the intake of air for the air conditioning system which is ten stories above the adjacent bank building; that usual construction on a lot line is to provide a solid masonry wall; that the appearance of this type of construction would not be consistent with the Redevelopment Program of the Brooklyn Civic Center; that the appearance of the building will far better serve the City and the Civic Center if the facade facing the Civic Center Mall and Fulton Street is the same as that facing the other two streets; that the proposed building will be mechanically ventilated throughout all the areas thereof; that the ventilation will conform to Section Chapter 26.226.0 Index for Ventilation of the Administrative Code; that the area supplied by the mechanical ventilation will be cooled in summer and heated in winter; that because of this ventilating system, there is no need for opening these windows; that the windows will only be openable for window cleaning purposes; that the 1st story of windows above the bank will not be openable at all; that to restrict opening of the windows, the latch will be key opening type which use shall be limited to window cleaners; that the window, therefore can be considered fixed or closed for the purposes of the Administrative Code; that in the instant case, by virtue of the deed provisions limiting the height of the adjacent bank building to 54 feet, Appellant's building is insured against having any opening ever existing in an exterior wall within 30 feet of the easterly wall of the Brooklyn Union Gas Company building; that this, coupled with the fireproof roof which will exist in the bank building brings Appellant's building within the intent of C26.649.0; that also, since the air rights have been guaranteed over the bank building forever and the bank building is restricted in height to 54 feet, the exposure of fire being spread from building to building is not greater than if it were one building; that in fact, in several ways the buildings are tied together so that they are in effect one building, and are required to be so designed as one; the Resolution of the Board of Estimate of the City

# MINUTES

New York; that the applicant contends that he is complying with the intent of the law to prevent the spread of fire from building to building and to provide adequate safety to the occupants thereof, and that it would constitute an unnecessary hardship to comply with the Administrative decision of the Borough Superintendent; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated July 11, 1960, acting on N.B. Applic. 2749-59, Objection No. 2 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the buildings conform to the drawings filed with this appeal dated July 21, 1960, 5 sheets; and that a certificate of occupancy be obtained.

## 1030-41-A—Vol. II

APPLICANT—Stanley H. Klein for Marwin Realty Corporation, owner.

SUBJECT—Application reopened July 19, 1960 as Volume II—appeal from a decision of the Fire Department—re Sprinklers.

PREMISES AFFECTED—168-50 Jamaica Avenue, south side, 178.14 feet East of 168th Street, Block 10210, Lot 26, Jamaica, Borough of Queens.

## COURT DECISIONS.

Matter of Arthur Foley, et al. vs. Board:—April 19, 1960, the Board granted a variance under Sections 7f, 7i and 7e of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, non-automatic, minor auto repairs with hand tools only, parking of pleasure motor vehicles awaiting service with show window, signs and curb cut within 75 feet of a residence use district, for a stated term of fifteen (15) years; Calendar Number 180-59-BZ; Premises 1600 Forest Avenue, southeast corner of Pontiac Street, Block 1436, Lot 1, Port Richmond, Borough of Richmond.

At Supreme Court, Mr. Justice Costantino granted the Board's motion to dismiss the petition on the ground that upon the face thereof the same is not within the time specified by section 668e-1.0 of the Administrative Code. Settle order on notice. (N. Y. Law Journal, October 4, 1960, page 17).

Matter of Mogulescu vs. Foley:—On June 1, 1960, the Board granted a variance under Sections 7c and 21 of the Zoning Resolution, to permit in a retail and residence use C area district, the erection of a 17 story multiple dwelling with stores on the first floor extending into the residence portion of the premises with storage in the cellar, the proposed structure exceeds the permitted area coverage; Calendar Number 38-60-BZ; Premises 3-6 Sheridan Square and 2-12 Barrow Street, southwest corner, Block 591, Lots 23, 25, 26, 27, 28, and 31, Borough of Manhattan.

At Supreme Court, Special Term, Part I, Mr. Justice Tilzer granted application for leave to intervene on the consent of petitioner's attorneys, the corporation counsel taking no position. Settle order. (N. Y. Law Journal, September 30, 1960, page 13).

Matter of Satin vs. Board:—On April 5, 1960, the Board granted a variance under Section 21 of the Zoning Resolution, to permit in an E area district, the erection of a multiple dwelling with less than the required setback on one street front, exceeding the permitted ground area coverage and total floor area, with ingress and egress to garage in the E area district and less than the required parking spaces; Calendar Number 49-60-BZ; Premises 964-996 Ocean Parkway and 507-525 Avenue J, northwest corner, and 4636 Bay Parkway, Block 6518, Lot 59, Borough of Brooklyn.

At Supreme Court, Special Term, Part I, Mr. Justice Brown dismissed the petition as it was presented more than thirty days after the Board's decision was filed. (N. Y. Law Journal, July 1, 1960, page 8).

Matter of Satin et al., ap. (Board of Standards and Appeals of the City of N. Y., res.; 968 Ocean Parkway Realty Corp'n. et al., intervenor-res)—The Appellate Division-Supreme Court, Second Department granted motion to add appeal to the October term calendar. The appeal is ordered to be placed on the calendar for October 14, 1960. (N. Y. Law Journal, October 6, 1960, page 13).

## HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Commissioners, Director or the Engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

# CALENDAR

## DOCKET

*New Cases Filed up to October 11, 1960.*

*Cal. No. Dept. Premises Affected*

**734-60-SM**—Cavity-Lok, Econo-Cavity-Lok, rectangular ties and "Z" Bars, Horizontal Joint Reinforcing and ties for two wythe masonry cavity walls, various models, manufactured by AA Wire Products Company, Material.

**735-60-A**—F.D.—Packaging of inflammable mixture in linear polyethylene containers Mobile Crystal Clear Super Solvent, not in accordance with Administrative Code. F.D. Decision 9-6-60.

**736-60-SM**—Fibercast, (used in piping systems where corrosive substances are involved), manufactured by Fibercast Company, division of Youngstown Sheet and Tube Company, Material.

**737-60-BZ**—B.Q.—126-60 Jamaica Avenue, south side, 120 feet east of 126th Street, Block 9335, Lot 7, Richmond Hill, Borough of Queens, Alt. 1466-60 re—proposed 1 story extension of an existing nonconforming, legal garage and workshop and change of use to storage of incombustible materials and loading and unloading of same in the residence portion of lot, partly business and partly residence use districts.

**738-60-BZ**—B.Q.—60-85 Flushing Avenue, west side, 126.29 feet west of 61st Street, Block 2697, Lot 47, Maspeth, Borough of Queens, Alt. 884-60, re—proposed extension to an existing building exceeds allowable area of coverage; proposed extension to an existing building, now a legal factory in use, for additional factory use, retail and residence use districts.

**739-60-A**—B.R.—149 Nevada Avenue, east side, 1429.83 feet north of Rockland Avenue, Block 952, Lot 255, New Dorp, Borough of Richmond, N.B. 337-60, re—proposed building on lot not fronting on legal city street.

**740-60-A**—B.R.—139 Nevada Avenue, east side, 1289.83 feet north of Rockland Avenue, Block 952, Lot 248, New Dorp, Borough of Richmond, N.B. 336-60, re—proposed building on lot not fronting on legal city street.

**741-60-A**—B.M.—512-516 West End Avenue and 282 West 85th Street, southeast corner, Block 1232, Lot 61, Borough of Manhattan, Alt. 554-60, review of decision of Borough Superintendent re Class B use.

**742-60-A**—B.M.—218 East 18th Street, south side, 248 feet east of 3rd Avenue, Block 898, Lot 46, Borough of Manhattan, Alt. 150-60, re—use of fourth floor; door from stair to the apartment bathroom.

**743-60-BZ**—B.Bx—979 Morris Park Avenue, northeast corner of Radcliff Avenue, Block 4126, Lot 40, Borough of The Bronx, Alt. 552-60, re—use of second floor of building, in retail use district, for manufacturing.

**744-60-A**—B.Bx.—979 Morris Park Avenue, northeast cor-

ner of Radcliff Avenue, Block 4126, Lot 40, Borough of The Bronx, Alt. 552-60, re—egress.

**745-60-SM**—Cantilite Fireproofing Concrete Plank 10'-0", floor and roof construction, manufactured by Concrete Plank Co. Inc., Material.

**746-60-BZ**—B.B.—340-348 DeGraw Street, south side, 100 feet west of Smith Street, Block 421, Lot 25, Borough of Brooklyn, Alt. 2928-60, re—parking and storage of motor vehicles in residence use district.

**747-60-SM**—Sani Porcelain Enamel, for exterior use, manufactured by San Porcelain Enamel Products, Inc., Material.

**748-60-SA**—Ace Uniflow Forced Draft Gas Burner, various models, (gas burner designed to fire boilers), manufactured by Ace Engineering Co., Appliance.

**749-60-SA**—Crusader RRA and Lancer Mark I, Mark II, Gas Water Heaters, manufactured by R. D. Spickler Co. Inc., Appliance.

**750-60-SA**—Tuthill Type "SU", belt-driven pumping units, all sizes and speeds using CGB, CGBK and LK Pump Models, circulating and burner pumping units for fuel oil applications, manufactured by Tuthill Pump Company, Appliance.

**751-60-BZ**—B.R.—1395 New Dorp Plaza (North Railroad Avenue), northwest corner New Dorp Lane, Block 3630, Lot 30, New Dorp, Borough of Richmond, N.B. 1100-60, re—proposed gasoline service station, lubritorium, car washing, minor motor vehicle repairs with hand tools, sale of accessories and parking for more than five motor vehicles and illuminated free standing sign, partly retail and partly residence use district; also business entrance or exit with a distance of 75 feet from a residence use district.

**752-60-BZ**—B.Q.—138-35 242nd Street, east side, 50.99 feet north of North Conduit Avenue, Block 13257, Lot 13, Rosedale, Borough of Queens, Alt. 2192-59, re—side yards for newly created side lot line, residence use district.

### *Restored to Docket*

**588-53-A—Vol. II**—B.M.—5-17 East 102nd Street, north side, 100 feet east of 5th Avenue, 4th, 5th and 6th floors; Block 1608, Lot 5, Borough of Manhattan, Alt. 920-60, re—extension of factory and storage of combustibles in a building occupied as a storage garage.

**763-53-A—Vol. III**—B.Q.—23-59 127th Street, east side, 50 feet north of 25th Avenue, Block 4231, Lot 9, College Point, Borough of Queens, Alt. 1558-59, re—one story frame extension and frame open porch in rear of building.

**413-49-BZ—Vol. IV**—B.Q.—11920 Merrick Boulevard and 172-01 to 172-17 Victoria Road, northwest corner, Block 12374, Lot 22, St. Albans, Borough of Queens, Alt. 1486-60, re—2-story class 3 extension to an existing building to include additional storage of non-combustibles, new kitchenette and lunch room, etc.; setback; area coverage excessive—local retail and residence use, D and E-1 area districts.

# CALENDAR

**48-53-BZ—Vol. II—B.Q.—64-08** Beach Channel Drive, north side, 43.88 feet west of Beach 64th Street, Block 16038, Lot 70, Arverne, Borough of Queens, Alt. 1640-59, re—construction of a mezzanine in a building in a residence use district.

**932-54-BZ—B.Bx.—1162-1168** Colgate Avenue and 1460 Westchester Avenue, southeast corner, Block 3737, Lot 38, Borough of The Bronx, Amendment to Alt. 947-54, reopened for consideration as to extension of term of variance, re—manufacturing use, residence and retail use districts.

**207-28-BZ—Vol. II—B.R.—2121** Forest Avenue, northeast corner of Harbor Road, Block 1234, Lot tentative 1, Mariner's Harbor, Borough of Richmond, N.B. 543-60, re—gasoline service station, office, auto washing, minor repairs with hand tools only, parking and storage, etc.—retail use district.

**968-54-BZ—B.M.—10** Pitt Street, east side, 125.5 feet north of Grand Street, Block 336, Lot 4, Borough of Manhattan, Alt. 1774-54, reopened for consideration as to extension of term of variance, re—parking and storage of motor vehicles—residence use district.

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 27, 1960 after due notice by publication in the Bulletin; laid over to October 11, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent,

# MINUTES

dated February 15, 1960 acting on Alt. Applic. No. 3147-59, reads:

"3. Height of loading berth inadequate for a required loading berth and must comply with Art. IV Section 19A subsect. h of the Zoning Resolution. Note: Premises was subject to Board of Standards and Appeals variance under Cal. No. 458-25-BZ."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 19, Subdivision A(J) of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 19-A(J), to permit the erection and use of the required loading berth with less than the required height, *on condition* that the work shall be done in accordance with drawings filed with this application dated February 24, 1960, 7 sheets, with the exception that the 20 foot center curb cut on 16th Street shall be removed; that the 33 foot west curb cut on 16th Street shall be reduced to 20 feet; that there shall be no loading or unloading on the sidewalk; that all laws, rules and regulations applicable shall be complied with; that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 154-60-A

APPLICANT—Lama, Proskauer and Prober for Rosenberg Realty Company, owner.

SUBJECT—Application February 24, 1960—appeal from a decision of the Borough Superintendent—re Class III Construction, egress.

PREMISES AFFECTED—198-210 16th Street, south side, 220 feet 9½ inches east of 5th Avenue, Block 1053, Lot 28, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Louis L. Rosenberg.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

## THE RESOLUTION:

WHEREAS, the decision of the Borough Superintendent, dated February 15, 1960 on Alt. Applic. 3147-59, reads:

"1. Area of building exceeds the tabular limitations for a Class III structure as required by Section 4.2.1. of the Administrative Building Code.

2. Provide 2 means of egress from the second floor as required by Section 6.1.2.2.3 of the Administrative Bldg. Code."

and

WHEREAS, the applicant states that the building is 144 feet by 100 feet in area, 2 stories, 28 feet 4 inches high, of class 1 construction, located in business use, C area, class 1 height district, built in 1926, now used and occupied since 1959; cellar—boiler room; 1st floor—carpet storage, shipping, receiving, sewing and office, 17 persons; 2nd floor—carpet storage, 2 persons; contrary to Certificate of Occupancy No. 40340; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that it is proposed under his application to permit the present uses of the building; that the present uses are permitted in a business use district; that the present building is 2 stories high and has an area of 14,400 square feet; that the permitted area for commercial building of Class III construction is 10,000 square feet; that the building exceeds the allowable area as prescribed under Section 4.2.1 B.C. by 4,400 square feet; that the building is of fireproof construction except for the roof and is now provided with a standpipe system; that

the 2nd floor ceiling is covered with metal; that the 2nd floor is now provided with a fire escape leading to the street by a sliding drop ladder and to the roof by a stationary gooseneck ladder; that the 2nd floor is also provided with a 15 foot wide ramp leading directly to the street; that said ramp has a 17.45% pitch; that in view of the fact that the 2nd floor will only be used for carpet storage and will never have more than 2 persons employed on this floor, it is deemed the exits are sufficient; that all uses and conditions are further stated in Cal. No. 153-60-BZ; and

WHEREAS, the premises was inspected by a committee of the Board.

*Resolved*, that the decision of the Borough Superintendent, dated February 15, 1960, acting on Alt. Applic. 3147-59, Objection Nos. 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that there shall be a counterbalanced stair at the bottom of the fire escape; that the ramp to the second floor shall be kept unobstructed; that all the requirements under Cal. No. 153-60-BZ shall be complied with; and that a certificate of occupancy shall be obtained.

JAMES P. MULROY, *Secretary*.

## REGULAR MEETING

TUESDAY AFTERNOON, OCTOBER 11, 1960, 2 P. M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker.

## 246-60-SA

APPLICANT—Lindy Heaters Inc., Lindy Vigilante Oil Preheater, approval of.

## APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

246-60-SA—Lindy Heaters, Inc., Bronx, New York, filed for approval of the appliance known as the Lindy "Vigilante" Oil Preheater, ROP and SOP Series, under the provisions of the Oil Burner Rules of the Board.

USE: Fuel oil preheaters designed to prevent oil from entering the boiler water.

DESCRIPTION: The Lindy "Vigilante" Oil Preheater is a tube within a tube heat exchanger encased in a steel shell. The oil flows through the inner tubes of the heat exchanger while the boiler water or steam fills the shell and surrounds the outer tubing. The annular space between the tubes and a rear chamber on the shell are filled to the proper level with a non-combustible intermediate heat transfer solution and sealed at the factory. Should an oil leak occur in a tube, the oil would flow through the annular space to the rear chamber where it would ascend to a glass faced indicator replacing the heat transfer solution therein and visibly indicate an oil leak. The heater may be installed either above or below the water line.

The heater is designed to the ASME Code and the ROP design allows for the entire tube bundle to be removed for repair or replacement without disturbing the boiler water or steam connections to the shell. This will necessitate draining off the heat transfer solution which is later returned through the indicator opening to the proper fill level.

The SOP type has a non-removable tube bundle and differs from the ROP only at the hold down plate which is actually

# MINUTES

part of the rear flange and is therefore permanently fixed to the shell.

## DESIGN SPECIFICATIONS

INSPECTION AND TEST: All data submitted was examined by Ass't. Engr. G. F. Shlenarik.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as the Lindy "Vigilante" Oil Preheater ROP and SOP Series, for use in New York City under the provisions of the Oil Burner Rules of the Board provided that each preheater shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 246-60-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Asst. Engr.,

GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

## 1030-41-A—Vol. II

APPLICANT—Stanley H. Klein for Marwin Realty Corporation, owner.

SUBJECT—Application reopened July 19, 1960 as Volume II—appeal from a decision of the Fire Department—re Sprinklers.

PREMISES AFFECTED—168-50 Jamaica Avenue, south-side, 178.14 feet East of 168th Street, Block 10210, Lot 26, Jamaica, Borough of Queens.

## APPEARANCES—

For Applicant: Stanley H. Klein.

For Administration: John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated May 18, 1960 on Order No. 3619-9 reads:

"Provide approved sprinkler system thruout building as per Cal. No. 1030-41-A."

and

WHEREAS, the applicant states that the building is 29.60 feet by 186.10 feet in area, 3 stories, 35 feet high, of class 3 construction, located in business and residence use, B and C areas, class  $1\frac{1}{2}$  height district, built in 1927, now used and occupied since 1950: cellar—boiler room and storage; 1st floor—sales, display and storage, 3 persons; 2nd and 3rd floors—sales and display, 2 persons each floor; substantially in accordance with Certificate of Occupancy #Q67711 issued October 23, 1950 against Alt. Applic. 1821-50; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the present owner purchased the building in 1949; that in 1947 an alteration was made to this building during which the new exits to the street were installed and rear steel fire stairs were erected; that new Certificate of Occupancy was issued in 1947 and 1950, the latest of which is attached; that there was no sprinkler required by the Building Department and there was no manufacturing listed for the 3rd floor occupancy; that at the present time this building is owner-occupied as a retail furniture store; that there is no manufacturing in the

building; that there is a sprinkler system throughout the entire cellar area and a fire alarm system throughout the building; that the fact that there is no longer any manufacturing in the building it is respectfully requested that the order of the Fire Department requiring an approved sprinkler system throughout the building be rescinded; and

WHEREAS, the premises was inspected by a representative of the Fire Commissioner, who reported favorably to the Board.

Resolved, that the decision of the Fire Commissioner, dated May 18, 1960, acting on Order No. 3619-9, be and it hereby is modified and that the appeal be and it hereby is granted on condition that the present occupancy be maintained; that there be one  $2\frac{1}{2}$ -gallon soda-acid fire extinguisher on each of the cellar, first, second and third floors; that the fireproof self-closing door to the stair in the cellar be replaced and that it swing into the stair; also on condition that the building conform to drawings filed with this appeal dated June 8, 1960, one sheet, and October 6, 1960, one sheet; and that the non-automatic sprinkler system in the cellar and the thermostatic fire alarm system throughout the building be maintained.

## 119-60-A

APPLICANT—Andrew Di Camillo for Pascor Realty Corporation, owner.

SUBJECT—Application February 11, 1960—appeal from a decision of the Borough Superintendent, re Exits and Conveyor from first to third floors.

PREMISES AFFECTED—452 West 19th Street, south-side, 100 feet east of 10th Avenue, Block 716, Lot 64, Borough of Manhattan.

## APPEARANCES—

For Applicant: Andrew Di Camillo.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 14, 1960 on Alt. Applic. 825-58, reads:

"1—Exits must comply with #270, Labor Law.

2—Conveyor and other floor openings from 1st to 3rd floor must be enclosed as required by #270 (6) Labor Law."

and

WHEREAS, the applicant states that the building is 50 feet by 88 feet in area, 5 stories, 68 feet high, of class 3 construction, located in unrestricted use, A area, class 2 height district, built in 1891, now used and occupied since 1933; cellar—storage; 1st floor—receiving, shipping, sorting and baling, 4 persons; 2nd floor—office, storage and baling, 4 persons; 3rd floor—sorting and baling, 1 person; 4th and 5th floors—storage paper and rags; that the proposed use and occupancy will be: cellar—storage; 1st floor—receiving, shipping, sorting and baling, 5 persons; 2nd floor—sorting, baling and office, 7 persons; 3rd floor—sorting and baling, 8 persons; 4th and 5th floors—storage, 5 persons each floor; (all one tenant); and

WHEREAS, the applicant states that the entire building is provided with a sprinkler system connected to a central station; that the building is provided with two means of egress; that an interior fire retarded enclosed stairway leading directly to street and a present fire escape at front; that all public halls are provided with a counter balanced stair at the termination of said fire escape; that to construct an additional interior stair would be a severe hardship; that there is a freight elevator opposite present stair at the front of the building; that the building will be used for sorting, baling and storage; that no manufacturing will be performed in the premises; that the number of persons occupying each floor is very small in comparison to floor area:

# MINUTES

|             |                    |                 |
|-------------|--------------------|-----------------|
| 1st floor — | 1 person for every | 800 square feet |
| 2nd " 1 "   | " " "              | 600 square feet |
| 3rd " 1 "   | " " "              | 500 square feet |
| 4th " 1 "   | " " "              | 800 square feet |
| 5th " 1 "   | " " "              | 800 square feet |

that the enclosure of the conveyor from 1st to 3rd floor, would render the operation of this type of business useless; that at the present time there are openings on all floors with the exception of the 5th floor; that it is proposed to close the opening from the 1st floor to cellar and from the 3rd floor to the 4th floor; that in addition, the conveyor will be enclosed on the 3rd floor with fire retarded partitions and a fireproof door; that this will result with only one (1) opening between intervening floors; that in addition to the openings for the conveyor there are 5 openings approximately 3 feet by 3 feet each between the 1st and 2nd floors; that three of these openings are metal chutes and 2 are floor openings; that said metal chutes receive rags and paper from the 3rd floor and 2nd floor, and in turn feed same to balers and press on the 1st floor; that the other 2 openings are floor openings and will be provided with one hour fireproof self-closing doors and fusible link; that the 3rd floor has 2 floor openings, which feed paper and rags to the 2nd floor and thence to the 1st floor; that these openings on the 3rd floor will be provided with one hour fireproof doors and fusible links; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 825-58, Objections No. 1 and 2, dated January 14, 1960, and that the appeal be and it hereby is granted, on condition that the work be done in accordance with drawings filed with this appeal dated February 11, 1960, 2 sheets, and October 7, 1960, 4 sheets; that all laws, rules and regulations applicable be complied with; and that a certificate of occupancy be obtained.

## 353-60-A

APPLICANT—William S. Shary for New York City Mission Society, owner.

SUBJECT—Application May 10, 1960—appeal from a decision of the Borough Superintendent—re bulkhead to roof and fire-retarding of public hall partitions.

PREMISES AFFECTED—348 Convent Avenue, west side, 79 feet south of West 145th Street, Block 2059, Lot 48, Borough of Manhattan.

### APPEARANCES—

For Applicant: William S. Shary and George S. Vyverberg.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 26, 1960 on Alt. Applic. 1936-59, reads:

"1. Reconsideration is requested to omit new bulkhead to roof and fire-retarding of public hall partitions. New f.p.s.c. doors to be omitted.

Proposed omission contrary to C26-292.0 A.C. (See original obj. #1 dated 1/14/60)."

and

WHEREAS, the applicant states that the building is 20 feet by 50 feet in area, 3 stories and basement, 43 feet high, of class 3 construction, located in retail use, B area, class 1½ height district, built in 1886, now used and occupied since 1946: cellar—boiler room and storage; basement—kitchen, lining room and laundry, 10 persons; 1st floor—conference room, committee room and receptionist's office, 35 persons;

2nd floor—offices, 4 persons; 3rd floor—offices, caretaker's bedroom and store room, 4 persons; that the legal use in accordance with Certificate of Occupancy #31264, issued October 8, 1945, against Alt. Applic. 695-45 is: that the proposed use and occupancy will be the same as existing; and

WHEREAS, the applicant states that in 1945, that the upper floors were occupied as furnished rooms; that since that time, due to increased activities the upper floors were taken over and used as offices; that Alt. Applic. 1936-59 was filed and approved to legalize this extended use; that approval was obtained on the basis of fire-retarding public hall partitions, installed fire-proof doors on each floor, and installing new stair to the roof in a new bulkhead; that due to increasing need for facilities in this neighborhood, the Mission Society has decided that the present building will soon be too small for their needs; that if the building is disposed of, it will probably revert to residential use for which the above work would not be required; that it has been decided to search for other property for the erection of a new building; that the applicant requests permission be granted for the existing occupancy for a period of five (5) years; that public halls are sprinklered and all doors to public halls are self-closing; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated April 25, 1960, acting on Alt. App. 1936-59, Objection No. One be and it hereby is modified and that the appeal be and it hereby is granted, for a term of five years, on condition that the building conform to drawings filed with this appeal dated May 10, 1960, four sheets; and that all other laws, rules and regulations applicable shall be complied with.

## 364-60-A

APPLICANT—Daniel Laitin for ARC Building Corporation, owner; Field Brothers, Incorporated, lessee.

SUBJECT—Application May 9, 1960—appeal from a decision of the Borough Superintendent—re Egress between stores.

PREMISES AFFECTED—1102-1114 Kings Highway and 2051-2059 Coney Island Avenue, southeast corner, Block 6794, Lot 78, Borough of Brooklyn.

### APPEARANCES—

For Applicant: Daniel Laitin.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Sleeper and Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 26, 1960 on Alt. Applic. 3716-60, reads:

"1. Provide 3 hour doors between stores and violates Sect. 10.4.1.2b B.C."

and

WHEREAS, the applicant states that the building is 108 feet 8 inches by 210 feet in area, 2 stories, 23 feet high, of class 3 construction, located in business use, C area, class 1¼ height district, built in 1917, now used and occupied since January 13, 1947: cellar—boiler room, sales storage and bushelling room, 25 persons; 1st floor—stores, 12 persons; 2nd floor—office and showroom, 30 persons, substantially in accordance with Certificate of Occupancy #159576, issued February 28, 1958 against Alt. Applic. 291-57; that the proposed use and occupancy will be: cellar—boiler room, sales storage and bushelling room, 25 persons; 1st floor—stores, 160 persons; 2nd floor—office and showroom, 30 persons; and

WHEREAS, the applicant states that this appeal is filed in behalf of one of the store tenants, who conduct a retail clothing and haberdashery business for men on the store

# MINUTES

floor with a showroom and office on the 2nd floor, and sales room and bushelling room in the cellar; that in the natural course of growth of a successful operation, they expanded their store by leasing a former automobile showroom in the same building, facing on Coney Island Avenue, thereby forming an "L" shaped store; that in order to connect both stores into an integrated merchandising unit, a 12 inch brick wall was removed between the two stores; that this increases the tabular area allowable, without a continuous fire wall to 18,000 square feet for the entire property; that two limited 80 square feet openings with rolling shutter doors, is required by Section 10.4.1.2b B.C., between the two stores would exercise a hardship on the continuous merchandising of the store operation; that towards overcoming this difficulty, it is proposed to remove the brick wall between the two stores for a width of 22 feet and install sprinklers 4 feet on center each side of the opening, thereby concentrating 10 sprinkler heads at the new opening; that the fire wall remains for the balance of 67 feet as shown on plans; that although this building actually faces on two streets with a total 1st floor area of 18,000 square feet, the numerous intermediate exits in Field Brothers Store are equivalent to a 3 street building; that the allowable area for a Class 3, non-fireproof building is 17,500 square feet on three streets and 14,500 square feet on two streets; that Field Brothers store is 10,099 square feet divided by a 3 hour fire wall with protected openings and a deluge system along a 22 feet opening thereby dividing the store into two areas—5937 square feet and 4162 square feet; that the owner's area on Kings Highway is separated from adjacent stores with a 1-hour partition and protected openings; that the owner's area on Coney Island Avenue is separated from adjacent stores with a 3-hour partition and protected openings; that the section of the store facing Kings Highway has two independent and remote means of egress; that the section facing Coney Island Avenue has two independent and remote means of egress; that all other stores in this building with 75 occupants have two remote means of egress; that in carrying through their alteration, the owner cut into their own store to preserve and implement the secondary means of egress for the other stores and the cellar; that the new secondary exit leads directly to Coney Island Avenue; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated April 26, 1960, acting on Alt. App. 3716-60, Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building conform to drawings filed with this appeal dated May 9, 1960, 10 sheets, with the exception that the space occupied by Field Brothers, Inc. in the cellar, and on the first floor and second floor be sprinklered throughout; that the deluge system be omitted in the opening between the store sections; that there be a one-hour partition around the stair at the Kings Highway end of the building from the second floor level to the roof; that all other laws, rules and regulations applicable shall be complied with; and that a certificate of occupancy be obtained.

## 380-60-A

APPLICANT—P. Feiner and Sons, Incorporated for 522 West 45th Street Corporation, owner.

SUBJECT—Application May 16, 1960, Originally filed April 7, 1960—Appeal from a decision of the Fire Commissioner—re Smoking permit.

PREMISES AFFECTED—522 West 45th Street, south side, 250 feet west of 10th Avenue, Block 1073, Lot 46, Borough of Manhattan.

## APPEARANCES—

For Applicant: Irwin S. Feiner and E. V. Hourigan.

For Administration: John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated March 30, 1960, reads:

"You will please be advised that smoking is prohibited in all factories in the City of New York."

and

WHEREAS, the applicant states that the building is 100 feet by 100 feet 4 inches in area, 1 story and mezzanine, of class 3 construction, located in unrestricted use, B, area, class 1½ height district, built in 1940, now used and occupied since 1940: 1st floor—factory, 2nd floor—office, 20-30 persons; substantially in accordance with Certificate of Occupancy #26410 issued August 1, 1940 against N.B. Applic. 170-39; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the mezzanine is 25 feet 8 inches by 100 feet in area, located near the street line of the building; that the exits from the mezzanine consist of two remote 4 foot wide steel stairs leading to West 45th Street, enclosed in fire retarded partitions; that this mezzanine is used as an office and drafting room by 30 persons; that P. Feiner and Sons Sheet Metal fabrication are the sole occupants of the entire building; that there are no known fire hazards present; that fire extinguishers are readily available; that through constant surveillance all safety rules have been followed in the past; that all safety measures have been employed to prevent any hazard developing; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted on condition.

Resolved, that the decision of the Fire Commissioner, dated March 30, 1960, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that fire extinguishers be placed on the premises as the Fire Commissioner may direct; and that smoking on the premises shall be limited to the mezzanine area only.

## 405-60-A

APPLICANT—Peerless Pump for New York Central R.R., owner of land; Union Carbide, owner of building; New York & Harlem R.R., lessee; Union Carbide, sub-lessee.

SUBJECT—Application May 20, 1960—Appeal from a decision of the Fire Commissioner re—standpipe fire pumps.

PREMISES AFFECTED—270 Park Avenue, west side, from East 47th Street to East 48th Street, 43 East 47th Street, 28-42 East 48th Street and 401-409 Madison Avenue (entire block), Block 1283, Lots 21, 30 and 34, Borough of Manhattan.

## APPEARANCES—

For Applicant: Perry F. McDole.

For Administration: John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated May 3, 1960, reads:

"Under Section 1383.0, Chapter 26 of the Administrative Code the pumps in tandem cannot be accepted by this department and our violation must be complied with."

and

WHEREAS, the applicant states that the building is 154 feet 8 inches by 364 feet 6 inches in area, 52 stories, 707 feet 8 inches high, of class 1 construction, located in restricted

# MINUTES

retail use, B area, class 2 height district, now under construction, to be used and occupied as an office building; and

WHEREAS, the applicant states that the standpipe system is equipped with Peerless Pumps, Model 5TUTF-16 and consists of a total of four pumps, each group of two pumps performs as one individual unit; that the units are driven by one 300 HP, 1800 RPM, double extended motor; that the first unit takes suction from the city pressure and develops half of the required head, then discharges through cross-over pipe into the suction of the second pump in this series application, which develops the other half of the head then discharges into the standpipe system; that the main objection to our units was this series operation; that this objection was due to the fact that such an arrangement had never before been seen by the Fire Department; that the Fire Department objects to the maximum discharge of 375# which appears to exceed the UL listing of our equipment; that however, this is not exactly the case; that the maximum Underwriter's listing for this unit at 750 GMP is 304# net head, which can be found on page 65 of the current UL listing of fire protection equipment; that this again, is listed at a net head, or the amount of head the unit will develop excluding suction pressure; that each unit develops only half of the 375# or 187# for each pump, which is well under the maximum listed head; that to the best of the applicant's knowledge there is no written standard that limits the suction pressure of a system, and since the units are of such heavy duty construction and will easily withstand the total pressure developed I can see no reason why this series system can not be approved; that this system was field tested by the Fire Department Inspector on January 27, 1960 and was found to be entirely satisfactory; that this particular installation was designed by Syska & Hennessey, consulting engineers of New York City; that the installation was made by Jarcho Brothers Inc., contractors; that the pumps were designed for ten step starting to place 50# at the roof, through the standpipe system, but from actual testing only eight of the available ten steps were utilized because of the volume and pressure received under actual conditions; that in other words, there are available two extra steps of speed control to obtain more pressure, if required; that the pumps under actual flow conditions were very quiet which indicated laminar flow through the cross-over piping between one pump and the next; that the installation itself is attractive to the eye with the pumps and motor painted of a deep red; that pressure gauges are located on outlet and inlet connections of the pumping units so that readings can be taken of the pressure developed by each pump; that for general arrangement, the pumping units straddle the motor driver, i.e., the motor has a double extended shaft and is placed between the two pumps connected by means of Falk flexible couplings.

Resolved, that the decision of the Fire Commissioner, dated May 3, 1960, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the pumps and connections conform to drawings filed with this appeal dated May 20, 1960, one sheet, and August 11, 1960, one sheet; and on the further condition that an application for approval of the pump, which is the subject of this appeal, be filed with the Board of Standards and Appeals of the City of New York.

## 426-60-A

APPLICANT—Julian Roth of Emery Roth and Sons for Alma D. Askin, Seymour B. Roy and David Durst, owners.

SUBJECT—Application May 31, 1960—Appeal from a decision of the Borough Superintendent re—Exterior openings.

PREMISES AFFECTED—731-739 Third Avenue and 200-220 East 46th Street, southeast corner, and 211 East 45th Street, Block 1319, Lots 41 to 47, 50, 106, 140, 142, 146, Borough of Manhattan.

## APPEARANCES—

For Applicant—Julian Roth.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 27, 1960, on N.B. Applic. 10-60, reads:

"1. Exterior openings on southerly and easterly lot lines do not conform with C26-649.0 A.C.

"2. Openings on the southerly and easterly lot lines do not conform with C26-659.0 A.C."

and

WHEREAS, the applicant states that the building will be 100 feet 3 inches by 237 feet in area, 23 stories, 259 feet 7 inches high, of class 1 construction, located in retail and manufacturing use, B area, class 1½ height district, that the proposed use and occupancy will be, stores, bank and offices; and

WHEREAS, the applicant states that the enclosure walls of the building on all fronts consist of metal and glass "skin" construction; that the windows will be glazed with ¾ inch sheet glass; that the aluminum will be Alloy No. 63 ST5 which conforms with Section 26-88.0 for incombustible material; that on the lot lines it is proposed to use a construction similar to that used on the street fronts which conforms with the requirements of the Administrative Code, Section C26-446.0 for panel apron and spandrel walls, in that the construction between the head of the window of any one floor and the sill above will not be less than 3 feet in height and will bear a two-hour fire rating; that it is therefore submitted that this appeal relates only to the protection of exterior openings on the lot lines with the glazing ¼ inch thick; that in general, Section C26-649 requires that exterior openings within 50 feet in a vertical direction above a non-fireproof roof shall have a fire resistive rating of ¾ of an hour and be of either automatic or fixed sash type; that Section C26-659 of the Administrative Code provides that windows on the lot lines be of similar construction; that the building will be provided with a complete winter-summer air conditioning system and will be supplied with fresh air in the amounts required by Section C26-266 of the Administrative Code for rooms without windows; that the windows therefore, although openable, are opened for the purpose of cleaning only and are not intended or required to be opened in order to ventilate the space within the building; that the openable ventilation section of the windows will not be provided with a lever handling device but instead will be provided with a key operating-locking device; that on the east lot line the windows at the 3rd, 4th, and 5th floors shall bear a label of the Board of Standards and Appeals indicating that they have been accepted as having a fire resistive rating of ¾ of an hour; that on the southerly lot line fireproof windows will be provided at all openings from the 2nd to the 5th floor; that above this point the lot line windows will be glazed windows as hereinbefore described for the street frontages; that in the center portion of the building the lot line windows will be fixed close and may be considered as, in a sense, false, in that they will be backed up by solid two-hour masonry construction from floor to ceiling; that this area on the southerly lot line therefore conforms with all the requirements of the Administrative Code; that it is again emphasized that the spandrel construction and the separation from floor to floor conforms with the requirements of the Administrative Code; that the building is immediately surrounded by low 4 and 5 story structures, and, in fact, the buildings generally to the south and east are not of greater height; that since the lot lines will therefore be as conspicuous as the street frontages, it was felt that these lot lines, as well as the street frontages, should be treated attractively; that nothing can accrue to the welfare of the city by neglecting the treating of the lot lines; and

WHEREAS, Section C26-659.0, protection of openings and lot line walls, applies to all lot lines, it is difficult to deter-

# MINUTES

mine the necessity for special windows on the lot line, when these would of necessity be closed up, were a building to be erected adjacent to this lot line; that it seems unreasonable to require such windows for the full height of a lot line wall without regard for the distance that these windows might be away from any fire exposure; that a requirement which is arbitrary and unreasonable should certainly be subject to review and modification; and

WHEREAS, Section C26-649, protection of exterior openings, curiously limits itself to the protection of public and business structures and does not apply to residence building where, if there is any risk from fire, it should certainly be equally applicable; that the necessity for protection of exterior openings under this section is based upon the use of the subject building which, in this case being a Class 1 fireproof office building, is probably, in fact, equally as safe as any fireproof residence and a much safer structure than any of the surrounding buildings for which there is no applicable requirement.

*Resolved*, that the decision of the Borough Superintendent, dated April 27, 1960, acting on N.B. App. 10-60, Objections No. 1 and 2 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that up to and including the fifth floor the building comply with the decision of the Borough Superintendent; that from the sixth floor to the tenth floor inclusive, on the fronts affected, the windows shall have locked sash, glazed with one-quarter inch wire-glass, aluminum sash frames to be of Alloy No. 63 ST5 similar in design to that used on the other building fronts; that the building conform to drawings filed with this appeal dated May 31, 1960, 12 sheets and that a certificate of occupancy be obtained.

## 570-60-A

APPLICANT—Albert Melniker for Hylan Mill Holding Corporation, owner; The Great Atlantic and Pacific Tea Company Eastern Division, lessee.

SUBJECT—Application July 26, 1960—Appeal from a decision of the Borough Superintendent re—Fireproof Doors and fire code Sheetrock.

PREMISES AFFECTED—470 New Dorp Lane and 25 Mill Road, northwest corner, Block 3961, Lot 1, New Dorp, Borough of Richmond.

### APPEARANCES—

For Applicant: Albert Melniker.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 18, 1960 on N.B. Applic. 1069-59, reads:

"1—Amendment requesting the elimination of Fire Code sheetrock and one hour self-closing fireproof doors on trusses is contrary to Section C26.685 and is referred to the Board of Standards and Appeals."

and

WHEREAS, the applicant states that the building now under construction will be 136 feet by 175 feet in area, 1 story and mezzanine, 22 feet high, of class 3 construction, located in a business and retail use, E area, class ¾ height district; that the building when completed will be occupied by A. & P. as a supermarket; that the proposed use will be: 1st floor—retail store, storage, off-street parking (Customers and employees) and deliveries, employees 50, customers 600, 456 cars; mezzanine—men and women toilets and lounge, 8 persons; and

WHEREAS, the applicant states that the plans were approved by the Department of Buildings, a permit issued to proceed with the job; that the building is of class 3 construction with a skeleton frame, exterior wall construction consisting of steel columns and beams, and bow string wood roof trusses resting on the steel framing; that the exterior

walls are curtain masonry walls, non-bearing; that this request for a variance is filed for the purpose of obtaining approval to eliminate the requirements of providing fire stops of ⅝ inch firecode sheet rock and one hour self-closing doors at each truss; that the building will be completely sprinklered; that with sprinklers both in the ceiling of the 1st floor as well as sprinklers throughout the entire attic space; that the entire 1st floor ceiling will be covered with ½ inch sheetrock, and metal; that truss construction is of solid timber members built up, laminated and with steel connecting plates; that it is not of the latticed variety; that the height where the trusses occur in the attic space is approximately 15 feet; that this represents a greater height than a normal story and while not used for a 2nd floor, for all practical purposes, could be considered one in view of the fact that it is completely protected by a sprinkler system; that fire retarding of the trusses will create a hazard in the operation of the sprinkler system in view of the fact that a series of baffles would be created and would interfere with the proper operation and the distribution of water in the event that the sprinkler system must be put into use; that the proposed use of the attic space is merely for access in the event of repair, or servicing, in addition to access to the cupola tower.

*Resolved*, that the decision of the Borough Superintendent, dated July 18, 1960, acting on N.B. App. 1069-59 Objection Number One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building conform to drawings filed with this appeal dated July 26, 1960, six sheets; and on the further condition that the entire first floor and the entire ceiling space be equipped with a wet sprinkler system as shown on the drawings; that the entire first floor ceiling be of one-hour construction, also as shown on the drawings; that all other laws, rules and regulations applicable be complied with; and that a certificate of occupancy be obtained.

## 909-51-A

APPLICANT—Samuel Rosenblum for Furcraft Realty Company, Inc., owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Appeal from a decision of the Fire Commissioner—re elevator in readiness; previously granted.

PREMISES AFFECTED—242-246 West 30th Street, south side, 200 feet east of 8th Avenue, Block 779, Lot 66, Borough of Manhattan.

Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 4, 1960 after due notice by publication in the Bulletin; laid over to October 18, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated September 17, 1959 as amended by decision dated June 30, 1960, acting on Alt. Applic. No. 788-59, reads:

"1. Proposed extension of present warehouse on a plot located in a Business and Manufacturing use district and extending into a Residence use district is contrary to Art. II Sec. 3 of the Zoning Resolution.

2. Proposed extension in a D area district exceeds 55% of unoccupied area of the lot and as such is contrary to Art. IV Sec. 14 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7c and 21 of the Zoning Resolution, to permit in a manufacturing, business and residence use, D area district, the erection of a one story extension to an existing warehouse building on the residence portion of the plot which exceeds

# MINUTES

the permitted area coverage for the D area district *on condition* that the work shall be done in accordance with drawings filed with this application dated July 14, 1960, seven sheets; on the *further condition* that there shall be constructed a brick wall 2 feet high on a concrete foundation with an iron picket fence on top of the brick wall, for a total height of five feet, six inches constructed along the 139th Street front with one 3 foot gate; that this wall shall return along the northerly lot line to meet the adjacent dwelling; that the northerly 30 feet of Lot 27 be paved with concrete; that all laws, rules and regulations applicable shall be complied with; that all permits shall be obtained, all work completed, and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 912-59-BZ

APPLICANT—Lama, Proskauer and Prober, for Socony Mobil Oil Company, owner.

SUBJECT—Application December 24, 1959—decision of the Borough Superintendent, under Section 7a of the Zoning Resolution, to permit in a business use district, the reconstruction of a gasoline service station extending the area and uses to include gasoline service station, lubritorium, minor auto repairs with hand tools only, as a permanent accessory use, car washing, salesroom, utility room, install four new 550 gallon tanks and erect a one story accessory building; open area will be used for parking and storage of motor vehicles.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 4, 1960, after due notice by publication in the Bulletin; laid over to October 18, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated May 5, 1960, acting on Alt. Applic. 1018-59, reads:

"1) The use of portion of basement floor as an 'Art Gallery' in a Residence district is contrary to Article II, Section 3 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7e of the Zoning Resolution, to permit in a residence use district, in an existing four story, basement and cellar building, occupied as a two-family dwelling, the use of a portion of the basement and first floor as an art gallery in conjunction with a one family occupancy and with one family occupancy on the second, third and fourth floors, for a period of five years, on condition that the work shall be done in accordance with drawings filed with this application dated May 23, 1960, five sheets, and October 5, 1960, 4 sheets, revised; that there may be a bronze sign limited in size to one square foot at the entrance to the building; that all laws, rules and regulations applicable shall be complied with; that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 398-60-A

APPLICANT—Samuel Carr for 13 East 75th Street Corporation, owner.

SUBJECT—Application May 23, 1960—appeal from a decision of the Borough Superintendent—re egress.

PREMISES AFFECTED—13 East 75th Street, north side, 132 feet west of Madison Avenue, Block 1390, Lot 111, Borough of Manhattan.

## APPEARANCES—

For Applicant: Samuel Carr.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 5, 1960 on Alt. Applic. 1018-59, reads:

"2—Egress from upper stories through Art Gallery in basement is contrary to Sect. C26-289.0, subdivision (2)f of the Admin. Code."

and

WHEREAS, the applicant states that the building is 17 feet by 102 feet 2 inches in area, 4 stories, basement and cellar, 57 feet high, of class 3 construction, located in residence use, B area, class 1½ height district, built in 1891, now used and occupied since 1891; cellar—boiler and storage; basement, 1st, 2nd, 3rd and 4th floors—1 family; that the proposed use and occupancy will be: cellar—boiler and storage; basement and 1st floor—1 family plus art gallery; 2nd, 3rd and 4th floors—1 family; and

WHEREAS, the applicant states that in addition to background arguments for Cal. No. 397-60-BZ appeal case filed simultaneously herewith it is to be noted that requiring an enclosed stairway will destroy the esthetic effect of the wide opening stairway now existing which is as close to the vestibule emerging directly on street; that such an enclosure would cut down usable space in this narrow room and will measurably effect its rentability; that the desirability of spaciousness of the 1st floor hallway will likewise be destroyed; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated May 5, 1960, acting on Alt. App. 1018-59, Objection No. 2 be and it hereby is modified and that the appeal be and it hereby is granted on condition that all of the requirements of the Resolution adopted this day by the Board under Cal. No. 397-60-BZ shall be complied with; and that a certificate of occupancy be obtained.

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

647-48-SA—Vol. II—Amendment to a resolution as to additional models of oil burners.

Automatic Burner Corp., Chicago, Illinois, requested that the resolution adopted May 3, 1949 and amended through November 13, 1957 under Calendar Number 647-48-SA—Vols. I & II be reopened and amended so as to include additional models of oil burners.

USE: Gun type oil burner.

DESCRIPTION: The requested Models 97 and 98 are basically the same as the approved models differing only as to the styling of the housing. The requested models have been approved by the Underwriters' Laboratory.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted May 3, 1949 and amended through November 13, 1957 under Calendar Number 647-48-SA—Vol. I be reopened and amended so as to include the additional oil burners, Models 97 and 98, on condition that the requirements of the resolution adopted May 3, 1949 and amended through November 13, 1957 under Calendar Number 647-48-SA—Vol. I be complied with.

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

283-50-SA—Vol. II—Amendment to resolution as to additional models of oil burner.

Automatic Burner Corp., Chicago, Illinois, requested that the resolution adopted October 17, 1950 and amended through December 16, 1958 under Calendar Number 283-50-SA—Vol. I and Vol. II be reopened and amended so as to include additional models of oil burners.

USE: A gun type oil burner.

DESCRIPTION: The requested models are basically the same as the presently approved models differing only as to the motor and pumps; the new models having motor and pump with 3450 r.p.m. instead of 1750 r.p.m. The burners have been approved by the Underwriters' Laboratory.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted October 17, 1950 and amended through December 16, 1958 under Calendar Number 283-50-SA—Vol. I and Vol. II be reopened and amended so as to include the Models 95 and 96 and 95A and 96A, on condition that the requirements of the resolution adopted October 17, 1950, and amended through December 16, 1958 under Calendar Number 283-50-SA—Vol. I are complied with.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

211-53-SA—Amendment to resolution as to additional models of automatic washers.

Speed Queen, Division of McGraw-Edison, Ripon, Wisconsin, requested that the resolution adopted November 4, 1953 and amended at various times through April 26, 1960 under Calendar Number 211-53-SA be reopened and amended so as to include additional models of washing machines.

USE: Nine pound clothes washing machine.

DESCRIPTION: The requested Model A-34 is basically the same as the Model A-24, approved December 1, 1959 with the following exceptions:

### Model

A-34 — Water supply inlet altered—AW gap increased to  $1\frac{5}{16}$ ". Redesigned control panel and panel light.

A-34F — Same as A-34 except that the tub is stainless steel instead of porcelain.

A-34W — Same as A-34 except equipped with suds saver.

A-34WF — Same as A-34 except has stainless steel tub.

A-35 — Same as A-25, approved December 1, 1959, except that the control panel has been redesigned.

A-35F — Same as A-35 except equipped with stainless steel tub.

A-36 — Same as A-34 except equipped with positive fill to insure tub filling.

A-36F — Same as A-36 except has stainless steel tub.

A-204 — Same as A-203, approved April 26, 1960, except that timing has been changed.

A204F — Same as A-204 except equipped with stainless steel tub.

A-205 — Same as A-204 except timing cycle and positive fill.

A-205F — Same as A-205 equipped with stainless steel tub.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted November 4, 1953 and amended at various times through April 26, 1960 under Calendar Number 211-53-SA be reopened and amended so as to include the additional models of washing machines as herein described, on condition that the requirements of the resolution adopted November 4, 1953, and amended at various times through April 26, 1960 under Calendar Number 211-53-SA are complied with.

GEORGE F. SKLENARIK,

Asst. Engr.,

Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 681-53-SA

APPLICANT—Speed-Queen, owner—gas-fired dryer.

### APPEARANCES—

For Applicant: F. W. Buelow.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Affirmative: ..... 0

Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

681-53-SA—Amendment to resolution as to additional models of gas fired clothes dryers.

Speed Queen, Ripon, Wisconsin, requested that the resolution adopted November 15, 1955 and amended at various times through April 26, 1960 under Calendar Number 681-53-SA be reopened and amended so as to include additional models of gas fired clothes dryers.

USE: Appliance is a gas fired wet clothes dryer.

DESCRIPTION: The requested Models 137 and 137F are basically the same as the previously approved models differing only insofar as the cylinder and cabinet styling. The cylinder of the Model 137 is of zinc grip steel and Model 137F is of stainless steel. The Models 137 and 137F have been approved by the American Gas Association.

# MINUTES

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted November 15, 1955 and amended at various times through April 26, 1960 under Calendar Number 681-53-SA be reopened and amended so as to include the Models 137 and 137F gas fired clothes dryers, on condition that the requirements of the resolution adopted November 15, 1955 and amended at various times through April 26, 1960 under Calendar Number 681-53-SA be complied with.

## 859-55-SA

**APPLICANT**—Prat Daniels, Panelbloc Div., owner—gas-fired space heater.

### APPEARANCES—

For Applicant: David Y. Robinson.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
859-55-SA—Amendment to resolution as to additional model gas fired space heater.

D. Y. Robinson for Prat Daniels requested that the resolution adopted June 26, 1956 and amended July 14, 1959 under Calendar Number 859-55-SA be reopened and amended so as to include an additional model of gas fired heater.

**USE:** Suspended type gas fired heater for industrial or commercial use.

**DESCRIPTION:** The requested Model CRH-125 is basically the same as the approved models, differing only insofar as the reflector. The reflector has been redesigned so that the heaters may be installed at a higher elevation above floor level and the heat pattern will cover the same area as the presently approved heater which must be installed at a lower elevation from floor level.

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted June 26, 1956 and amended July 14, 1959 under Calendar Number 859-55-SA be reopened and amended so as to include the additional Model CRH-125 gas fired space heater, on condition that the requirements of the resolution adopted June 26, 1956 and amended July 14, 1959 under Calendar Number 859-55-SA be complied with.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 682-56-SM

**APPLICANT**—Bestwall Gypsum Co., owner—additional fire rated partition.

### APPEARANCES—

For Applicant: John G. O'Connor.

**ACTION OF BOARD**—Application reopened and resolution

amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
682-56-SM—Amendment to resolution as to additional fire rated partition.

Bestwall Certain-teed Sales Corp., Ardmore, Pa., requested that the resolution adopted May 21, 1957 under Calendar Number 682-56-SM be reopened and amended so as to permit the approved material to be used as a component part of a one hour fire resistive partition.

**USE:** A one hour fire resistive partition.

**DESCRIPTION:** The partition is a 2¼ inches thick non-load bearing partition and is installed in the following manner: The ceiling runner either fireproof wood or metal and baserunner of metal, 1½ inches deep, ¾ inch wide and ⅝ inch flanges formed of 20 gauge steel are attached to the floor and ceiling. The gypsum panels are mill laminated and each panel consists of three ¾ inch laminated gypsum sheets, two being 2'-0" wide and the inner sheet consists of three pieces of 0'-4" wide gypsum sheet; one of the strips is attached to the center of the inner face and the other two so attached as to form a lap joint of 0'-2"; one strip extending 0'-2" over the outer edge of the inner sheet and the other strip set back 0'-2" from the other edge of the inner sheet. This completed panel is attached to the metal base and ceiling runner by means of No. 10 metal screws 0'-8" on centers and in the case of fireproof wood runners by means of 4d nails also 0'-8" on centers.

A mastic laminating compound is then applied to the inner strips of the interior face and the panels forming the opposite face of the partition are then mounted in a similar manner, as the first face. The two panels are further joined by means of No. 14 by 1½" Phillips Head Screws spaced 1'-4" on centers and all exposed joints, screw and nail heads are sealed and covered with grout.

**INSPECTION AND TEST:** A partition, constructed as herein described, was tested in accordance with the requirements of Sections C26-591. and C26-592.0 Administrative Building Code and successfully met the requirements of a one hour fire resistive partition. The complete report of Ohio State University Engineering Experiment Station is on file with and is part of the record.

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted May 21, 1957 under Calendar Number 682-56-SM be reopened and amended so as to include the use of Bestwall ¾ inch gypsum board as a component part of a partition constructed as herein described, having a fire resistive rating of one hour for use in New York City in locations wherein a one hour fire resistive partition is required, on condition that the requirements of the resolution adopted May 21, 1957 under Calendar Number 682-56-SM are complied with.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

702-56-SA—Amendment to resolution as to additional model of gas-fired salamander.

Aeroil Products, Inc., South Hackensack, New Jersey, requested that the resolution adopted December 18, 1956 under Calendar Number 702-56-SA be reopened and amended so as to include the additional Model 50-VP gas-fired salamander.

**USE:** Space heater for temporary use in the setting and drying of concrete and plaster construction work.

**DESCRIPTION:** The requested model is similar to the approved model, differing only as to BTU input; being rated at 50,000 BTU per hour; in all other respects the models are similar.

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted December 18, 1956 under Calendar Number 702-56-SA be reopened and amended so as to include the additional Model 50-VP Gas-Fired Salamander rated at 50,000 BTU per hour input, on condition that the requirements of the resolution adopted December 18, 1956 under Calendar Number 702-56-SA be complied with.

## 2-58-SM

**APPLICANT**—Sefen Ltd., owner—fiber board.

## APPEARANCES—

For Applicant: William Shuldiner.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

2-58-SM—Israel Purchasing Service, Inc., New York, for Sefen Ltd., Emek Hayarden, Israel, filed February 21, 1958 an application with the Board of Standards and Appeals for approval of the material known as Sefen Board under the provisions of the Fiber Board Rules of the Board and Sections C26-538.0 and C26-680.0.2 Administrative Building Code. The application was set for hearing September 22, 1959 but was laid over by the Board for further consideration.

**USE:** The material is to be used as an insulating wall board or for exterior sheathing.

**DESCRIPTION:** The material is an insulation fiber board manufactured from wood pulp and is asphalt impregnated for weathering purposes.

The board is manufactured in the customary manner from logs that have been shredded and pulped, then formed by the extruding process dried and cured.

**INSPECTION AND TEST:** The applicant has submitted the results of tests conducted by the Haller Testing Labora-

tory and the material successfully met the requirements of the Fiber Board Rules of the Board. The applicant has also submitted the result of a racking test conducted on a panel constructed of 2" x 4" studs, 16" on centers and sheathed with Sefen Board; the panel was braced with a 1" x 6" diagonal brace. The Sefen board was attached to the studs with 6d nails—3" on center at the perimeter and 6" on center on the intermediate studs. The panel successfully met a thrust of 6100 pounds.

The applicant has also submitted flow sheet layout drawings and a technical report prepared by the Technoin Research and Development Foundation, Ltd., which foundation was inspected by a committee of the Board.

**RECOMMENDATION:** On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Sefen Board as herein described for use in accordance with the Fiber Board Rules of the Board. When the ½ inch board is used for sheathing, full length and width boards shall be used; over doorways and over and under windows vertical and horizontal 2" x 4" shall be provided so as to provide nailing bases along all edges of the board so used. Short filler pieces, when used, shall be applied in the center of the wall being sheathed and all bracing of the frame shall be 1" x 6" diagonal bracing and that all cartons or packages in which this material is shipped shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 92-58-SM".

(Sgd.) WILLIAM A. NOLAN,

Director,

JOHN A. DARTS,

Asst. Engr.,

GEORGE F. SKLENARIK,

Asst. Engr.,

Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## 309-58-SM

**APPLICANT**—Oliver Manufacturing Supply Co., owner.

## APPEARANCES—

For Applicant: Patsy Pellegrino.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, and Commissioner Becker ..... 3  
Negative: Commissioner Fox ..... 1  
Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

309-58-SM—Oliver Manufacturing Supply Co., owner, filed May 16, 1958 for approval of the material known as Oliver Concrete Block Products for Masonry Walls for use in New York City under the provisions of Section C26-309.0, Administrative Building Code.

**USE:** The purpose of these blocks is for use in masonry construction.

**DESCRIPTION:** These load bearing blocks are made in various sizes of three types of materials, namely, cinder, 8 x 8 x 16, 8 x 8 x 18, Gravel, 8 x 12 x 16—2 cell, 8 x 12 x 16—3 cell, 8 x 8 x 18, Waylite, 8 x 8 x 16, 8 x 8 x 18.

Upon delivery of materials at a receiving point at the plant a conveyor belt transports cement, sand and aggregates to separate storage bins. The scales are set for volume by weight of each material from storage bins into the hoppers. The water ratio is controlled by a moisture meter which determines the correct proportion of water for mix by volume. The above method is continuous as long as the machines are in operation during a normal work day.

The mix data is as follows:

# MINUTES

Type 3A Cement in Bulk by weight. All aggregates by weight.

## Cinder Mix—by Volume

1 sack cement  
1.65 cu. ft. sand  
7.7 cu. ft. cinders  
5.5 gal. water per sack of cement

## Concrete Mix—by Volume

1 sack cement  
6.5 cu. ft. sand  
5.35 cu. ft.  $\frac{1}{8}$ " gravel  
5.5 gal. water per sack of cement

## Waylite Mix—by Volume

1 sack cement  
1 cu. ft. sand  
3.5 cu. ft. fine Waylite  
5.1 cu. ft. coarse Waylite  
5.5 gal. water per sack of cement

The hopper is then conveyed to a mixer that automatically requests additional material when empty. When this material is thoroughly mixed, it is fed into a chute which in turn feeds into a Besser machine that forms 1080 blocks per hour. The freshly moulded blocks are delivered from the forming machine on steel plates to the curing racks. The curing racks carrying the freshly moulded blocks are then transported by a fork lift to a 125 foot long kiln. The kiln is large enough to accommodate a capacity of 54,000 blocks; no block is removed from the kiln before 24 hours elapses. Curing is done by high pressure steam at a constant temperature of 160°. The curing is automatically controlled for the length of time for setting, steam baking and cooling.

**INSPECTION AND TEST:** The plant of the applicant at Port Reading, New Jersey, was inspected by Ass't. Architect T. W. Farricker.

Tests in accordance with the requirements of the Masonry Rules were conducted at the Haller Testing Laboratories, Plainfield, New Jersey, and successfully met the requirements of Section C26-326.0, except for Waylite, with the following results:

**Concrete Blocks—8 x 8 x 18—3 cell—Hollow L.B.**

Compression (average of 4 specimens) — 1509 p.s.i.  
Absorption percent (average of 4 specimens) 9.22 p.s.i.

**Concrete Blocks—8 x 12 x 16—2 cell—Hollow L.B.**

Compression (average of 2 specimens) — 1394 p.s.i.  
Absorption percent (average of 2 specimens) 5.95 p.s.i.

**Concrete Blocks—8 x 12 x 16—3 cell—Hollow L.B.**

Compression (average of 2 specimens) — 1373 p.s.i.  
Absorption percent (average of 2 specimens) 13.62 p.s.i.

**Cinder Blocks—8 x 8 x 16—3 cell—Hollow L.B.**

Compression (average of 3 specimens) — 1046 p.s.i.  
Absorption percent (average of 3 specimens) 14.0 p.s.i.

**Cinder Blocks—8 x 8 x 18—3 cell—Hollow L.B.**

Compression (average of 3 specimens) — 1423 p.s.i.  
Absorption percent (average of 3 specimens) 12.1 p.s.i.

**Waylite Blocks—8 x 8 x 16—3 cell—Hollow L.B.**

Compression (average of 3 specimens) — 1009 p.s.i.  
Absorption percent (average of 3 specimens) 16.3 p.s.i.

The complete report is on file with and is part of the record.

Under Rule 5.3 of the Masonry Rules, the allowable maximum absorption shall not exceed 15 pounds of water per cubic foot of concrete nor shall the moisture content when delivered exceed 40 percent of the total absorption based on an average of five units as tested.

**RECOMMENDATION:** The Committee on Test recommends the approval of the material known as Oliver Concrete Block Products for Masonry Walls for use in New York City as described herein meet the requirements of

the Board's Rules for the manufacture, testing and use of Concrete Masonry Units, except the Waylite Concrete Masonry Units which did not meet the requirements of Rule 5.3 shall not be used for exterior use. The Committee on Tests recommends approval under Section C26-190.0a use under Section C26-309.0. The approval is recommended on the condition that the Masonry Rules of the Board of Standards and Appeals be complied with, and further that all bills of lading shall be stamped "Approved by the Board of Standards and Appeals under Calendar Number 309-58 SM."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 506-58-SA

**APPLICANT—**Ohio Foundry and Manufacturing Co., owner—additional gas-fired heaters.

**APPEARANCES—**

For Applicant: None.

**ACTION OF BOARD—**Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

**THE VOTE—**

Affirmative: Chairman Foley, Commissioner Fox and Commissioner Becker .....

Negative: Vice-Chairman Kleinert .....

Absent: Commissioner Sleeper .....

**THE RESOLUTION—**

WHEREAS, the report of a Committee on Test reads, 506-58-SA—Amendment to resolution as to additional models of gas fired heaters.

Ohio Foundry and Manufacturing Co., requested that the resolution adopted March 31, 1959 under Calendar Number 506-58-SA be reopened and amended so as to include additional models of gas fired heaters.

**USE:** Gas fired heaters for installation on an outside wall.  
**DESCRIPTION:** The requested Models No. 1010, 1010-IV, 1017 and 1017M are basically the same as the approved unit differing only as to B.T.U. input, ranging from 10,000 to 17,500 B.T.U. per hour and change in the cabinet styling. The requested models have been approved by the American Gas Association.

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted March 31, 1959 under Calendar Number 506-58-SA be reopened and amended so as to include the Ohio Foundry and Manufacturing Co. gas fired heaters Models Brilliant Fire, Ohio Radiant & Subburst, Nos. 1010, 1010-1W, 1017 and 1017-M, on condition that the requirements of the resolution adopted March 31, 1959 under Calendar Number 506-58-SA be complied with.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 108-59-SM—Pilkington Brothers, Ltd., Lancashire, England, filed for approval of the material known as Pilkington Polished Wire Glass and Wired Cast Square Mesh and Hexagonal Mesh under the provisions of Section C26-191.0 Administrative Building Code.

**USE:** Wire glass to be used in glazing of doors and windows.

**DESCRIPTION:** The hexagonal mesh window glass consists of plate glass with a steel wire mesh. The size of the mesh is  $\frac{7}{8}$  inches of No. 26 gauge wire. The wired glass is  $\frac{1}{4}$ " thick weighing  $3\frac{1}{2}$  lbs. per sq. ft.

In manufacture, two sheets of glass of equal thickness are rolled out separately and the wire mesh is fed in between the two sheets while the glass is in a semi-molten state.

The square mesh window glass is manufactured in the same manner and of the same material except for the mesh being  $\frac{1}{2}$  inch.

**INSPECTION AND TEST:** The applicant submitted a report of a fire test conducted by the Joint Fire Research Organization showing that the glass is able to withstand a one hour fire resistive test. There was no hose stream test conducted on the window. The complete report is on file with and is part of the record.

**RECOMMENDATION:** On the basis of the data filed by the applicant, the Committee on Test recommends the approval of the material known as Pilkington Polished Wire Glass with Cast Square and Hexagonal Wire Glass under the provisions of Sections C26-189.0 and C26-191.0 and C26-668.0 Administrative Building Code and of the Labor Law, subject to the limitations therein contained. When the glass, as tested, for openings required to have a fire resistive rating, the window sash shall be approved by the Board, for such use. Each sheet of glass marketed under this approval shall be marked or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 108-59-SM".

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

411-59-SM—Kilroy Metal Products, Inc., Brooklyn, New York, filed an application for approval of the material known as Royline Window Model, K-448, under the provisions of Section C26-610.0 Administrative Building Code.

USE: A  $\frac{3}{4}$  hour fire resistive opening protective assembly.

DESCRIPTION: This window was constructed of 18 gauge electro-galvanized strip steel with a 16 gauge sill member, parting of 20 gauge and the head cover of 22 gauge steel. The upper sash was fixed. The lower sash was movable and suspended by tapes of stainless steel from two enclosed and removable motor spring type balances to balance the sash. An Underwriters' approved fusible link was used to connect the lower sash with the supporting tapes. The frame members were one piece cold rolled, running continuous from head to sill and from jamb to jamb. Sash members were of one piece cold rolled, tubular shape  $\frac{7}{8}$ " deep. Corners of frame and sash were telescoped and welded. Muntins were hot rolled tees, welded to sash members and with welded cross joints.

The window was glazed with 12 lights of  $\frac{1}{4}$ " wire glass,  $9\frac{3}{4}$ " x  $9\frac{1}{4}$ " in size. The glass was set in putty with wire glazing clips and clip angles. Four angles, 4" long were provided on the upper and lower rows of lights. These angles were screwed into top and bottom rails and stiles and bolted through the muntin. The middle rows of six lights were secured with only three clips, none was provided at the meeting rails.

The full size assembly was approximately 2' 8" in width by 3' 9" in height.

INSPECTION AND TEST: The window was tested at the Protexol Laboratories in Kenilworth, New Jersey, and the test was witnessed by Ass't. Engr. G. F. Sklenarik.

The furnace temperature was regulated in accordance with the standard time temperature curve. After 25 minutes a slight warping was observed but the window remained intact and successfully prevented the passage of smoke or flame from the furnace. Window lights were cracked but remained firmly in the openings for the full duration of the test—45 minutes.

Immediately after the fire test a hose stream test was applied in accordance with the code. After 20 seconds the glass was essentially intact but became dislodged before completion of the test—43 seconds; the window framing was not affected.

The window area, less than 12 square feet, would require a hose stream application for about 8 seconds based on a 1 minute application per 100 square feet of area in accordance with Section C26-610.0 Administrative Code. As the lights were intact up to 20 seconds of hose application, the window met the requirements.

The complete test report dated July 6, 1960 is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Royline Window, Model K-448, for use wherever a fire resistive opening protective assembly (fire window) is required as

provided in Sub Article 7, Article 11, Administrative Building Code provided that the window is constructed as described and that all inspection, labeling and other pertinent requirements of the Board's Rules for the Inspection of Opening Protective Assemblies are complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 421-59-SM

APPLICANT—Republic Steel Corporation, Truscon Division for Republic Steel Corporation, owner.

### APPEARANCES—

For Applicant: C. B. McGehee, B. J. McGowan and W. H. Hunt.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
421-59-SM—Republic Steel Corp., Truscon Division, filed for approval of the material known as Truscon Aluminum Casement, Double and Single Hung, Projected and Awning Type Windows, under the provisions of Sections C26-650.0 Administrative Building Code.

USE: Aluminum windows to be used in locations where a fire resistive opening protective assembly is not required.

DESCRIPTION: The various types of windows are all constructed of 63S-T5 aluminum alloy.

The awning type is constructed of solid extruded sections. The overall depth of the frame shall be a minimum of  $1\frac{7}{8}$ " and the overall depth of the ventilator sections is 1". The combined weight of frame and ventilator is 0.975 lbs. per foot. The torque bar is of cadmium plated steel and all operating arms, bolts, pins, rivets, etc. are either aluminum or stainless steel.

The casement type is constructed of solid extruded sections, not less than  $1\frac{3}{32}$ " deep with the ventilator section not less than  $1\frac{1}{8}$ " deep and  $\frac{3}{16}$ " web member. The hardware shall consist of die cast aluminum roto operator, the locking handle zinc die cast and the guides, guide buttons and keepers are of stainless steel.

The projected type is constructed of extruded members, the overall depth of frame is a minimum of  $1\frac{1}{2}$ "; ventilator section  $1\frac{5}{8}$ " and thickness of web  $\frac{1}{8}$ " and the hardware is polished white bronze.

The double and single hung windows are constructed of extruded members having a minimum thickness of 0.062" and all hardware is of solid white bronze.

INSPECTION AND TEST: The alloy used in the manufacture of the windows 63S-T5 has a melting range of 1140°F to 1200°F which is beyond the minimum as required under Section C26-88.0 Administrative Building Code.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Truscon Aluminum Casement, Double & Single Hung, Projected & Awning Type Windows for use in New York City in locations wherein a fire resistive opening protective assembly is not required under the provisions of Section S26-650.0 Administrative Building Code, on condition that the window bear a label, permanently affixed; reading "Approved by the

## 567-59-SM

APPLICANT—Cimenteries & Briqueteries Reunies, owner—additional use as to Type 3 Cement.

### APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 567-59-SM—Amendment to the resolution to include Belgian CBR Portland Cement, Type III.

Indussa Corporation for Cimenteries & Briqueteries Reunies requested that the resolution adopted May 24, 1960 under Cal. 567-59-SM be reopened and amended to include Type III Portland Cement, manufactured at their plant at Lixhe, Belgium. Type I cement manufactured at this plant was approved for use in New York City by resolution adopted May 24, 1960 under Calendar Number 567-59-SM.

A Committee on Test consisting of Commissioner Hugh P. Fox and Director W. A. Nolan visited the plant at Lixhe, Belgium. The applicant has submitted test reports showing that the cement complied with ASTM requirements for Type III Portland Cement.

RECOMMENDATION: On the basis of the inspection and data filed by the applicant, the Committee on Test recommends reopening and amending resolution adopted May 24, 1960 under Calendar Number 567-59-SM to include the approval of the material known as CBR Portland Cement, Type III, for use in New York City under the provisions of Section C26-312.0 Administrative Building Code, on condition that the applicant shall submit monthly reports, for a period of six months from the date of this resolution, and annually thereafter, a certified copy of mill reports certifying that all cement manufactured at the applicant's plant and shipped into New York City complied with all requirements of the resolution including ASTM 150-56 specifications. The Committee on Test further recommends that all bulk shipments of the cement shall be adequately protected, during shipment, so as to preclude the possibility of any moisture entering into the spaces in which the cement is stored and all ocean bills of lading shall be stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 567-59-SM".

(Sgd) HUGH P. FOX,  
Commissioner,  
WILLIAM A. NOLAN,  
Director,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 616-59-SM

APPLICANT—Richard DeCew for Plastic Ceilings, Inc., owner.

### APPEARANCES—

For Applicant: Richard DeCew.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 616-59-SM—Plastic Ceilings, Inc., New York City, filed for approval of the material known as Plastic Ceiling MFP plastic light diffuser under the provisions of Section C26-461.1 Administrative Building Code.

USE: A plastic light diffuser.

DESCRIPTION: The plastic light diffusing ceiling consists of a suspensions system as approved by the Board under Calendar Number 851-40-SM—Vol. II on June 20, 1950 and a vinyl plastic sheet. This sheet has a metallic coating applied to both faces.

INSPECTION AND TEST: The plastic material was tested in accordance with the requirements of Section C26-461.1 Administrative Building Code and was found to be self-extinguishing as required.

RECOMMENDATION: The Committee on Test recommended the approval of the material known as Plastic Ceiling MFP for use as a light diffusing ceiling in locations as permitted under Section C26-461.1 Administrative Building Code, on condition that the plastic diffuser shall be installed in conjunction with the suspension system as approved under Calendar Number 851-40-SM—Vol. II on June 20, 1950. It is further recommended that the use of this material in Class I & II construction as defined under Sections C26-239.0 & C26-240.0 Administrative Building Code be limited to an area to be covered not to exceed 10,000 sq. ft. in area and only when such space is separated from the remainder of the floor area by an approved wall, fire wall, fire partition or fireproof partition. In Class III construction, the limitation shall be in accordance with the requirements of the Administrative Building Code.

When the plastic ceiling is to be used in locations as permitted under Section C26-1351.1, then the installation of the plastic ceiling shall comply with the requirements of Section C26-1354.0.b Administrative Building Code and plans filed with the Department of Buildings will also show the proposed occupancy so that the use of the ceiling in the proposed location may be checked as to its use in the type of occupancy as set forth under Section C26-1351.1 Administrative Building Code. The Committee further recommends that in approving the installation, the Department of Buildings shall require that in the event of a change of occupancy the installation shall be re-examined under Section C26-1354.0 Administrative Building Code and further that all plans submitted to the Department of Buildings showing the proposed use of this system shall be marked "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 616-59-SM and that all cartons in which the material is marked shall be similarly marked.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 15-60-SM

APPLICANT—Inland Steel Products, owner—additional

# MINUTES

use as to a 4 hr. fire-resistive construction.  
APPEARANCES—

For Applicant: Robert C. Findlay.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

15-60-SM—Amendment to resolution as to additional use of Ribform.

Inland Steel Products Co., Milwaukee, Wisconsin, requested that the resolution adopted May 24, 1960 under Calendar Number 15-60-SM be reopened and amended so as to include an additional form of construction of Ribform.

USE: A component part of a four hour fire resistive and/or roof construction.

DESCRIPTION: The material Ribform is the same material as approved and under this recommendation it is to be used as a part of a complete assembly having a four hour fire resistive rating.

The assembly consists of approved steel joists spaced 2'-0" on center and laterally braced by means of 1/2 inch diameter bars spaced at the 1/3 points of the span of the joist and welded to the bottom chord of the joists.

The Ribform material is then placed on top of the joists with an overlap of 0'-6". The sheets are welded to the joists and to each other on 2'-0" centers.

Wire mesh, 6" x 6" of No. gauge wire is then placed on top of the Ribform and a structural concrete is then poured to a depth of 2 1/2" as measured from the bottom of the Ribform.

Furring channels of 3/4" cold rolled steel wire then placed 13 1/2" on centers and tied to the bottom chord of each joist with double strand tie wire. Metal lath, 3.4 lbs. per sq. yd. expanded metal is then attached to the furring channels by means of single strand tie wire spaced 6" on centers along the channels.

Vermiculite Gypsum plaster was then applied in two coats to the lath. The scratch coat consists of 2 cu. ft. of vermiculite to 100 lbs. of gypsum. The brown coat consists of 3 cu. ft. of vermiculite to 100 lbs. of gypsum. The total thickness to the face of the lath is 3/4 inches.

INSPECTION AND TEST: A construction as herein described was tested at the Underwriters' Laboratory in accordance with the requirements of Sections C26-588.0 through C26-590.0 and C26-609.0 Administrative Building Code and the construction successfully met the requirements of a four hour fire resistive floor and/or roof construction.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted May 24, 1960 under Calendar Number 15-60-SM be reopened and amended so as to permit the approved material Ribform to be used as a component part of a four hour fire resistive floor and/or roof construction, on condition that the construction is as herein described, that only approved joists shall be used in the construction and the joists shall be installed in accordance with the approval of the joists and further that all other requirements of the resolution adopted May 24, 1960 under Calendar Number 15-60-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Asst. Engr.,

GEORGE F. SKLENARIK,  
Asst. Engr.,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

60-60-SM

APPLICANT—Zonolite Company, owner; M. G. Quayle, agent.

APPEARANCES—

For Applicant: William G. Silver.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

60-60-SM—Zonolite Co., Chicago, Illinois, filed January 27, 1960 an application for approval of the material known as Zonolite Mono-Kote under the provisions of Sections C26-571.0, C26-588.0 through C26-590.0 and C26-593.0 through C26-599.0 Administrative Building Code.

USE: Fireproofing material to afford three hour fire resistive rating to steel floors and beams and girders.

DESCRIPTION: The material is a mill mixed product consisting of an inorganic binder and vermiculite. The vermiculite has been approved by the Board under Calendar Numbers 581-48-SM, 737-51-SM and 232-50-SM for fireproofing under various thickness of application for various fire resistive ratings.

INSPECTION AND TEST. A floor construction using Zonolite Mono-Kote as a component part was tested at the Underwriters Laboratory under the provisions of Sections C26-588.0 through C26-590.0.

The assembly consisted of a concrete floor supported by a blend of cellular and fluted steel floor units and a steel beam, protected with the material Mono-Kote spray applied directly to the steel surfaces.

The assembly was constructed as follows: The steel beam was placed across the opening of the furnace and the steel floor units consisting of alternating series of two 16 gauge fluted sections and one 16-18 gauge cellular section were then placed on the supports with a bearing of 2 7/8" and were then welded in place every 12". A steel washer was placed at each weld point which served to provide additional metal for the fusion weld. A structural concrete was then poured to a depth of 2 1/2" over the top plane of the steel floor units.

The material Mono-Kote, mixed in a proportion of 50 lbs. to 12 gal. of water was then applied to a thickness of 7/8 inches conforming to the contour of the floor units and to a thickness of 1 7/8 inches conforming to the contour of the beam.

During the entire course of the test, the construction was loaded so as to stress the floor members to 18,000 p.s.i. and the steel beam to 20,000 p.s.i.

The construction, as described, successfully met the requirements of a three hour fire resistive floor construction. It should be noted that the temperature on the steel beam had no bearing on the classification as the beam, being fully loaded was tested in accordance with the requirements of ASTM E-119-58.

The complete report of the Underwriters' Laboratory Retardant 4339-1 is on file with and is part of the record. RECOMMENDATION: The Committee on Test recommends the approval of the material known as Zonolite Mono-Kote for use in New York City as a component part of a three hour fire resistive floor and/or roof construction, under the provisions of Sections C26-588.0 through C26-590.0, on condition that the construction shall be as herein described under Inspection & Test; that the materials used shall be approved materials and that all plans filed with the Department of Buildings showing the proposed use of such construction shall be labeled "Approved by the Board of Standards and Appeals for use in New York City under

# MINUTES

Calendar Number 60-60-SM and further all bags in which Zonolite Mono-Kote is marketed shall be similarly marked.

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Asst. Engr.,

GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 275-60-SA

APPLICANT—Rheem Manufacturing Company, owner.

### APPEARANCES—

For Applicant: Ralph F. Magline.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendations of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

275-60-SA—Rheem Manufacturing Co., Chicago, Illinois, filed for approval of the appliance known as Rheemaire Air Conditioning Equipment, Models RC-22B1, RC-30B1, RC-40B1, RC-40B3, RB-57B1, RB-57B3; LRC-22B1, LRC-30B1, LRC-40B1, LRC-40B3, LRB-57B1, LRB-57B3, RA-75B1, RA-75B3; AC-22B1, AC-34B1, AC-34B3, AC-46B1, AC-46B3, AC-57B1, AC-57B3; SC-22 and SC-34, under the provisions of Article 18, Chapter 19 and Section C26-191.0, Chapter 26, Administrative Code.

USE: Air cooling equipment for commercial and residential use.

DESCRIPTION: The RC, RB, RA and AC Series of the Rheemaire Air Conditioning systems are made up of two separate sections to be piped together after installation.

One section, the condensing unit, consists of a motor driven compressor, evaporative condenser with water circulation pump or air cooled condenser, condenser fan, limit switch, pressure relief device (relief valve or fusible plug) and operating controls. The complete assembly is housed in a weather proof steel cabinet permitting outdoor installation.

The second section includes a capillary refrigerant control and evaporator coil with or without air circulating fan suitably assembled for installation in a duct system.

Piping connection between condensing unit and evaporator section are made either by quick coupling connectors or by soldered joint.

The letters RC, RB or RA in the model number indicate that the condensing unit has an evaporative condenser.

The letter L preceding R indicates that quick connectors are not used.

The letters AC indicate that the condensing unit has an air cooled condenser.

The number in the model designation indicates the nominal capacity in thousands of BTU per hour.

The suffix B1 indicates single phase current and the suffix B3 three phase current.

The refrigerant charge is R-22.

The SC Series are complete package units made up of motor driven compressor, air cooled condenser, condenser fan, evaporator coil, air circulating fan, dual pressure cut outs and operating controls. Refrigerant charge is R-22, 3 lbs. 3 oz. and 5 lbs. 10 oz. and the capacities are 22,000 and 34,000 Btu per hour respectively.

INSPECTION AND TEST: All details were examined by Ass't. Engineer G. F. Sklenarik.

RECOMMENDATION: The Committee on Test recom-

mends the approval of the appliance known as Rheemaire Air Conditioning Equipment, Models RC-22B1, RC-30B1, RC-40B1, RC-40B3; RB-57B1, RB-57B3; LRC-22B1, LRC-30B1, LRC-40B1, LRC-40B3; LRB-57B1, LRB-57B3; RA-75B1, RA-75B3; AC-22B1, AC-34B1, AC-34B3, AC-46B1, AC-46B3, AC-57B1, AC-57B3; SC-22 and SC-34, for use in New York City when installed in accordance with this report and the requirements of Article 18, Chapter 19, Administrative Code and the Electrical Code of the City of New York provided that each unit shall bear a label, permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 275-60-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Asst. Engr.,

GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 305-60-SA

APPLICANT—The Sonner Burner Company, owner; J. E. Davis, agent.

### APPEARANCES—

For Applicant: William H. Austin.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
305-60-SA—The Sonner Burner Company, Winfield, Kansas, filed an application for approval of the appliance known as Sonner Gas Fired Burners, Models L-1, L-2, C55, C-56, R, LV, LVS, Type L Special, LIH and LIHS, under the provisions of Section C26-191.0 and Article 12, Administrative Building Code.

USE: Conversion burners for residential, commercial and industrial use.

DESCRIPTION: The Models L-1 and L-2 conversion burners are made with a cast iron head with slotted ports and a single venturi tube installed in a 20 gauge sheet metal draft box with removable extension and control cover. The orifice holder is of 3/4" black pipe construction and is supported by an 18 gauge sheet metal trough spot welded to the bottom of the draft box and designed so that the orifice is centered in the venturi.

The cast iron head is a one piece casting in which the burner slots are part of the casting.

Pilot light and automatic gas shut off valve and pressure regulator are provided. Primary and secondary air are separately adjustable.

The capacities are:

| Model | Maximum         | Minimum         |
|-------|-----------------|-----------------|
| L-1   | 200,000 Btu/hr. | 75,000 Btu/hr.  |
| L-2   | 400,000 Btu/hr. | 200,000 Btu/hr. |

The Models C-55 and C-56 conversion burners have an annular port round head, made of cast iron in two piece construction. A pilot is welded to the head and designed to allow for easy removal of the safety pilot.

The cast iron venturi tube is designed to allow positive placement of the orifice to center the flow of gas through the throat. A shutter is provided for adjustment of primary air.

The venturi is mounted on a slide that may be moved in or out of the draft box for length adjustment.

# MINUTES

The capacities are:

| Model | Maximum | Minimum |
|-------|---------|---------|
| C-55  | 225,000 | 100,000 |
| C-56  | 125,000 | 50,000  |

The Model R burner is of the atmospheric inshot type consisting of a number of cast iron burner tubes, a manifold and header. The burner tubes are removable and interchangeable. The tubes are one piece castings with flame retention ring cast into the nozzle. Brass orifice are screw mounted in the manifold.

A draft box is constructed of 16 gauge metal for up to and including the 3R5 size burner. Larger sizes have draft boxes of 14 gauge metal. The numbers in the size designation show the number of rows of burner tubes and the number of tubes in each row. Thus a 3R5 burner will have three rows of five tubes each. The largest size burner cataloged is a 6R10 but larger sizes may be built to order. Operating gas pressure varies from 2½ inches water column to 1 psi.

The combustion air louvres are of 18 and 20 gauge steel mounted on ¾" steel rods. They are so arranged that they may be operated by a modulating type motor, the operating arm on the diaphragm valve or motorized valves. The louvres are balanced so that upon breakage or release of the linkage system they will fall to the open position.

The automatic pilot systems furnished with these burners are either of the flame rectification or photocell type using a M-H RA890E protectorelay. A prewired panel with fused disconnected switch, power lamp, pilot switch, pilot lamp, main valve switch and main valve lamp is furnished. The pilots are standard M-H C7005 with stainless steel flame and ignition electrodes. Burners with rows of 6 tubes have one or more plain pilots in addition to the automatic pilots.

The capacity of each burner tube is 120,000 Btu per hour at 3 oz. pressure. Burner sizes vary from a 1R2 up to 6R10.

The Models LV, LVS and Type L Special burners are all similar in construction. They are of cast iron construction with one piece venturi tubes which are made with from one to nine burner heads in length. The tubes may be used in any number side by side, the number is limited by the input designed or width of the firebox. Tubes having one or two heads use a 13 slot, slotted port head and those with three to nine heads use an 11 slot head. Each tube is cast with a web at the bell end of the venturi which is drilled and tapped to hold the orifice holder and orifice in proper position. Each burner head is rated at 160,000 Btu per hour at 3 oz. gas pressure at the orifice. The 11 slot head has the same external dimensions as the 13 slot there being a greater width between slots on the 11 slot head which permits a greater flow of secondary air over each slot on the burners with the larger input ratings.

Burner with one set of controls for on-off firing are designated as LV Models. The number preceding the letters indicates the number of tubes and the number following the letters indicates the number of heads per tube. Thus the 3LV5 is an on-off firing burner consisting of 3 tubes each with 5 heads and using 1 set of controls.

If each tube is fired in a separate step, 3 sets of controls are used and the suffix S is added to the model designation to indicate this arrangement.

The Type L Special uses the LV burners installed in a completely enclosed air box to simplify installation by eliminating the need for brick work within the furnace. All of the combustion air, primary and secondary, is entrained by the air box. The louvres in the air box are operated automatically by diaphragm or motor valves in the line and are so balanced that if the linkage to the valve arm should release they will fall to the open position.

In the step fired burner 16 gauge sheet metal dividers are placed in the air box and between each step so that the air to each step is controlled individually.

Safety controls consist of safety pilots and automatic gas shut off valves, including quick acting electronic controls. Electric ignition is optional.

The LIH and LIHS Model burners are similar in construction except for the header and methods of firing. The Model LIH is fired as an on-off burner. The LIHS Model is fired in steps with separate controls installed on each row of burner heads.

The Models LIH and LIHS burners consists of one or more rows of individually orificed venturis welded to proper sized pipe. Each venturi is so machined that the 11 slot LV Model cast burner head, with which these burners are equipped, will fit gas tight. The rows of venturis are held together by a welded iron framework.

If the burner is to be step fired, each individual row is equipped with an automatic electric motor type valve and a gas pressure regulator.

The draft box is of 16 gauge metal and is split so that it fits beneath or above the feed pipe to the burner, whichever is most convenient.

The same pilot systems are available as for the LV Model burners.

These burners are made in sizes of 8 up to 40 heads. INSPECTION AND TEST: The details submitted by the applicant were examined by Ass't. Engr. G. F. Sklenarik.

The domestic sizes Models L-1, L-2, C-55 and C-56 burners have been tested and approved by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Sonner Gas Fired Burners, Models L-1, L-2, C-55, C-56, R, LV, LVS, Type L Special LIH and LIHS, for use in New York City in firing boilers or furnaces in accordance with the requirements of Article 12, Administrative Building Code provided that each burner shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 305-60-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

## 566-60-SM

APPLICANT—Indussa Corporation, agent for Cimenteries & Briqueteries Reunies.

## APPEARANCES—

For Applicant: Leon P. D. Sandon.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test. THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, Commissioner Fox and Commissioner Becker..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 566-60-SM—Indussa Corporation for Cimenteries & Briqueteries Reunies, filed for approval of the material known as CBR Portland Blast Furnace Slag Cement, Type IS, for use in New York City under the provisions of Section C26-178.0, C26-191.0, and C26-312.0.c.2 of the Administrative Building Code and Rules Governing the use of Portland Blast Furnace Slag Cement.

USE: The material is a portland slag cement for use in structural concrete.

DESCRIPTION: CBR Portland Cement, Type IS, can be used for the same purposes and types of concrete construction as Type I, non-air entraining portland cement. Portland blast-furnace slag cement is a product obtained by intimately intergrinding a mixture of portland cement clinker and granulated blast-furnace slag. The amount of granu-

# MINUTES

lated blast-furnace slag used shall be such that the slag constituent makes up between 25 and 65 percent by weight of portland blast-furnace slag cement.

**INSPECTION AND TEST:** The plant of the applicant at Lixhe, Belgium, was inspected by Commissioner Hugh P. Fox and Director William A. Nolan, Committee on Test. The applicant has submitted reports of tests conducted by Robert W. Hunt Co. Engineers, London, England, showing that the cement successfully met the test requirements of ASTM C205-56T, and the revised ASTM Tentative Specifications of 1957 and 1958, also the Rules of the Board Governing the Use of Portland Blast Furnace Slag Cement.

**RECOMMENDATION:** The Committee on Test recommends the approval of the material known as CBR Portland Blast Slag Cement, Type IS, as manufactured at the applicant's plant at Lixhe, Belgium, for use in New York City, on condition that all bulk shipments of the cement shall be adequately protected, during shipment, so as to preclude the possibility of any moisture entering into the spaces in which the cement is stored and all ocean bills of lading shall be stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 566-60-SM".

(Sgd.) HUGH P. Fox,  
Commissioner,  
WILLIAM A. NOLAN,  
Director,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 807-59 A

APPLICANT—Robert J. Crinnion for Benjamin Goldstein, owner; Hudson-Lite Electric Company, and Arno.d Painting Company, lessees.

SUBJECT—Application December 4, 1959—Appeal from a decision of the Borough Superintendent re—frame building commercial use.

PREMISES AFFECTED—293 East 149th Street, north side, 245 feet east of Morris Avenue, Block 2331, Lot 68, Borough of The Bronx.

### APPEARANCES—

For Applicant: Kenneth H. Koons.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 1, 1959 on Alt. Applic. 991-58, reads:

"1. Proposed office on second floor of frame building is contrary to Sect. 4.1.3."

and

WHEREAS, the applicant states that the building is 25 feet by 80 feet in area, 2 stories, 20 feet high, of class 4 construction, located in business use, B area, class 1½ height district, built in 1888, now used and occupied since 1958: Cellar—boiler room; 1st floor—storage of paint in cans, storage of electrical supplies; 7 persons; 2nd floor—office (illegal use), 2 persons; and

WHEREAS, the applicant states that on May 15, 1936, Certificate of Occupancy No. 101-36 was issued on the basis of the 1917 Alt. Applic. 250-17; that this certificate of occupancy called for a one-story frame building with brick pilasters and the approved use for the 1st floor was "auto painting—not more than five cars and five employees"; that no mention was made at that time of the 2nd floor, but the legal use was apparently still for occupancy by one family; that the approved use of the 1st floor is "showroom, storage and workshop"; but the "actual existing and proposed conditions" is for storage of electrical contractor's supplies and storage of painting contractor's supplies, with no workshop accessory thereto; that the proposed use of the 2nd floor is for offices for the two contractors whose materials are stored on the 1st floor; that the plans indicate the exits from the 2nd floor is through a wood stair terminating on the 1st floor in a masonry enclosed passageway leading to the street; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated December 1, 1959, acting on Alt. Applic. 991-58 Objection No. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall conform to drawings filed with this appeal dated July 20, 1960, 7 sheets; that the building shall be sprinklered throughout with a one-source sprinkler system; and that a new certificate of occupancy shall be obtained.

APPLICANT—Henry George Greene for Equitable Trading Corporation, owner; Maxwell Brody, lessee.

SUBJECT—Application January 28, 1960—Appeal from a decision of the Borough Superintendent re—enclosed stairways.

PREMISES AFFECTED—204-208 Frank'in Street, northwest corner of Washington Street, Block 185, Lot 25, Borough of Manhattan.

### APPEARANCES—

For Applicant: J. G. L. Molloy.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 30, 1959 on Alt. Applic. 1263-59, reads:

"1. Provide 2 enclosed stairways for all floors including cellar, as per C26-273.0 A.C."

and

WHEREAS, the applicant states that the building is 123 feet ½ inch by 87 feet 6 inches in area, 10 stories, 115 feet high, of class 1 construction, located in unrestricted use, A area, class 2 height district, built in 1907, now used and occupied since 1923: Cellar—boiler room and storage; 1st floor—stores and storage, 100 persons; 2nd through to 10 floors—offices, 50 persons each floor; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the premises consist of a ten story building with a three story wing on its westerly side; that the 10 story portion has a stair leading from the street to the roof; that there is an additional stair leading from the 1st floor to the 3rd floor in the three story wing, with horizontal openings at the 2nd and 3rd floors; that in addition thereto, there is a fire escape leading from the 10th floor through to the 2nd floor extension roof of the 10 story portion connecting from there to the main stairway in the building; that there are two elevators in the building; that the stores on the 1st floor facing on Washington Street have their own cellars with stairs leading from the stores directly down to the cellars; that the balance of the cellar is used only by the superintendent to reach the boiler room; that there is no storage or occupancy in this portion of the cellar; that it is proposed to continue to use the upper floors of the building for office use, as indicated; and

WHEREAS, the premises was inspected by a committee of the Board and revised plans have been filed by the applicant.

Resolved, that the decision of the Borough Superintendent, dated November 30, 1959, acting on Alt. Applic. 1263-59 Objection No. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the work shall be done in accordance with drawings filed with this appeal dated July 24, 1960, 5 sheets, as to existing conditions, and October 13, 1960, 5 sheets revised, as to proposed conditions; that the 45 degree fire escape shall be constructed as shown on the drawings with the counterbalanced stair to the street; and that a certificate of occupancy shall be obtained.

## 254-60-A

APPLICANT—Ultra Products, Incorporated, owner.

SUBJECT—Application April 6, 1960—Appeal from a decision of the Fire Commissioner re—Packaging, storage, transportation of inflammable mixture known as HB Watch cleaning solution in one (1) gallon glass containers, in New York City, capacity of glass containers not in accordance with Administrative Code specifications.

### APPEARANCES—

For Applicant: Herman Bernstein and Joseph E. Bernstein.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated March 23, 1960 on Folder No. 122-2789, reads:

"This is to inform you that Certificate of Approval No. 2789 (Document No. 1149) has been issued this date for your H.B. Watch Cleaning Solution and H.B. Watch Rinsing Solution to be packaged in one gallon metal containers."

# MINUTES

"The assignment of the Certificate of Approval number must remain temporary at this time (not to exceed thirty days from date of this letter), pending receipt of a copy of the final labels. At that time the assignment will become permanent and the document in question will be released to you.

"However, as Section C19-59.0 of the Administrative Code of the City of New York clearly limits Inflammable Mixtures to containers not exceeding 4-ounces each when packaged in glass, we have no alternative but to deny your application for our approval of the aforementioned products in glass jars of one-gallon capacities."

and

WHEREAS, the applicants request to package inflammable mixtures in 1 gallon glass containers; that the product is called "H.B. Watch Cleaning Solution" and "H.B. Watch Rinsing Solution;" that the cleaner has 81°F flash point; that the rinse has a 94°F flash point; that the container will have a screw cap; that the bottom of the container will be rounded to a minimum radius of 3/4 inch; that the cleaner and rinse becomes contaminated and valueless when packaged in metal containers; and

WHEREAS, the applicant submitted samples of cartons and glass container with an additional statement that the glass containers for H. B. Watch Cleaning Solution are of one (1) quart and of one (1) gallon capacities; that these will be packaged in corrugated ICC 200 lbs. Tested Cartons not more than four (4) to the carton of one gallon size and twelve (12) to the carton of the one quart size, with cardboard separators.

Resolved, that the decision of the Fire Commissioner dated March 23, 1960, acting on Folder No. 122-2789, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the containers shall be limited to Boston round-type containers with metal screw cap of capacity one quart and one gallon and labeled to the satisfaction of the Fire Commissioner; that the cartons shall be I.C.C. 200 pound test; and that there be not more than four 1 gallon containers or 12 one quart containers to a carton with cardboard separators.

## 306-60-A

APPLICANT—Thomas V. Burke, Borough Superintendent, Department of Buildings.

OWNER OF PREMISES—228-232 West 42nd Street Realty Corp., owner; Huberts Museum, lessee.

SUBJECT—Application April 25, 1960—Revocation of Certificate of Occupancy #31000, re—Alteration #1266 of 1944.

PREMISES AFFECTED—228-232 West 42nd Street, south side, 350 feet west of 7th Avenue, Block 1013, Lot 46, Borough of Manhattan.

## APPEARANCES—

For Applicant: Alfonso Duarte, Dept. of Buildings.

For Opposition: Philip Freshman, Thomas Bress and Max Schaffer.

ACTION OF BOARD—Appeal granted.

## THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 3  
Negative: Chairman Foley ..... 1  
Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, the Borough Superintendent on April 22, 1960 filed the following statements:

"The condition of the exits was called to the attention by a letter dated March 24, 1960, from Deputy Assistant Chief Thomas J. Harnett of the Fire Department.

"A review of the exits shows that from the cellar there are three exits. One of these is without enclosure of any kind and leads to the rear of the amusement center on the first floor, under the same management as the amusement center in the cellar. Another exit from the cellar is a stair at the rear which is partially en-

closed and which leads to the rear of the restaurant on the first floor. This stair leads from a kitchen in the cellar and is not available as an exit from the amusement center in the cellar. The third exit from the cellar is an enclosed stair 4 ft. 6 inches in width, enclosed in cinder block partitions in the cellar and fire-retarded partitions on the first floor. This stair is accessible to the kitchen and the amusement center in the cellar. However, the stair leads into a book store on the first floor, occupied by another tenant and, therefore, cannot be accepted as an exit. The exits from the cellar do not offer lawful or reasonable means of egress from the 190 persons permitted in the cellar under the certificate of occupancy.

"The first floor is occupied by an amusement center, restaurant and a book store. There is an exit to the street at the front of each. The amusement center, or museum, has a permitted occupancy of 210 persons. The second means of egress is an opening through a wood stud partition to the adjoining restaurant, under different tenancy. This door also serves as a second means of egress from the restaurant, which has a permitted occupancy of 127 persons. The exits from the 1st floor are not in conformance with the requirements of law and do not offer adequate protection to the 337 persons who are permitted to occupy this floor.

"The second floor has a permitted use of offices and an occupancy of 30 persons. The only exit is one stair which leads into the amusement center on the first floor, which is occupied by a different tenant. This exit is not lawful nor adequate.

"The third, fourth, fifth and sixth floors are required to be maintained as vacant.

"Since the exits from the building are not lawful and since the lives of the occupants would be in jeopardy in case of fire or other emergency, it is requested that the certificate of occupancy be revoked so that adequate exits may be required."

and

WHEREAS, the applicant states that the building is 75 feet by 98 feet 9 inches in area, 6 stories, 72 feet high, of class 3 construction, located in retail-1 use, B area, class 1½ height district, built in 1872, now used and occupied since June 8, 1945: Cellar—museum, restaurant, kitchen, storage and boiler room, 190 persons; 1st floor—restaurant, museum and office, 337 persons; 2nd floor—offices, 30 persons; 3rd, 4th, 5th and 6th floors—to remain vacant, substantially in accordance with Certificate of Occupancy #31000 issued June 8, 1945 against Alt. Applic. 1266-44; that the proposed use and occupancy will be the same; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Appeal of the Borough Superintendent, filed April 25, 1960, requesting revocation of Certificate of Occupancy No. 31000 re—Alt. Applic. #1266 of 1944 be and it hereby is *granted* and that the Certificate of Occupancy is *revoked*.

## 366-60-A

APPLICANT—Jack Weiler for William Kaufman, owner; River Brand Rice Mills, Incorporated, lessee.

SUBJECT—Application May 10, 1960—Appeal from a decision of the Fire Commissioner—re permission for smoking.

PREMISES AFFECTED—350 West Fourth Street, west side, from Horatio Street to Gansevoort Street, Block 627, Lot 43, Borough of Manhattan.

## APPEARANCES—

For Applicant: Robert Ackerman.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

# MINUTES

## THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated April 11, 1960, reads:

"You will please be advised in reply that smoking is prohibited in any premises, part of which is occupied for factory work. Therefore, your request must be denied."

and

WHEREAS, the applicant states that the building is 182 feet 6 inches by 98 feet in area, 9 stories, 113 feet 3 inches high, of class 1 construction, located in unrestricted and business use, B area, class 1½ height district, built prior to 1948, now used and occupied since 1948: 1st to 5th floors—RCA Institutes, teaches electronics, TV and radio; 6th floor—printing of labels; 7th floor—warehouse and packaging for shipments of china and silverware; 8th floor—sales office, warehouse and packing of rice; 9th floor—cloth shrinking and processing (sponging); substantially in accordance with Certificate of Occupancy #50550, issued May 6, 1959 against Alt. Applic. 1837-58; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that River Brand Rice Mills, Incorporated, occupies the entire 8th floor of 350 West 4th Street, which has an area of 20,000 square feet of which, the sales office and 3 private offices occupy approximately 3500 square feet of the total; that presently, because of packaging machinery for the packing of rice, the Fire Department cannot give permission to smoke in the office area; that the requested area has celotex acoustical ceilings with an automatic sprinkler system; that the walls separating the requested area are constructed of masonry block and all floors are of vinyl tile laid on concrete; that the filing cabinets and 15 desks are of steel while 6 desks are wooden; that there are two exit doors from the office area; that one into the warehouse area and one into the entrance hall; that six soda-acid extinguishers, one ten-pound CO2 tank, two carbon tetrachloride extinguishers and two fire hoses with attachments to water pipes on this floor; that all doors separating office space from the remaining portion of the floor are metal clad; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Fire Commissioner dated April 11, 1960, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall conform to drawing filed with this appeal dated May 10, 1960, one sheet; that waste receptacles and fire extinguishers shall be placed in the office space on the 8th floor which will be satisfactory to the Fire Commissioner; that smoking shall be limited to the 8th floor office space.

## 377-60-A

APPLICANT—De Rose and Cavalieri for Gabriel Napoli and Laura Napoli, owners,

SUBJECT—Application May 17, 1960—Filed pursuant to Section 310 of the Multiple Dwelling Law for Variation Section 216 and Section 234 of the Multiple Dwelling Law re—creation of 2 additional cellar apartments, new law tenement.

PREMISES AFFECTED—1829 Haight Avenue, west side, 365 feet south of Rhinelander Avenue, Block 4130, Lot 21, Borough of The Bronx.

## APPEARANCES—

For Applicant: George J. Cavalieri.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 3, 1960 on Alt. Applic. 183-60, reads

"A-1. The two illegally created cellar apartments one consisting of 3 rooms and bath and the other consisting

of 4 rooms and bath, in the cellar of the 2 story and cellar 4 family new Law Tenement are contrary to Sec. 216 and Sec. 34 of the Multiple Dwelling Law."

and

WHEREAS, the applicant states that the building is 27 feet by 76 feet in area, 2 stories, 24 feet high, of class 3 construction, located in residence use, C area, class 1¼ height district, built in 1925, now used and occupied since 1934: cellar—dwelling, storage and boiler, 2 families; 1st floor—dwelling, 2 families; 2nd floor—dwelling, 2 families; that the proposed use will be the same; and

WHEREAS, the applicant states that the proposed cellar use has existed since 1934; that the cellar apartments were well-kept, well-lighted and ventilated; that the cellar apartments are 8 feet 4¾ inches in height, with ceiling 4 feet ½ inch above low curb and 3 feet 10½ inches above curb at center of facade, making this lower story practically a basement; that a similar condition would be accepted for the same height above curb, if this building were a converted dwelling under Article 6 of the Multiple Dwelling Law; that with a 7 foot 8 inch ceiling height, it would be considered a basement; that as premises are well-maintained and ventilated and as the strict compliance with the requirements of the law would cause practical difficulties and undue hardship; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated May 3, 1960, acting on Alt. Applic. 183-60, Objection No. A-1 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall conform to drawings filed with this appeal dated July 25, 1960, one sheet; that two sprinkler heads fed by the domestic water supply shall be placed on the ceiling of each of the two kitchens; that all other laws, rules and regulations shall be complied with and a certificate of occupancy be obtained.

## 729-60-A

Negative: .....  
Absent: Commissioner Sleeper .....

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 26, 1960 on N.B. Applic. 149-60, reads:

"A1—That portion of the proposed class B multiple dwelling fronting on W. 52 St. and indicated as tower on site plan filed Sept. 26, 1960, contravenes the provisions of Subdivision d Section 9, Art. III, Zoning Resolution, in that the distance which it sets back from the street line, plus half the width of West 52 St. does not equal 75 feet throughout the tower frontage. Computations of the required setback based on a weighted average of the varying setback along the tower frontage is not in conformance with the provisions of Subdivision d, Sec. 9, Art. III Zoning Resolution."

and

WHEREAS, the applicant states that the proposed building

# MINUTES

will be 200 feet 10 inches by 300 feet irregular in area, 49 stories, 450 feet 9 inches high, of class 1 construction, to be used and occupied as a hotel with permitted accessory uses, on a plot 200 feet 10 inches by 300 feet in area, located in retail 1 and business 1 use, B area and class 2 height district;

and  
WHEREAS, the drawings indicate that the 49 story tower at its southwest corner is set back from the center line of the street 54 feet 4 inches; that this projection, triangular in shape and 598 square feet in area is the subject of the Building Department objection; and

WHEREAS, the applicant contends that there is no provision in the Zoning Resolution that would preclude computation of setbacks predicated on a weighted average; that the subject case does not constitute a precedent as there have been previous buildings where the setback based upon a weighted average have been approved by the Department of Buildings; that in such cases the average setback was occasioned by peculiarity of the design of the building, as in the instant case, or street and lot line conditions; that furthermore, the provisions of the Zoning Resolution relating to yards and courts permit of an average dimension and such method has been accepted by the Department; that the tower has been so designed that the irregular line of the tower provides a setback which, based upon a weighted average, equals 75 feet from the center line of West 52nd Street; that utilizing such method of computation, the proposed building is in conformance with the provisions of Section 9 (d) of the Zoning Resolution; that the height and area provisions of the Zoning Resolution regulate the height, bulk and area of buildings in such manner as to provide for acceptable standards of light and ventilation; that the tower, as designed, does not contravene the height and bulk regulations, nor does it violate the purpose and intent of such regulations; that there is no encroachment upon light and ventilation requirements; that computing the street wall on the basis of the overall dimension of 261 feet the tower may be shifted 4 feet 4 inches into the required setback, i.e., by taking advantage of the provisions of paragraph (d) Section 9, which permit the street wall to be erected four inches nearer to the street line for each 1 percent of the width of the lot on the street line that such wall is less in length than such width of the lot; that by means of such computation, the tower could encroach 1,773 square feet, whereas the actual area formed by the angular portion of the tower is 598 square feet; that it is readily apparent, therefore, that the design of the tower constitutes a superior arrangement for light and ventilation; that based upon such facts, we request that you duly consider the total area that could have been occupied against the far lesser area of the angular design, which design results in a better building from the standpoint of aesthetics and practicality; that in the definitions of the Zoning Resolution, Article 1, Subdivision 1, Paragraph (e), the street wall of a building is defined as the wall or part of the building nearest to the street line; that it is our contention that the street wall of the building is that part formed by the intersection of the peripheral wall with the 75 feet setback line and continuing west to the apex of the triangle; that with the realization that the shape of the proposed building is a vast improvement over the normal design of a tower.

*Resolved*, that the decision of the Borough Superintendent, dated September 26, 1960, acting on N.B. Applic. 149-60, Objection No. A1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall conform to drawings filed with this appeal dated September 28, 1960, 12 sheets; that in all other respects the building shall conform to all laws, rules and regulations applicable thereto; and that a certificate of occupancy shall be obtained.

## 84-60-A

APPLICANT—H. Herbert Lilien and Clarence Lilien and Sons for Pauline Greenberg, owner.

SUBJECT—Application May 18, 1960—Filed pursuant to Section 310 of the Multiple Dwelling Law for variation of Section 34, sub 6 re—janitor's cellar apartment to be rental apartment.

### COURT DECISIONS

**Matter of Romanow vs. Foley:**—On February 2, 1960, the Board denied an application, based on an appeal from a decision of the Borough Superintendent, re—alteration to existing Multiple Dwelling—to legalize rearrangement of apartments; Calendar Number 744-59-A; Premises 245 East 81st Street, northwest corner of Second Avenue, Block 1527, Lot 21¾, Borough of Manhattan.

At Special Term, Supreme Court, New York County, Mr. Justice Backer denied the application and dismissed the petition. (N. Y. Law Journal, August 23, 1960, page 4.)

\* \* \* \* \*

**Matter of Usherowitz vs. Foley:**—On November 10, 1959, the Board denied an appeal from a decision of the Borough Superintendent, under Section 36 of the General City Law in relation to the moving of a frame building to a location within the fire limits and not fronting on a legal street; Calendar Number 209-59-A; Premises 2777-2785 West 37th Street, east side, 100 feet north of Neptune Avenue, Block 6978, Lot 49, Borough of Brooklyn.

At Supreme Court, Special Term, Part I, Mr. Justice Constantino upheld the Boards determination and dismissed the petition. (N. Y. Law Journal, September 13, 1960, page 14.)

\* \* \* \* \*

**Matter of Clearview Gardens First Corporation vs. Foley:**—On December 1, 1959, the Board granted a variance—application re-opened September 22, 1959 as Volume III, for rehearing by order of the Court—under Section 7e of the Zoning Resolution to permit in a local retail use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, car washing, office and sale, storage and parking and storage of motor vehicles; Calendar Number 182-52-BZ—Vol III; Premises 18-10 Utopia Parkway, 169-01 to 169-07 19th Avenue, northwest corner, 169-02 to 169-04 18th Avenue and 18-01 to 18-19 169th Street, Block 5743, Lot 75, Whitestone, Borough of Queens.

At Supreme Court, Special Term, Part I, Mr. Justice Tessler affirmed the Boards determination, dismissed the petition and vacated the Order of Certiorari. (N. Y. Law Journal, June 22, 1960, page 11.)

The Appellate Division, Supreme Court, Second Department, affirmed the Order of the Supreme Court, Special Term. (N. Y. Law Journal, pages 15 and 16.)

### NOTICE

1—CALENDAR: Notices of public hearing on applications for zoning variances, will be published twice: first publication, listing new cases set for hearing, in the Bulletin available to the public at least 14 days before the date of hearing; second publication, in the last Bulletin available to the public immediately prior to the hearing date. The second publication will be augmented with a listing of cases laid over from previous hearings. Attention is directed to the MINUTES of such previous hearings, where the reasons for laid over cases will have been published. Notices of public hearing on applications for approval of materials and appliances will be published once, at least 10 days prior to the hearing date.

2—MINUTES: The publication of the "digest" of the applicant's statement has been discontinued, except that the administrative orders, decisions, etc., which are the subject of each application or appeal will be published. The summary of information given in the Appeal Form (Form A) shall be published for Administrative Appeals. The Board will continue to publish such other matters as it may deem advisable.

### PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.  
Special meetings as published in this Bulletin.  
All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

# CALENDAR

## DOCKET

Further Sections will be published, containing other approved materials and appliances.

## NOVEMBER 9, 1960, 10 A.M.

NOTICE IS HEREBY GIVEN of a public hearing Wednesday morning, November 9, 1960, at 10 o'clock, at 80 Lafayette Street, 9th floor, New York 13, N. Y., on the following matters:

### 346-60-BZ

APPLICANT—Lama, Proskauer and Prober for Seymour J. Koff, owner.

SUBJECT—Application May 5, 1960—decision of the Borough Superintendent, under Sections 7a and 7i of the Zoning Resolution, to permit in a business use district, the reconstruction of the present gasoline service station, rearrangement of pump islands and extend the uses to include car washing, minor auto repairs, office sales, utility room and parking and storage of motor vehicles.

PREMISES AFFECTED—211-221 Tapscott Street and 14-24 Dumont Avenue, southeast corner, Block 3565, Lot 30, Borough of Brooklyn.

### 392-60-BZ

APPLICANT—Harry Soled for Lily LoVerdi, owner.

SUBJECT—Application May 19, 1960—decision of the Bor-

ough Superintendent, under Sections 7c and 21 of the Zoning Resolution, to permit on a plot partly in a retail use district and partly in a residence use district and being partly in a "D" area district and partly in a D-1 area, the erection of a one story masonry storage building and the extension of the present use of the storage and sale of concrete blocks and other building material from the retail use portion into the residence use portion of the plot, said proposed new building having less than the required setback and side yard.

PREMISES AFFECTED—7810 Flatlands Avenue, south side, 40 feet west of East 79th Street, Block 8015, Lot 48, Borough of Brooklyn.

### 423-60-BZ

## 2049-17-BZ—Vol. II

APPLICANT—Albert Melniker for Freemore Holding Corporation, owner; S. I. Oil Company, lessee.

SUBJECT—Application reopened July 19, 1960 as Volume II—decision of the Borough Superintendent, under Sections 7a, 7f and 21 of the Zoning Resolution, to permit in a retail use district, at an existing gasoline service station and public garage the removal of two buildings to provide safer ingress and egress, to relocate the curb cuts and install a new pump island.

PREMISES AFFECTED—153 Victory Boulevard and 10 Brook Street, northwest corner, Block 23, Lot 5, Tompkinsville, Borough of Richmond.

### APPEARANCES—

For Applicant: Albert Melniker.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 11, 1960, after due notice by publication in the Bulletin; laid over to October 25, 1960 for re-inspection and decision; applicant to submit new drawings; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated May 19, 1960, acting on Alt. Applic. 131-60, reads:

"Proposed alteration to existing public garage and gasoline service station and the extension of this use all in a retail use district is contrary to Article II, Sec. 4, paragraphs 29 and 46."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions a and f of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7a, 7f and 21, to permit in a retail use district, at an existing gasoline service station and public garage, the removal of two existing buildings to provide improved circulation of cars, to relocate the curb cuts and install a new pump island, *on condition* that the building shall conform to drawings filed with this application dated June 3, 1960, 4 sheets and October 24, 1960, 4 sheets; that all laws, rules and regulations applicable shall be complied with; and that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 696-24-BZ—Vol. II

APPLICANT—Leonard F. Rothkrug for Singer and Carlton, Inc., owners.

SUBJECT—Application reopened September 27, 1960 for consideration as to extension of time to complete, expired February 25, 1960—decision of the Borough Superintendent, previously granted on condition, under Section 7c of the Zoning Resolution, permitting in a manufacturing and residence use district, the change in occupancy from public garage, previously granted by the Board, to public garage, motor vehicle repair shop, touch up painting, spraying, lubrication, gasoline tanks, pumps, welding, storage of parts and office.

PREMISES AFFECTED—1317-1327 36th Street and 123-

139 Louisa Street, northeast corner, Block 5312, Lot 6, Borough of Brooklyn.

### APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, on February 29, 1959 this application was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work which had expired by time limitation February 25, 1960; and

WHEREAS, this application was reopened on September 27, 1960 and set for hearing on October 25, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on October 25, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated July 14, 1960 acting on Alt. Applic. No. 513-58, reads:

"1. As application has expired under section 22-A of the Zoning Resolution as approved under Cal. #696-24-BZ Vol. II, proposed extension of time is referred to the Bd. of Standards and Appeals."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 29, 1959, only as to the time to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a certificate of occupancy shall be obtained."

## 799-28-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober for Anto Fam Realty Corporation, owner.

SUBJECT—Application reopened June 1, 1960 as Volume II—decision of the Borough Superintendent, under Sections 7f, 7i and 7e of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, storage room, office, sales and parking and storage of motor vehicles for a stated term of fifteen (15) years.

PREMISES AFFECTED—764-776 4th Avenue and 187-195 26th Street, northwest corner, Block 654, Lot 34, Borough of Brooklyn.

### APPEARANCES—

For Applicant: Alfred A. Lama and Louis L. Rosenberg.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 11, 1960 after due notice by publication in the Bulletin; laid over to October 25, 1960 for inspection and decision hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated April 5, 1960 acting on N.B. Applic. No. 512-60, reads:

"1. The proposed gasoline service station, lubritorium, minor auto repairs, car washing, storage room, office and sales, parking and storage of motor vehicles in open area in a lot located in Business Use District is con-

# MINUTES

trary to Article II, Section 4(a) (29) (46) of the Zoning Resolution.

"2. Proposed business sign (supported on light standard) is contrary to Article II, Section 4(a) (49) of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i and e of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7f, i and e, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, non-automatic car washing, storage room, office, sales and parking and storage of motor vehicles for a stated term of fifteen years, *on condition* that the work shall be done in accordance with drawings filed with this application dated April 21, 1960, 4 sheets; that all laws, rules and regulations applicable shall be complied with; that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 547-32-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober for Socony Mobil Oil Company, owner.

SUBJECT—Application reopened January 26, 1960 as Volume III—decision of the Borough Superintendent, under Sections 7a and 7i of the Zoning Resolution, to permit in a business use district, at an existing gasoline service station, the rehabilitation of the premises by modernizing the building facade, rearranging interior partition and pump islands and extending the uses to include lubritorium, minor auto repairs, hand tools only and parking and storage of motor vehicles.

PREMISES AFFECTED—4519-4525 Broadway and 307-321 Bennett Avenue, southwest corner, Block 2180, Lot 652, Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 1, 1960, after due notice by publication in the Bulletin; and over to June 14, 1960 for inspection and decision; then to June 28, 1960 for decision; applicant to file revised drawings showing existing facade remaining; then to July 19, 1960 for decision; then to September 20, 1960 at request of applicant; then to October 25, 1960; applicant to file new drawings; and

WHEREAS, the decision of the Borough Superintendent, dated February 4, 1960, acting on Alt. Applic. 1886-59, reads:

"1. Change of use from gasoline service station, lubritorium, office, parking and storage of not more than 15 cars to gasoline service station, lubritorium, minor auto repairs (hand tools only), sales, parking and storage of motor vehicles, located in a business use district, constitutes an extension of a non-conforming use and is, therefore, contrary to Art. II, P 4 (a) 29 & 46, Zoning Resolution and B.S.&A. Cal. #547-32-BZ."

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions a and i of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7a and i, to permit in a business use district, at an existing gasoline service station, the rehabilitation by modernizing of the existing building facade, rearranging interior partitions and pump islands and extending the uses to include lubritorium, accessory minor auto repairs with hand tools only and parking and storage of motor vehicles, awaiting service, *on condition* that the work shall be done in accordance with drawings filed with this application dated January 12, 1960, 5 sheets and October 13, 1960, 2 sheets; that all laws, rules and regulations applicable shall be complied with; and that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 802-40-BZ—Vol. II

APPLICANT—Doris A. Thompson for George H. Forgarty, owner.

SUBJECT—Application reopened September 27, 1960 for consideration as to extension of term of variance, expired September 13, 1960—decision of the Borough Superintendent, previously granted on condition, under Sections 7c and 7i of the Zoning Resolution, permitting in a business use district, the extension of an existing motor vehicle repair shop.

PREMISES AFFECTED—168-26 to 168-28 Liberty Avenue and 103-01 to 103-07 168th Place, southeast corner, Block 10222, Lots 9 and 10, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Doris A. Thompson.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

THE RESOLUTION—

WHEREAS, on September 19, 1950 as amended September 13, 1955, this application—Vol. II—was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation September 13, 1960; and

WHEREAS, this application was reopened on September 27, 1960 and set for hearing on October 25, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on October 25, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated August 5, 1960 acting on Alt. Applic. No. 1479-49, reads:

"1. Request for extension of time must be obtained from the Board of Standards and Appeals."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 19, 1950, as amended through September 13, 1955, only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this *amended* resolution, to permit.....; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."

## 532-44-BZ—Vol. II

APPLICANT—Pasquale P. Caiazza for Rose Cali, Frank Schettino and Mildred Schettino, owners.

SUBJECT—Application reopened June 28, 1960 for consideration as to extension of term of variance, expired February 15, 1960—decision of the Borough Superintendent, previously granted on condition, under Section 7e of

# MINUTES

the Zoning Resolution, permitting in a residence use district the maintenance of a restaurant, bowling alley, billiard room, dining room and bar, using portion of front and rear yards not permitted.

**PREMISES AFFECTED**—42-44 Brighton Street, west side, 464 feet south of Amboy Road, Block 7900, Lot 37, Totenville, Borough of Richmond.

## APPEARANCES—

For Applicant: None.

For Opposition: None.

**ACTION OF BOARD**—Application denied.

## THE VOTE TO GRANT—

Affirmative: ..... 0

Negative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Fox and Commissioner Becker ..... 4

Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, on February 7, 1950, this application (Volume II) was granted by the Board on certain conditions; and

WHEREAS, this application was reopened and the term of the variance extended for five years on February 15, 1955; and

WHEREAS, the applicant states that upon investigation with the local office of the Building Department of the City of New York and the Borough Superintendent's office, he has been informed that there has been no change in the site, surrounding area, use, area and height of the said premises since 1955; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation on February 15, 1960; and

WHEREAS, this application was reopened on June 28, 1960 and set for hearing on July 26, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; laid over to September 27, 1960 for inspection and decision as to extension of term of variance; hearing closed; then to October 25, 1960 for inspection and decision; applicant to file new photograph of the building from the rear and revise drawings to show entire plot, correction of defective construction in the building and paving and planting proposed; and

WHEREAS, the decision of the Borough Superintendent, dated May 25, 1960, acting on Alt. Applic. 315-60, reads:

"1. Application for renewal of C. of O. #8217 issued 3/14/1951 and granted under 542-44-BZ, Vol. II by the B.S.A. must be referred back to B.S.A. for further action."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and applicant was to file a new photograph and revised drawings, neither of which has been filed; and

WHEREAS, the Board is of the opinion that there was no justification for the exercise of its discretion to grant an extension of the term of variance.

*Resolved*, that the Board of Standards and Appeals does hereby *deny* the application for an extension of the term of variance.

## 275-58-BZ—Vol. III

**APPLICANT**—J. M. Berlinger for Martin Brown and William Turner, owners.

**SUBJECT**—Application September 16, 1960, decision of the Borough Superintendent, under Section 9A of the Zoning Resolution, to permit in a Class One height district, the erection of a multiple dwelling exceeding the permitted height within two miles of a designated airport.

**PREMISES AFFECTED**—1261 Far Rockaway Boulevard, southwest corner of Beach 12th Street, Block 35, Lots 17 and 45, Far Rockaway, Borough of Queens.

## APPEARANCES—

For Applicant: J. M. Berlinger, Jesse Cohen and William Turner.

For Opposition: Milton Cohen, Irving Driansky, Eugene B. Davis, Ada Zakin, Lee Cohen, Emanuel Rackman and George Cousin.

**ACTION OF BOARD**—Application granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 25, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated September 27, 1960 acting on N.B. Applic. No. 4643-56, reads:

"6M. Revised plans and plot must be submitted to the Board of Standards and Appeals for approval as such plans and plot vary from those approved by the Board of Standards and Appeals under Cal. #275-58-BZ, Vol. I.

Note: Although that portion of building contrary to Sec. 8(d) 9A(a) and 9(b) Zoning Res. approved by the Board of Standards and Appeals has not been extended in area or height, plot area has been extended and overall occupied area increased. New accessory building and swimming pool added."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 9A, of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 9A of the Zoning Resolution, to permit in a Class One height district, the erection of a multiple dwelling exceeding the permitted height within two miles of a designated airport *on condition* that the building conform to drawings filed with this application dated September 16, 1960, 4 sheets, and October 7, 1960, 1 sheet; on *further condition* that the proposed swimming pool area be enclosed with a brick wall, and that the location and details of the brick wall are to be approved by the Board before being sent to the Department of Buildings; on *further condition* that there be no dressing rooms or lounge in connection with the pool; that the only accessories permitted in connection with the pool shall be toilets and showers; that all laws, rules and regulations applicable shall be complied with; that the automobile opening from Beach 12th Street be for emergency exit only; that the ramp from Rockaway Boulevard be shielded from the property to the west by a 6 foot 0 inch brick wall; that all permits be obtained all work done and a certificate of occupancy be obtained within the requirements of Section 22A of the Zoning Resolution.

## 800-59-BZ

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 1, 1960 after due notice by publication in the Bulletin; laid over to June 14, 1960 for inspection and decision; then to June 28, 1960 for decision; applicant to file revised drawings; then to July 19, 1960 for decision; hearing closed; then to September 20, 1960 for decision at request of applicant to file revised drawings; then to October 25, 1960 for decision at request of applicant; and

WHEREAS, the decision of the Borough Superintendent, dated November 13, 1959 acting on N.B. Applic. No. 3760-59, reads:

"1. Proposed demolition, reconstruction, extension of area and extension of use of an existing Gasoline Station, office and lubricatory to Gasoline Service Station, lubricatorium, minor auto repairs, car washing, sales room, utility room and parking and storage of motor vehicles and proposed ground signs in a lot located within a Retail Use District is contrary to Art. II Section 4-A of the Zoning Resolution."

and WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, subdivisions a and i, of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7a and i, to permit in a retail use district, the reconstruction and extension in area of an existing gasoline service station and lubricatorium and extend the uses to include accessory minor auto repairs, car washing, sales room, utility room, ground sign and parking and storage of motor vehicles, *on condition* that the work shall be done in accordance with drawings filed with this application dated December 4, 1959, 3 sheets, October 13, 1960, 2 sheets revised and October 13, 1960, 1 sheet additional; *on further condition*, that all laws, rules and regulations applicable shall be complied with; that all permits; including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 7-60-BZ

APPLICANT—Henry C. Brucker for Salvatore and Claudine Brienzo, owners.

SUBJECT—Application March 18, 1960—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a G-1 area district, the conversion of an existing one family house into a two family house. ## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 11, 1960 after due notice by publication in the Bulletin; laid over to October 25, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent,

dated March 11, 1960 acting on Alt. Applic. No. 2522-59, reads:

"1. Proposed conversion from a one family dwelling to a two family dwelling in a G-1 area district is contrary to Article IV section 16-C(a) of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21, to permit in a G-1 area district, the conversion of an existing one family house into a two family house, *on condition*, that the work shall be done in accordance with drawings filed with this application dated March 18, 1960, 5 sheets and July 29, 1960, 1 sheet; that all laws, rules and regulations applicable shall be complied with; that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 355-60-BZ

APPLICANT—Albert Melniker for Jessie Troiano and James Troiano, owners.

SUBJECT—Application May 10, 1960—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a retail and residence use district, the erection of a one story extension to an existing one story store for storage use extending into the residence portion of the premises and the use of the unbuilt upon portion for accessory customer and employee parking.

PREMISES AFFECTED—135 New Dorp Lane, north side, 93.26 feet east of New Dorp Plaza and 12 Jacques Avenue, Block 3637, Lot 38, New Dorp, Borough of Richmond.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 27, 1960, after due notice by publication in the Bulletin; laid over to October 25, 1960 for further inspection and decision; hearing closed; applicant to file drawing indicating lay-out of proposed city parking lot; and

WHEREAS, the decision of the Borough Superintendent, dated May 4, 1960, acting on Alt. Applic. 553-59, reads:

"1. The proposed addition to an existing structure, intended to be used as a store, office, truck loading space, customer and automobile parking for more than five motor vehicles, located in a Residence Use District, is contrary to Article II, Section 3 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit in a retail and residence use district, the erection of a one story

# MINUTES

extension to an existing one story store for storage use, extending into the residence portion of the premises and to use the unbuilt upon portion for accessory customer and employee parking and unloading, *on condition* that the work shall conform to drawings filed with this application dated May 10, 1960, 5 sheets and October 7, 1960, 1 sheet revised; that the parking lot portion of the property shall be paved with gravel or clean cinders, treated with a binder and rolled to grade for proper draining; that the brick walls on the south side and east side of the proposed addition to the warehouse shall be of face brick and treated architecturally; that there shall be a face brick wall 2 feet 0 inch high along the Jacques Avenue front with a 3 foot 0 inch high wrought iron picket fence on top of it and a privet hedge on the street side of it; that there shall be two trees planted on Jacques Avenue, one either side of the curb cut not less than 4 inches in diameter; that all laws, rules and regulations applicable shall be complied with; that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 356-60-A

APPLICANT—Albert Melniker for Jessie Troiano and James Troiano, owners.

SUBJECT—Application May 10, 1960—filed pursuant to Section 35, Article 3 of the General City Law re opening in bed of mapped street, proposed widening of Jacques Avenue and a decision of the Borough Superintendent re—accessory parking spaces.

PREMISES AFFECTED—135 New Dorp Lane, north side, 93.26 feet east of New Dorp Plaza and 12 Jacques Avenue, Block 3637, Lot 38, New Dorp, Borough of Richmond.

## APPEARANCES—

For Applicant: Albert Melniker.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 4, 1960 on Alt. Applic. 553-59, reads:

"2. The proposed vehicular openings for separate entrance and exit, more than ten feet wide, are contrary to the 'Rules and Regulations relating to parking spaces accessory to permissible uses.'

"3. The proposed vehicular openings, located in bed of a mapped street, are contrary to Article 3, Section 35 of the General City Law."

and

WHEREAS, the applicant states that the building is 42 feet by 110.15 feet irregular in area, 1 story, 18 feet high, of class 3 construction, located in retail and residence use, D and E area, class  $\frac{3}{4}$  and 1 height district, built in 1921, now used and occupied since August 30, 1955: 1st floor—store, office, boiler room and storage, 35 persons; substantially in accordance with Certificate of Occupancy #12489 issued September 30, 1955 against Alt. Applic. 375-52; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that in order to properly and conveniently use the customer and employee parking area as well as the service and unloading area, it is necessary to have curb cuts wider than 10 feet as provided for in the rules and regulations relating to parking spaces accessory to permissive uses; that the use of a 10 feet curb cut for public and commercial uses is not an adequate width; that Jacques Avenue has a proposed 5 foot widening; that in order to comply with Article 3, Section 35 of the General City Law, it is necessary to physically install a curb cut in the present curb line and to cross a 5 foot portion of the proposed widening on Jacques Avenue; that for this reason it is necessary to ask for an appeal for vehicular openings located in the bed of a mapped street; that this appeal is in conjunction

with the accompanying zoning appeal, Cal. No. 355-60-BZ; that in addition to the chain link fence enclosing the parking area, there will be provided an adequate timber bumper and a protective space between the bumpers and the fence; that the fence line on Jacques Avenue will be inside of the widened portion of the street and will not extend into the widened portion of Jacques Avenue, thus eliminating the need for the eventual relocation of the fence in the case of the granting of this appeal; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

*Resolved*, that the decision of the Borough Superintendent, acting on Alt. Applic. 553-59, Objection Nos. 2 and 3, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, *on condition* that all the requirements of the Resolution adopted by the Board this day under Cal. No. 355-60-BZ shall be complied with; that there shall be a gate on Jacques Avenue in the opening of the brick wall which shall be closed and locked at night and on holidays; and that a certificate of occupancy shall be obtained.

APPLICANT—George Fuchs for The Cord Meyer Company, owner; Jackson 89th Street Garage Inc., lessee.

SUBJECT—Application for consideration—reopening for extension of time to complete—decision of the Borough Superintendent; previously granted on condition, under Sections 7h and 21 of the Zoning Resolution, permitting in a business and residence use district, the use of premises as a public garage for more than 5 motor vehicles in the cellar and for public garage for more than five motor vehicles and a store on the 1st story and for public garage for more than five motor vehicles on the 2nd story and parking and storage for more than five motor vehicles on adjacent vacant land.

PREMISES AFFECTED—88-09 Roosevelt Avenue, north side from 88th to 89th Streets, Block 1476, Lot 34, Elmhurst, Borough of Queens.

## APPEARANCES—

For Applicant: Gorge Fuchs.

ACTION OF BOARD—Application reopened and time to complete work extended.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. IV, on May 7, 1957 on certain conditions; and

WHEREAS, time to obtain permits and complete the work was last extended on October 27, 1959; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on November 29, 1927, as amended through October 27, 1959 only as to the time to obtain permits and complete the work, so that as amended his portion of the resolution shall read:

"that in view of statement by the applicant that all permits have been obtained and all work completed but additional time is required to obtain a certificate of occupancy, that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this amended resolution; and that a certificate of occupancy shall be obtained." (Alt. App. 129/56)

## 57-28-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober for Charles J. Bensly, owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—decision of the Borough Superintendent; previously granted on condition, under Section 7a of the Zoning Resolution, permitting in a residence use

district, the alteration of the present garage building to provide additional area for the existing gasoline service station and continue all existing accessory uses of the gasoline service station.

PREMISES AFFECTED—2717 Reservoir Avenue, west side, 242.20 feet north of West Kingsbridge Road, Block 3248, Lot 46, Borough of The Bronx.

### COURT DECISION

Matter of New York Life Insurance Company vs. Foley:—On February 24, 1960 the Board amended the resolution adopted on March 6, 1956, only as to the term of the variance, so that as amended it shall read: "granted under Section 7e for a term of five years from November 19, 1957, on condition that other than as herein amended the resolution above cited shall be complied with in all respects and a new certificate of occupancy shall be obtained and also on condition there shall be no further extension of the term of variance beyond November 19, 1962, and that the entire non-conforming use shall be abandoned and discontinued after that date;" Calendar Number 576-37-BZ, Vol. II-PART II; Premises 215-221 East 64th Street, north side, 230 feet east of 3rd Avenue, Block 1419, Lots 10 to 13 inclusive, Borough of Manhattan.

At Supreme Court, Special Term, Part I, Mr. Justice Tilzer sustained the Board by granting the motions to vacate the order of certiorari and to dismiss the petition. (N. Y. Law Journal, October 27, 1960, page 14).

### HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Commissioners, Director or the Engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

### PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

### NOTICE

1—CALENDAR: Notices of public hearing on applications for zoning variances, will be published twice: first publication, listing new cases set for hearing, in the Bulletin available to the public at least 14 days before the date of hearing; second publication, in the last Bulletin available to the public immediately prior to the hearing date. The second publication will be augmented with a listing of cases laid over from previous hearings. Attention is directed to the MINUTES of such previous hearings, where the reasons for laid over cases will have been published. Notices of public hearing on applications for approval of materials and appliances will be published once, at least 10 days prior to the hearing date.

2—MINUTES: The publication of the "digest" of the applicant's statement has been discontinued, except that the administrative orders, decisions, etc., which are the subject of each application or appeal will be published. The summary of information given in the Appeal Form (Form A) shall be published for Administrative Appeals. The Board will continue to publish such other matters as it may deem advisable.

## NOVEMBER 15, 1960, 10 A.M.

NOTICE IS HEREBY GIVEN of a public hearing *Tuesday morning*, November 15, 1960, at 10 o'clock at 80 Lafayette Street, 9th floor, New York 13, N. Y., on the following matters:

### 603-37-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober for Hantman Associates, owner.

SUBJECT—Application reopened February 16, 1960 as Volume II—decision of the Borough Superintendent, under Sections 7f and 7e of the Zoning Resolution, to permit in a local retail use district the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, car washing, sales room, utility room, ground sign and parking and storage of motor vehicles for a term of twenty (20) years.

PREMISES AFFECTED—241-09 to 241-21, (241-15 official), Northern Boulevard and 44-36 to 44-42 Douglaston Parkway, northwest corner, Block 8092, Lot 39, Douglaston, Borough of Queens.

Laid over from September 27, 1960, for hearing to November 15, 1960, at the request of the applicant.

### 103-60-BZ

APPLICANT—Herman Kron for Marine Theatre Holding Company, owner.

SUBJECT—Application February 17, 1960—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a retail use, D area district, the erection of additional stores, which exceeds the permitted area coverage.

PREMISES AFFECTED—3149-3173 (3171 official) Whitney Avenue, and 2259-2271 Plumb 1st Street, northeast corner, Block 7527, Lot 1, Borough of Brooklyn.

Laid over from October 11, 1960 to November 15, 1960, for hearing; applicant to send out new twenty day notices.

### 602-57-BZ—Vol. II

APPLICANT—Robert Gottlieb for Rose Gscheidle, owner.

SUBJECT—Application reopened May 10, 1960 as Volume II—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, the erection of a one story, Class 3 building to be used for the storage and transshipping of merchandise and continue the present parking of motor vehicles for a term of ten (10) years.

PREMISES AFFECTED—2300 Story Avenue, southeast corner of Havemeyer Avenue, Block 3698, Lots 3 and 6, Borough of The Bronx.

Laid over from November 1, 1960, to November 15, 1960, for hearing at request of objector.

### 1212-40-BZ—Vol. II

APPLICANT—Lama Proskauer and Prober for Frank and Maria Damato, owners.

SUBJECT—Application reopened June 1, 1960 as Volume II—decision of the Borough Superintendent, under Sections 7e, 7i and 7b of the Zoning Resolution, to permit in a retail and residence use district, the use of the premises as a motor vehicle repair shop with ignition and carburetor service and the continuance of the legal use of parking and storage of motor vehicles of the pleasure car type on the vacant portion of the plot.

PREMISES AFFECTED—1061 Montgomery Street, North side, 30 feet, 9¼ inches west of East New York

Avenue and 46-48 Ford Street, west side, 73 feet, 05/8 inch north of East New York Avenue, Block 1420, Lots 51 and 59, Borough of Brooklyn.

### 702-60-BZ

APPLICANT—deYoung, Moscowitz and Rosenberg for City of New York, Board of Education, owner.

SUBJECT—Application September 14, 1960—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a "D" area district, the erection of a Junior High School occupying more than the permitted area coverage.

PREMISES AFFECTED—985 Rockaway Avenue, east side, block bounded by Linden Boulevard to Hegeman Avenue from Rockaway Avenue to Thatford Avenue, Block 3636, Lots 11 to 51 inclusive, Borough of Brooklyn.

### 186-60-BZ

APPLICANT—Dominick Salvati and Son for Herman Weissman and Irving Weissman, owners.

SUBJECT—Application March 11, 1960, decision of the Borough Superintendent, under Section 7e of the Zoning Resolution to permit in a residence use district, for a term of ten years, the change in occupancy of an existing building, from a fire house, to office and storage and sale of building materials as an extension of the present permitted uses on the adjoining lot.

PREMISES AFFECTED—393-399 Halsey Street, north-side, 275 feet east of Sumner Avenue, Block 1659, Lots 64, 65 and 68, Borough of Brooklyn.

### 187-60-A

APPLICANT—Dominick Salvati and Son for Herman Weissman and Irving Weissman, owners.

SUBJECT—Application March 11, 1960 appeal from a decision of the Borough Superintendent—re stairs, partitions, etc.

PREMISES AFFECTED—393-399 Halsey Street, north-side, 275 feet east of Sumner Avenue, Block 1659, Lots 64, 65 and 68, Borough of Brooklyn.

### 473-60-BZ

APPLICANT—Michael Alfano for Suela Realty Corporation, owner.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 18, 1960, after due notice by publication in the Bulletin; laid over to November 1, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated April 27, 1960, acting on Alt. Applic. 1610-59, reads:

"1. Proposed 2 story addition to a laundry building is not permitted in a residence use district. Sec. 3 Zoning Res.

"2. Proposed openings between adjoining buildings not permitted by B.S.A. resolution 1083-47-BZ, Volume III."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7a of the Zoning Resolution, to permit in a residence use district, in three existing attached buildings occupied as laundry, the erection of a two story addition to the one story building used for loading, unloading and storage, the new portion to be used for light manufacturing in conjunction with the laundry, the rest of the premises to retain the present use, *on condition* that the work be done in accordance with drawings filed with this application dated May 26, 1960, 15 sheets; that all loading and unloading be done inside the building; that the building meet all the requirements of the Labor Law and all other applicable laws, rules and regulations; that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

## 88-55-BZ

**APPLICANT—**Henry Nordheim for Ralph Di Girolamo, owner.

**SUBJECT—**Application reopened October 4, 1960 for consideration as to extension of term of variance, expired July 26, 1960—decision of the Borough Superintendent, previously granted on condition, under Section 7e of the Zoning Resolution, permitting in a residence and retail use district, the use of existing structure at rear of site as a garage and motor vehicle repair shop.

**PREMISES AFFECTED—**3327 White Plains Road, west side 246.77 feet north of Rosewood Street, Block 4624, Lot 49, Borough of The Bronx.

## APPEARANCES—

For Applicant: H. Nordheim.

For Opposition: None.

**ACTION OF BOARD—**Term of variance extended.

## THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, on July 26, 1955 this application was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which expired by time limitation July 26, 1960; and

WHEREAS, this application was reopened on October 4, 1960 and set for hearing on November 1, 1960 at 10 A. M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

# MINUTES

WHEREAS, a public hearing was held on this application on November 1, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated July 14, 1960 acting on Alt. Applic. No. 11-55, reads:

"1. There are no records of a motor vehicle repair shop and garage in the rear yard.

"2. The proposed motor vehicle repair shop and garage in a Residence and Retail use district is contrary to Sect. 3 and 4-A of the Zon. Res.

"3. The proposed motor vehicle repair shop and garage in a frame building is contrary to Sect. 4.2.1.

"Refer to Board of Standards and Appeals Cal. 88-55-BZ and 89-55-A."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 26, 1955, only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this amended resolution, to permit.....; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."

## 671-58-BZ—Vol. II

APPLICANT—Gustave Goldman for Congregation Talmud Torah; R. Morris Kevelson, owner.

SUBJECT—Application reopened July 14, 1959 as Volume II—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in an E-1 area district, the extension of the front portion of the present buildings occupying more than the permitted area and encroaching into the required set back.

PREMISES AFFECTED—1379-1387 East 96th Street, east side, 100 feet north of Avenue L, Block 8242, Lot 15, Borough of Brooklyn.

### APPEARANCES—

For Applicant: Gustave Goldman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 27, 1960 after due notice by publication in the Bulletin; laid over, date to be set; applicant to send out notices; application referred to Board Engineer; then set for November 1, 1960 for decision; and

WHEREAS, the decision of the Borough Superintendent, dated June 25, 1959 acting on Alt. Applic. No. 1933-59, reads:

"1. The proposed increase in size of the bldgs. from that shown on the plans approved by the Board of Standards and Appeals is contrary to the resolution of the Board, 671-58-BZ.

"3. The construction of the proposed extension within 15'-0" of the bldg. line is contrary to the Zoning Res. Art. IV Sect. 15-A."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21 of the Zoning Resolution, to permit in an E-1 area district, the extension of the front portion of the present buildings occupying more than the permitted area and encroaching

into the required setback on condition that the building conform to drawings filed with this application dated July 9, 1959, 6 sheets and June 29, 1960, 9 sheets; that all laws, rules and regulations applicable shall be complied with; that all permits including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 477-59-A

APPLICANT—Gustave Goldman for Congregation Talmud Torah; R. Morris Kevelson, owner.

SUBJECT—Application July 9, 1959—appeal of the Borough Superintendent, re—Class three structure, area excessive.

PREMISES AFFECTED—1379-1387 East 96th Street, east side, 100 feet north of Avenue L, Block 8242, Lot 15, Borough of Brooklyn.

### APPEARANCES—

For Applicant: Gustave Goldman.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 25, 1959 on Amend. to Alt. Applic. 2710-58 and Alt. Applic. 1933-59, reads:

(Amend. to Alt. Applic. 2710-58)

"1. The proposed increase in size of the structure from that shown on the plans approved by the Board of Standards and Appeals is contrary to the resolution of the Board, 671-58-BZ.

"2. The building as proposed exceeds the area permitted for a Class 3 structure by Sect. 4.2.1 of the Bldg. Code."

(Alt. Applic. 1933-59)

"2. The building as proposed exceeds the area permitted for a Class 3 structure by Sect. 4.2.1 and Sect. 4.1.5c of the Bldg. Code."

and

WHEREAS, the applicant states that the synagogue consists of two buildings, 24 feet 4 inches by 80 feet 8 inches and community building, 35 feet by 87 feet in area, 1 story and mezzanine and two stories, 29 feet and 29 feet 4 inches high, of class 4 and 3 construction, located in residence and business use, D and E-1 area, class ½ height district, built in 1923 and 1954, now used and occupied since September 1, 1923 and November 15, 1954: Basement—class rooms, 60 persons; 1st floor—synagogue, 150 persons; mezzanine—100 persons; (community building) cellar—boiler room, toilets and ordinary; 1st floor—assembly room and kitchen used in conjunction with existing synagogue; 2nd floor—class rooms, library and offices, 100 persons; that the synagogue has a Certificate of Occupancy #95566 issued February 15, 1960, against Alt. Applic. 2276-39; that the proposed use for the synagogue will be the same; that the community building will be the same except that on the 1st floor there will be 250 persons and 2nd floor 150 persons; and

WHEREAS, the applicant states that the two buildings will be connected by a 10 foot fireproof stair enclosure with iron stairs and concrete platforms; that the area of both buildings are over 6000 square feet and the applicant requests permission to continue the use of class 3 construction except in the stairways; that there will be a 10 foot wide court between both buildings except for the new stairway enclosure which will be 8 foot masonry construction with 1 hour fireproof self-closing doors at all openings; that the stairs and platforms will be fireproof; that there will be no fire wall between the buildings; that the stairway runs from street to roof of the existing community building; and

WHEREAS, the premises were inspected by a committee of the Board and the committee recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated June 25, 1959, acting on Amend. to Alt. Applic. 2710-58

# MINUTES

Objections Nos. 1 and 2 and Alt. Applic. 1933-59, Objection No. 2 be and it hereby is *modified* and that the appeal be and it hereby is *granted* on condition that all the requirements of the resolution adopted by the Board this day under Calendar No. 671-58-BZ be complied with; also *on condition* that sprinklers fed from the domestic water supply be placed in coat rooms; that all laws, rules and regulations applicable shall be complied with and a certificate of occupancy shall be obtained.

## 746-58-BZ

APPLICANT—Spencer L. Eddy for Humble Oil and Refining Co., owner.

SUBJECT—Application reopened October 4, 1960 for consideration as to extension of time to complete—decision of the Borough Superintendent, previously granted on condition, under Sections 7f and 7e of the Zoning Resolution, permitting in a business use district, the erection and maintenance of a gasoline service station, auto laundry, lubricatorium, office, salesroom, parking and storage of more than five (5) motor vehicles and minor auto repairs.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 11, 1960 after due notice by publication in the Bulletin; laid over to October 25, 1960 for inspection and decision; hearing closed; then to November 1, 1960 for decision; applicant to file revised drawings; and

WHEREAS, the decision of the Borough Superintendent, dated May 2, 1960 acting on N.B. Applic. No. 493-60, reads:

"1. The proposed gasoline service station including lubricatorium, minor auto repairs, car wash, office, accessory sales & storage of motor vehicles in a residence use district is contrary to Art. II Sec. 3 of the Zon. Res."

and  
WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and i of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7e and 7i of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubricatorium, car wash, office, sale of accessories, minor auto repairs and parking and storage of more than five motor vehicles, for a term of fifteen years, *on condition* that the work be done in accordance with drawings filed with this application dated May 17, 1960, 3 sheets, and October 28, 1960, one sheet, revised; on the *further condition* that on the south lot line between this gasoline station and the adjacent gasoline station there may be a woven wire fence on a concrete curb instead of a brick and iron picket fence, if the owner so desires; that all laws, rules and regulations applicable shall be complied with; that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

## 381-60-BZ

APPLICANT—Lama, Proskauer and Prober for Skyway Midtown Incorporated, owner.

SUBJECT—Application May 17, 1960—decision of the Borough Superintendent, under Sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubricatorium, minor auto repairs, car washing, non-automatic, office and sales, storage room and parking and storage of motor vehicles with a ground sign, for a stated term of twenty (20) years.

PREMISES AFFECTED—352-358 East Houston Street and 7-11 Avenue C, northwest corner and 253-257 East 2nd Street, Block 384, Lots 31 and 33, Borough of Manhattan.

## APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 18, 1960, after due notice by publication in the Bulletin; laid over to November 1, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated May 10, 1960, acting on N.B. Applic. 59-60, reads:

"1. The proposed gasoline service station, lubricatorium, minor auto repairs, car washing (non-automatic) office & sales, storage room & parking & storage of motor vehicles in open area in a lot located in a business use district is contrary to article II Section 4(a) & subsections (29) & (46) of the Zoning Resolution.

"2. Proposed ground sign is contrary to Article II—Section 4(a) (49) of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and i of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7f and i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubricatorium, minor auto repairs, car washing, non-automatic, office, sales, storage room and parking and storage of motor vehicles, with a ground sign, for a term of twenty years,

on condition that the work be done in accordance with drawings filed with this application dated July 29, 1960, 4 sheets; with the further condition that the westerly curb cut on East Houston Street be located 20 feet from the west end of the East Houston Street building line; that the westerly curb cut on East 2nd Street be at least 30 feet from the west lot line; that all applicable laws, rules and regulations be complied with; that all permits be obtained, all work completed, and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution from the date of this resolution.

## 395-60-BZ

APPLICANT—Paul Friedman for Louis Nadelbach; owner; Sun Oil Company, lessee.

SUBJECT—Application May 23, 1960—decision of the Borough Superintendent, under Sections 7c and 7i of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubrication, auto washing, non-automatic, office, sale of accessories, minor repairs with hand tools only, safety inspection station and parking and storage of motor vehicles, with ground sign, for a stated term of fifteen (15) years.

PREMISES AFFECTED—743-757 Linden Boulevard, northeast corner of Euclid Avenue, Block 4461, Lots 27, 31, 32, 33, 34, 35 and 38, Borough of Brooklyn.

## APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: Harvey Fox, New York City Housing Authority and Lilly Cohen.

ACTION OF BOARD—Application granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 18, 1960 after due notice by publication in the Bulletin; laid over to November 1, 1960 for inspection and decision; applicant to submit letter; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated May 10, 1960 acting on N.B. Applic. No. 728-60, reads:

"1. The proposed building & premises to be used for gasoline service station, lubrication, auto washing (non-automatic), office, sales of accessories, minor repairs with hand tools only, safety inspection station, parking and storage of motor vehicles on a plot located within a residential use dist. is contrary to Art. II, Sec. 3 of the zone Res.

"2. The proposed signs in a Res. use dist. is contrary to Art. II, Sec. 3 of the zone Res."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7e of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubrication, auto washing, non-automatic, office, sale of accessories, minor repairs with hand tools only, safety inspection station, parking and storage of motor vehicles, with ground sign, for a stated term of fifteen years, on condition that the work be done in accordance with drawings filed with this application dated May 23, 1960 4 sheets, and June 14, 1960, one sheet except that there may be three curb cuts only on Linden Boulevard, two at the southwesterly end of the premises, as indicated on the Linden Boulevard frontage, and one on the northeasterly end of the premises located at least twenty

feet from the projection of the north lot line, and that the curb cut at the north on the Euclid Avenue front be omitted; that the wall shown on the north lot line be extended thirty feet down the building line on Euclid Avenue; that flood lights be directed toward the station only and not into the streets; that all walls, both the walls of the accessory building and the fence wall, be of face brick; that all laws, rules and regulations applicable be complied with; that all permits be obtained, all work completed, and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

Adjourned 1:25 P.M.

JAMES P. MULROY, Secretary.

## REGULAR MEETING

TUESDAY AFTERNOON, NOVEMBER 1, 1960, 2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker.

## 10-46 SM

APPLICANT—Alabama Metal Lath Company, owner—additional type of lath.

## APPEARANCES—

For Applicant: Norman Kohler.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative ..... 0

Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 10-46-SM—Amendment to resolution as to additional type of lath.

Alabama Metal Lath Company, Birmingham, Alabama, requested that the resolution adopted December 31, 1946 under Calendar Number 10-46-SM be reopened and amended so as to include Alabama Paper Backed Metal Lath.

USE: Lath for use in the plastering industry.

DESCRIPTION: Approved 30 lb. Kraft paper in strips is attached by means of a special glue to mesh lath or 1/8 flat rib lath. The paper is applied leaving open mesh on the ends and sides of each sheet so as to permit a strong key at the points where the sheets are lapped. The open mesh that is left between the strips of paper permits attachment on 6" centers to the supports. The construction of the lath complies with drawing marked "Received June 1, 1959" which is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted December 31, 1946 under Calendar Number 10-46-SM be reopened and amended so as to include the material known as Alabama Paper Backed Metal Lath for use in New York City as a combustible lath under the provisions of Section C26-458.0 Administrative Building Code, on condition that the requirements of the resolution adopted December 31, 1946 under Calendar Number 10-46-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,

Director,

JOHN A. DARTS,

Asst. Engr.,

GEORGE F. SKLENARIK,

Asst. Engr.,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the above cited resolutions in accordance with the above report.

## 891-51-SA

APPLICANT—Mueller Climatrol Div. of Worthington Corp, owner—additional model of gas-fired boiler.

## APPEARANCES—

For Applicant: Paul E. Stephanson.

# MINUTES

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Commissioner Sleper..... 1

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 891-51-SA—Amendment to resolution as to additional series of gas fired boiler.

Mueller Climatrol, Division of Worthington Corp., requested that the resolution adopted July 13, 1954 and amended July 12, 1955 under Calendar Number 891-51-SA be reopened and amended so as to include an additional series of gas fired boiler.

USE: Domestic and commercial heating boiler using gas as the fuel.

DESCRIPTION: The requested model known as the 12 Series is basically the same as the presently approved models being constructed of the same materials and having the same controls; the difference in the requested series and the approved series is the BTU input. The range being from 350,000 to 2,100,000 BTU. The requested series has been approved by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted July 13, 1954 and amended July 12, 1955 under Calendar Number 891-51-SA be reopened and amended so as to include the 12 Series 6 through 31 boiler, on condition that the requirements of the resolution adopted July 13, 1954 and amended July 12, 1955 under Calendar Number 891-51-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby amend the above cited resolutions in accordance with the above report.

## 892-51-SA

**APPLICANT**—Mueller Climatrol Div. of Worthington Corp., owner—additional model of gas conversion burner.

## APPEARANCES—

For Applicant: Paul E. Stephanson.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative ..... 0  
Absent: Commissioner Sleper ..... 1

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

892-51-SA—Amendment to resolution as to additional model of gas conversion burner.

Mueller Climatrol, Division of Worthington Corp., requested that the resolution adopted September 15, 1953 and amended through May 27, 1958 under Calendar Number 892-51-SA be reopened and amended so as to include an additional model of gas conversion burner.

USE: A gas fired burner.

DESCRIPTION: The requested Models 502 and 550 are similar to the models approved by the Board, differing only in styling and BTU input. The models have been approved by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted September 15, 1953 and amended through May 27, 1958 under Calendar Number 892-51-SA be reopened and amended so as to include the additional Models 502 and 550 gas fired burners, on condition

that the requirements of the resolution adopted September 15, 1953 and amended through May 27, 1958 under Calendar Number 892-51-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby amend the above cited resolutions in accordance with the above report.

## 502-53-SM

**APPLICANT**—Smith & Kanzler Corp., owner—additional form of fire resistive floor and/or roof construction.

## APPEARANCES—

For Applicant: Morris Lieff.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Commissioner Sleper ..... 1

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

502-53-SM—Amendment to resolution as to additional form of fire resistive floor and/or roof construction.

Smith and Kanzler Corp. requested that the resolution adopted December 4, 1956 and amended through Oct. 7, 1959 under Calendar Number 502-53-SM be reopened and amended so as to include an additional form of fire resistive floor and/or roof construction.

USE: Sprayed asbestos fireproofing for floor and/or roof construction.

DESCRIPTION: There has been no change in the material from that previously approved; the difference being in the thickness to which it is applied on the steel beam and the underside of the cellular steel floor or roof.

INSPECTION AND TEST: The material was tested at the Underwriter Laboratory, as part of a complete floor and ceiling construction in accordance with the requirements of Sections C26-588.0 through C26-590.0 and C26-609.0 Administrative Building Code.

The construction was as follows: The floor consisted of alternate cellular and fluted steel floor units, the fluted sections being 16 gauge and the cellular being 18-16 gauge, all welded to the supports on 12 inches on center. A structural concrete is then poured on top of the steel floor units to a depth of 2½ inches over the top plane of the floor units. The sprayed asbestos Spraycraft is then applied to a thickness of ½ inch measured to the underside of the floor, following the contour of the cellular units and applied ½ inch thick to the underside of the steel plate of the fluted section. The beam, used as a support for the construction, was protected by 1 1/16 inches of Spraycraft applied directly to and following the contour of the beam.

During the course of the test the construction was loaded so as to stress the floor members to 18,000 p.s.i. and the steel beam to 20,000 p.s.i.

The construction, as described, successfully met the requirements of a three hour fire resistive floor construction. It should be noted that the temperature of the steel beam had no bearing on the classification, as the beam, being fully loaded, was tested in accordance with the requirements of ASTM E-119-58.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted December 4, 1956 and amended through Oct. 7, 1959 under Calendar Number 502-53-SM be reopened and amended so as to include the additional form of construction as herein described as shown on Smith & Kanzler Drawing, Revised August 9, 1960 as a three hour fire resistive floor and/or roof construction, on

# MINUTES

condition that the material Spraycraft be applied to the underside of the steel deck to a thickness of  $\frac{1}{2}$  inch and to a thickness of  $\frac{11}{16}$  inches from the flanges and web of the beam, following the contour of the beam and following the contour of the cellular units and applied directly to the flat plate forming the fluted section and further that all other requirements of the resolution adopted December 4, 1956 and amended through Oct. 7, 1959 under Calendar Number 502-53-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolutions in accordance with the above report.

## 248-56-SA

APPLICANT—Wayne Pump Co., owner—amendment of resolution, additional models, gasoline pumps.

### APPEARANCES—

For Applicant: T. E. McLaron.

ACTION OF BOARD—Resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 248-56-SA—Amendment to resolution as to additional models of gasoline dispensing pumps.

The Wayne Pump Co. requested that the resolution adopted April 29, 1958 under Calendar Number 248-56-SA be amended so as to include additional models of gasoline dispensing pumps. The application was reopened by a vote of the Board, November 19, 1958.

USE: Gasoline dispensing pump.

DESCRIPTION: The requested models of pumps are basically the same as the Model 90, previously approved, the internal components remain the same, the difference in the models being a change in the housing styling and in the capacity of the motor. The requested models have been approved by the Underwriters' Laboratory under MH1781 and MH1821.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted April 29, 1958 under Calendar Number 248-56-SA be amended so as to include the following models of gasoline dispensing pumps: Models 400, 400-1, 420, 400-Duo-1, 400-Duo-2, 400-1-Duo1, 400-1-Duo2, 420-1, 420-Duo-1, 420-Duo2, 420-1-Duo-1, 420-1-Duo-2, 410, 410-B, 410-P, 410-1, 410-2, 410-B-1, 410-B-2, 410-P-1, and 410-P-2, on condition that the requirements of the resolution adopted April 29, 1958 under Calendar Number 248-56-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 426-58-SM

APPLICANT—L. G. Derbyshire for General Electric Co., Laminated Products Division, owner.

### APPEARANCES—

For Applicant: Philip B. Tomkinson.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 426-58-SM—General Electric Company, Laminated Products Department, Coshocton, Ohio filed for approval of the material known as General Electric General Purpose Type D corative Textolite under the provision of Section C26-667.0 Administrative Building Code.

USE: Decorative wall covering to be used in locations other than stairways and corridors.

DESCRIPTION: Textolite is a high pressure laminate made by building a "sandwich" of melamine plastic surface sheet, a pattern sheet on which is printed a decorative design and several heavy paper base sheets which are impregnated with phenolic resins. This "sandwich" is then put in a press and there by a combination of heat and pressure fuses the "sandwich" into a single hard-surfaced sheet. The surface sheet is then treated to give a wear-resistant finish. The sheets are finished in two thicknesses; the General Purpose Type  $\frac{1}{16}$ " and the Postforming Type 0.051".

The material must be firmly bonded to an incombustible or fire resistive material.

INSPECTION AND TEST: Samples of the material were examined by Asst. Engr. J. A. Darts and was found to comply as to thickness.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as General Electric Purpose Type Decorative Textolite for use as a decorative covering for wall panels, wall coverings and wainscoting as a substitute for wood veneers and interior trim other than in stairways and corridors, when bonded to an incombustible or fire resistive material for use under the requirements of Sections C26-667.3, C26-667.7a and C26-667.8 Administrative Building Code and installed in accordance with this report and further that all cartons in which this material is marketed shall be stamped or marked, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 426-58-SM" and the bill of lading accompanying the sheets shall be similarly marked.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 74-59-SM

APPLICANT—American Vulcathene Div. of The Nalge Company, Inc., owner—pipe fittings for use in acid waste system.

### APPEARANCES—

For Applicant: Joseph Platzker.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 74-59-SM—American Vulcathene Division of The Nalge Company, Inc., Rochester, New York, filed an application for approval for the material known as American Vulcathene Pipe and Fittings for use in acid waste systems in accordance

# MINUTES

with Section C26-1297.0 Administrative Building Code.  
USE: Plastic pipe and fittings for acid and chemical waste systems.

DESCRIPTION: The American Vulcathene Pipe and Fittings are made of polyethylene plastic. The pipe is made in schedule 40 gauge and the fittings are slightly heavier. The fittings are molded and made in all types generally available in cast iron. Maximum pipe and fitting sizes are 6 inches.

Connections between pipe and fittings may be threaded, flanged or made up by fusion. Threaded fittings are made up by hand or by means of a strap wrench.

Long pipe runs are installed so as to allow for expansion and contraction and risers are securely supported at top and bottom. Horizontal lines are securely supported at intervals of approximately 8 times the pipe diameter and in such a manner as to permit longitudinal movement in the piping.

Pipe and fittings are marked with the manufacturer's name.

INSPECTION AND TEST: The data submitted was examined by Asst. Engr. G. F. Sklenarik.

The polyethylene has a tensile strength of 1750 psi and a coefficient of expansion of .0015/inch/ft./°C.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as American Vulcathene Pipe and Fittings high density type for voluntary use in New York City for the handling of dilute acids and soluble chemical wastes in accordance with this report and the provisions of Sections C26-1265.0 through C26-1267.0 and Section C26-1297.0 Administrative Building Code on condition that all cartons in which the materials are to be marketed shall be tagged, stamped or labeled, "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 74-59-SM." It is further recommended that the temperature range of acids being disposed of by the material be limited from -50°F to +180°F.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## 29-59-SM

APPLICANT—Johns-Manville Sales Corporation, owner;  
Harold Perrine, agent.

### APPEARANCES—

For Applicant: Arthur H. Jenssen and Robert H. Neisel.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

29-59-SM—Harold Perrine for Johns-Manville Sales Corporation, filed for approval of the material known as Johns-Manville Sprayed-On Asbestos Fireproofing under the provisions of Sections C26-588.0 through C26-590.0 Administrative Building Code.

USE: Asbestos fireproofing for structural steel floor and/or of construction.

DESCRIPTION: J.M. Sprayed-On Asbestos is a fireproofing material essentially a mixture of asbestos fiber and mineral wool that is applied to the member to be protected by use of either spray or blow equipment. The material also serves as an acoustical treatment and as a thermal insulation.

INSPECTION AND TEST: A floor construction, having asbestos as a component part, was tested at the Underwriters Laboratory in accordance with the requirements of Sections C26-588.0 through C26-590.0 Administrative Building Code.

ing Code. Present at the test were Director William A. Nolan and Asst. Arch T. Farricker. The floor system was constructed as follows:

Two beams were incorporated in the construction so as to test two methods of fireproofing the beams involved in the construction.

The blended steel floor units are placed on the supports and welded to the beams. Structural concrete is then poured to a depth of 2½" over the top plane of the floor units. The under side of the steel units is protected by ½" of sprayed asbestos, sprayed to the under side of the deck following the contour of the deck. The underside of the deck was first prepared by spraying an adhesive which is a latex-emulsion and is designated Type A-390.

One of the beams was protected by spraying 1¾" of asbestos directly to the beam, following the contour, after the beam had first been sprayed with the adhesive. The other beam was caged with metal lath and 1½" of asbestos applied to the lath.

During the entire course of the test, the beams were loaded so as to stress the beams to 20,000 psi and the floor was stressed to 18,000 psi.

The construction successfully met the requirements of a 3 hour fire resistive floor and/or roof construction and the complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Johns-Manville Sprayed-On Asbestos Fireproofing and also known as Johns-Manville "J" Spray, Type F as a component part of a 3 hour fire resistive floor and/or roof construction when applied as herein described, as shown on Dwg. 10720-2 dated 2-11-60 as permitted under Section C26-239.0 Administrative Building Code as having met the requirement of Sections C26-588.0 through C26-590.0 Administrative Building Code when tested in accordance with the requirements of Section C26-609.0 Administrative Building as amended by General Resolution adopted by the Board September 16, 1960 under Calendar Number 521-60-GR on condition that the fiber shall be applied to a thickness of ½", following the contour of the deck and 1¾" when applied directly to the steel beam and 1½" when the beam is caged and the asbestos is applied to the lath forming the cage and all other components shall be as herein described and further that all plans submitted to the Department of Buildings showing the proposed use of this construction shall be labeled, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 629-59-SM" and all bags in which the material known as Johns-Manville Sprayed-On Asbestos Fireproofing or Johns-Manville "J" Spray, Type F, is marketed shall be similarly marked.

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 676-59-SA—The Trane Co., La Crosse, Wisconsin, filed for approval of the appliance known as Trane Residential Climate Changer, Models RF84-P, RF100-P, RF125-P, RF140-P, RFC-84P, RFC-100P, RFC-125P, RFC-140P; RFH-84P, RFH-95P, RFH-110P, RFH-140P, RFH-180P, RFH-250P, under the provisions of the Oil Burner Rules of the Board and Article 12, Chapter 26, Administrative Building Code.

USE: Oil fired warm air furnaces.

DESCRIPTION: The various model designations refer to the B.T.U. input and the type, the RFC referring to down-flow, RF refers to upflow and RFH refers to a horizontal unit and the letter "P" meaning Oil Fired.

The units are basically the same, consisting of a casing of furniture steel, a heat exchanger of 12 gauge steel, a gun type oil burner, approved by the Board, a fan section or assembly consisting of fan, drive assembly and motor and the control which basically are the combination fan and limit control, and stack switch.

The Model RF has, in addition to the above, a refractory type combustion chamber which is factory installed.

INSPECTION AND TEST: Details of construction were examined by Ass't. Engr. J. A. Darts. The appliances have been approved by the Underwriters' Laboratory under MP 2760, MP 2761A and MP 2761B.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Trane Residential Climate Changer, Models RF84-P, RF100-P, RF125-P, RF140-P; RFC-84P, RFC-100P, RFC-125P, RFC-140P; RFH-84P, RFH-95P, RFH-110P, RFH-140P, RFH-180P and RFH-250P, for use in New York City in residential, commercial and industrial installations, on condition that all installations comply with the requirements of the Oil Burner Rules of the Board and Article 12, Chapter 26, Administrative Building Code and further that the appliance bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 676-59-SA." "The Committee further recommends that these furnaces shall not be installed in garages or places or explosive atmospheres.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

## 18-60-SA

APPLICANT—Holyoke Heater Corporation of Conn. Incorporated, owner.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 18-60-SA—Holyoke Heater Corporation of Conn., Inc., for Chester Eland, owner filed January 11, 1960 for approval of the appliance known as Holyoke-Empire Gas Range Conversion Burner, Model 50P under the provisions of Article, 12, Administrative Building Code.

USE: Gas burner for converting coal fired kitchen ranges.

DESCRIPTION: The Holyoke-Empire Gas Range Conversion Burner is cast iron, with raised port-holes in aluminized finish, atmospheric type burner with adjustable air intake and designed for installation in the fire box of kitchen ranges—after removal of all existing brick linings, cast linings, grates, grate frames and waterfront if used. The maximum input is 45,000 BTU per hour.

The controls are used either with No. 2E or 2EK Robertshaw Automatic Thermostat and Baso Safety Valve (No. B830) or with A1000 Robertshaw Thermostat—Safety Combination.

INSPECTION AND TEST: The details were examined by Ass't Architect, T. W. Farricker. These burners were tested and approved by the American Gas Association for natural, manufactured, mixed and liquefied petroleum gases.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Holyoke-Empire Gas Range Conversion Burner, Model 50P for use in New York City when installed in kitchen ranges legally vented in accordance with Article 12, Administrative Building Code and when installed in accordance with this report and the manufacturer's instruction provided that each burner shall bear a label, permanently affixed reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 18-60-SA."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

## 29-60-SA

APPLICANT—The Vendo Company, owner; J. A. Breeden, agent.

APPEARANCES—

For Applicant: Russell H. Smith

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 29-60-SA—The Vendo Company, Kansas City, Missouri filed January 12, 1960 for approval of the appliance known as Vendo, Models V23, V44, V80, V92, V144 and V216 for use in New York City under the provisions of Section C26191.0 and Chapter 19, Article 18, Administrative Code

USE: Coin Operated vending machines to vend refrigerated glass bottles (Coca-Cola).

DESCRIPTION: The Vendo V-23 (single flavor) is a coin-vending, round cabinet styling, mechanically operated cooler for Coca-Cola in bottles. The refrigeration for the Model V-23E is a hermetically sealed unit, using Freon-12. Cooling is accomplished by the transfer of heat from the bottles directly to the metal in the basket.

The Model V-23 Deluxe and Standard are split systems using Freon-12. The cooling is accomplished by the transfer of heat from the bottles directly to the metal in the basket.

Major components can easily be removed from the cooler in complete assemblies, and no special tools or complicated repairs are necessary for servicing.

The capacity of the machine is 23 vend bottles and 7 pre cool bottles.

The refrigeration units consists of the following:

# MINUTES

Model VT2 (Tecumseh) or VK2 (Kelvinator)  
Low side test pressure is 140 lbs. minimum.  
High side test pressure is 235 lbs. minimum.  
Charge is Freon 12 (VT2 = 8 oz.) (VK = 7 oz.)  
Capacity in B.T.U./Hr. is (VT2 = 920) (VK2 = 900)  
1/8 H.P. 115V 60 cycle single phase.

The Vendo V-44 (single flavor) round cabinet styling, is a mechanically operated cooler designed to fulfill the needs of the bottles of Coca-Cola for a small compact, semi-automatic vending machine equipped with a coin changer. This model permits the installation where a minimum of floor space is available.

The capacity of this machine is 44 bottles.  
The refrigeration unit consists of the following:

## Model VT10

Low side test pressure is 140 lbs. minimum.  
High side test pressure is 235 lbs. minimum.  
Charge is 5 1/2 oz. Freon 12.  
Capacity is 800 B.T.U./Hr.  
1/8 H.P. 115V. 60 cycle single phase.

The Vendo V-80 (single flavor), round cabinet styling, is coin-vending, electrically operated vendor for refrigerated glass bottles. The capacity is 80 bottles.

The refrigeration unit consists of the following:

## Model VT1

Low side test pressure is 140 lbs. minimum.  
High side test pressure is 235 lbs. minimum.  
Charge is 12 oz. of Freon 12.  
Capacity is 2050 B.T.U./Hr.  
1/4 H.P. 115 V. 60 cycle single phase.

The Models V92 (single flavor), VS92 (3 flavors), VA144 (single flavors), and VSA 144 (3 flavors) are identical in styling and refrigeration. The capacity is either 92 or 144 bottles and controls this overall height of the machines. The items differing are the number of vending motors and relays (one is provided for each floor). All are designed for coin-vending of refrigerated glass bottles and are of square cabinet styling.

The Refrigeration Unit consists of the following:

## Model VT 25 (BM 3108-1)

Low side test pressure is 140 lbs. min.  
High side test pressure is 235 lbs. min.  
Charge is 12 oz. of Freon 12.  
Capacity is 2050 B.T.U./Hr.  
1/4 H.P. 115V 60 cycle single phase.

The Model V216 (single flavor), round cabinet styling, is a coin-vending, electrically operated vendor for refrigerated glass bottles. The capacity is 216 bottles.

The Refrigeration Unit consists of the following:

## Model VT7 (Tecumseh) or VK7 (Kelvinator)

Low side test pressure is 140 lbs. min.  
High side test pressure is 235 lbs. min.  
Charge is Freon 12 (VT7 = 12 oz.) (VK7 = 13 oz.)  
Capacity is (VT7 = 3200 B.T.U.) (VK7 = 2380 B.T.U.)  
VT7 is 1/3 H.P. 115V. 60 cycle single phase.  
VK7 is 1/4 H.P. 115V. 60 cycle single phase.

The Models VA 216 (single flavor), VSA216 (4 flavors) and VSB216 (3 flavors) are identical in styling, refrigeration and bottle capacity (216 bottles). The items differing are the number of vending motors and the number of relays (one is provided for each flavor). All are designed for coin-vending of refrigerated glass bottles and are of square cabinet styling.

The Refrigeration Unit consists of the following:

## Model VT27

Low side test pressure is 140 lbs. min.  
High side test pressure is 235 lbs. min.  
Charge is 14 oz. Freon 12.  
Capacity is 3200 B.T.U./Hr.  
1/3 H.P. 115V. 60 cycle single phase.

INSPECTION AND TEST: The details of construction were examined by Ass't. Architect T. W. Farricker.

All machines have been tested and approved by Commercial Standards Association.

Models V92, V144, VA216, VAS215 and VSB216 are now under test at Underwriters' Laboratories, all others have been tested and approved by Underwriters' Laboratories.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Vendo, Models, V23, V44, V80, V92, V144 and V216, for use in New York City under the provisions of Section C26-191.0 and Chapter 19, Article 18 Administrative Code, on condition that the appliance bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 29-60-SA" and further, that all electrical work shall comply with the requirements of the Electrical Code of the City of New York.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

## 79-60-SM

APPLICANT—J. A. Bergren for The Kawneer Company, owner.

## APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper..... 1

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

79-60-SM—The Kawneer Co., Niles, Michigan, filed for approval of the material known as ZOURITE under the provisions of the Veneering Rules of the Board.

USE: Exterior Veneering Material.

DESCRIPTION: The material ZOURITE is either Narrow Face Profile or Bold Face Profile. The Bold Face is in strips 5 7/16", 6" or 12" wide and the Narrow Face 2 1/8", 3 3/4", 4 1/4" or 8 1/2" wide and all sections are 0.050 inches in thickness and are manufactured of aluminum.

INSPECTION AND TEST: Inspection of the material on the Port Authority Bus Depot, 40th Street and 8th Avenue was made by Ass't. Engr. J. A. Darts. A sample of the material was tested and was found to be incombustible under Section C26-88.0 Administrative Building Code.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as ZOURITE; Narrow Face Profile and for Bold Face Profile for voluntary use as an incombustible veneering material in New York City when installed in accordance with the requirements of the Veneering Rules of the Board and further all cartons or wrappings in which the material is marketed shall be stamped or labeled, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 79-60-SM."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## 133-60-SM

APPLICANT—The Vermiculite Assn., Incorporated, for Vermiculite Industrial Corporation, owner; William S. Elliott, agent.

### APPEARANCES—

For Applicant: Abraham Bramson and William S. Elliott.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 133-60-SM—The Vermiculite Association, Inc., for Vermiculite Industrial Corp., Port Newark, New Jersey, filed for approval of the material known as V.I.C. Brand Vermiculite Gypsum Plaster under the provisions of Sections C26-239.0, C26-600.0 through C26-603.0 and C26-615.0 Administrative Building Code.

USE: The material is to be used as a short span fire resistive ceiling.

DESCRIPTION: The vermiculite itself has been approved by the Board under Calendar Number 70-53-SM and the use of this material with gypsum, in conjunction with metal lath, forms a three hour short span fire resistive ceiling.

The lath is attached to the lower flanges of the supporting beams or joists which are spaced at a maximum of 30 inches on center. The plaster is then applied in three coats to the lath. The first coat is a mix of 100 lbs. of gypsum to 2 cubic ft. of vermiculite, the second coat is a mix of 100 lbs. of gypsum to 3 cu. ft. of vermiculite and the third coat 100 lbs. of gypsum to 1 cu. ft. of vermiculite. The overall thickness of plaster is 1 inch.

INSPECTION AND TEST: A ceiling constructed as herein described with the lath directly attached to the lower flanges of the beam was tested in accordance with the requirements of Sections C26-600.0 through C26-603.0 Administrative Building Code at the Thompson and Lichtner Co., Inc., Laboratory, Boston, Mass. The ceiling successfully met the requirements of a short span 3 hour fire resistive ceiling. The complete report is on file with and is part of the record.

RECOMMENDATION: On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as V.I.C. Brand Vermiculite Gypsum Plaster of a mix as herein described for use as a short span fire resistive ceiling when the plaster is applied to 3.4 lb. diamond mesh lath which is attached directly to the lower flanges of the joists or beams. The Committee further recommends that the spacing of the joists, beams or girders shall not be spaced more than 30 inches on centers and the use of this type of construction shall be limited in Class I construction to the provisions of Section C26-615.0 Administrative Building Code; namely that this ceiling may be used in areas of twenty-five hundred (2500) square feet or less provided such areas are completely firestopped and further that all plans submitted to the Department of Buildings showing the proposed use of such construction shall be marked "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 133-60-SM."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## 134-60-SM

APPLICANT—The Vermiculite Assn., Incorporated for Coralux Perlite Corporation, owner; The Vermiculite Assn., Incorporated, agent.

### APPEARANCES—

For Applicant: William A. Burr and William S. Elliott.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 134-60-SM—The Vermiculite Association, Inc., for Coralux Perlite Corp., Metuchen, New Jersey, filed for approval of the material known as Schundler Vermiculite Plaster under the provisions of Sections C26-239.0, C26-600.0 through C26-603.0 and C26-615.0 Administrative Building Code.

USE: The material is to be used as a short span fire resistive ceiling.

DESCRIPTION: The vermiculite itself was approved by the Board under Calendar Number 16-51-SM and the use of this material with gypsum, in conjunction with metal lath, forms a three hour short span fire resistive ceiling.

The lath is attached to the lower flanges of the supporting beams or joists which are spaced at a maximum of 30 inches on center. The plaster is then applied in three coats to the lath. The first coat is a mix of 100 lbs. of gypsum to 2 cubic ft. of vermiculite, the second coat is a mix of 100 lbs. of gypsum to 3 cu. ft. of vermiculite and the third coat 100 lbs. of gypsum to 1 cu. ft. of vermiculite. The overall thickness of plaster is 1 inch.

INSPECTION AND TEST: A ceiling constructed as herein described with the lath directly attached to the lower flanges of the beam was tested in accordance with the requirements of Sections C26-600.0 through C26-603.0 Administrative Building Code at the Thompson and Lichtner Co., Inc. Laboratory, Boston, Mass. The ceiling successfully met the requirements of a short span 3 hour fire resistive ceiling. The complete report is on file with and is part of the record.

RECOMMENDATION: On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Schundler Vermiculite Plaster of a mix as herein described for use as a short span fire resistive ceiling when the plaster is applied to 3.4 lb. diamond mesh lath which is attached directly to the lower flanges of the joists or beams. The Committee further recommends that the spacing of the joists, beams or girders shall not be spaced more than 30 inches on centers and the use of this type of construction shall be limited in Class I construction to the provisions of Section C26-615.0 Administrative Building Code; namely that this ceiling may be used in areas of twenty-five hundred (2500) square feet or less provided such areas are completely firestopped and further that all plans submitted to the Department of Buildings showing the proposed use of such construction shall be marked "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 134-60-SM".

## 280-60-SA

APPLICANT—Thomas J. Scott, agent, Bethlehem Apparatus Company, Incorporated, owner.

### APPEARANCES—

For Applicant: Thomas J. Scott.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker..... 4

Negative ..... 0

Absent: Commissioner Sleeper..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

280-60-SA—Thomas J. Scott for Bethlehem Apparatus Company, Inc., Helertown, Pa., filed for approval of the appliance known as Bethlehem Bench Burner under the provisions of Section C19-93.0 Administrative Code.

USE: A glass working torch.

DESCRIPTION: The Bethlehem Bench Burner is designed to burn a combustible gas with oxygen.

The burner tube is of brass and is provided with six radiation fins for air cooling. The burner head is drilled with concentric holes and designed to obtain surface mixing of the gases fed to the burner head through two sets of brass needle valves. One set of needle valves controls flow of gases to an inner circle of ports in the burner head to allow a central flame which can be varied from a sharp needle point to a long jet able to work hard glass up to 35 mm. in diameter. The other set of needle valves controls flow of gases to the outer ring of ports permitting a larger outer-flame. Using both flames, quartz up to 25 mm. or hard glass up to 100 mm. in diameter can be worked with low pressure city gas. Hydrogen in used as the combustible gas for working larger size quartz.

The burner operates on a gas pressure of less than 1 lb. per sq. in. with oxygen pressure of approximately 3 lbs. per sq. in. The burner is supplied through a single pair of hoses.

The burner base is drilled so that it may be secured to a work bench. A friction gear is provided for adjustment of elevation of the burner tube.

INSPECTION AND TEST: A burner of this type was inspected at Metro Industries, 11-38 31st Avenue, Queens. Present were Ass't Engr. G. F. Sklenarik and Mr. T. J. Scott.

The burner functioned satisfactorily throughout its range and did not flashback at very low gas pressure. It was noted that the gas control needle valves are of packless design.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Bethlehem Bench Burner for use in New York City in accordance with the provisions of Section C19-93.0 Administrative Code and the requirements of the Fire Commissioner provided that each burner shall bear a label, permanently affixed reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 280-60-S.A."

(Sgd.) WILLIAM A. NOLAN,

Director,

JOHN A. DARTS,

Asst. Engr.,

Commissioner Fox and Commissioner Becker..... 4

Negative ..... 0

Absent: Commissioner Sleeper..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

332-60-SA—White Products Corporation, Middleville, Michigan, filed for approval of the appliance known as White Gas Fired Domestic Water Heaters. Standard, Custom and De-Luxe Models under the provisions of Article 12 Chapter 26 Administrative Building Code. These water heaters will also be marketed under their other trade names of Security, Parade, Flamingo and Lafayette.

USE: Domestic type hot water heaters.

DESCRIPTION: These water heaters are floor type vertical tank units made up with a single port round head burner with safety pilot, galvanized or glass lined water tank, glass fibre insulation and an outer jacket finished in enamel. A thermostat is provided to regulate water temperature from 120°F to 160°F. The tanks are tested to 300 psi and each unit is made with a 3 inch flue connection.

The standard models are made with either a galvanized or glass lined tank. The deluxe and custom models have glass lined tanks and in addition are equipped with a magnesium anode for added corrosion protection. All models are available in 20, 30, 40 and 50 gallon sizes.

The capacities of the various water heaters are as follows:

| Model       | Tank Size | BTU input/hr. | Recovery GPH<br>100°F Rise |
|-------------|-----------|---------------|----------------------------|
| Standard    |           |               |                            |

| S40D Short  | 40        | 38,500        | 32.4                       |
| 50D         | 50        | 50,000        | 40.0                       |

INSPECTION AND TEST: All data was examined by Ass't Engr. G. F. Sklenarik.

These heaters have been tested and approved by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as White Gas Fired Domestic Water Heaters. Standard, Custom and De-Luxe Models also marketed under the trade names Security, Parade, Flamingo and Lafayette for use in New York City under the provisions of Article 12 Chapter 26 Administrative Building Code provided that each water heater shall bear a label permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 332-60-SA."

(Sgd.) WILLIAM A. NOLAN,

Director,

JOHN A. DARTS,

Asst. Engr.,

GEORGE F. SKLENARIK,

Asst. Engr.,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

## 388-60-SM

APPLICANT—United States Gypsum Company, owner—  
additional model of construction and fire resistive ratings.  
APPEARANCES—

For Applicant: William W. Bainbridge.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
388-60-SM—The United States Gypsum Company requested reopening and amendment of the resolution adopted July 6, 1960 to approve additional method of construction and fire resistive ratings—fireproofing plaster.

USE: Fire resistive rated floor or roof, and ceiling construction and beam protection.

DESCRIPTION: The USG Red Top Firecode Fireproofing Plaster, Type D, previously approved, is a plaster, machine applied direct to metal lath or to steel surfaces without primer or adhesive. It is made of gypsum plaster, fire resistive aggregate, asbestos fibers and chemical additives to stabilize the set and bond.

INSPECTION AND TEST: A floor or roof and ceiling construction and beam protection assembly was tested at the Underwriters' Laboratory and is recorded in Report Retardant 4142-4 tested in accordance with ASTM Designation E-119.

The test assembly consisted of steel form units listed by the Underwriters' Laboratory consisting of 2 corrugated sections to one cellular corrugated section. Electric header ducts and junction boxes were included. 2½" of concrete and reinforcement were placed on top of the steel form units.

¾" of USG Firecode Fireproofing Plaster, Type D, was Machine Applied to the underside of the steel form units, following the contour of the units.

Under the Electric Junction Boxes and Electric Header Ducts the USG Firecode Fireproofing Plaster, Type D, was applied to a total thickness of 1 ⅞" for a width of 7" on each side of the center line of the Electric Header Ducts.

One supporting beam was spray coated with USG Firecode Fireproofing Plaster, Type D, following the contour of the beam to a total thickness of 1 ½".

The other supporting beam was wrapped by loops of #9 W & M gauge galvanized wire spaced 12" and 18" on centers. To these loops was wire tied 3.4 lbs. per square yard Metal Lath. To this was applied by Machine USG Firecode Fireproofing Plaster, Type D, to a total thickness of 1".

The applied load stressed the floor to 19,600 psi and the beams to 20,000 psi.

The steel form floor or roof and ceiling construction failed by the average temperature of the unexposed surface reaching the limiting temperature at three hours and thirty one minutes.

It is rated 3 hour by U. L.

The two beams were fully loaded and supported the loads throughout the test which was continued for 245 minutes. The two beams are each rated 4 hours by U. L.

Copies of the Underwriters' Laboratory Report Retardant 4142-4 are in the file and are part of the record.

RECOMMENDATION: On the basis of the data submitted and tests conducted, the Committee on Test recommends that a steel form unit floor or roof and ceiling construction consisting of corrugated steel forms and corrugated steel forms with cellular units with 2½" of concrete topping, electric header ducts and junction boxes and protected on the underside with ¾" of USG Firecode Fireproofing Plaster, Type D, applied direct without preliminary primer or adhesive, the plaster following the contour of the

corrugations, and the electric header ducts and electric junction boxes protected on the underside with 1 ⅞" of USG Firecode Fireproofing Plaster, Type D, for a distance of 7" on each side of the center line of the junction boxes, be approved as a 3 hour incombustible fire rated floor or roof and ceiling construction.

The Committee on Test also recommends that a steel beam lathed with 3.4 lbs. per square yard Metal Lath wire tied to loops of #9 W & M gauge wire spaced 12 to 18" on centers and spray coated with USG Firecode Fireproofing Plaster, Type D, to a total thickness of 1" be approved as a 4 hour incombustible beam.

The Committee on Test also recommends that a steel beam to which 1½" of USG Firecode Fireproofing Plaster, Type D, has been spray applied without adhesive or primer following the contour of the beam be approved as a 4 hour incombustible beam.

The Committee on Test also recommends that in view of the adoption by the Board of Calendar Number 521-60-GR on September 16, 1960, that the steel beam, stressed to 21,600 psi, and protected with 1¾" of USG Firecode Fireproofing Plaster, Type D, following the contour of the beam reported in Retardant Report 4142-3 and rated 4 hour by the Underwriters' Laboratory, but approved for 3 hours by the Board under the former Code, be now approved as 4 hour incombustible beam.

The Committee on Test also recommends that the above approvals are subject to the provisions of the resolution adopted on July 6, 1960, under Calendar Number 388-60-SM.

(Sgd.) WILLIAM A. NOLAN,

Director,

JOHN A. DARTS,

Asst. Engr.,

GEORGE F. SKLENARIK,

Asst. Engr.,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

## 439-60-SM

APPLICANT—Owens-Corning Fiberglas Corporation,  
owner; R. S. Ringwalt, agent.

### APPEARANCES—

For Applicant: Richard Ringwalt.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
439-60-SM—Owens-Corning Fiberglas Corp. filed for approval of the Owens-Corning Fiberglas Acousti-Flo System under the provisions of Section C26-461.0 Administrative Building Code.

USE: A combination suspended ceiling and air diffusion system.

DESCRIPTION: The system consists of the following basic parts: Bar, Duct, Jacket, Damper and Bar Cap. The bar supports the duct and the suspended ceiling and also distributes the air along its length; it is a semi-hollow aluminum extrusion 15'-0" long and is hung from the structure or floor above by means of approved hangers. A sliding hanger clip supports the bar and also provides a means for leveling the bar. The duct is a fiberglas duct, 6'-0" long in section and the inside diameter ranges from 0'-4" to 1'-2"; the wall thickness is ¾" for the 0'-4" through 0'-10" and 1" for 12" to 1'-2" ducts. The jacket is an aluminum sheet 0.012" thick fitted with turned up flanges on both longitudinal edges that snap into the lips on the bar and the end joints are lapped. The damper is an extruded aluminum channel installed with the bar and it controls the air flow

# MINUTES

from the duct to the bar. Screwdriver slots in the supporting damper bolts allow for adjustment of air flow. The bar cap is a perforated, rolled aluminum section which snaps on the bar and it is through this cap that the air flows to the space below.

**INSPECTION AND TEST:** A sample installation was inspected by Ass't. Engr. J. A. Darts at 717 Fifth Avenue and it was noted that the weight of the system ranges from 2.3 lbs. per lin. ft. for the smallest diameter duct to 4.5 lbs. per lin. ft. for the largest diameter duct.

**RECOMMENDATION:** The Committee on Test recommends the approval of the material known as Owens-Corning Fiberglas Acousti-Flo System for voluntary use in New York City under the provisions of Section C26-191.0 Administrative Building Code as an incombustible acoustical ceiling as having met the requirements of Section C26-88.0 Administrative Building Code on condition that the hangers supporting this system shall comply with the requirements of Section C26-461.0 Administrative Building Code and that all cartons in which the material is marketed shall be stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 439-60-SM."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 445-60-SM

**APPLICANT**—Mastro Plastics Corporation, owner; C. A. McGinnis, agent.

**APPEARANCES**—

For Applicant: Charles A. McGinnis.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Commissioner Fox and Commissioner Becker ..... 3

Negative: Vice Chairman Kleinert..... 1

Absent: Commissioner Sleeper..... 1

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads:

445-60-SM—Mastro Plastics Corp., Bronx, New York, filed for approval of the material known as Tri-Bond Mosaic under the provisions of Section C26-667.0 Administrative Building Code.

**USE:** Interior Veneering material.

**DESCRIPTION:** The Tri-Bond Mosaics are polystyrene plastic tiles,  $1\frac{1}{16}$ " x  $1\frac{1}{16}$ ". The individual tiles are fused to a specially treated muslin backing, with approximately  $\frac{1}{16}$ " between tiles, to form a panel 16" x 16" x  $\frac{1}{20}$ ". Two accessory products are used with the mosaic; Tri-Bond Plastic Tile Mastic for adhering the tile to the surface and Tri-Bond Filler Compound. The tile mastic was approved by the Board under Calendar Number 266-58-SM for use of this nature. The filler is a cementitious, inert powder, which, when mixed with water is used as a grout to fill in between the individual tiles.

In application, the mastic is applied to the wall and then spread with a notched trowel. Sheets of the mosaic are then applied with the muslin side to the adhesive and becomes attached to the wall. The filler compound is mixed with water and then spread on the surface of the tile and into the joints. The excess is then wiped off the tile surface.

**INSPECTION AND TEST:** A sample of the mosaic was examined by Ass't. Engr. J. A. Darts and the overall thickness was found to be  $\frac{1}{20}$ ".

**RECOMMENDATION:** The Committee on Test recom-

mends the approval of the material known as Tri-Bond Mosaic for voluntary use in New York City as an interior veneering material under the provisions of Section C26-667.o.b. Administrative Building Code, on condition that the packaging in which the material is marketed shall be stamped or labeled, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 445-60-SM."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 4, 1960 on Alt. Applic. 545-60, reads:

"1. The proposed use of a frame bldg. for business purposes is contrary to 4.1.3 Bldg. Code.

2. Frame wall less than 3 ft. from lot line must be brick filled for veneered in accordance with rules of board 4.1.3 B.C."

and

WHEREAS, the applicant states that the building is 28 feet 7 inches by 34 feet ¾ inch in area, 3 stories, 28 feet 3 inches

high, of class 4 construction, located in retail use, B area, class 1 height district, built approximately in 1895; that the proposed use and occupancy will be: cellar—boiler and storage; 1st floor—store, 4 persons; 2nd floor—offices, kitchenette, rest rooms and storage, 8 persons; attic—to be unoccupied; and

WHEREAS, the applicant states that the premises are improved with a 3 story frame dwelling in front of the property; that no records are available in the Department of Buildings; that there is also a one car garage located in the rear, 80 feet from the front property line; that the present owner took option on June 15, 1959, to purchase the property; that the store on the 1st floor is presently used by the previous owner as a dressmaking establishment, hiring 2 employees, and lives alone in the 1st floor apartment; that the 2nd and 3rd floors are vacant; that the owner under option has surveyed the local business area very carefully wherein the New York Telephone Company would permit a "telephone answering service"; that the only structure that he could purchase which would net him a fair return on his investment is the building subject to this appeal; that if the variance were granted by the Board, the owner would remodel the existing building by removing the center wooden staircase, the partition indicated dotted on the plans, and the existing show-window construction, and provide for new steel stairs to the 2nd floor area on the east side of the building and provide new display windows with masonry construction; that he intends to partition the 2nd floor into offices, kitchenette, women's rest room and toilets for the sole use as a telephone answering service; that when the modernization work has been completed, the owner would lease the 1st floor facilities back to the previous owner in the needlework trade, or to a suitable tenant permitted in the retail use district; that this location has been inspected by the engineers of the New York Telephone Company and they have approved the location and maintain that the construction will sustain the loads of their switchboard equipment; that the owner will abide by any decisions of the Board as to exit requirements and fire safety of the occupants; that as to Item 2 of the decision of the Borough Superintendent, the owner would comply by brick-filling between the studs with 4 inch of masonry laid in cement or concrete fill—any frame wall which is within 3 feet of the adjoining property line, to comply with Article IV, Section 4.1.3 of the Administrative Building Code; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

*Resolved*, that the decision of the Borough Superintendent, acting on Alt. Applic. 545-60, Objections No. 1 and 2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 7, 1960 on Alt. Applic. 1589-60, reads:

"1. The Conversion of a frame building to a con-

# MINUTES

verted dwelling to be used by 3 families is contrary to Sec. 56 sub 1." and

WHEREAS, the applicant states that the building is 27 feet by 71 feet in area, 2 stories, 28 feet high, of class 4 construction located in residence use, D area, class 1 height district, built in 1924, now used and occupied since 1924: cellar—boiler, laundry and recreation room; 1st floor—one family; 2nd floor—one family; substantially in accordance with Certificate of Occupancy #29554 issued October 23, 1924; that the proposed use and occupancy will be: cellar—boiler, laundry and recreation room; 1st floor—one family; 2nd floor—two families; and

WHEREAS, the applicant states that the exterior walls are veneered with 4 inch brick; that the building is roofed with clay tile; that the owner lives in the 7 room apartment on the 1st floor; that the 8 room apartment on the 2nd floor has been vacant for a number of months, due to the extreme difficulty of finding a tenant; that some parties who could use a large apartment are not financially able to accept the rooms; that many who could afford the apartment, objected to the work that would be involved in keeping 8 rooms in a clean and orderly condition; that with the need for apartments still in demand the owner feels that if she were permitted to create 2 apartments on the 2nd floor, she would be providing apartments for 2 parties who desire housing in the neighborhood and would solve the dilemma she now finds herself in; and

WHEREAS, this appeal was filed pursuant to Section 310 of the Multiple Dwelling Law for a variation of Section 56; and

WHEREAS, the Board has no jurisdiction to act on this appeal under Section 310 of the Multiple Dwelling Law.

*Resolved*, that the Board of Standards and Appeals does hereby *dismiss* the appeal for lack of jurisdiction under Section 310 of the Multiple Dwelling Law.

"1—Remove existing marquee as required under Sec. 2-4-1-4-8(g) Sub. 6. of the Adm. Code."

and

WHEREAS, the applicant states that the building is 104 feet 9 inches by 100 feet in area, 2 stories, 24 feet high, of class 3 construction, located in business use, C area, class 1½ height district, built in 1936; now used and occupied since 1953: cellar—ordinary; 1st floor—stores, 20 persons; 2nd floor—manufacturing household furnishings, 20 persons, and day center for older people, 300 persons; and

WHEREAS, the applicant states that the Certificate of Occupancy #164149 is now in force affecting the front portion of the building and provides that the 1st floor be occupied for stores and the 2nd floor for a Council Day Camp for older people of the Golden Age Club; that Certificate of Occupancy #135562 is now in force affecting the rear portion of the building and provides for the 1st floor to be occupied as a store and the 2nd floor for the manufacturing of household furnishings; that one of the stores in the front portion of the building is connected with the store in the

rear portion of the building by a large opening; that a marquee was erected in conjunction with a new theatre building under Permit No. N.B.3503-36 and for which Certificate of Occupancy #80433 was issued on December 11, 1936; that the Department of Buildings issued permits to construct, erect and/or maintain the marquee in front of the premises, 1211 Quentin Road, one of which permits #B 379, for which a \$10 fee was paid, and dated February 10, 1953, is filed; that the Department of Buildings has also issued yearly permits for an illuminated sign attached to the marquee; that subsequent to December 31, 1953, the Department of Buildings issued only one permit, an "Illuminated Sign" permit and did not require the renewal of the marquee permit, because the Department considered the "Illuminated Sign" permit covered both the sign and the marquee, to which it was attached; and

WHEREAS, the applicant contends that before the owner of this building proceeded with the alterations in 1953, Pincus Decorators, Inc., was a prospective tenant for over 10,000 square feet on the 1st and 2nd floors, on condition that the marquee remain; that at that time, the owner expended approximately \$35,000 to complete the alterations, and Pincus Decorators, Inc., then occupied its space on both floors of the building; that the space occupied on the 2nd floor is a factory in conjunction with showroom on the 1st floor; that Pincus Decorators, Inc., does not manufacture any goods to ship or sell to other dealers or other decorating firms; that the business conducted by Pincus Decorators, Inc., on the 1st floor of this building is a very large, well established and semi-public business due to the fact that the entire space occupied by them which is about 6,500 square feet in area, is solely and exclusively a showroom with booths and display areas exhibiting samples and combinations of samples of all types of interior home decorations, furnishings and decorative furniture; and

WHEREAS, the premises was inspected by a committee of the Board.

*Resolved*, that the decision of the Borough Superintendent, dated June 22, 1960, acting on B.N. Applic. 2919-60, Objection No. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, on condition that the building shall conform to drawings filed with this appeal dated June 23, 1960, 3 sheets; that the use of the marquee shall be permitted under this resolution only so long as the present tenancy exists; and that all other laws, rules and regulations applicable shall be complied with.

## 506-60-A

APPLICANT—George Fuchs for Neptune Meter Company, owner.

SUBJECT—Application July 5, 1960—Appeal from a decision of the Borough Superintendent re—standpipe.

PREMISES AFFECTED—55-30 46th Street, west side, 100 feet south of 55th Avenue, Block 2539, Lot 27, Maspeth, Borough of Queens.

### APPEARANCES—

For Applicant: George Fuchs and Harold P. Rounds.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert,

Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 8, 1960 on N.B. Applic. 562-60, reads:

"1. Provide a standpipe as required under 16.1.1 Bldg. Code."

and

WHEREAS, the applicant states that the proposed building is 280 feet by 180 feet in area, 1 story, 80 feet 3 inches high, of class 1 construction, located in unrestricted use, B area, class 1½ height district, to be used and occupied as follows: 1st floor—foundry and locker room, 93 persons; mezzanine—offices and cafeteria, 27 persons; and

WHEREAS, the applicant states that the requirement that

# MINUTES

a standpipe be installed is based on the fact that the tower is over 75 feet in height and therefore the building is required to have a standpipe; that the tower is of class one construction 20 feet by 50 feet in area, and houses the sand bins for the foundry; that there are no floors within the tower except for steel checkered plate service platforms which can be reached by a steel service stair within the tower; that there will be no permanent human occupancy within this tower; that a voluntary sprinkler system is to be installed in all areas in the building where there might be a fire hazard, such as locker rooms, offices, pattern shop, storage rooms, boiler rooms, cafeteria and laboratory; that this is a one story and mezzanine fireproof building and that the building has not been designed for a standpipe system, it is respectfully requested that permission be granted to omit the standpipe.

*Resolved*, that the decision of the Borough Superintendent, dated June 8, 1960, acting on N.B. Applic. 562-60, Objection No. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, on condition that the building shall conform to drawings filed with this appeal dated July 5, 1960, 6 sheets and that a sprinkler system shall be installed in locker rooms, offices, pattern shop, storage rooms, cafeteria and laboratory; that all laws, rules and regulations applicable shall be complied with; and that a certificate of occupancy shall be obtained.

## APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 is further amended by Chapter 805 of 1959 and provides as follows as to appeals:

### LAWS OF NEW YORK—By Authority

#### Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof of at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

For multiple dwellings and buildings existing on July 1, nineteen hundred forty-eight, provisions relating to:

- 1) Height and bulk;
- 2) Required open spaces;
- 3) Minimum dimensions of yards or courts;
- 4) Means of egress; or
- 5) Basements and cellars in dwellings erected on or after April twelfth, nineteen hundred one.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

## RULES

### RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the powers conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

#### Labor Law

##### Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

#### RULE 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

#### Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fireresisting partitions, with all openings therein protected by selfclosing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;  
Boiler making;  
Brick, terra cotta or artificial stone works;  
Forge shops;  
Foundries;  
Iron, steel, brass or copper works;  
Machine shops;  
Smelting;  
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;  
(2) Such chemical fire extinguishers as the administrative official may direct are installed;  
(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

### PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor,  
Borough of Manhattan.

### HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Com-  
missioners, Director or the Engineers, pertaining to the  
work of the board, will be seen only between the hours of  
ten in the morning and one in the afternoon—Saturdays ex-  
cepted.

### NOTICE

1—CALENDAR: Notices of public hearing on applica-  
tions for zoning variances, will be published twice: first  
publication, listing new cases set for hearing, in the Bulletin  
available to the public at least 14 days before the date of  
hearing; second publication, in the last Bulletin available  
to the public immediately prior to the hearing date. The  
second publication will be augmented with a listing of cases  
laid over from previous hearings. Attention is directed to  
the MINUTES of such previous hearings, where the rea-  
sons for laid over cases will have been published. Notices  
of public hearing on applications for approval of materials  
and appliances will be published once, at least 10 days prior  
to the hearing date.

2—MINUTES: The publication of the "digest" of the  
applicant's statement has been discontinued, except that the  
administrative orders, decisions, etc., which are the subject of  
each application or appeal will be published. The summary  
of information given in the Appeal Form (Form A) shall  
be published for Administrative Appeals. The Board will  
continue to publish such other matters as it may deem ad-  
visable.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 9, 1960, after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated March 22, 1960, acting on Alt. Applic. 344-60, reads:

"1. Extension of business use into a residence use district is not permitted Art. II para. 7 of the Zoning Resolution.

"2. No show windows, entrances or exits more than 3'-6" wide are not permitted within 75' of the residence use dist. Art. II para 7-A(a) of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions b, c and A of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7b, c and A of the Zoning Resolution, to permit in a business and residence use district, in an existing building formerly occupied as theatre and stores, previously granted by the Board, the change in occupancy of the theatre portion, to retail supermarket, with business entrance and show windows within 75 feet of a residence use district *on condition* that the building shall conform with drawings filed with this application dated April 18, 1960, 13 sheets; that all laws, rules and regulations applicable shall be complied with; that all permits shall be obtained, all work completed and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 731-60-A

APPLICANT—Reginald S. Hardy for 3825 Broadway Corporation, owner; H. C. Bohack Company, Incorporated, lessee.

SUBJECT—Application September 28, 1960—appeal from a decision of the Borough Superintendent—re marquee.

PREMISES AFFECTED—3821, 3825, 3835, 3839 Broadway, west side, from Fort Washington Avenue to West 160th Street, Block 2137, Lots 1, 7, 9 and 10, Borough of Manhattan.

## APPEARANCES—

For Applicant: R. S. Hardy.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 27, 1960 on Alt. Applic. 344-60, reads:

"Marquee on commercial building is contrary to C26-219.0(g) (1)."

and

WHEREAS, the applicant states that the building is 189 feet 10 inches, by 117 feet 8 inches, irregular in area, 2 stories, 65 feet high, of class 1 construction, located in business and residence use, B area, class 1½ height district, built in 1919; that the proposed use and occupancy will be: cellar—boiler room and storage; 1st floor—retail food market, 250 persons; 2nd floor—retail food market and offices; and

WHEREAS, the applicant states that the premises in question were the subject of an application to the Board of Standards and Appeals Calendar Number 1714-18-BZ; that on January 18, 1919 the Board granted a variance of the use district restrictions and permitted the property to be used as a theatre; that use continued to a recent date and after it was discontinued, arrangements were made to lease the property to H. C. Bohack Company, Incorporated, for use as a retail food market; that as appears from the drawings filed herein, the present theatre building has a marquee extending over a portion of the Broadway sidewalk; that the tenant proposes to permit that marquee to remain and to place the word "Bohack" on each of the sides and across the front in nonflashing illuminated sign; that no other advertising of any sort will be maintained on the marquee; that in view of the fact that the building was designed with the intent of maintaining a marquee thereon and that the present marquee has existed for approximately forty years, the applicant respectfully submit that it should be permitted to remain; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the application be granted under certain conditions.

*Resolved*, that the decision of the Borough Superintendent, dated September 27, 1960, acting on Alt. Applic. 344-60 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that all requirements of the resolution adopted this day under Calendar Number 1714-

# MINUTES

18-BZ, Vol. II shall be complied with; that the signs on the marquee shall be limited to signs giving the name of the lessee; that the projecting present signs above the marquee shall be removed; and that a certificate of occupancy shall be obtained.

## 979-24-BZ—Vol. III

APPLICANT—Gustave Goldman for Chris Vamakatis, owner.

SUBJECT—Application reopened March 8, 1960 as Volume III—decision of the Borough Superintendent, under Section 7a of the Zoning Resolution, to permit in a residence use district, the erection of a one story extension at the rear of 6918 4th Avenue for use as a check room as an accessory to the present restaurant.

PREMISES AFFECTED—6914-6920 4th Avenue, northwest corner of Ovington Avenue, Block 5872, Lots 47, 48, 49 and 50, Borough of Brooklyn.

### APPEARANCES—

For Applicant: Gustave Goldman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 9, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated January 27, 1960 as amended by decision dated October 3, 1960 acting on Alt. Applic. Nos. 3441-59 and 139-140-141 of 1960, reads:

"1. Proposed restaurant, bar, grill & catering within a residential district violates Article 2 Section 3 of Zone Resolutions."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7 a of the Zoning Resolution, to permit in a residence use district, the erection of a one story extension at the rear of 6918 Fourth Avenue for use as a check room as an accessory to the present restaurant *on condition* that the work shall be done in accordance with drawings filed with this application dated February 8, 1960, 6 sheets; that all laws, rules and regulations applicable shall be complied with; and that permits be obtained, work done and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 223-46-BZ

APPLICANT—Raymond J. Irrera for Ralph Intindoli, owner.

SUBJECT—Application reopened October 11, 1960 for consideration as to extension of term of variance, expired September 20, 1960—decision of the Borough Superintendent, previously granted on condition, under Section 7e of the Zoning Resolution, permitting in a business use district, the use of power driven saws.

PREMISES AFFECTED—40-16 31st Avenue, south side, 25 feet west of 41st Street, Block 678, Lot 44, Long Island City, Borough of Queens.

### APPEARANCES—

For Applicant: Raymond J. Irrera.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

### THE VOTE—

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, on June 17, 1947 as thereafter amended through September 20, 1955, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation September 20, 1960; and

WHEREAS, this application was reopened on October 11, 1960 and set for hearing on November 9, 1960 at 10 A. M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on November 9, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated August 19, 1960 acting on Alt. Applic. No. 964-45, reads:

"1. Request to extend Certificate of Occupancy for a period of five years is contrary to Board of Standards and Appeals Resolution Cal. #223-46-BZ."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 17, 1947 as amended through September 20, 1955 only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this *amended* resolution, to permit.....; *on condition* that no material of any kind shall be kept on the sidewalk; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."

## 429-49-BZ—Vol. III

APPLICANT—Elliot Saltzman for Mildred Robbins, owner.

SUBJECT—Application reopened July 12, 1960 as Volume III—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a residence use district, in an existing thirteen story Multiple Dwelling, the erection of an extension to occupy the area of the inner court on every floor above the first story roof.

PREMISES AFFECTED—38 Central Park South, southside, 245 feet east of Sixth Avenue, Block 1274, Lot 64, Borough of Manhattan.

### APPEARANCES—

For Applicant: Elliot Saltzman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 4, 1960, after due notice by publication in the Bulletin; laid over to October 25, 1960 for hearing at the request of applicant to conduct negotiation; applicant to submit new drawing; then to November 9, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated May 18, 1960, acting on Alt. Applic. 1146-59, reads:

"A8. Proposed coverage as indicated on submitted plan. Contrary to Art. IV—Sect. 19-e of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, in view of the practical difficulty involved in

# MINUTES

providing satisfactory apartments under present conditions, the Board finds that a grant, in this case, is justified and that such grant will not adversely affect the neighborhood; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 of the Zoning Resolution, to permit in a residence use district, in an existing thirteen story multiple dwelling, the erection of an extension to occupy the area of the inner court on every floor above the first story roof *on condition* that the work be done in accordance with drawings filed with this application dated June 13, 1960, 7 sheets, and October 20, 1960, one sheet, additional; that all laws, rules and regulations applicable shall be complied with; and that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

## 358-51-BZ

APPLICATION—Kozinn, Krasner and Kozinn for Heiss and Wegmann, Inc., owner.

SUBJECT—Application reopened October 11, 1960 for consideration as to extension of term of variance, expired September 13, 1960—decision of the Borough Superintendent, previously granted on condition, under Section 7h of the Zoning Resolution, permitting in a residence use district, the parking and storage of owner's motor vehicles being repaired.

PREMISES AFFECTED—284 East 136th Street, south side, 125 feet east of Lincoln Avenue, Block 2311, Lot 10, Borough of The Bronx.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 13, 1960 after due notice by publication in the Bulletin; laid over to October 11, 1960 at request of applicant; hearing closed; then to October 25, 1960 for decision; applicant to submit copy of easement; then to November 9, 1960 for applicant to file revised drawings and new objection of the Borough Superintendent and for decision; and

WHEREAS, the decision of the Borough Superintendent, dated September 11, 1959 acting on Alt. Applic. No. 3749-57, reads:

"1. On a lot located partly in a residence use district and partly in a business use district the proposed extension of the building within the business and residence use areas to occupy more than the permitted area is contrary to Art. II Sec. 3 of the Zoning Res. and to Art. IV Sec. 13(b) of the Zoning Res.

"2. The proposed exit from the rear of the building

over a residence use district is contrary to Art. II Sec. 3 of the Zoning Resolution.

Note: The proposed exit from the rear of the building is over the property of the adjoining owners without an easement of record or the consent of the owners."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions a and c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Sections 7a, 7c and 21 of the Zoning Resolution, to permit in a business and residence use, C area district, the extension of the first floor of an existing building, extending the present business use into the residence portion of the plot, occupying more than the permitted area coverage, with a business exit in the residence use district on condition that the work be done in accordance with drawings filed with this application dated June 23, 1960, five sheets, and November 7, 1960, one sheet revised; that the application insofar as it relates to Objection No. 2 of the decision of the Borough Superintendent, dated September 11, 1959, acting on Alt. App. 3749-57 is withdrawn; that all laws, rules and regulations applicable shall be complied with; and that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

## 898-59-BZ

APPLICANT—Lama, Proskauer and Prober for Giamboi Brothers Incorporated, owner.

SUBJECT—Application December 29, 1959—decision of the Borough Superintendent, under Sections 7c and 21 of the Zoning Resolution, to permit in a business and residence use D area district, the construction of a one story extension on the rear of building No. 1 and a one story building of Class 3 construction in the residence use portion of the plot without the required rear yard and exceeding the permitted area coverage for use of storage of plastering equipment and plastering material and storage of five (5) owners trucks in conjunction with the two present buildings on the same plot now used for office, storage of building materials, loading and unloading and storage of employees and customers cars which in the aggregate constitute garage units for more than five (5) motor vehicles.

PREMISES AFFECTED—2502-2508 Coney Island Avenue, (rear building) west side, 100.36 feet south of Avenue V. Block 7159, Lots 120 and 197, Borough of Brooklyn.

# MINUTES

WHEREAS, the decision of the Borough Superintendent, dated December 23, 1959 acting on N.B. Applic. No. 1374-59, reads:

"3. Proposed building in the residence portion of plot to be used for storage of plastering equipment, plastering materials and storage of five (5) owner's trucks in conjunction with present buildings on the same plot which are being used as office and storage of building materials, loading, unloading and parking of employee's and customers' cars in a plot located partly within a Business Use District and partly within a Residence Use District is contrary to Art. II Section 3 of the Zoning Resolution.

4. Provide proper rear yard for building in a Residence Use District and "D" Area District as required by Art. IV Section 14(a) and Section 17 of the Zoning Resolution.

5. Proposed structure exceeds the permitted area coverage in a "D" Area District as required by Art. IV Section 14(c) of the Zoning Resolution.

6. In a plot partly within a Business Use District and partly within a Residence Use District the facilities available for parking and storage of trucks and cars exceeds five (5) and therefore contrary to Art. II Section 4(a) subsection 15 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7 Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7c and 21 of the Zoning Resolution to permit in a business and residence use D area district, the construction of a one story extension on the rear of building No. 1 and a one story building of Class 3 construction in the residence use portion of the plot without the required rear yard and exceeding the permitted area coverage for use of storage of plastering equipment and plastering material and storage of five (5) owners trucks in conjunction with the two present buildings on the same plot now used for office, storage of building materials, loading and unloading and storage of employees and customers cars which in the aggregate constitute garage units for more than five (5) motor vehicles *on condition* that the work be done in accordance with drawings filed with this application dated December 29, 1959, 3 sheets, and October 29, 1960, 2 sheets revised; on the *further condition* that the exit door on the north side of the extension, as shown on the drawings, be omitted; that the exterior of the new extended portion of the building be of face brick; that all storage be confined to the building; that the areas along Avenue V and East 8th street, as shown on the drawings shall be landscaped and planted with trees not less than four inches in diameter and located not more than twenty feet apart; that all laws, rules and regulations applicable shall be complied with; and that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c, to permit in a retail and residence use district, the extension of the patron parking, from the business portion, into the residence portion of the plot, on condition that the work shall be done in accordance with drawings filed with this application dated May 12, 1960, 4 sheets and October 27, 1960, 1 sheet revised; on further condition, that the curb cut on Dexter Court shall be located 10 feet from the intersection with the Jamaica Avenue front; that the 10 foot buffer strip shall be mowed and planted with shrubbery; that there may be two 10 foot curb cuts on Jamaica Avenue if owner so desires; that the existing fence along the north property line shall be maintained; that all laws, rules and regulations applicable shall be complied with; and that all permits, including certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 8-60-BZ

APPLICANT—Casale and Nowell for Edward D. Stone, owner.

SUBJECT—Application May 20, 1960—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a residence use, B area, 1½ height district, the extension of the use of architect's office, previously granted by the board, to include the fifth (5) floor.

PREMISES AFFECTED—7 East 67th Street, north side, 175 feet east of Fifth Avenue, Block 1382, Lot 8, Borough of Manhattan.

## APPEARANCES—

For Applicant: A. F. Gunther.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker..... 4

Negative ..... 0

Absent: Commissioner Sleeper..... 1

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 25, 1960, after due notice by publication in the Bulletin; laid over to November 9, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated April 22, 1960, acting on Alt. Applic. 1501-59, reads:

"A2—Proposed occupancy of the fifth floor for business use in a residence district is contrary to Article II Section 3 of the Zoning Resolution and resolution adopted by the Board of Standards and Appeals December 15, 1959 acting on Cal. #677-59BZ."

WHEREAS, the premises and surrounding are were inspected by a committee of the Board and the committee

recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7 c of the Zoning Resolution, to permit in a residence use, B area, 1½ height district, the extension of use of previously granted architect's office to include the fifth floor on condition that the work conform with drawings filed with this application dated May 20, 1960, six sheets; that this variance, which is to be co-terminous with the variance granted by the Board under Cal. No. 677-59-BZ shall extend to December 15, 1974; that all laws, rules and regulations applicable shall be complied with; and that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

## 409-60-A

APPLICANT—Casale and Nowell for Edward D. Stone, owners.

SUBJECT—Application May 20, 1960—appeal from a decision of the Borough Superintendent—re Class III Commercial bldg.,—stair enclosure, fifth floor.

PREMISES AFFECTED—7 East 67th Street, north side, 175 feet east of Fifth Avenue, Block 1382, Lot 8, Borough of Manhattan.

## APPEARANCES—

For Applicant: A. F. Gunther.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker..... 4

Negative ..... 0

Absent: Commissioner Sleeper..... 1

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 22, 1960 on Alt. Applic. 1501-59, reads:

"C-9 Proposed occupancy of fifth floor in a Class III commercial building is contrary to 4.2.1. BC (C26-254.0 A.C.).

C-10 Provide a stair enclosed with walls or partitions having a fire-resistive rating of at least two hours as per (6.4.1.8.1.) BC (C26-292.0 h) AC."

and

WHEREAS, the applicant states that the building is 25 feet by 98 feet 4 inches in area, 5 stories, 58 feet 6 inches high, of class 3 construction, located in residence use, B area, class 1½ height district, built in 1881, now being altered for the following use, substantially in accordance with Alt. Applic. 1501-59: cellar—exhibition room, blue print room and boiler room, 1 person; 1st floor—lobby, office and drafting room, 7 persons; 2nd floor—conference room and offices, 7 persons; 3rd floor—drafting room, 23 persons; 4th floor—drafting room, 17 persons; 5th floor—drafting room, 12 persons; and

WHEREAS, the applicant states that the above captioned premises was the subject of Cal. No. 677-59-BZ and under that appeal the Board of Standards and Appeals adopted a resolution which permitted the building to be occupied as an architect's office and drafting rooms in a residence district; that one of the conditions of the resolution was that the top, or 5th floor, shall not be occupied; that since the aforementioned resolution, the plans have been approved by the Department of Buildings, a building permit has been issued and the alteration work commenced; that the owner has gone to great expense to reinforce the floor framing in order to meet the live load requirements of an office occupancy; that an amended 5th floor plan was recently submitted to the Department of Buildings showing that floor to be occupied as a drafting room; that this proposal was

# MINUTES

denied, as such occupancy is contrary to the Zoning Resolution and the building code; that it is the applicant's belief that a safer condition will be provided for the entire building if the 5th floor was now occupied than if it were vacant and sealed off as originally proposed; that the contemplated alteration completely removes all partitions, thereby eliminating the rooms and closets where a hazard could be breeding without detection by the occupants on the floors below; that the partitions for the stair enclosure on all floors will be fire retarded on both sides with gypsum plaster on rock lath; that all openings thereon will be protected with  $\frac{3}{4}$  hour fireproof doors and assemblies with self-closing hinges; that these materials provide a fire resistive rating of one hour; that in addition, the entire enclosure from street to roof will be further protected by an existing sprinkler system; that this sprinkler installation was installed in compliance with Section 187 of Multiple Dwelling Code; and

WHEREAS, the premises was inspected by a committee of Board and the committee recommended that the appeal be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated April 22, 1960, acting on Alt. App. 1501-59, Objection Nos. C-9 and C-10 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that all the requirements of the resolution adopted this day under Cal. No. 408-60-BZ be complied with; that the stair enclosure shown be not less than one-hour construction; that the stair enclosure be sprinklered throughout; that the doors leading to the stairway be fireproof self-closing doors; and that a certificate of occupancy be obtained.

## 430-60-BZ

APPLICANT—James Whitford, Jr. for Frank DeStasio, owner.

SUBJECT—Application May 24, 1960—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, the erection of a one story and cellar building for use as a funeral establishment and use of the unbuilt upon portion of the premises for accessory parking.

Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Commissioner Sleeper..... 1

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 28, 1960 on Alt. Applic. 1359-60, reads:

"2—The use of the attic in a frame two story 2 family dwelling for living purposes is contrary to Sec. 4.2.1 of the Administrative Code."

and

WHEREAS, the applicant states that the building is 28 feet by 53 feet in area, 2½ stories, 29 feet 3 inches high, of class 4 construction, located in residence use, G-1 area, class 1 height district, built in 1956, now used and occupied since 1957: 1st floor—boiler room and 2 car garage; 2nd floor—1 family; attic—1 family dwelling; and

WHEREAS, the applicant states that the exterior walls on the 1st floor are of brick veneer and concrete block construction and on the 2nd floor are of brick veneer and stud wall construction; that the attic consists primarily of wood shed dormers with exterior walls of 2 by 4 studs 16 inches on center, covered on the outside with wood sheathing, felt and cedar shingles and siding; that all of the interior walls and partitions are plastered with rock lath and gypsum plaster; that the building was completed on May 22, 1956 and a Certificate of Occupancy #Q109635 for a one family dwelling was issued on May 28, 1956; that in this building only 2 stories, namely the 2nd and attic floors are used for human occupancy in the legal sense of the term; that the 1st floor areas are for accommodation uses only, and not for living purposes; that the use of this building therefore complies with Section C26-536.0 of the Administrative Code, which states among other things that "It shall be unlawful to use more than 2 stories for living quarters in 2 family residence buildings"; that it is not the intent of the Administrative Code to apply Section C26-254.0 so as to prevent the use of attic floor space (particularly buildings of this character) for human occupancy in 2 family dwellings; that this interpretation has been used by the Department of Buildings for many years past; that so much so that in 1941, Commissioner Bernard J. Gilroy issued an order to permit the use of attic spaces for living purposes provided a ladder from the ground to the attic which was installed; that adjoining the premises to the west, on the northeast corner of 157th Street, is a 2½ story, 2 family dwelling, with a fire escape to the attic; that back to back with the premises, facing Powells Cove Boulevard (157-12), is a 2½ story frame legal four family dwelling with a fire escape to the attic; that No. 158-02 Powells Cove Boulevard on the same block, 80 feet to the east of the latter 4 family dwelling, is a 2½ story 2 family frame dwelling approved in 1932 with the use of the attic floor without a ladder; that across the street from the premises is a 2½ story frame dwelling and 2 attached 3 story frame dwellings, all with legal 2 family occupancies and without ladders to the attic and 3rd floors respectively; that there are numerous other 2½ story frame two family dwellings in the surrounding area with approved uses of the attic, some with and some without ladders; that the fire hazard in the building on the premises is considerably less than in the 2½ story frame buildings above mentioned; that as the 1st floor of the premises is of non-fireproof construction, the 2nd floor exterior walls are brick veneered against stud walls leaving only the attic floor of exposed frame construction; that this building may, to all intents and purposes, be considered a 1½ story frame building, with a cellar of non-fireproof construction; that the cellar which happens to be a 1st floor legally, is only a coincidence; that it was not the intent of the lawmakers to penalize excellent structures of this character, only one-third of which is really of frame construction, to be governed by laws designed for more hazardous occupancy; that this type of structure merits a separate category with much less strin-

gent rules applied to it, than is now applied to completely exposed frame structures; that this is probably an error of omission in the Administrative Code, which may some day be corrected; that this building was purchased solely because of the existence of the complete apartment on the attic floor; that a high price was paid for it primarily from the proceeds of U. S. Government Insurance monies paid to Mr. and Mrs. Gertler after the death of their son; that the value of this building would depreciate should the use of the attic floor be prohibited; that the owners in such event would have to move from the premises and sell the building at a considerable loss; and

WHEREAS, the premises was inspected by a committee of the Board.

*Resolved*, that the decision of the Borough Superintendent, dated June 28, 1960, acting on Alt. Applic. 1359-60, Objection No. 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, *an condition* that all the requirements of the resolution adopted this day under Cal. No. 525-60-BZ shall be complied with; that a legal fire escape shall be provided on the rear of the building; and that a certificate of occupancy shall be obtained.

Adjourned 12:45 P.M.

JAMES P. MULROY, *Secretary*.

## REGULAR MEETING

WEDNESDAY AFTERNOON, NOVEMBER 9, 1960,  
2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker.

| Absent: Commissioner Sleeper .....                                                                 | 1 |

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 22, 1960 on N.B. Applic. 745-60, reads:

"1. Proposed building is on a lot not located on a legal city street, proposed construction is contrary to Article 3, Section 36 of the General City Law."

and  
WHEREAS, the applicant states that the premises is presently vacant, located in residence use, E area, class 1 height district, that the proposed use and occupancy will be: 1 family residence and 1 car off-street building; and

WHEREAS, the applicant states that the property on which the proposed house is to be erected was purchased from the City of New York in an IN REM sale on February 18, 1960; that the sales price to the City of New York was approximately \$85. per front foot with a 46 foot lot representing a \$3900 cost to the owner for unimproved property; that in addition to the above cost, the owner must spend monies for sewer connection to connect to a private sewer in the street, not installed by the City of New York and in addition is subject to costs and charges or assessments for sidewalks, curbs and street paving; that this would indicate that the cost of the property and the obligations are such as to make the property immediately available for building; that however, due to a recent interpretation by the Department of Buildings, Borough of Richmond, it was decided by the Superintendent of Buildings that no permits would be issued where final mapped streets are not available; that this has prevented the issuance of a permit for the construction of this one family house on the property in question; that it is further emphasized that the street in question, Dora Street, has in addition to the privately installed sewer; gas installed by the Brooklyn Union Gas Company; electricity installed by the Con Edison Company; and water installed by the City of New York, as well as telephone installed by the New York Telephone Company; that because of the desirable location for residential purposes the owner and builder was immediately requested to sign a contract for the sale of this proposed use with the further understanding that this house would

be available for occupancy in the Fall of 1960; that the ruling by the Superintendent of Buildings, Borough of Richmond has created a hardship for the owner and builder.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 745-60, Objection No. 1 be and it hereby is *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be and it hereby is *granted, on condition* that the building and premises shall conform with drawings filed with this appeal dated August 5, 1960, 2 sheets; on further condition, that if it is necessary to perform work at some future date to conform to the legal grade, the expense of such work shall be borne by the owner; and that a Certificate of Occupancy shall be obtained.

## 597-60-A

APPLICANT—Albert Melniker for David Steinberg and Sons and Harry Steinberg, owners.

SUBJECT—Application August 5, 1960—Filed pursuant to Section 36 of the General City Law re—building not fronting on legal street—Dora Street.

PREMISES AFFECTED—43 Dora Street, north side, 86.34 feet east of Crystal Avenue, Block 472, Lot 76 Westerleigh, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 12, 1960 on N.B. Applic. 952-60, reads:

"1—Proposed building is on a lot not located on a legal city street. Proposed construction is contrary to Article 3, Section 36 of the General City Law."

and

WHEREAS, the applicant states that the site is presently vacant, located in residence use, E area, class 1 height district; that the proposed use will be: 1 family and 1 car off-street parking; and

WHEREAS, the applicant states that the property on which the proposed house is to be erected was purchased from the City of New York in an IN REM sale on February 18, 1960; that the sales price to the City of New York was approximately \$85 per front foot with a 46 foot lot representing a \$3,900 cost to the owner for unimproved property; that in addition to the above cost, the owner must spend monies for sewer connection to a private sewer in the street, not installed by the City of New York and in addition is subject to costs and charges for assessments for sidewalks, curbs and street paving; that this would indicate that the cost of the property and the obligations are such as to make the property immediately available for building; that however, due to a recent interpretation by the Department of Buildings, Borough of Richmond, it was decided by the Superintendent of Buildings that no permits would be issued where final mapped streets are not available; that this has prevented the issuance of a permit for the construction of this one family house on the property in question; that it is further emphasized that the street in question, Dora Street, has in addition to the privately installed sewer; gas installed by the Brooklyn Union Gas Company; electricity installed by the Con Edison Company; and water installed by the City of New York, as well as telephone installed by the New York Telephone Company; that because of the desirable location for residential purposes the owner and builder was immediately requested to sign a contract for the sale of this proposed house with the further understanding that this house would be available for occupancy in the Fall of 1960; that the ruling by the Superintendent of Buildings, Borough of Richmond has created a hardship for the owner and builder.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 952-60, Objection No. 1 be and it hereby is *modified* under the powers vested in the Board

# MINUTES

by Section 36 of the General City Law, and that the appeal be and is hereby is *granted, on condition* that the building and premises shall conform with drawings filed with this appeal dated August 5, 1960, 2 sheets; on further condition, that if it is necessary to perform work at some future date to conform to the legal grade, the expense of such work shall be borne by the owner; and that a Certificate of Occupancy shall be obtained.

## NOTICE

### WARNING

Notice is hereby given to all appellants and applicants,  
and to all lawyers, architects and engineers representing  
owners or lessees in proceedings before the Board—

*First*, That if they do not appear in person or by rep-  
resentative at the hearing of their case, dismissal for lack  
of prosecution is likely to result.

*Second*, That due and ample notice of the date set for  
hearing is provided in the publication of this BULLETIN of  
the calendars of the Board, each case being set down by  
Calendar Number and the premises under the date of the  
hearing.

*Third*, That no plea of ignorance of the date of the  
hearing can be entertained in view of this publication and  
of the posting of the calendars on the bulletin board in the  
offices of the Board.

*Fourth*, That no one is entitled to written notice of the  
date for the hearing in his case, and that the plea of failure  
to receive such notice is no excuse for neglect to appear.

*Fifth*, That the business of the Board is to dispose of  
cases promptly; therefore, no appeal or application will  
be held in abeyance by reason of failure of the appellant  
or applicant to file necessary data, or by any other method  
of delay.

*Sixth*, That no appeal or application will be accepted for  
filing unless, at the time of filing, all papers, plans and data  
required by law are supplied, as specified on the blank  
appeal or application forms.

Applicants, under the Zoning Resolution, are entitled to  
one copy of Form 7NO.

If they desire additional copies, for their own convenience  
in notifying property owners, they may obtain such  
copies at the office of the Board of Standards and Appeals,  
80 Lafayette Street, 9th Floor, Manhattan, at five cents  
each—add postage payment if the forms are forwarded by  
mail. Purchase payment by postage stamps NOT ACCEPTED.  
ABLE.

**In Memoriam—Harold R. Sleeper**

WHEREAS, Harold R. Sleeper has been a Commissioner of this Board since January 1, 1958; and

WHEREAS, he came to the Board to devote himself to public service after a long and distinguished career as an outstanding architect, author and teacher; and

WHEREAS, he gave to his work as Commissioner the same zeal and dedication which he had shown through the years of his private practice and commanded the friendship and respect of all who knew him; now therefore be it,

RESOLVED, that the Board of Standards and Appeals, its officers, staff and employees, express their great sorrow at his loss and their profound sympathy for his family; and be it further

RESOLVED, that a copy of this resolution be sent to Mrs. Harold R. Sleeper.

ACTION OF BOARD—Application granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert and Commissioner Becker..... 3  
Negative: Commissioner Fox ..... 1

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 1, 1960 after due notice by publication in the Bulletin; laid over to November 15, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated March 25, 1960 acting on Alt. Applic. No. 256-60, reads:

"1. The proposed one story extension to the existing gasoline service sta., lubritorium, office and sales, car washing, minor auto repairs with hand tools only for adjustments maintained solely within the bldg., Parking and Storage of cars in open area; rearranging interior partitions, refacing facade of bldg. with porcelain enamel facing and rearrangement of pump islands located in a Retail use dist., is contrary to Art. II Sec. 4A and Bd. of Sta. and Appeals Variance under Cal. #147-34-BZ."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7a, to permit in a retail use district, the construction of an extension, re-arrangement of partitions and refacing the exterior with porcelain enamel on the present service building of the existing gasoline service station and the rearrangement of the pump islands, *on condition* that the work shall conform with drawings filed with this application dated April 13, 1960, 6 sheets; that there shall be no windows in the rear of the service building; that the parking and storage shall be for passenger vehicles only; that all laws, rules and regulations applicable shall be complied with; and that all permits including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

74-35-BZ—Vol. III

APPLICANT—Larry Meltzer for Thaler Realty Corporation, owner; Wurtzel Brothers, Inc., lessee.

SUBJECT—Application reopened December 22, 1959 as Volume III—decision of the Borough Superintendent, under Section 7i of the Zoning Resolution, to permit in a business use district, the inclusion of motor vehicle repair shop and automobile showroom to an existing gasoline service station and storage garage for more than five (5) motor vehicles (previously granted by the Board.)

PREMISES AFFECTED—2475 to 2481 Flatbush Avenue and 5101 to 5119 Avenue U, northeast corner, Block 8543, Lot 3, Borough of Brooklyn.

## THE RESOLUTION—

WHEREAS, on October 15, 1941, as thereafter amended through October 11, 1955, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which expired by time limitation October 11, 1960; and

WHEREAS, this application was reopened on October 18, 1960 and set for hearing on November 15, 1960 at 10 A. M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on November 15, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated September 7, 1960 acting on B. N. Applic. No. 451-41, reads:

"1. Parking & storage of more than 5 motor vehicles, pleasure type and taxi-cabs and frame structure, partly in business use and partly in residence use district is contrary to Art. II Sec. 3 of the Zoning Resolution."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 15, 1941, as amended through October 11, 1955, only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this *amended* resolution, *on condition* that the fence along Fifth Avenue shall be put in proper condition; and that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."

## 395-46-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober for Eleanor M. Howard, owner.

SUBJECT—Application October 20, 1960, decision of the Borough Superintendent, under Sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the construction and maintenance of a gasoline service station, lubritorium, office, storage, minor auto repairs and storage of more than five (5) motor vehicles, previously granted by the Board under Volume II and to extend the time in which to obtain permits and complete the work under Volume II and under Volume III, to install new curb cuts, relocate the pump island and reduce the size of the building.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application October 18, 1960 after due notice by publication in the Bulletin; laid over to November 1, 1960 for inspection and decision; hearing closed; then to November 15, 1960 for decision; applicant to file revised drawings; and

WHEREAS, the decision of the Borough Superintendent, dated May 12, 1960 acting on Alt. Applic. No. 3075-58, reads:

"1. The proposed one story class-3 extension and the change of use of an existing store and one family dwelling to be used for offices, storage or pipes, threading and cutting of pipes and parking and storage of motor vehicles in open area and the proposed business signs and curb cuts in a plot located in a Residence Use district is contrary to Art. II sect. 3 of the Zoning Resolution."

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and revised drawings considered; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7e, for

a term of fifteen years, to permit in a residence use district, the conversion of use to the present two and one-half story building from store and dwelling, to offices, and to erect a one story extension for the storage of pipe and threading and cutting of pipe and the parking and storage of motor vehicles on the unbuilt upon portion of the plot, on condition that the work shall conform with drawings filed with this application dated May 24, 1960, 1 sheet and November 10, 1960, 6 sheets revised; that all laws, rules and regulations applicable shall be complied with; and that all permits including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 533-60-A

APPLICANT—Lama, Proskauer and Prober for Estate of Frank Permeggia, owner.

SUBJECT—Application May 24, 1960, appeal from a decision of the Borough Superintendent, re: frame construction, live load.

PREMISES AFFECTED—170-02 to 170-08 (170-02 official) 93rd Avenue and 93-01 to 93-11 170th Street, southeast corner, Block 10219, Lots 1 and 118, Jamaica, Borough of Queens.

## APPEARANCES—

For Applicant: Alfred A. Lama.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 12, 1960 on Alt. Applic. 3075-58, reads:

"2—The proposed use of existing frame building for commercial purposes is contrary to Sect. 4.1.3 of the Bldg. Code.

3—Provide 50# L.L. for 2nd fl. office and required by Sect. 7.3.2.2.2 B.C.

NOTE: these premises were subject to Board of Standards and Appeals variance under Cal. #522-48-BZ."

and

WHEREAS, the applicant states that the building is 22 feet by 32 feet in area, 2½ stories, 26 feet high, of class 4 construction, located in residence use, C area, class 1½ height district, built in 1902, now used and occupied: Cellar—storage and boiler room; 1st floor—store and dwelling; 2nd floor and attic, dwelling; and that the proposed use and occupancy will be: Cellar—storage; 1st floor—offices, 7 persons; 2nd floor—offices, 4 persons; attic—vacant; that the open area will be for the parking and storage of motor vehicles; and

WHEREAS, the applicant states that the present building was erected under N.B. Applic. #467-02 for use as store and one family; that no certificate of occupancy was issued; that the records further indicate that under Alt. Applic. #3075-58 and Board of Standards and Appeals Cal. No. 522-48-BZ, Vol. II an application was approved February 2, 1960 to use the building as store and office on the 1st floor and residence on the 2nd and attic floors; that the open area was approved for parking and storage of more than 5 motor vehicles of pleasure car type only; that however, no work was done on this application; that this application forms the basis of an appeal of the Building Zone Resolution for a temporary period of 15 years in order to convert the present building from a store and dwelling to "Offices" and erect a new one story extension of Class III construction having a frontage of 53.06 feet, a depth of 80 feet for use as "Storage of Pipes" Threading and Cutting of pipes; that the open area is proposed for use as "parking and storage" of motor vehicles; that although the present building is classified as a frame building the only part that is frame is the attic; that under this application the stairs to the attic will be removed and the attic will re-

# MINUTES

main vacant; that 40 pounds floor load capacity signs will be posted on the 2nd floor and at no time will the floor load be exceeded; and

WHEREAS, the premises was inspected by a committee of the Board.

*Resolved*, that the decision of the Borough Superintendent, dated May 12, 1960, acting on Alt. Applic. 3075-58, Objection Nos. 2 and 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted, on condition* that all the requirements adopted by the Board this day under Cal. No. 522-48-BZ, Vol. III shall be complied with and a certificate of occupancy shall be obtained.

## 240-55-BZ

APPLICANT—Lama, Proskauer and Prober for Stanley S. Kilburn, owner.

SUBJECT—Application reopened October 18, 1960 for consideration as to extension of term of variance, expires December 13, 1960—decision of the Borough Superintendent, previously granted on condition, under Section 7e of the Zoning Resolution, permitting in a business and residence use district, the erection and maintenance of a structure, in the business use district portion of a lot, to be used as body and fender repair shop, auto repair shop, car and motor washing, welding, painting and spraying and office and gasoline pump within building, owners use only, and parking of cars awaiting service and the storage of kerosene and gasoline in buried tanks, owners use only, in the residence use district portion of the plot.

### THE RESOLUTION—

WHEREAS, on December 13, 1955 as thereafter amended through June 26, 1955, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which will expire by time limitation December 13, 1960; and

WHEREAS, this application was reopened on October 18, 1960 and set for hearing on November 15, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on November 15, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated August 26, 1960 acting on N.B. Applic. No. 596-55, reads:

"1. Proposed extension of term of variance of existing Body & Fender Work, Auto Repair Shop, Car & Motor Washing & Welding, Painting & Spraying, Office, One (1) Gasoline pump (for owner's use only), curb cuts & business signs, in a lot located partly within a Business Use District & partly within a Residence Use District, is contrary to Article II, section 4a and section 3 of the Zoning Resolution.

Note: This premises was subject of B.S. & A. variance under Cal. #240/55/BZ granted for a temporary term to expire 12/13/60."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 13, 1955 as amended through June 26 1955 only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this *amended* resolution, *on condition* that the illegal

signs shall be removed on both the Northern Boulevard and 45th Road frontages; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."

## 356-59-BZ—Vol. II

APPLICANT—Leonard F. Rothkrug and Anthony Nappi for Ned Kalesh, owner.

SUBJECT—Application October 7, 1960, decision of the Borough Superintendent, under Sections 7c and 21 of the Zoning Resolution, to permit in a retail and residence use, C area district, the rearrangement of a proposed one-story extension to a building used as a commissary for a catering establishment for catering use with an occupied area in excess of that permitted, previously granted by the Board.

PREMISES AFFECTED—8609-8613 Fort Hamilton Parkway, east side, 67 feet 5 inches south of 86th Street, Block 6053, Lot 14, Borough of Brooklyn.

WHEREAS, a public hearing was held on this application on October 25, 1960 after due notice by publication in the Bulletin; laid over to November 15, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated April 21, 1960 acting on N.B. Applic. No. 369-60, reads:

"1. The proposed supermarket with accessory parking located in a Residence Use District is contrary to Sec. 3, Art. II of the Zon. Res."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 369-60, Objection No. One, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 402-60-BZ

APPLICANT—Leonard F. Rothkrug for Stanton Management, Incorporated, owner; Bomar Builders, Incorporated, lessee.

SUBJECT—Application May 20, 1960—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, the construction and maintenance of a retail supermarket, and accessory parking and signs for a temporary term of twenty-five (25) years.

PREMISES AFFECTED—2069 Bruckner Boulevard, northwest corner of Olmstead Avenue, Block 3797, Lots 33, 42, 50, 52 and 60, Borough of The Bronx.

## APPEARANCES—

For Applicant: Leonard F. Rothkrug.  
For Opposition: None.

ACTION OF BOARD—Application granted on condition.  
THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 25, 1960 after due notice by publication in the Bulletin; laid over to November 9, 1960 for inspection and decision; applicant to file amended drawing; hearing closed; then to November 15, 1960 for decision; applicant to file revised drawings; and

WHEREAS, the decision of the Borough Superintendent, dated May 10, 1960 acting on N.B. Applic. No. 602-60, reads:

"1. The proposed supermarket & stores and accessory parking in a Residence use district is contrary to Art. II Sect. 3 of the Zon. Res. and is therefore denied."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e, to permit in a residence use district, the construction and maintenance of a retail supermarket, accessory parking and signs for a temporary term of twenty-five years, *on condition* that the work shall conform with drawings filed with this application dated May 20, 1960, 1 sheet and November 14, 1960, 5 sheets revised; that the only opening through the fence on Chatterton Avenue shall be a gate 3 feet 6 inches wide for pedestrians not more than 25 feet from the Olmstead Avenue building line; that trees shall be planted along Chatterton Avenue between the sidewalk and the curb approximately 25 feet apart and not less than 4 inches in diameter; that there shall be no signs on Chatterton Avenue; that all laws, rules and regulations applicable shall be complied with; and that all permits including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 16, 1960 on N.B. Applic. 600-58, reads:

"2—The mezzanine floor proposed to be used for storage is required to be good for a live load of 120 lbs. per square foot, as per 7.3.2.3 B.C.

3—In a class I structure the floor should be constructed in accordance with the provisions of 3.2.1 B.C. as to 3 hour protection for all beams and girders.

4—The minimum thickness of the members of the structural framework must comply with the provisions of 8.6.2.6 B.C."

and

WHEREAS, the applicant states that the building is 205 feet 3½ inches by 277 feet 8⅞ inches irregular in area, 4 stories, 45 feet 5 inches high, of class 1 construction, located in Business and restricted retail use, B area, class 2 height district, built in 1958, now used and occupied since 1959: cellar—storage, 60 persons; mezzanine—storage; street level—stores, 500 persons; 1st, 2nd, 3rd floors and roof—parking, 60 persons each floor; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the garage was erected under N.B. Applic. 600-58 and Board of Standards Cal. No. 51-59-A, Volume I; that the cellar mezzanine will have a posted floor load of 100 lbs. per square foot and will not be exceeded at any time; that the cellar mezzanine is constructed of steel shelving and for all intent and purpose not considered a floor; that although the structural members are below the minimum required by the provision of 8.6.2.6 B.C. they will be reinforced as shown by the Schedule of Items to be added to structural member; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the application be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated June 16, 1960, acting on N.B. Applic. 600-58 Objections Nos. 2, 3 and 4 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* the

# MINUTES

building shall conform with drawings filed with this appeal dated July 1, 1960, two sheets; on further condition, that maximum height to which the merchandise on the mezzanine platform will be piled will be 18 inches below the sprinkler heads; that signs shall be posted conspicuously containing approximately the following copy: Floor load posted 100 pounds per square foot. The following type merchandise may be stored when piled to not exceed this weight: general home furnishings, gift boxes, sample appliances, luggage, decorative ornaments, fans, electric accessories; The following merchandise shall not be stored on this mezzanine: canned or bottled liquids or heavy solids, Kraft paper supplies, stair treads, mats or heavy rubber material, domestics, garden supplies; and on the further condition, that the present sprinkler system shall be maintained; and that all laws, rules and regulations applicable shall be complied with and a Certificate of Occupancy shall be obtained.

 Negative: ..... 0

**THE RESOLUTION**—  
**WHEREAS**, this application was granted by the Board as Vol. II, on November 24, 1959, on certain conditions; and  
**WHEREAS**, the resolution was amended on April 19, 1960; and  
**WHEREAS**, the applicant requested a further amendment of the resolution and an extension of time to obtain permits and complete the work.  
*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 24, 1959, as *amended* on April 19, 1960, by adding thereto:

“that in the event the owner desires to cover the two fronts of the accessory building with approved porcelain enamel, to relocate the three approved new 550-gallon gasoline storage tanks and to provide one 25-foot curb cut and one 30-foot curb cut on both Fulton Street and Troy Avenue, such change may be permitted substantially as shown on revised drawings of proposed conditions dated October 18, 1960, 2 sheets, *on condition* that the revolving sign shown at the corner shall not be permitted; that if any sign is to be placed on the property, a detail of this sign shall be submitted to the Board for approval; and that other than as herein *amended* the resolution above cited shall be complied with in all respects;

and further *amended* as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

“that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a certificate of occupancy shall be obtained.” (Alt 722/59)

## 781-45-BZ

**APPLICANT**—Lama, Proskauer and Prober for John Oplande, owner; California Oil Company, lessee.  
**SUBJECT**—Application for consideration—reopening for extension of time to complete which expired November 10, 1960—decision of the Borough Superintendent; previously granted on condition, under Section 7c of the Zoning Resolution, permitting in a business use district, the extension and reconstruction of an existing gasoline service station, auto repair shop and auto showroom.

## APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 is further amended by Chapter 805 of 1959 and provides as follows as to appeals:

### LAWS OF NEW YORK—By Authority

#### Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- 1) Height and bulk;
- 2) Required open spaces;
- 3) Minimum dimensions of yards or courts;
- 4) Means of egress; or
- 5) Basements and cellars in dwellings erected on or after April twelfth, nineteen hundred one.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

## RULES

### RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the power conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

#### Labor Law

##### Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

#### RULE 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalty as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

#### Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sample testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room separated from the rest of the building by fireproof or fire-resisting partitions, with all openings therein protected by self-closing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the walls and ceiling of such room shall be covered with fire-retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;  
Boiler making;  
Brick, terra cotta or artificial stone works;  
Forge shops;  
Foundries;  
Iron, steel, brass or copper works;  
Machine shops;  
Smelting;  
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction.

(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable materials are deposited in fireproof receptacles.

Notice of Appeals as to Multiple Dwellings.

Rules Relating to Smoking in Factories, etc.

PETITION AND ORDER OF CERTIORARI  
SERVED ON THE BOARD OF STANDARDS  
AND APPEALS.

On November 21, 1960, Petition and Order of Certiorari was served on the Board by Hodges, Reavis, McGrath & Downey, attorneys for petitioners, River Drive Construction Corp., et al., objecting property owners, seeking a review of the Board's determination on October 11, 1960, granting a variance under Sections 7c and 7e of the Zoning Resolution, to permit in a local retail and residence use district, the erection of a one and two story building for use as a supermarket, five stores, a bowling alley for a term of twenty years and open air parking; Calendar Number 371-60-BZ; Premises 71-28 to 71-40 Kissena Boulevard, northwest corner of 72nd Road, Block 6698, Lot 12, Flushing, Borough of Queens.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Commissioners, Director or the Engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

NOTICE

1—CALENDAR: Notices of public hearing on applications for zoning variances, will be published twice: first publication, listing new cases set for hearing, in the Bulletin available to the public at least 14 days before the date of hearing; second publication, in the last Bulletin available to the public immediately prior to the hearing date. The second publication will be augmented with a listing of cases laid over from previous hearings. Attention is directed to the MINUTES of such previous hearings, where the reasons for laid over cases will have been published. Notices of public hearing on applications for approval of materials and appliances will be published once, at least 10 days prior to the hearing date.

2—MINUTES: The publication of the "digest" of the applicant's statement has been discontinued, except that the administrative orders, decisions, etc., which are the subject of each application or appeal will be published. The summary of information given in the Appeal Form (Form A) shall be published for Administrative Appeals. The Board will continue to publish such other matters as it may deem advisable.

Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, on May 5, 1959 as amended November 10, 1959, this application—Vol. II—was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation May 5, 1960; and

WHEREAS, this application was reopened on October 25, 1960 and set for hearing on November 22, 1960 at 10 A. M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on November 22, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated September 8, 1960 acting on Alt. Applic. No. 1434-57, reads:

"1. As application has expired under Section 22A of the Zoning Resolution as per Cal. #172-16-BZ, proposed extension of time is referred to the Bd. of Standards and Appeals."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 5, 1959, as amended through November 10, 1959, only as to the time to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a certificate of occupancy shall be obtained."

## 67-33-BZ—Vol. IV

APPLICANT—Lama, Proskauer and Prober for Salvatore Puma, owner.

SUBJECT—Application reopened May 10, 1960 as Volume IV—decision of the Borough Superintendent, under Sections 7a, 7f and 7i of the Zoning Resolution, to permit in a business and residence use district the reconstruction and extension in area of an existing gasoline service station with the additional uses of lubricatorium, minor auto repairs, car washing, storage room, office and sales, ground sign and parking and storage of motor vehicles in open area for a term of fifteen (15) years.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 25, 1960 after due notice by publication in the Bulletin; laid over to November 9, 1960 for inspection and decision; applicant to show proper dimensions on drawings; hearing closed; then to November 22, 1960 for decision; applicant to submit revised drawing; and

WHEREAS, the decision of the Borough Superintendent, dated March 28, 1960 acting on N.B. Applic. No. 360-60, reads:

"1. Demolition & reconstruction of existing gasoline service garage and extension of use and area to include lubritorium, minor auto repairs, car washing, storage room, office & sales and parking and storage of motor vehicles in open area partly in a residence use district & partly in a business use district is contrary to Art. II Sect. 3 & 4 of the Z.R. & Bd. of S&A Cal. #67-33-BZ.

"2. Ground sign to a non conforming use in a business district is contrary to Art II Sect. 4 of the Z.R.

"3. Curb & signs for commercial use in a residence use district is contrary to Art. II Sect. 3 of the Z.R."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions a, f and i of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7a, 7f and 7i of the Zoning Resolution, to permit in a business and residence use district, the reconstruction and extension in area of an existing gasoline service station, with the additional uses of lubritorium, minor auto repairs, car washing, non-automatic, storage room, office and sales, ground sign and parking and storage of motor vehicles in the open area, for a term of fifteen (15) years, *on condition* that the work be done in accordance with drawings filed with this application dated April 13, 1960, 6 sheets, and November 18, 1960, one sheet revised; that curbs and sidewalks on all streets be put in good condition to the satisfaction of the Borough President; that all laws, rules and regulations applicable be complied with; and that all permits be obtained, all work completed and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

Negative . . . . . 0

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 1, 1960 after due notice by publication in the Bulletin; laid over to November 22, 1960 for inspection and decision; amended drawings to be submitted by applicant; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated December 2, 1959 acting on Alt. Applic. No. 1096-59, reads:

"1. Proposed extension of use of premises to gasoline service station, office, car washing, greasing, 14 gasoline tanks and 4 pumps in a residence use district in contrary to Art. II Sect. 3 of the Z.R."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and amended drawings have been received; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7a, to permit in a residence use district, the construction of a new service building and the rearrangement of pumps, *on condition* that the work shall conform with drawings filed with this application dated December 8, 1959, 4 sheets; that the ramp and curb cut at the intersection of Leland Avenue and Soundview Avenue shall be omitted; that the curb cut at the north end of the Soundview Avenue front shall be located not less than 10 feet from the intersection of the east and north lot lines; that the curb cut at the south end of the Soundview Avenue front shall be located 25 feet north of the south wall of the accessory building; that an iron picket fence shall be constructed along Leland Avenue on top of a face brick fence, 2 feet 6 inches in height, with a total height of 5 feet 6 inches; that the same type of fence shall be constructed from the east end of the accessory building to the Soundview Avenue building line; that signs shall be limited to one brand sign showing the brand of gasoline sold; that the sign shall be a non-flashing stationary sign projecting not more than 4 feet from the building line; that all laws, rules and regulations applicable shall be complied with; and that all permits including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 541-57-BZ—Vol. II

APPLICANT—Leonard F. Rothkrug and Samuel S. Schiff-

fer for Wally and Lillian Nelson, Hilda Folkman, Philip and Gilda Nelson, owners; United Coat, Apron and Linen Supply, lessee.

SUBJECT—Application reopened March 29, 1960 as Volume II—decision of the Borough Superintendent, under Sections 7e and 21 of the Zoning Resolution, to permit in a residence use district, the addition of packing and storage of linen to the public garage and motor vehicle repair shop and office uses, all uses to be for a temporary term of five (5) years.

PREMISES AFFECTED—32-62 to 32-68 47th Street, westside, 153 feet, 17<sup>1</sup>/<sub>16</sub> inches, north of 34th Avenue, Block 722, Lots 63, 64 and 65, Astoria, Borough of Queens.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 9, 1960 after due notice by publication in the Bulletin; laid over to November 22, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated May 3, 1960 acting on Alt. Applic. No. 321-60, reads:

"1. The proposed storage building and the extension of parking lot for parking & storage of motor vehicles located partly in a residence use district is contrary to Sec. 3 Art. II of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c of the Zoning Resolution, to permit in a retail and residence use district, the extension of the one story brick and frame building into the residence use portion of the plot for storage of lumber trim and similar building material and to extend the parking and storage of motor vehicles into the residence portion of the plot on condition that the work be done in accordance with drawings filed with this application dated May 5, 1960, 6 sheets, and September 30, 1960, 2 sheets; and on the further condition that the second story and attic on the present building on West Tremont Avenue be removed; that all laws, rules and regulations applicable be complied with; and that all permits be obtained, all work completed and a certificate of occupancy be obtained within the provisions of Section 22A of the Zoning Resolution.

## 428-60-BZ

APPLICANT—Leonard F. Rothkrug for Lesjac Realty Corporation, owner.

SUBJECT—Application June 1, 1960—decision of the Borough Superintendent, under Sections 7e and 7f of the Zoning Resolution, to permit in a business use district, the demolition of an existing gas station and car wash and the erection of an automatic car wash with accessory gasoline pumps and tanks, all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—1800 Southern Boulevard, east side, 170 feet north of Boston Road, Block 2984, Lot 7, Borough of the Bronx.

## APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker..... 4

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 9, 1960 after due notice by publication in the Bulletin; laid over to November 22, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated May 11, 1960 acting on N.B. Applic. No. 647-60, reads:

"1. Proposal to erect a structure on subject premises (located in a Business Use District) to be occupied as automatic car wash laundry and gas station is contrary to Art. II Sect. 4(a) (46) & Sect. 4(a) 52 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7e, to permit in a business use district, the demolition of an existing gas station and car wash and the erection of an automatic car wash, for a term of fifteen years, on condition that the work shall conform with drawings filed with this application dated June 1, 1960, 4 sheets; that there shall be no gasoline pumps or tanks included in the operation; that all laws, rules and regulations applicable shall be complied with; and that all permits including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 441-60-BZ

APPLICANT—Robert Gottlieb for Joseph Martirano, owner.

SUBJECT—Application June 9, 1960—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in an E-1 area district, the conversion of a four family multiple dwelling to a five family multiple dwelling.

PREMISES AFFECTED—2031 Tomlinson Avenue, west side, 125 feet south of Lydig Avenue, Block 4305, Lot 11, Borough of the Bronx.

## APPEARANCES—

For Applicant: Robert Gottlieb.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker..... 4

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 22, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated May 25, 1960 acting on Alt. Applic. No. 88-60, reads:

"1. In an E-1 district no dwelling shall be altered other than for occupancy by a single or a 2 family dwelling Sec. 15Aa Art. IV Zoning Resolution. See the proposed increase occupancy of a 3 story brick 4 family heretofore converted dwelling (class A) Multiple Dwelling to a 5 family (class A) Converted Dwelling."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21 of the Zoning Resolution, to permit in an E-1 area district, the conversion of a four family multiple dwelling to a five family multiple dwelling on condition the building conform to drawings filed with this application dated June 9, 1960, 2 sheets; and October 13, 1960, 2 sheets; that all laws, rules and regulations applicable shall be complied with; and that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 563-60-BZ

APPLICANT—Herman Horowitz for Aguilar Realty Corp., owner; Bowla-Bowla Corporation, lessee.

SUBJECT—Application July 22, 1960—decision of the Borough Superintendent, under Sections 7e and 21 of the Zoning Resolution, to permit in a local retail use district, the

# MINUTES

erection of a bowling recreation center, one story in height, on land now vacant.

PREMISES AFFECTED—71-80 to 71-90 Parsons Boulevard and 157-07 72nd Avenue, northwest corner and 157-03 Aguilar Avenue, Block 6793, Lots 231 and 233, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Herman Horowitz.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Chairman Foley ..... 1

Negative: Vice Chairman Kleinert, Commissioner Fox, and Commissioner Becker ..... 3

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 1, 1960 after due notice by publication in the Bulletin; laid over to November 22, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated June 30, 1960 acting on N.B. Applic. No. 3004-59, reads:

"1. The proposed erection of Bowling Alleys, tool room, storage of mechanical equipment, nursery, game room, office, bar, snack bar, kitchen, storage and off-street parking in a local retail use district is contrary to Art. 2, Sec. 4-C of the Z.R."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. No. 3004-59, objection No. 1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

Adjourned 2:55 P.M.

## REGULAR MEETING

TUESDAY AFTERNOON, NOVEMBER 22, 1960,  
2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker.

### 697-54-SM

APPLICANT—Safway Steel Products, Inc., owner—additional hoist tower.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
697-54-SM—Amendment to resolution as to additional type of hoist tower. Safway Steel Scaffold Supply Corp. for Safway Steel Products, Inc., requested that the resolution adopted April 29, 1958 under Calendar Number 697-54-SM be reopened and amended so as to include a medium duty hoist tower.

USE: A medium duty hoist tower having a maximum capacity of 3000 lbs.

DESCRIPTION: The tower is an assembly of frames and cross braces. The frames are 6'-4" wide by 6'-5" high and are fabricated of Elyria Structural Steel Tubing having a yield point of 55,000 p.s.i., tensile strength of 75,000 p.s.i. and an elongation in 2" of 15%. The legs and bearers are 2 3/8" O.D by .154 wall tubing, braces are 1 1/4" O.D by .083 wall tubing and the girts are 1.69" O.D by .095" wall tubing.

The cable used for hoisting is 5/8" diameter plow steel. The top section consists of top cathead supporting channels attached to the top section of the tower by means of heavy duty column clamps.

INSPECTION AND TEST: The applicant has submitted structural computations so as to determine the maximum allowable height of the tower under a load condition of 3100 lbs. with an impact of 100%. The computations were made by Purdy & Henderson Associates, Inc., Consulting Engineers. These computations were based on a height limitation of 500'-0" and a maximum allowable load of 3100 lbs.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted April 29, 1958 under Calendar Number 697-54-SM be reopened and amended so as to include the Safway Medium Duty Hoist Tower, 3100 lb. load maximum for material only, on condition that the height of this tower shall not exceed 500'-0"; that the tower be posted for a maximum load of 3100 lbs; that the tower shall be guyed to the frame of the building with 3/8" diameter cable every 26'-0" of vertical height and that these anchorages shall be secured to two columns in two directions and further that all other pertinent requirements of the resolution adopted April 29, 1958 under Calendar Number 697-54-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,

Director,

JOHN A. DARTS,

Asst. Engr.,

GEORGE F. SKLENARIK,

Asst. Engr.,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

### 592-56-SM

APPLICANT—Accesso Ceiling Products, Inc., owner—additional metal pans.

APPEARANCES—

For Applicant: Robbins E. Lane.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
592-56-SM—Amendment to resolution as to use of metal pans with approved suspension system.

Accesso Ceiling Products, Inc., requested that the resolution adopted March 5, 1957 under Calendar Number 592-56-SM be reopened and amended so as to permit the use of metal pans with the approved suspension system.

USE: Incombustible acoustical ceiling.

DESCRIPTION: The metal pans are either steel or aluminum with the following properties:

| Size      | Material | Thickness | Wt/SF |
|-----------|----------|-----------|-------|
| 12" x 12" | Steel    | .018      | 1.0   |
| 12" x 12" | Aluminum | .019      | .65   |
| 12" x 12" | Aluminum | .025      | .80   |
| 12" x 24" | Steel    | .018      | 1.0   |
| 12" x 24" | Aluminum | .019      | .65   |
| 12" x 24" | Aluminum | .025      | .80   |
| 12" x 36" | Steel    | .018      | 1.0   |
| 12" x 36" | Aluminum | .019      | .65   |
| 12" x 36" | Aluminum | .025      | .80   |

# MINUTES

The pans have both a hinged end and a lifting end. The hinged end is 0.643 inches high and the lifting end is 1.262 inches high. The pans set into the approved hangers. The weight of the pan and the incombustible acoustical pad does not exceed 2 lbs. per sq. ft.

**INSPECTION AND TEST:** No additional tests were conducted on the system as the system showed deflections of less than  $\frac{1}{360}$  of the span when loaded to 2 lbs. per ft. as evidenced by the approval granted March 5, 1957 under Calendar Number 592-56-SM.

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted March 5, 1957 under Calendar Number 592-56-SM be reopened and amended so as to include the metal pans as herein described for use with the approved system, on condition that the requirements of the resolution adopted March 5, 1957 under Calendar Number 592-56-SM be complied with and further that only incombustible acoustical pads shall be used with the metal pans.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 88-57-SM

**APPLICANT**—Ludowici-Celadon Company, owner—exterior veneering material.

### APPEARANCES—

For Applicant: J. E. Rokaw and G. E. Hecker.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 88-57-SM—Ludowici-Celadon Co., New York City, filed for approval of the material known as Nailon Brick under the provisions of the Veneering Rules of the Board.

**USE:** An exterior veneering material.

**DESCRIPTION:** The material is a hard burned clay product  $2\frac{1}{2}" \times 11\frac{1}{2}" \times \frac{7}{8}"$  in size and the weight is 9 lbs. per sq. ft. The clay product is provided with four nail holes for nailing the clay product to a back-up material. The nails used to attach the clay product are 11 gauge,  $1\frac{1}{8}$  inches long and are non-corrosive.

In installation, the clay product is nailed to a wood surface with at least two nails of a size as herein described and when the brick veneer is installed all joints are pointed with a cement mortar.

**INSPECTION AND TEST:** The absorption of the clay product is less than 5% which is well below the 17% allowed under A.S.T.M. C62-49.

**RECOMMENDATION:** The committee on Test recommends the approval of the material known as Nailon Brick for voluntary use in New York City, on condition that the clay product shall be applied to wood surfaces only; that the nails used in attaching the clay product to the wood backing shall be as herein described, that the use of this material shall comply with the requirements of the Veneering Rules of the Board and the requirements of Section 26-439.0 Administrative Building Code and further that all shipments of this material shall be stamped or labeled

"approved by the Board of Standards and Appeals for use in New York City under Calendar Number 88-57-SM".

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 137-58-SM

**APPLICANT**—American Fabricators Co., owner—change of ownership.

### APPEARANCES—

For Applicant: Sigvart L. Johnson.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 137-58-SM—Amendment to resolution as to change of ownership.

American Fabricators Company requested, by filing an affidavit, that the resolution adopted July 6, 1960 under Calendar Number 137-58-SM be reopened and amended so as to show a change of ownership.

**USE:** Laminated structure for timber construction.

**DESCRIPTION:** There has been no change in the material or the method of Construction.

**RECOMMENDATION:** The Committee on Test recommends, on the basis of the affidavit submitted by the American Fabricators Company, showing the transfer of ownership from Bellingham Shipyards Company, to American Fabricators Company, that the resolution adopted July 6, 1960 under Calendar Number 137-58-SM be reopened and amended so as to show a change of ownership; new owner-manufacturer being American Fabricators Company, on condition that the requirements of the resolution adopted July 6, 1960 under Calendar Number 137-58-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 227-58-SM

**APPLICANT**—National Gypsum Co., owner—additional acoustical tile.

### APPEARANCES—

For Applicant: John K. Hovind.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 227-58-SM—Amendment to resolution as to additional size acoustical tile.

National Gypsum Company requested that the resolution adopted May 3, 1960 under Calendar Number 227-58-SM

# MINUTES

be reopened and amended so as to include additional sizes of Gold Bond Solitude Acoustical Grid Panels.

USE: Incombustible acoustical ceiling tile or panel.

DESCRIPTION: The requested panels are manufactured of the same material (mineral wool, wood fibers and suitable binder) as the approved panel. The difference being in the size, the requested size being  $23\frac{3}{4}$ " x  $23\frac{3}{4}$ " x  $\frac{5}{8}$ " and  $23\frac{3}{4}$ " x  $47\frac{3}{4}$ " x  $\frac{5}{8}$ ". The panels have a perforated surface.

INSPECTION AND TEST: A panel was tested at Armour Research Foundation in accordance with the requirements of Federal Specifications SS-A-118b and was found to be incombustible. The report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted May 3, 1960 under Calendar Number 227-58-SM be reopened and amended so as to include the additional size Gold Bond Solitude acoustical Grid Panels;  $23\frac{3}{4}$ " x  $23\frac{3}{4}$ " x  $\frac{5}{8}$ " and  $23\frac{3}{4}$ " x  $47\frac{3}{4}$ " x  $\frac{5}{8}$ ", on condition that the requirements of the resolution adopted May 3, 1960 under Calendar Number 227-58-SM are complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 72-59-SM

APPLICANT—Armstrong Cork Co., owner—additional form of construction.

### APPEARANCES—

For Applicant: M. A. Gensler.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 72-59-SM—Amendment to resolution as to additional form of construction.

Armstrong Cork Company, New York, requested that the resolution adopted June 2, 1959 and amended through February 2, 1960 under Calendar Number 72-59-SM be reopened and amended so as to include an additional form of construction.

USE: The material is to be used as a four hour fire resistive ceiling and floor construction.

DESCRIPTION: The material is a mineral wool acoustical tile,  $\frac{3}{4}$ " in thickness used in conjunction with an assembly consisting of concrete topping over cellular-steel floor units supported by a steel beam with ventilating ducts, covered recessed light fixtures and protected with a ceiling of the  $\frac{3}{4}$ " tile.

The cellular units are formed of 18 gauge top sheet and 16 gauge bottom sheet. The bottom sheets of the unit are provided with hanger tabs which are used for the attachment of ceiling and duct hangers; these tabs are located in the section between the cells, spaced 6 inches on center and measure  $1\frac{1}{2}$  inches long,  $\frac{3}{4}$  inches wide and with a  $1\frac{1}{32}$  inch diameter hole at the free end.

The light fixture protector box is formed of  $\frac{5}{8}$  inch pieces of the acoustical tile. The box is approximately 4 feet long by 2 feet wide by  $5\frac{1}{2}$  inches high. The pieces of tile forming the box are held together with 8d common nails spaced 4 to 6 inches on centers and driven in at approximately a 45 degree angle.

The ventilating ducts are constructed of 20 and 22 gauge steel,  $18\frac{1}{8}$  inches wide by  $8\frac{1}{4}$  inches high and provided with a 12 inch diameter air outlet, access door, damper assembly and a diffuser. The damper plate for the outlet is of 14 gauge steel, 14 inches square and protected on both faces with  $\frac{1}{4}$  inch asbestos paper attached with adhesive. The plate is attached to the duct with two bolts and two hinges and provided with a U.L. rated 3 lb. 160°F fusible link.

In construction, the steel units are welded to the steel supports on 6 to 12 inch centers and concrete is then poured to a depth of  $2\frac{1}{2}$  inches over the top plane of the steel floor units.

The hangers for the support of the  $1\frac{1}{2}$  inch channels are then connected to the hanger tabs in the steel floor units on 48 inch centers. The channels were then placed in such position that the bottom leg is  $15\frac{3}{4}$  inches below the steel floor and spaced to straddle the rows of the fixture protective boxes with additional channels. Two "U" shaped hangers for each fixture are placed 36 inches on center and are attached with brackets that hood over and are bolted to the  $1\frac{1}{2}$  inch channels.

The light fixture protector boxes are installed on 6 foot centers. The boxes are held in place by bolts holding the fixture hangers.

The air ducts are installed with hanger straps spaced 48 inches on centers, bolted to the floor units hanger tabs and attached to the ducts with  $\frac{3}{4}$  inch number 10 sheet metal screws. The screws are placed one at the vertical center and two on the bottom of the duct per strap. The ducts are positioned  $4\frac{5}{8}$  inches clear below the floor units and the bottom of the duct opening is  $17\frac{3}{4}$  inches below the floor unit.

The main runners are attached, by clips, to the  $1\frac{1}{2}$  inch channels. The clips are formed to fit the "T" shape of the main runners.

The tile is then installed, supported by the clips in the kerfs of the tile and by the tongue and grooves.

INSPECTION AND TEST: A floor and ceiling construction as herein described was tested at the Underwriters' Laboratory under the provisions of Sections C26-599.0 and C26-609.0 Administrative Building Code and successfully met the requirements of a four hour fire resistive floor and/or roof construction. The Underwriters' report Retardment R4177-5 is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted June 2, 1959 under Calendar Number 72-59-SM be reopened and amended so as to include the additional form of construction, as herein described, as a four hour fire resistive floor and/or roof construction for use in New York City under the provisions of Section C26-239.0 Administrative Building Code under the following condition; that the hangers for the ducts be spaced not more than 48 inches on center; that the air duct openings shall not be greater than 125 square inches in each 100 square feet of ceiling area; that the damper be held with a U.L. listed fusible link; that the recessed light fixtures shall not exceed 25 square feet per 100 square feet of ceiling area; that all electrical work shall comply with the Electrical Code of the City of New York and further that all plans submitted to the Department of Building showing the proposed use of the construction shall be stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 72-59-SM and all cartons in which the tile is marketed shall be similarly marked.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 470-59-SM

APPLICANT—Lancaster Chemical Corporation, owner.

### APPEARANCES—

For Applicant: Carlton H. Bascom.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

470-59-SM—Lancaster Chemical Corporation, Carlstadt, New Jersey, filed for approval of the material known as Mollistone under the provision of Section C26-191.0 Administrative Building Code.

USE: A topping for use as a wearing surface.

DESCRIPTION: The material is a topping to be used on top of a concrete slab. The material is a mixture of Epoxy resins, Flexibilizers and Marble Chips; the exact proportions of which are of a proprietary nature. The three ingredients are factory mixed and packaged in sealed containers. When the material arrives at the job site it is applied to the concrete slab to the thickness desired.

INSPECTION AND TEST: Tests were conducted by the Haller Testing Laboratory. The tests were an impact test and a shear test and it was noted that the concrete slab with the Mollistone topping withstood higher impact loads than the plain concrete slab and in the shear test it was noted that the topping indicated a bending but a firm bond to the base material. The complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Mollistone and also known as Duralan for voluntary use in New York City as a flooring material under the provisions of Section C26-667.0.4 Administrative Building Code, on condition that the topping shall not be considered as part of the structural slab and further that the containers in which the material is marketed shall be labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 470-59-SM".

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

568-59-SM—Amendment to resolution as to change of ownership.

Johns Manville Sales Corp., Building Products Division, requested by filing an affidavit, that the resolution adopted December 1, 1959 under Calendar Number 568-59-SM be reopened and amended so as to show a change of ownership.

USE: Incombustible acoustical tile.

DESCRIPTION: There has been no change in the material used or the method of manufacturing of the tile.

RECOMMENDATION: The Committee on Test recommends on the basis of the affidavit submitted by the Johns Manville Sales Corp., Building Products Division, showing that the assets of the F. E. Schundler & Co., Inc., were acquired by the Johns Manville Sales Corp., Building Products Divisions, that the resolution adopted December 1, 1959 under Calendar Number 568-59-SM be reopened and amended so as to show a change of ownership, new owner-manufacturer being Johns Manville Sales Corp., Building Products Division, on condition that the requirements of the resolution adopted December 1, 1959 under Calendar Number 568-59-SM are complied with.

## 895-59-SA

APPLICANT—Ames Iron Works, Incorporated, owner.

### APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

895-59-SA—Ames Iron Works, Inc., Oswego, N. Y., filed for approval of the Amesteam Generator Oil-Gas Combination, Models AA-154 to AA-6004 under the provisions of the Oil Burner Rules of the Board and Article 12, Administrative Building Code.

USE: Gas or oil fired steam and hot water boilers for industrial or commercial use.

DESCRIPTION—Type AA Amesteam Generators, Oil-Gas Combination are designed for use as an integral part of a heating unit and are designed for operating pressures from 15 to 250 psi and from 10 to 600 HP.

The Generator consists of the Furnace, Tubes, Burner, Accessories and Safety Controls.

The furnace is of steel, plain cylindrical, fusion welded throughout; all joints are X-rayed and stress relieved in accordance with the requirements of the ASME Boiler Code.

The Tubes are of steel, arranged in two concentric rows around Furnace. The Tube Ends are rolled and beaded.

The Refractories used in the Burner Head lining and Ignition Ring are cold-set plastic type and the Rear Baffle is also a cold-set, plastic type installed in a pan shaped metal container which provided a one piece Baffle.

The Shell of the Generator is completely insulated with a minimum of 1½" Fiberglas or equal and then covered with a metal Jacket.

The Main Burner is a "Combination" Type suitable for burning of Gas or Light Oil in sizes up to and including 600 HP and Heavy Oil-Gas Combination in sizes from 50 to 600 HP. The Oil Burner Nozzle is a mechanical atomizing type on Light Oil-Gas Combination Generators up to 70 HP and Air Atomizing for larger light oil and ALL Heavy Oil-Gas Combination Units. The Gas Burner is of the low pressure conventionally designed. On all these "Combination" Fired Units, a Gas or Light Oil Pilot is provided. The component parts are a combination of those used on Straight Oil Fired or Straight Gas Fired Units, and only one fuel can be burned at a time. Oil preheaters shall be of approved type.

# MINUTES

The Blower and Housing are of welded steel construction. A 3600 RPM Motor is provided in connection with the Blower.

The electrical controls, with the exception of Motor Starters and Pressuretrols, are mounted in a metal Panel Box with hinged cover at the side of the Generator. Motor Starters and Pressuretrols are externally mounted in convenient position.

The Low Water Cut-Off is dual type consisting of an electrode mounted in the top of the Boiler Shell and a float switch mounted in the Water Column, connected in series and directly actuated by water level in the Boiler. In the event of low water, either switch will automatically stop the Burner which will not resume operation until the low water condition is corrected and until the low water relay button is reset manually. A flame failure electronic safety control is provided.

The Pump Control is actuated by the water level in the Boiler through a Float operated Switch mounted in the Water Column.

**INSPECTION AND TEST:** All data was examined by Ass't. Engr. G. F. Sklenarik.

The Amesteam oil-gas combination generators have been tested and approved by Underwriters' Laboratories, file MP1472.

**RECOMMENDATION:** The Committee on Test recommends the approval of the appliance known as Amesteam Generator Oil-Gas Combination, Models AA-154 to AA-6004, for use in New York City when installed in accordance with this report, the Oil Burner Rules of the Board and Article 12, Administrative Building Code, provided that each generator shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 895-59-SA".

**ACTION OF BOARD**—Appliance approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads:  
896-59-SA—Ames Iron Works, Inc., Oswego, N. Y., filed for approval of the appliance known as Amesteam Generator Gas Fired Models AA-154 to AA-6004 under the provisions of Article 12, Administrative Building Code.

**USE:** Gas fired steam and hot water boilers for industrial and commercial use.

**DESCRIPTION:** Type AA Amesteam Generators, Gas Fired, are designed for use as an integral part of a heating unit and are designed for operating pressures from 15 to 250 psi and from 10 to 600 HP.

The Generator consists of the Furnace, Tubes, Burner, Accessories and Safety Controls.

The Furnace is of steel, plain cylindrical, fusion welded throughout; all joints are X-rayed and stress relieved in accordance with the requirements of the ASME Boiler Code.

The Tubes are of steel, arranged in two concentric rows around Furnace. The Tube Ends are rolled and beaded.

The Refractories used in the Burner Head lining and Ignition Ring are cold-set plastic type and the Bear Baffle is also a cold-set, plastic type, installed in a pan shaped metal container which provided a one piece Baffle.

The Shell of the Generator is completely insulated with a minimum of 1½ inches Fiberglas or equal and then covered with a metal Jacket.

The Main Burner is of the low pressure type of conventional design and the pilot Burner, operating during ignition period, only, is also of the low pressure type.

The Blower and Housing are of welded steel construction. A 3600 RPM Motor is provided in connection with the Blower.

Electrically operated automatic Shut-Off Valve, manual Shut-Off Valve and other safety devices to shut down the Unit in case of low gas pressure or Blower failure are standard equipment with the Unit.

The electrical controls, with exception of Motor Starters and Pressuretrols, are mounted in a metal Panel Box with hinged cover at the side of the Generator. Motor Starters and Pressuretrols are externally mounted in convenient position.

The Low Water Cut-Off is dual type consisting of an electrode mounted in the top of the Boiler Shell and a float switch mounted in the water column, connected in series and directly actuated by water level in the Boiler. In the event of low water, either switch will automatically stop the Burner which will not resume operation until the low water condition is corrected and until the low water relay button is reset manually. A flame failure electronic safety control is provided.

The Pump Control is actuated by the water level in the Boiler through a float operated switch mounted in the Water Column.

**INSPECTION AND TEST:** All data was examined by Ass't. Engineer G. F. Sklenarik.

The Amesteam Gas Fired Generators have been tested and approved by Underwriters' Laboratories, File MP1472. **RECOMMENDATION:** The Committee on Test recommends the approval of the appliance known as Amesteam Generator Gas Fired Models AA-154 to AA-6004 for use in New York City when installed in accordance with this report and the requirements of Article 12 Administrative Building Code provided that each generator shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 896-59-SA".

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads:  
52-60-SA—H. C. Little Burner Co., Inc., San Rafael, California, filed January 25, 1960 for approval of the appliance known as H. C. Little Series 200, 300 and Special, for use

# MINUTES

in New York City under the provisions of Article 12, Administrative Building Code.

USE: Automatic storage gas water heater.

DESCRIPTION: The Series 200 Model water heaters are all floor type vertical tank package units made up of a heavy gauge steel tank, either glass lined or galvanized, heavy duty blanket of fiberglass insulation encases the sides, tops and combustion chamber walls of the heater. The outer jacket is of cold rolled steel finished in a hard baked enamel. All models employ a circle-of-flame annular pressed steel burner. The heaters have a serpentine flue baffle; on glass-lined models only, there are HYDRA-VANES connected at intervals to the serpentine flue. The controls are 100% safety type that shuts off all gas if pilot flame is extinguished. The extruded oversize magnesium rod is standard equipment on glass-lined model; optional on galvanized tank. An extra long drop tube carries incoming cold water down into "heating zone" of tank. Each heater is supplied with a drain cock.

The Series 300 is identical to the Series 200 with the following exceptions: There are no HYDRO-VANES on the serpentine flue, and the BTU input differs. In addition the Series 300 has a two-temperature operation.

The Special Series Model is basically the same as the Series 200 and Series 300 with the following exceptions:

This Model employs a heavy steel tank, zinc galvanized and does not have a glass-lined tank. A heat conductor, located in the flueway, conducts burned gases to side of flue.

The capacities of the various water heaters are as follows:

| Model    |              | Tank Size Gallons | Recovery<br>GPH<br>100°F<br>Rise | BTU<br>Input<br>per hour |

Models 220G-C, 230RG-C, 240RG-C and 250RG-C approved for operation at outlet water temperature of 180°F.

Model 320G-C also approved under Model LS20-C.

Model 330-C also approved under Model LS30-C.

Model 340-C also approved under Model LS40-C.

Model 350R-C also approved under Model LS50R-C.

These heaters are identical in construction to the basic heater except for color of paint and trim.

Approval is extended to the liquefied petroleum and LP gas-air models.

All water heaters listed in this report are to be connected to a legal chimney or flue, in accordance with Article 12, Administrative Building Code.

INSPECTION AND TEST: All data was examined by Asst. Architect T. W. Farricker.

These water heaters have been tested and approved by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as H. C. Little Series 200, 300 and Special, for use in New York City under the provisions of Article 12, Administrative Building Code, provided that each water heater shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 52-60-SA."

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Asst. Engr.,

GEORGE F. SKLENARIK,  
Asst. Engr.,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

## 55-60-SA

APPLICANT—Ames Iron Works, Incorporated, owner.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert,

Commissioner Fox and Commissioner Becker. .... 4

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

55-60-SA—Ames Iron Works, Inc., Oswego, N. Y., filed for approval of the appliance known as Amesteam Generator Oil Fired, Models AA-154 to AA-6004, under the provisions of the Oil Burner Rules of the Board.

USE: Oil fired steam and hot water boilers for industrial and commercial use.

DESCRIPTION: Type AA Amesteam Generators, Oil Fired, are designed for use as an integral part of a heating installation, and are designed for operating pressures from 15 to 250 psi and from 10 to 600 HP.

The Generator consists of the Furnace, Tubes, Burner accessories and safety controls.

The Furnace is of steel, plain cylindrical, fusion welded throughout; all joints are X-rayed and stress relieved in accordance with the requirements of the ASME Boiler Code.

The Tubes are of steel, arranged in two concentric rows around Furnace. The Tube Ends are rolled and beaded.

The Refractories used in the Burner Head lining and Ignition Ring are cold-set plastic type and the Rear Baffle is also a cold-set plastic type installed in a pan shaped metal container which provides a one piece Baffle.

The Shell of the Generator is completely insulated with a minimum of 1½ inches Fiberglas or equal and then covered with a metal Jacket.

The main burner on sizes of 10 HP to 70 HP burns light fuel oil and is of the pressure atomizing type. On larger sizes a heavy oil burner or light oil burner of the air atomizing type may be used. Both light oil burning and gas burning pilots are available. Light oil pilot is mechanical pressure atomizing and gas pilot is a low pressure gas nozzle. These pilots are on only during the ignition period. On all generators burning heavier grade of fuel oil either approved electric or approved steam or hot water oil pre-heater or a combination of both are used.

The Blower and Housing are of welded steel construction. A 3600 RPM Motor is provided in connection with the Blower.

The electrical controls, with exception of Motor Starters and Pressuretrols are mounted in a metal Panel Box with hinged cover at the side of the Generator. Motor Starters and Pressuretrols are externally mounted in convenient position.

# MINUTES

The Low Water Cut-Off is dual type consisting of an electrode mounted in the top of the Boiler Shell and a float switch mounted in the Water Column connected in series and directly actuated by water level in the Boiler. In the event of low water either switch will automatically stop the Burner which will not resume operation until the low water condition is corrected and until the low water relay button is reset manually. A flame failure electronic safety control is provided.

The Pump Control is actuated by the Water level in the Boiler through a float operated switch mounted in the Water Column.

**INSPECTION AND TEST:** All data was examined by Ass't. Engineer G. F. Sklenarik.

The Amesteam oil fired generators have been tested and approved by the Underwriters' Laboratories, file MP1472. **RECOMMENDATION:** The Committee on Test recommends the approval of the appliance known as Amesteam Generator Oil Fired, Models AA-154 to AA-6004 for use in New York City when installed in accordance with this report, the Oil Burner Rules of the Board and Article 12, Administrative Building Code, provided that each generator shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 55-60-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 121-60-SA

**APPLICANT**—Victor Manufacturing & Distributing Co., owner; Samuel Kleinman, agent.

**APPEARANCES**—

For Applicant: Samuel Kleinman.

**ACTION OF BOARD**—Appliance approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads: 121-60-SA—Victor Manufacturing & Distributing Co., Hartford, Conn., filed for approval of the appliance known as Victor Gas Conversion Burners, Models GC4553 and GS4552, under the provisions of Article 12, Administrative Building Code.

**USE:** Gas burners for converting coal fired ranges.

**DESCRIPTION:** The Victor Gas Conversion Burners are made of porcelainized cast iron with raised drilled ports and are of the atmospheric type with adjustable air intake. They are designed for installation in the fire box of ranges after removal of the grate, brick lining and water back if its use will be discontinued.

The maximum input for both burners is 45,000 BTU per hour with natural, manufactured or mixed gas.

The Model GC4553 has 4 rows of #39 drilled ports, 38 in each row. The Model GS4552 has 204 #37 drilled ports symmetrically spaced in the burner head.

Each burner is provided with a thermo-static control, safety pilot and 100% automatic gas shut off valve. It is equipped with a blocked flue limit control.

**INSPECTION AND TEST:** All data was examined by Ass't. Engr. G. F. Sklenarik.

These burners were tested and approved by the American Gas Association.

**RECOMMENDATION:** The Committee on Test recommends the approval of the appliance known as Victor Gas Conversion Burners, Models GC4553 and GS4552, for use in New York City when installed in ranges legally vented in accordance with Article 12, Administrative Building Code and when installed in accordance with this report and the manufacturer's instructions, provided that each burner shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 121-60-SA".

## 124-60-SM

**APPLICANT**—Kings Bronze Co., Inc., owner.

**APPEARANCES**—

For Applicant: Michael Rizza.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads: 124-60-SM—Kings Bronze Co., Inc., Port Washington, N. Y., filed for approval of the material known as Kings Bronze Co. Aluminum Double Hung Window, Series DHA-3, under the provisions of Sections C26-88.0 and C26-650 Administrative Building Code.

**USE:** The windows will be used in locations not requiring a fire resistive opening protective assembly.

**DESCRIPTION:** The window is made of extruded 6063 ST-5 aluminum alloy throughout. Frame thickness is .94 inch, sill thickness .125 inch and sash thickness .094 inch.

All hardware is drop forged brass, chrome plated. Window cleaners bolts are drop forged stainless steel and approved by the State Labor Department.

Anchors for attaching window into masonry opening are of steel, 2 inches wide, 12 gage in thickness.

**INSPECTION AND TEST:** Details of construction were examined by Ass't. Engr. G. F. Sklenarik. The material was tested at the New York Testing Laboratories for combustibility in accordance with the requirements of Section C26-88.0 and met the requirements.

**RECOMMENDATION:** The Committee on Test recommends the approval of the material known as Kings Bronze Co. Aluminum Double Hung Window, Series DHA-3, for use in New York City under the provisions of Section C26-650.0 Administrative Building Code, on condition that the window shall not be used in locations requiring a fire resistive opening protective assembly and further that the window shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 124-60-SM".

## 440-60-SM

APPLICANT—Pioneer Fireproof Door Corporation, owner.

### APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material approved in accordance with report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

440-60-SM—Pioneer Fireproof Door Corporation, Mount Vernon, N. Y., filed for approval of the material known as Pioneer Three Hour Firedoor under Section C26-660.0 Administrative Building Code and the provisions of the Rules for Inspection of Opening Protective Assemblies.

USE: A three hour fire resistive opening protective assembly.

DESCRIPTION: The doors are hollow metal doors of the flush design swinging in pairs, designed for an opening 80 inches wide by 84 inches in height, equipped with full mortise hinges and a single point later. The active door is provided with a  $\frac{3}{4}$  inch latch bolt and the inactive door is provided with flush mounted top and bottom bolts. The hardware on each door consisted of three  $4\frac{1}{2}$  inch full mortise steel hinges and they are secured to the door and the frame by means of machine screws.

The exterior face sheets of the door are of 18 gauge steel, the bottom and top closure are 16 gauge steel channels having  $\frac{3}{4}$  inch legs.

The stiffeners are made of 18 gauge steel in the form of a hat section and are 4 inches in overall width and are spaced a maximum of 6 inches apart and are spot welded to the door faces, 5 inches on centers.

The doors are insulated with 6 ply air cell asbestos throughout.

A more complete description of the door is contained in the construction drawings 1 to 8 inclusive, contained in the Underwriters' Laboratories Report Retardant No. 3367-2, dated September 28, 1959, which is on file with and is part of the record.

INSPECTION AND TEST: A pair of doors were tested at the Underwriters' Laboratory in accordance with the requirements of Section C26-610.0 Administrative Building Code and successfully met the requirements of the fire test as set forth under Section C26-610.0 and the hose stream test as set forth under Section C26-586.0 Administrative Building Code.

The report of the fire and hose stream tests are on file with and are part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Pioneer Three Hour Firedoor for use in New York City under the provisions of Section C26-660.0 Administrative Building Code when constructed as herein described, on condition that the requirements of the Rules for Inspection of Opening Protective Assemblies are complied with.

Asst. Engr.,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## 528-60-SA

APPLICANT—Morris Kweller for Kling "100" Corporation, owner.

### APPEARANCES—

For Applicant: Morris Kweller.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

528-60-SA—M. Kweller for Kling "100" Corp., Franklin Park, Illinois, filed for approval of the appliance known as Kling Dry Cleaning Machine, 30 lb., 50 lbs., 75 lb., and 110 lb., Single Bath and Two Bath, under the provisions of the Board's Rules Covering Dry Cleaning Establishments.

USE: A dry cleaning machine designed for use with perchlorethylene, an incombustible cleaning solvent.

DESCRIPTION: The Kling Dry Cleaning Machine is made in 30, 50, 75 and 110 pound sizes and of the single bath or two bath type. The washer basket is made of  $\frac{1}{8}$  inch stainless steel and is made in two compartments which are fitted with cast aluminum loading doors. The machine housing is of  $\frac{1}{4}$  inch steel, hot dipped galvanized with front and back reinforced with  $\frac{3}{4}$  inch steel plates for the bearings and the two solvent storage tanks, which form the base of the unit, are reinforced with channels. The storage tanks are enclosed, self-contained units.

The outer loading door, which is sized to permit entry to one compartment door at a time, must be closed on start-up and is automatically locked by air pressure when the machine is turned on and cannot be opened until the machine stops. An air operated Rockwell-Standard brake is provided on the machine.

The two bath machine is the same as a single bath machine except that a tubular type filter is mounted on one side of the machine and with it are added a Marlow pump, a dump valve, a by-pass valve and two sets of timer cams.

During the cleaning cycle, the timer can be set for a wash cycle varying from 1 to 30 minutes usually 10 to 15 minutes with a subsequent 45 second drain period, 4 minutes extraction period, 1 minute slow down period, 4 minute rinse period, 45 second drain period, 4 minute extraction and  $1\frac{1}{2}$  minutes to stop the unit.

The timer is fully air operated by 6 Schrader air valves actuated by 6 cams. The first cam is for the washer motor, the second for the solvent by-pass valve, the third for the solvent dump valve, the fourth for extraction, the fifth for the clear rinse by-pass valve and the sixth for the clear rinse dump valve. The timer operates on 45 psi air pressure. It has a water separator, pressure regulator and an oiler in the air line. Compressed air is supplied from a separately installed ASME design compressor operating at not over 65 psi.

The machine will not operate when the outer door is open as an air limit switch cuts all air from the timer when the door is open. The timer is pulled by the washer motor through a 900 to 1 Boston Gear Reducer.

The pumps are controlled by manually operated electric switches.

An exhaust duct is provided for venting the equipment.

These machines are usually installed with steam heated tumbler reclaimers and solvent stills in which case this added equipment is to be of approved type.

INSPECTION AND TEST: A 50 lb. Kling machine was inspected at 110-12 Liberty Avenue, Queens, by Asst. Engr. G. F. Sklenarik and Mr. M. Kweller.

The wash basket was 36" by 20" with a calculated capacity of approximately 35 lbs. based on 2.8 lbs. per cubic foot.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Kling Dry Cleaning Machine 30, 50, 75 and 110 lbs.—single bath and two bath—for use in New York City with perchlorethylene solvent when installed in accordance with this report and the Board's Rules Covering Dry Cleaning Establishments and the Electrical Code of the City of New York and provided that each machine shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals

# MINUTES

for use in New York City under Calendar Number 528-60-SA."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 450-60-A

APPLICANT—Anthony A. Cocheo, for M L Homes Incorporated, owner.

SUBJECT—Application June 10, 1960—Filed pursuant to Section 36 Art. 3 of the General City Law re—building not fronting on mapped street—117th Street.

PREMISES AFFECTED—83-78 117th Street, west side, 225.18 feet north of 84th Avenue, Block 3321, Lot 271, Kew Gardens, Borough of Queens.

### APPEARANCES—

For Applicant: Anthony A. Cocheo.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 9, 1960 on N.B. Applic. 426-60, reads:

"1. 117th Street is not adopted on Final Maps—Building does not front on a mapped street and is therefore contrary to General City Law Art. 3, Section 36."

and  
WHEREAS, the applicant states that the plot is 25 feet by 74.11 feet in area, located in residence use, DD Area, class 1¼ height district, presently occupied with a two car garage; that it is proposed to demolish the garage and erect a semi-detached two story, one-family dwelling together with the adjoining premises for which an appeal is filed under Calendar Number 451-60-A; and

WHEREAS, the applicant states that M L Homes, Incorporated upon receipt of the title examination for the purchase of the aforesaid premises he discovered that the said 117th Street was not on the City Map; that because no provision was made in the contract of purchase for rejecting title on said basis, the purchaser was required to complete the transaction and pay the full consideration; that a physical inspection of the premises prior to the execution of the contract did not indicate that 117th Street was not on the City Map as there are seven dwellings fronting on said street bearing the street addresses: 83-68; 83-74; 83-75; 83-79; 83-83; 83-87 and 83-98 117th Street; that said street is open to traffic; marked one-way south; marked for parking on the east side only; has manholes; a sanitary sewer; utilities; street lights; curb cuts; sidewalks; that it is 23 feet wide from curb to curb; that hydrants are installed and is paved; that unless the owner of the premises is permitted to erect the proposed dwellings, they will suffer a severe hardship; that the erection of the said buildings will not in any way cause the City of New York any additional burdens as all required facilities as evidenced by the statements herein contained, exist in said street; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated June 9, 1960, acting on N.B. App. 426-60, Objection No. One be and it hereby is *modified* under the powers vested in the Board by Section 36 of the General City Law: and that the appeal be and it hereby is *granted on condition* that the work be done in accordance with drawings filed with this appeal dated June 10, 1960, 5 sheets; and on the further condition that, when the legal grades of the permanent street are established, any changes or adjustments required in connection with this property shall be paid for by the owner; that all laws, rules and regulations applicable shall be complied with; and that a certificate of occupancy shall be obtained.

## 451-60-A

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 9, 1960 on N.B. Applic. 427-60, reads:

"1. 117th Street is not adopted on Final Maps—Building does not front on a mapped street and is therefore contrary to General City Law Art. 3 Section 36."

and

WHEREAS, the applicant states that the plot is 25 feet by 74.11 feet in area, located in a residence use, DD area, class 1¼ height district, presently occupied with a two car garage; that it is proposed to demolish the garage and erect a semi-detached, 2 story one-family dwelling with adjoining plot for which an appeal is filed under Calendar Number 450-60-A; and

WHEREAS, the applicant states that M L Homes, Incorporated upon receipt of the title examination for the purchase of the aforesaid premises discovered that the said 117th Street was not on the City Map; that because no provision was made in the contract of purchase for rejecting title on said basis, the purchaser was required to complete the transaction and pay the full consideration; that a physical inspection of the premises prior to the execution of the contract did not indicate that 117th Street was not on the City Map as there are seven dwellings fronting on said street, bearing the street addresses: 83-68; 83-74; 83-75; 83-79; 83-83; 83-87 and 83-98 117th Street; that said street is open to traffic; marked one-way south; marked for parking on the east side only; has manholes; a sanitary sewer; utilities; street light; curb cuts; sidewalk; is 23 feet wide from curb to curb; that hydrants are installed and is paved; that unless the owner of the premises is permitted to erect the proposed dwellings they will suffer a severe hardship; that the erection of the said buildings will not in any way cause the City of New York any additional burdens as all required facilities as evidenced by the statement herein contained, exist in said street; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated June 9, 1960, acting on N.B. Applic. 427-60, Objection No. 1 be and it hereby is *modified* under the powers vested in the Board of Section 36 of the General City Law, and that the appeal be and it hereby is *granted, on condition* that the building conform to drawings filed with this application dated June 10, 1960, five sheets; and on the further condition that when the legal grades for the permanent street are established, any changes or adjustments required in connection with the property will be paid for by the owner; and that a Certificate of Occupancy shall be obtained.

## 466-60-A

APPLICANT—Leonard F. Rothkrug for Henry H. Jackson, owner; Messmore and Damon Incorporated, lessee.

SUBJECT—Application June 17, 1960—appeal from a decision of the Fire Commissioner, re—an order; automatic sprinkler system.

PREMISES AFFECTED—101-113 East 107th Street and 1461-1463 Park Avenue, northeast corner, Block 1635, Lot 1, Borough of Manhattan.

### APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal denied.

# MINUTES

## THE VOTE TO GRANT—

Affirmative: ..... 0  
Negative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox, and Commissioner Becker..... 4

## THE RESOLUTION—

WHEREAS, the decision and order of Fire Commissioner on Order No. 2305-9 issued June 9, 1960, reads:

"1. Install an approved, wet automatic sprinkler system throughout the building having at least one source of water supply, arranged and equipped as per Chapter 26, Article 16, Administrative Code.

NOTE: Plans to be filed with and approved by the Department of Buildings before work on such system is commenced."

and

WHEREAS, the applicant states that the building is 100 feet 11 inches by 192 feet 6 inches in area, 1 story, 30 feet high, of class 1 construction, located in business use, B area, class 1½ height district, built prior to 1940, now used and occupied since 1957: cellar—accessory scenery storage; 1st floor—manufacturing of theatrical scenery and office, 24 persons; contrary to Certificate of Occupancy #30034 issued November 12, 1943 against Alt. Applic. 1014-43; that the proposed use and occupancy will remain the same; and

WHEREAS, the applicant states that the building is on a corner lot; that there are remote means of egress to street frontages from all parts of the building; that Fire Department Records show that two permits are in existence, P-169-615 Refrigeration Permit; and U 147-817 covering spray booths, paints storage and air compressor; that the paints that are stored are as follows: 100 gallons of lacquer, 15 lbs. of oil paint; 25 lbs. of water odor; that no film is stored on the premises; that the business conducted is a factory rather than a storage warehouse; that the storage in the cellar is accessory to the factory use; that the scenery manufactured is treated so that it will not ignite nor actively support combustion; that therefore in view of the foregoing the applicant respectfully requests the granting of this appeal; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the appeal should not be granted.

Resolved, that the decision of the Fire Commissioner dated June 9, 1960, acting on Order #2305-9, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 504-60-A

APPLICANT—Peter S. Gluck for Uddeholm Company of America, Incorporated, owner.

SUBJECT—Application July 1, 1960—Appeal from an order and a decision of the Fire Commissioner—re discontinue use of Uddeholm Aktiebolag electric furnace not approved by Board.

PREMISES AFFECTED—22-14 37th Avenue and 37-16 23rd Street, southwest corner, Block 365, part of Lot 3, (formerly lot 24) Long Island City, Borough of Queens.

## APPEARANCES—

For Applicant: Peter S. Gluck, Richard J. Herrmann and G. Anderson.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the order and decision of the Fire Commissioner, dated June 2, 1960 on Order No. 3895-9, reads:

"1. Discontinue use of one electric furnace manufactured by Uddeholm Aktiebolag, and using dissociated ammonia, as same has not been approved by the Board of Standards and Appeals, C19-11.0, Administrative Code."

and

WHEREAS, the applicant states that the building is 56.8

feet by 100.7 feet in area, 1 story, 18 feet 6 inches high, of class 3 construction, located in unrestricted use, B area and class 1½ height district, built in 1927, now used and occupied since 1927; cellar—boiler room; 1st floor—factory, 8 persons; in accordance with Certificate of Occupancy No. 34233 issued December 16, 1927 against N.B. Applic. 10302-27; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the heat treatment operation is done in a 1 story, class 3 brick buildings, erected in 1927 and used as a factory ever since; that the Uddeholm Company purchased the property on June 2, 1949, and took occupancy in the fall of the same year; that previously the building was occupied by the Cole Laboratories, a chemical concern employing about 40 persons; that at present the heat treatment shop works around the clock; that in daytime, 8 persons are employed, but only 4 people work during each of the other two shifts; that the building is connected with 3 other buildings; that between 10 and 12 persons are engaged in these other buildings in steel cutting, stacking and sorting operations; that the process objected to by the Fire Department is the treatment of steel bands by dissociated ammonia in an electrically operated oven which was designed in Sweden and imported into this country in 1939; that the oven is similar in construction to about 30 or more ovens used in steel mills in Sweden; that in 1939 the furnace was provided with domestic control instruments; that it was installed in the Uddeholm Company's shop at 98 Front Street, Brooklyn, where it was used until 1949, when said shop was transferred to the Long Island City location; that no objection was raised by the Fire Department while bottled ammonia was used, when a 500 gallon overground tank was installed in 1959 in the company's yard which installation was approved, the electric oven was objected to because it had not been approved by the Board; that the furnace body is roughly 20 feet long, 51 inches wide and 41 inches high and it is mounted on two 15 inch I beams; that oven is enclosed in a steel plate and brick; that dissociated ammonia is introduced in the muffles from an American Gas Furnace Company built ammonia dissociator, approved by the Board under Calendar Number 577-53-SA; that the dissociated ammonia burns within the furnace during the steel hardening process; that the steel bands and strips used later for manufacturing of disposable surgical blades and razor blades, run through the muffles and are pulled through a watercooling unit before being wound on reels for a tempering process which is not subject of this appeal; that over the whole length and width of the oven a ventilating hood is mounted which takes out excess heat to the outer air by two 27 inch fans; that in addition to the two 27 inch fans, a 42 inch exhaust fan, mounted in the left rear skylight provides general ventilation for the whole workroom; that the oven is equipped with ellipsoid muffles running lengthwise across the oven are made of a single piece of seamless heavy gauge stainless steel; that dimensions of the muffle holes are 2½ inches by ½ inch; that the muffles extend a few inches at each end of the oven; that hardening is the purpose of the first stage of the heat treatment; that this is effected in the electric oven which is subject of the present appeal; that in order to prevent oxidation of the steel, ammonia (NH<sub>3</sub>) is used in dissociated state; that dissociated ammonia is introduced by low pressure through yellow painted pipes in the muffle tubes near the entrance ends of the steel strips; that inside the tubes the ammonia envelopes the running strips as a protective gas; that the dissociated ammonia does not enter any other part of the oven; that however, a contact of the ammonia with other parts of the oven would not create any dangerous condition since it would burn and dissipate; that dissociated ammonia used in the metallurgical industry for more than 30 years, and its application is considered safe; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Fire Commissioner, dated June 2, 1960, acting on Order No. 3895-9 Objection No. One be and it hereby is *modified* and that the appeal

# MINUTES

be and it hereby is *granted on condition* that a heat sensing device be provided at the outlets from the muffler tubes and connected to a gas shut off valve so as to shut off the flow of dissociated ammonia in case the flame is extinguished and also an interlock be provided between the ventilating fans and the heating elements so that the oven cannot be operated unless the fans are working; that the building conform to drawings filed with this appeal dated July 1, 1960, five sheets; that all other laws, rules and regulations applicable shall be complied with; and that a Certificate of Occupancy shall be obtained.

## 519-60-A

APPLICANT—Halperin, Natanson, Shivitz, Scholer and Steingut for Forty Fifth Street Accsociates, owner; 45 West 45th Street Corporation, lessee.

SUBJECT—Application July 8, 1960—Appeal from a decision of the Borough Superintendent—re Violation issued—re C. O. 7656.

PREMISES AFFECTED—41-47 West 45th Street, north side, 363 feet 9 inches east of Avenue of the Americas, Block 1261, Lot 16, Borough of Manhattan.

## APPEARANCES—

For Applicant: David I. Shivitz.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 1, 1960 on Violation No. 2147-59, reads:

"1—Changing use of above premises contrary to C.O. 7656 which states office use only, namely doing work of altering, cutting and editing picture film in rooms 503-507-600-605 and 1102 also the 16th floor. Remedy—Discontinue the unlawful use."

and

WHEREAS, the applicant states that the building is 81 feet by 100 feet in area, 16 stories, 190 feet 3 inches high, of class 1 construction, located in retail use, B area, class 2 height district built in 1923, now used and occupied since 1942: cellar—boiler room, storage and locker rooms, 5 persons; 1st floor—retail furniture store, 75 persons, mezzanine—office (part of store); 2nd to 16th floors—offices and accessory uses—75 persons each floor; substantially in accordance with Certificate of Occupancy No. 7656 issued January 1924 against N.B. Applic, 220-23; that the proposed use and occupancy will be the same; and

WHEREAS, violations were placed upon the premises by the Borough President, charging the use of various rooms thereat, contrary to Certificate of Occupancy #7656, which permits "offices"; that the violations state that the contrary use consist of "altering, cutting and editing picture films"; that the use complained of occurs in premises rented and used for offices by concerns related to television and motion pictures; that the complained of use is the editing of pictures and sound, by various methods; that this use is incidental and accessory to the primary use for offices; that in connection with the complained of use, specialized equipment is used, such as a sound synchronizer, manually operated, which is smaller than a telephone; that or a Moviola machine, no larger than the usual run of office equipment, which synchronizes the sound and the film on separate tracks before they are mixed, and shows an image of the picture, about 2 inches by 3 inches; that no film or tape is produced at any of these premises, both the sound tape and the film being physically produced elsewhere; that likewise, in each and every case, the actual, physical combining of the film and sound is done away from the premises; that all films used is safety film; that the issue here presented is whether the Borough Superintendent interpret the law correctly in issuing the violation in the first instance, and in concluding that cutting, editing and altering film constitutes manufacturing; that the use complained of is properly accessory to the use for offices and does not constitute a

change of occupancy, as contemplated by Section C26-185.0; that the work of synchronizing and editing, selecting, correcting, and revising music for synchronization with a picture is professional, artistic, or critical and not in the nature of manual or manufacturing work; that the performance of such professional tasks does not transform the use of the office in which they are carried out into a "non-office" use—certainly not a "factory" use; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted under certain conditions; and

WHEREAS, the Board finds that no present use in the building can be considered manufacturing.

*Resolved*, that the decision of the Borough Superintendent, dated July 1, 1960, acting on Violation No. 2147-59, Objection No. One be and it hereby is *revised* and that the appeal be and it hereby is *granted on condition* that all laws, rules and regulations applicable shall be complied with.

## 622-60-A

APPLICANT—Samuel Rosenblum for E. Waterman, owner.

SUBJECT—Application July 28, 1960—Appeal from a decision of the Fire Commissioner re—emergency elevator service.

PREMISES AFFECTED—245-249 West 27th Street, north side, 193 feet east of 8th Avenue, Block 777, Lot 15, Borough of Manhattan.

## APPEARANCES—

For Applicant: Samuel Rosenblum.

## 627-60-A

APPLICANT—Crinnion and Crinnion for M.J.P. Corporation owner.

SUBJECT—Application August 17, 1960—Filed pursuant to Section 310 of the Multiple Dwelling Law for variation Section 34 Subdivision 6 of the Multiple Dwelling Law re—cellar apartment—yard.

PREMISES AFFECTED—12 East 213th Street, south side, 50.02 feet west of DeKalb Avenue and 100.03 feet east of Jerome Avenue, Block 3329, Lot 56, Borough of The Bronx.

### APPEARANCES—

For Applicant: Edward L. Crinnion.

ACTION OF BOARD—Appeal granted on condition

### THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert,

Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 5, 1960 on Alt. Applic. 630-60, reads:

# MINUTES

"A1. The cellar apartment does not conform to Sec. 34 of the Multiple Dwelling Law."

and

WHEREAS, the applicant states that the building is 50.01 feet by 87.5 feet in area, 5 stories, 52.17 feet high, of class 3 construction, located in retail use, C area, class 1 1/4 height district, built in 1926, now used and occupied since 1926 as follows: cellar—playroom for children, carriage room, toilet, storage and boiler room; 1st floor—4 families, 15 rooms; 2nd, 3rd, 4th and 5th floors—5 families each floor and 15 rooms each floor; without a certificate of occupancy; that the proposed use and occupancy will be the same as existing; and

WHEREAS, the applicant states that the original approved plans indicate the occupancy of the cellar to be a playroom for children, carriage room, storage, coal bin and boiler room; that this appeal is being made to legalize the conversion of the playroom for children and carriage room into an apartment for the superintendent; that the present owner has owned this building for the past 5 years and found the cellar apartment existing at the time he acquired title; that the owner did not know that the apartment was illegal until a violation was filed April 2, 1957 for increasing the occupancy of the building from 24 to 25 apartments; that the owner thereupon received a Temporary Cellar Permit No. 1067 in accordance with the provisions of subdivision 5 of Section 216 of the Multiple Dwelling Law; that however, as the superintendent who resided in the apartment at the time the temporary permit was issued vacated the apartment, the Department of Buildings revoked the Temporary Cellar Permit February 5, 1960; that the owner, upon inquiry with the Department of Buildings was advised that it was not possible to legalize continued use of this apartment and on May 27, 1960, the owner notified the tenant in apartment 2 on the 1st floor that he would have to vacate the apartment within 30 days so that an apartment would be available for the superintendent; that the tenant moved out July 1, 1960, but the new superintendent has refused to move up to the 1st floor as, in his opinion, the cellar apartment is more desirable than the legal apartment on the 1st floor, and rather than move up to the 1st floor, he is resigning as superintendent; that as this apartment has the foyer, kitchen and bathroom facing a court 6 feet 8 inches wide, and the bedroom faces the rear yard, which is 12 feet 6 3/8 inches deep with only a 4 foot 10 inch high retaining wall to the level of the adjacent court, and as all the rooms are above the adjacent ground level, this apartment, although it does not comply with the strict letter of the Multiple Dwelling Law, does comply with the spirit and intent of the law; that the ceiling height of the cellar apartment is 8 feet 1/2 inch; that this apartment existed for at least 30 years; that the open space at the rear of the apartment is 19 feet 2 inches; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted under certain conditions.

*Resolved*, that the decision of the Borough Superintendent, dated August 5, 1960, acting on Alt. Applic. 630-60 Objection No. A1 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* the building conform with drawings filed with this appeal dated August 17, 1960, 11 sheets; that the apartment be put in good condition with a wood floor throughout except in the bathroom; that the apartment be repainted; that the occupancy shall be limited to the superintendent of the building; that all other laws, rules and regulations applicable shall be complied with; and that a Certificate of Occupancy shall be obtained.

# NOTICE

## WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

*First*, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

*Second*, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

*Third*, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board.

*Fourth*, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

*Fifth*, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

*Sixth*, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the Zoning Resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—add postage payment if the forms are forwarded by mail. Purchase payment by postage stamps *NOT ACCEPTABLE*.

## APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 is further amended by Chapter 805 of 1959 and provides as follows as to appeals:

### LAWS OF NEW YORK—By Authority

#### Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts;
- (4) Means of egress; or
- (5) Basements and cellars in dwellings erected on or after April twelfth, nineteen hundred one.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

## RULES

### RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the powers conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

#### Labor Law

##### Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

#### RULE 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

#### Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fireresisting partitions, with all openings therein protected by selfclosing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;  
Boiler making;  
Brick, terra cotta or artificial stone works;  
Forge shops;  
Foundries;  
Iron, steel, brass or copper works;  
Machine shops;  
Smelting;  
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;

(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

PETITIONS AND ORDERS OF CERTIORARI  
SERVED ON THE BOARD OF STANDARDS  
AND APPEALS.

On November 23, 1960, Petition and Order of Certiorari was served on the Board by Frank J. Zeccola, attorney for petitioner, Josephine Paradiso, objecting property owner, seeking a review of the Board's determination on October 18, 1960, granting a variance under Section 21 of the Zoning Resolution, to permit in an E-1 area district, the conversion of an existing two family dwelling into a three family dwelling; Calendar Number 340-60-BZ; Premises 1938 Hering Avenue, east side, 275.00 feet south of Neill Avenue, Block 4276, Lot 61, Borough of The Bronx.

\* \* \*

On November 23, 1960, Petition and Order of Certiorari was served on the Board by Levine & Gordon, attorneys for petitioner, Wexford Arms Realty Co., owner, seeking a review of the Board's denial on October 25, 1960 of its application for consideration—reopening as Vol. IV subject to regular procedure—decision of the Borough Superintendent; previously denied, under Sections 7e and 21 of the Zoning Resolution, permitting in a local retail use district, the erection and maintenance of a gasoline service station, lubrication, car washing, non-automatic, office, sale of accessories, minor repairs with hand tools only, safety inspection station and the parking and storage of motor vehicles; Calendar Number 328-32-BZ—Vol. IV; Premises 28-05 to 28-21 Bayside Lane, (official 28-11) and 162-05 to 162-19 29th Avenue, northeast corner, Block 4890, Lot 80, Whitestone, Borough of Queens.

\* \* \*

On November 23, 1960, Petition and Order of Certiorari was served on the Board by Frank J. Zeccola, attorney for petitioner, Josephine Paradiso, objecting property owner, seeking a review of the Board's determination on October 18, 1960, granting a variance under Section 21 of the Zoning Resolution, to permit in an E-1 area district, the conversion of an existing two family dwelling to a three family dwelling; Calendar Number 339-60-BZ; Premises 1936 Hering Avenue, east side, 312.50 feet south of Neill Avenue, Block 4276, Lot 60, Borough of The Bronx.

NOTICE

1—CALENDAR: Notices of public hearing on applications for zoning variances, will be published twice: first publication, listing new cases set for hearing, in the Bulletin available to the public at least 14 days before the date of hearing; second publication, in the last Bulletin available to the public immediately prior to the hearing date. The second publication will be augmented with a listing of cases laid over from previous hearings. Attention is directed to the MINUTES of such previous hearings, where the reasons for laid over cases will have been published. Notices of public hearing on applications for approval of materials and appliances will be published once, at least 10 days prior to the hearing date.

2—MINUTES: The publication of the "digest" of the applicant's statement has been discontinued, except that the administrative orders, decisions, etc., which are the subject of each application or appeal will be published. The summary of information given in the Appeal Form (Form A) shall be published for Administrative Appeals. The Board will continue to publish such other matters as it may deem advisable.

## THE RESOLUTION—

WHEREAS, on April 15, 1947, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that the conditions on the site of the above mentioned premises are substantially the same as when the variance was originally granted; that very little change has been made in the surrounding area with the exception of two new buildings on the northwest and southwest corners of East 35th Street and Third Avenue; that they have checked with the City Planning Commission and there has been no change in the use, area and height designations; that it is respectfully requested that this variance be extended for an additional 15 years for the same use; that this request is made at this time because of client renewal agreements; that it is imperative that he continue in his profession at this location; that the neighbors within the affected area have no objection to this extension; that the owner has always been one of the most enthusiastic members of our community and was instrumental in obtaining the first trees along our street, and has always helped to maintain the residential character of the neighborhood; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which will expire by time limitation on April 15, 1962; and

WHEREAS, this application was reopened on November 1, 1960 and set for hearing on November 29, 1960, at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated September 9, 1960 acting on Alt. Applic. 605-58, reads:

"BSA res. Cal. #91-47-BZ as amended establishes a variance until 4/15/62— any extension beyond that date must be considered by BSA."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 15, 1947, only as to the term of the variance, so that as amended it shall read:

"granted for a term of fifteen years from the date of this *amended* resolution, to permit . . .; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."

and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted*, under Section 7h of the Zoning Resolution, to permit in a business and residence use district, the parking and storage of more than five motor vehicles in the residence use portion of the plot *on condition* that the work be done in accordance with drawings filed with this application dated May 26, 1960, 2 sheets, and October 19, 1960, one sheet; and on the *further condition* that all laws, rules and regulations applicable shall be complied with; and that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

## 103-60-BZ

APPLICANT—Herman Kron for Marine Theatre Holding Company, owner.

SUBJECT—Application February 17, 1960—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a retail use, D area district, the erection of additional stores, which exceeds the permitted area coverage.

PREMISES AFFECTED—3149-3173 (3171 official) Whitney Avenue, and 2259-2271 Plumb 1st Street, northeast corner, Block 7527, Lot 1, Borough of Brooklyn.

### APPEARANCES—

For Applicant: Herman Kron.

For Opposition: None.

ACTION OF BOARD—Application denied.

### THE VOTE TO GRANT—

Affirmative: ..... 0

Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, and Commissioner Becker ..... 4

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 11, 1960 after due notice by publication in the Bulletin; laid over to November 15, 1960; applicant to send out new twenty day notices; then to November 29, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated February 8, 1960 acting on Alt. Applic. No. 112-60, reads:

"1. Proposed extension to building in a D area zone exceeds permitted percentage of coverage and therefore violates Article IV, PP. 14 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 112-60, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 297-60-BZ

APPLICANT—Lama, Proskauer and Prober for John Salvato, owner.

SUBJECT—Application April 20, 1960—decision of the Borough Superintendent, under Sections 7e and 7i of the Zoning Resolution, to permit in a business and residence use district, the use of the premises as a motor vehicle repair shop, including collision work, touch up painting with the use of acetylene torch and electric welding and the parking and storage of motor vehicles awaiting service in the rear yard for a term of ten (10) years.

PREMISES AFFECTED—638-640 Utica Avenue, west side, 107 feet 2½ inches south of Winthrop Street, Block 4617, Lot 15, Borough of Brooklyn.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 15, 1960 after due notice by publication in the Bulletin; laid over to November 29, 1960 for inspection and decision; applicant to submit new drawing; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated April 6, 1960 acting on Alt. Applic. No. 568-60, reads:

"1. Proposed motor vehicle repair shop including collision and repairs, touch-up, painting, acetylene torch welding, body and fender repairs, rear yard for storage of motor vehicles awaiting service located on a lot partly within a Business use district and a residence use district is contrary to Article II, paragraph 3 and paragraph 4a, subsections 4 and 29 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7e and i, to permit in a business and residence use district, the premises to be used as a motor vehicle repair shop, including collision work, touch-up painting with the use of acetylene torch, electric welding and the parking and storage of motor vehicles awaiting service in the rear yard, for a term of ten years, *on condition* that the work shall conform with drawings filed with this application dated April 20, 1960, 3 sheets, September 28, 1960, 1 sheet and November 18, 1960, 1 sheet revised; *on further condition* that the ceiling of the repair shop shall be fire retarded; that the welding space shall be enclosed in a manner satisfactory to the Fire Department; that all laws, rules and regulations applicable shall be complied with; and that all permits including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 304-60-BZ

APPLICANT—James E. Vassalotti for Joseph Angelene, owner.

SUBJECT—Application April 22, 1960—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, the erection of a one story and cellar building for use as a supermarket with loading and unloading, business sign and parking for patrons and employees' cars for a term of twenty-five (25) years.

WHEREAS, a public hearing was held on this application on November 15, 1960, after due notice by publication in the Bulletin; laid over to November 29, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated June 24, 1960 on Alt. Applic. 600-60, reads:

"Parking and storage of more than 5 motor vehicles in a residence use district is contrary to Art. II Section 3 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h of the Zoning Resolution, to permit for a period of five (5) years, in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles *on condition* that the work shall be done in accordance with drawings filed with this application, dated July 14, 1960, 4 sheets; that the parking be of the non-transient type with gate kept locked and keys given to the tenants; that tenants shall be monthly tenants; that all laws, rules and regulations applicable shall be complied with; and that all permits shall be obtained, all work completed and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

Adjourned 3:00 P.M.

JAMES P. MULROY, *Secretary*

## REGULAR MEETING

TUESDAY AFTERNOON, NOVEMBER 29, 1960,  
2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker.

### 427-60-SM

**APPLICANT**—Solcoor Incorporated, agent; for Palestine Portland Cement Works Nesher's Ltd., owner.

## APPEARANCES—

For Applicant: Richard M. Flynn and Samuel Rosenblum.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 427-60-SM—Solcoor Inc., agent for Palestine Portland

Cement Works "Nesher" Ltd., owner, filed for approval of the material known as "Nesher" brand Portland Cement Type I, as manufactured at the Haifa and Ramleh Plants in Israel.

**USE:** Cement used for concrete and concrete products.

## HAIFA PLANT

**DESCRIPTION:** At the Haifa plant the clinker for Type I cement is manufactured by the wet process. The basic limestone quarry is in Jeleny, 3.7 miles from the plant. The quarry is 70 acres in area, 19 of which is owned by the company, the rest leased. The life of the quarry is figured at 25 years.

The raw materials used for the cement are as follows:

1. Basic limestone with an average of about 88%  $\text{CaCO}_3$ . The limestone is covered with a thin layer of earth.

2. Clay is obtained from a pit bordering the plant. The pit encompasses 196 acres wholly owned by the company.

3. Gypsum is obtained from a quarry in Menahemia in the Jordan Valley. It contains 82.9% Calcium Sulphate Dihydrate.

No other raw materials are used in Type I cement produced at Haifa.

Limestone from the quarry is crushed in Hammermill crushers at the plant, then placed in a storage area. The next phase is the grinding of the raw mix slurry in 3 compound tube mills. Three components are used in making the raw mix slurry:

1. Crushed limestone, fed from hoppers equipped with rotating feed tables.

2. Clay slurry, which is produced by a floating washmill in the pit.

3. Additional water in order to bring the water content of the slurry up to 40%. After the mill the raw mix slurry goes to 8 raw slurry silos then to a kiln slurry basin, where it is fed to two rotary kilns. The clinker is air and water cooled at the lower end of the kilns.

The clinker is combined with gypsum and then ground in air swept compound tube mills. The compound tube mills use steel balls from 4 inches to  $\frac{3}{4}$  inches in diameter. When finished the cement is transported pneumatically to the cement silos. There is provision for bulk and bag shipment of cement.

## CONTROLS—

*Crushed limestone*—Determination of  $\text{CaCO}_3$  in dry state daily.

*Clay Slurry*—Determination of water content and  $\text{CaCO}_3$  in dry state daily.

*Slurry mill outlet*—Determination of liter weight, water content consistency  $\text{CaCO}_3$  in dry state hourly. Fineness is determined every 2 hours.

*Blending silos*—A complete analysis of ignited sample is taken after filling the silos.

*Kiln inlet*—At two hour intervals  $\text{CaCO}_3$  and water control are determined.

*Kiln outlet*—The liter weight of the clinker is taken hourly.

*Cement mills*—At 2 hour intervals fineness, normal con-

sistency and setting time are determined. Daily a composite sample is analyzed physically and weekly a composite sample is analyzed chemically.

**INSPECTION & TEST:** The plant of the applicant at Haifa, Israel, was inspected by a Committee on Test, consisting of Chairman Max H. Foley and Director W. A. Nolan.

The Committee also visited the Building Research Station, Technion Israel Institute of Technology and was escorted through the laboratories by Dr. G. H. Jaegeman, Head of the Department. The Technion Laboratories were up to date with modern testing equipment and facilities to enable tests to be made in conformity with ASTM standards.

Samples were taken at the mill by the Committee on Test, sealed and shipped to Robert W. Hunt Co., Chicago,

# MINUTES

Illinois. These samples were lost in shipment so the Committee permitted the Technion Institute to act as their agents to take replacement samples. Results of tests performed by Robert W. Hunt Co. of Chicago, Illinois, were found to be in accordance with ASTM requirements for Type I cement.

The plant laboratory at Haifa did not have the proper equipment to determine tensile strength or autoclave expansion. In addition there was not adequate temperature control in the laboratory. Equipment is in the process of procurement so that the Haifa plant laboratory will be able to make tests in conformity with ASTM standards.

## RAMLEH PLANT NEAR TEL AVIV

**DESCRIPTION:** At the Ramleh plant, the clinker for Type I cement is manufactured by the wet process. The basic limestone quarry is in the foothills of the Judaeen Mountains about 2 miles from the plant.

The 80 acre limestone quarry is leased for 99 years from the Development Authority of Israel. In addition options are held on 86 acres bordering the present quarry. The estimated life of the quarry is 50 years.

The raw materials used for the cement are as follows:

1. The basic limestone in the quarry are topped by a thin overburden of clay. The upper layer of argillaceous limestone contains 87.2%  $\text{CaCO}_3$  and the lower layer has 95.5%  $\text{CaCO}_3$ .

2. Clay is produced from a pit 1 mile from the plant. 220 acres leased from the Development Authority of Israel with an additional 70 acres under option.

3. Gypsum. One-third of the gypsum used is obtained from the Menahemia quarry and two-thirds from a quarry located at Wadi-Ramon in the Negev desert, 100 miles south of the plant. No other raw materials are used for the production of Type I cement at Ramleh.

After quarrying the limestone is carried in 14 cubic yard Euclid trucks to the Hammermill crusher at the plant, there transported by belt conveyor to the storage area. Clay is also transported to the plant by Euclid truck. A clay slurry is made at the plant containing 65% water. Limestone, after crushing, is combined with clay slurry and ground in a single operation in a three compartment tube mill. The resulting ground raw mix slurry is pumped to four raw slurry tanks. The tanks are equipped with compressed air pipes for homogenizing the raw slurry. After homogenizing, the slurry is stored in a pre-kiln basis. From here, the slurry is fed to the upper end of the kiln. The clinker resulting from the kiln process is air cooled, then combined with gypsum and ground in two 3 compartment tube mills. The finished cement is pumped pneumatically to three cement silos.

There is provision for bulk and bag shipment of cement.

**CONTROLS**—The flow of material and the control processes are the same as those described for the Haifa plant.

**INSPECTION & TEST:** The plant of the applicant at Ramleh, Israel, was inspected by a Committee on Test, consisting of Chairman Max H. Foley and Director W. A. Nolan.

As at the Haifa plant, samples were taken, sealed, shipped and subsequently lost in shipment.

The samples the Committee permitted the Technion Institute to take, replacing those lost in shipment, tested satisfactorily according to reports submitted by Robert W. Hunt Co., Chicago, Illinois.

The plant laboratory at Ramleh was not equipped to make tests in conformity with ASTM requirements.

**RECOMMENDATION:** On the basis of inspection and data filed by the applicant the Committee on Test recommends the approval of the material known as "Nesher" Brand Portland Cement Type I as manufactured at the Haifa and Ramleh plants in Israel for use in New York City under the provisions of Section C26-312.0 Administrative Building Code, on condition that the owner shall submit monthly, for a period of six months from the date of this resolution, and annually thereafter, a certified copy of laboratory reports certifying that all cement manufactured

at the applicants' plants and shipped into the New York City complied with all requirements of this resolution, including ASTM 150-56 specifications.

The Committee further recommends that all laboratory reports be prepared at the Building Research Station, Technion Israel Institute of Technology, Haifa, Israel, until such time as the laboratories at the Ramleh and Haifa plants are equipped to perform tests in conformity with ASTM requirements.

It is also a recommendation that all bulk shipment of the cement shall be adequately protected during shipment so as to preclude the possibility of any moisture entering into the spaces in which the cement is stored and all ocean bills of lading shall be stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 427-60-SM".

(Sgd.) MAX H. FOLEY,

Chairman,  
WILLIAM A. NOLAN,  
Director,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 538-60-SM

**APPLICANT**—City Lumber Company of Bridgeport, Incorporated for Italcementi, owner.

## APPEARANCES—

For Applicant: Richard M. Flynn and Samuel Rosenblum.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

## THE RESOLUTION—

**WHEREAS**, the report of a Committee on Test reads: 538-60-SM—City Lumber Company of Bridgeport, Conn., Incorporated, agent for Italcementi, Bergamo, Italy, owner for approval of the materials, Portland Cement Type I and Portland Cement Type II, as manufactured at the Italcementi plant in Trieste, Italy.

**USE:** Cement used for concrete and concrete products.

**DESCRIPTION:** The dry process plant at Trieste, Italy, has a basic limestone quarry about two miles from the plant. The quarry comprises 136 acres owned by the company with a predicted life of about 500 years. The raw materials used for the cement are as follows:

1. Basic limestone with an average of about 94%  $\text{CaCO}_3$ . There is practically no overburden in the quarry.
2. Shaley clay in a 25 acre quarry adjacent to the plant.
3. Gypsum and iron pyrites which are shipped in from other areas in Italy.

The basic limestone is crushed at the quarry to about 2" sizes then conveyed by a two mile overhead tramway to a raw material storage shed at the plant. The shaley clay is conveyed by belt from the adjacent quarry to the same shed.

These two materials are proportioned by weighing feeders and ground in rotary mills. The mix is carried over to the blending silos by conveyors and elevators and then to the kiln feed silos of two rotary kilns. After discharge from the lower end of the kilns, the clinker is cooled on grate coolers and stored in the raw materials shed. When needed the clinker is taken from the raw materials shed and ground in closed circuit mills with gypsum added before the final finished grinding. Cement is then carried to the silos by pneumatic conveyors. It is either bagged or shipped in bulk. There is a wharf on the Adriatic Sea where large ships may be loaded.

## CONTROLS

**Raw materials**—Complete chemical analysis daily.

## Mix

- a. Calcium Carbonate is determined every 30 minutes from the mill discharge and analysis.

# MINUTES

- b. Chemical analysis ever 8 hrs. of average sample.
- c. Calcium Carbonate is determined every hour by sampling at the kiln feeder.

## Clinker

- a. Weight per litre is determined on samples taken hourly at the kiln discharge.
- b. Free C<sub>2</sub>O is determined every 8 hours.
- c. Complete chemical and physical analysis are run every 24 hours on average sample.

## Cement

- a. Fineness, set and SO<sub>3</sub> content tests are run every hour on mill samples.
- b. Fineness tests are run hourly on samples taken at shipping department.
- c. Complete physical and chemical analysis on daily average grinding sample and average shipping sample.

**INSPECTION AND TEST:** The plant of the applicant at Trieste, Italy, was inspected by a Committee on Test, consisting of Chairman Max H. Foley and Director W. A. Nolan. Samples were taken at the mill by the Committee on Test, sealed, then forwarded to Robert W. Hunt Co., London, England, and tested. Results were found to be in accordance with ASTM requirements for Type I and Type II Portland Cement.

However, the laboratory at the plant was not up to ASTM standards, not having good temperature control, no autoclave or proper machine for tension tests. The Committee visited the main headquarters for the twenty seven cement plants for "Italcementi" at Bergamo, Italy. At this headquarters there were over fifty technicians engaged in cement testing and research with adequate temperature controls and equipment for complying with ASTM requirements. This laboratory the Committee considered to be an effective substitute for the laboratory at the Trieste plant.

**RECOMMENDATION:** On the basis of the inspection and data filed by the applicant, the Committee on Test recommends the approval of the materials, Portland Cement Type I and Portland Cement Type II as manufactured at the Italcementi plant in Trieste, Italy, for use in New York City under the provisions of Section C26-312.0 Administrative Building Code, on condition that the owner shall submit monthly, for a period of six months from the date of this resolution and annually, thereafter, a certified copy of laboratory reports certifying that all cement manufactured at the applicant's plant and shipped into New York City complied with all requirements of this resolution including ASTM 150-56 specifications.

The Committee further recommends that all laboratory reports be done at the headquarters laboratory, Bergamo, Italy.

It is also a recommendation that all bulk shipment of the cement shall be adequately protected during shipment so as preclude the possibility of any moisture entering into the spaces in which the cement is stored and all ocean bills of lading shall be stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 538-60-SM".

(Sgd.) MAX H. FOLEY,  
Chairman  
WILLIAM A. NOLAN,  
Director.  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 582-60-SM

**APPLICANT**—F. H. A. Steel Products Corp., owner.  
**APPEARANCES**—

For Applicant: Samuel Sklar.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

## THE RESOLUTION—

**WHEREAS**, the report of a Committee on Test reads: 582-60-SM—F. H. A. Steel Products Corporation, Chauncey Street, Brooklyn, New York, filed for approval of the material known as the F. H. A. Steel Products 1½ Hour Fire Door, under the provisions of Section C26-610.0 Administrative Building Code and the Rules for Inspection of Opening Protective Assemblies.

**USE:** A 1½ Hour Fire Resistive Opening Protective Assembly.

**DESCRIPTION:** The overall size of the door is 7' 0" by 3' 0" x 0' 13¼" and consists of a front and back sheet, stiffeners, top and bottom channels, hinge and lock reinforcements and insulation.

The front and back sheets are of 20 gauge cold rolled steel. The stiffeners consist of a pair of 20 gauge steel members in the shape of a hat with an overall width of 0' 5" including the outstanding legs. Two of the stiffeners are spaced 0' 5" from the hinge and lock edges of the door respectively and the other two stiffeners are thin spaced 0' 8" from the edge stiffener so that there are in all, four stiffeners in the 3' 0" wide door. These stiffeners are then spot welded to the faces on approximately 0' 3" on centers.

The top and bottom closure consist of channels, 5⁄8" x 1½" x 18 gauge steel that are spot welded to the front and back sheets on 0' 3" centers.

The hardware reinforcement consists of 1⁄8" steel plate welded to the door assembly.

The hardware consists of two hinges and a latch with a 3⁄4" bolt throw.

The entire area between the faces of the door is insulated with rockwool.

**INSPECTION AND TEST:** A door as herein described was tested at Protexol Laboratory in accordance with the requirements of Section C26-610.0 Administrative Building Code and the average rise in temperature at the half hour was 483°F which is well below the allowable maximum of 650°F. The door also successfully met the hose stream requirements.

The complete report is on file with and is part of the record.

**RECOMMENDATION:** On the basis of the test and the data submitted by the applicant, the Committee on Test recommends the approval of the material known as F. H. A. Steel Products 1½ Hour Fire Door for use in New York City when the door is constructed as herein described; where the door is of a size 7' 0" x 3' 0" x 0' 13¼" and that all manufacturing, inspection and labelling shall comply with the requirements of the Rules of the Board covering the Inspection of Opening Protective Assemblies.

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Asst. Engr.,

GEORGE F. SKLENARIK,  
Asst. Engr.,

Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 478-56-SM

**APPLICANT**—Henry Horowitz, for Surface Coating Inc., owner (Surco International Corp., Agent).

**SUBJECT**—Application June 12, 1956—Surco Flooring approval of.

**APPEARANCES**—

For Applicant: None.

**ACTION OF BOARD**—Application dismissed for lack of prosecution.

APPLICANT—Morton S. Cahn for 15 East 55th Street  
Corporation, owner.  
SUBJECT—Application March 21, 1960—Appeal from a  
decision of the Borough Superintendent re—Class III  
Construction, height excessive.

PREMISES AFFECTED—15 East 55th Street, north side,  
145 feet west of Madison Avenue, Block 1291, Lot 11,  
Borough of Manhattan.

### APPEARANCES—

For Applicant: Morton S. Cahn.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Commissioner Fox and  
Commissioner Becker ..... 3  
Negative: Vice Chairman Kleinert ..... 1

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent,  
dated May 31, 1960 on Alt. Applic. 1039-59, reads:

# MINUTES

"C2—Proposed use of 6 sty. cl.3 building for commercial purposes on 5th & 6th floors is contrary to Sec. 4.2.1. B.C. since the tabular height limits of 4 stories or 50' are exceeded.

C3—Elevator opening into stair enclosure on 3rd, 4th, 5th & 6th floors is contrary to Sec. 6.4.1.8.2(a) B.C.

C5—Stair enclosure to be of a 2 hour construction as per Sec. 6.4.1.8.1.(b) B.C.

C9—Doors to stair enclosure must swing out in direction of egress as per Sec. 6.2.2. B.C."

and

WHEREAS, the applicant states that the building is 22 feet by 93 feet in area, 6 stories, 68 feet high, of class 3 construction, located in restricted retail use, B area, class 1½ height district, built in 1878, now used and occupied since 1942: Cellar—ordinary storage; 1st floor—optometrist, 10 persons; 2nd floor—beauty parlor, 25 persons; 3rd floor—2 offices, 6 persons; 4th floor—1 office and 1 apartment, 6 persons; 5th floor—1 office and 1 apartment, 6 persons; 6th floor—offices, 3 persons; that the existing Certificate of Occupancy #28671 issued February 14, 1942 against Alt. Applic. 213-40 has the following occupancy: cellar—storage; 1st floor—restaurant, 75 persons; 2nd floor—office and show-rooms, 15 persons; 3rd, 4th and 5th floors—2 apartments each floor; 6th floor—1 apartment; that the proposed use will be: cellar—ordinary storage; 1st floor—optometrist, 10 persons; 2nd floor—beauty parlor, 25 persons; 3rd, 4th and 5th floors—2 offices and 6 persons each floor; 6th floor—office, 3 persons; and

WHEREAS, the applicant states that it is proposed under this application to install an approved type sprinkler system throughout the building, discontinue apartments on the 4th and 5th floors and change their use to offices; that there will no longer be a mixed occupancy in this building; that all stair and public hall enclosures including the stair soffits will be fire-retarded with plaster over incombustible lath and the space between the enclosure stud partitions will be filled with rock-wool bats; that the cellar ceiling is completely fire-retarded with plaster on metal lath; that all heat in this building is piped in from New York Steam Company, further reducing any hazard inherent when a heating plant is present; that the doors of the offices are of ¾ hour fire-proof self-closing construction and swing into the offices so as to maintain 3 foot clear passage through all public hallways; that all kitchenettes now in existence in the existing apartments will be removed further reducing any hazard present with these cooking alcoves; that there is a 3 foot 8 inch wide steel stair from the 1st to the 2nd floors; that there is also a steel stair 3 foot wide from the 6th floor to the roof bulkhead; that the 3 foot wide stairs on the floors between are of hardwood construction; that the soffits will be fire-retarded; that the 6th floor level of this building is at the same level of the roof of 13 East 55th Street, the building immediately adjacent to the west; that said 6th floor also has an exit leading out on the roof at the rear which is covered with promenade tile providing auxiliary exit facilities to the roof of the adjoining building; that there is also an automatic elevator available to all floors with fireproof sliding door and fireproof enclosure; that this proposed alteration will do away with existing party wall balconies which connect 15 East 55th Street with 13 East 55th Street; that arrangements have been made with the owners of 13 East 55th Street to install an approved type sprinkler system in the stair halls of 13 East 55th Street, thereby eliminating the use of the party wall balconies as a secondary means of egress and creating a much safer condition in both buildings; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal should be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated May 31, 1960, acting on Alt. Applic. 1039-59 Objection No. C2, C3 & C5 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the work shall conform to drawings filed with this appeal, dated

October 7, 1960, 9 sheets; that the entire building shall be sprinklered; that the stair shown shall be an all steel stair with a one hour enclosure and on further condition that objection C9 be complied with; that all other laws, rules and regulations applicable shall be complied with; and that a Certificate of Occupancy shall be obtained.

## 235-60-A

APPLICANT—A. H. Salkowitz for Jerome F. Kelly, owner.

SUBJECT—Application March 30, 1960—Appeal to review decisions of the Borough Superintendent re—revocation of Building Notice 1644-58 previously approved in error, re—erection of open porch.

PREMISES AFFECTED—125-15 Beach Channel Drive, south side, 49.02 feet east of Beach 126th Street, Block 672, Lot 3, Belle Harbor, Borough of Queens.

## APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appeal denied.

## THE VOTE TO GRANT—

Affirmative: ..... 0

Negative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Fox and Commissioner Becker ..... 4

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 29, 1959 on B.N. Applic. 1644-58, reads:

"This letter is to inform you that this Department's approval given on August 24, 1959 on Building Notice Applic. 1644-58 for the erection of an open porch approximately 22 feet by 10 feet in area, is hereby revoked.

A permit to build had not been obtained for the construction of this porch.

The reason for the revocation is that an error had been made in approving the Building Notice #1644-58, in that the combined area of dwelling and porch exceeds the area permitted to be covered, by about 165 square feet."

and decision of the Borough Superintendent, dated March 29, 1960, reads:

"1. Request to reinstate plans as originally approved and later revoked is contrary to Superintendent's order of revocation."

and

WHEREAS, the applicant states that the building is 45 feet by 29 feet 8¾ inches irregular in area, 2 stories, 24 feet high, of class 4 construction, located in residence use, E-area, class 1 height district, built in 1952, now used and occupied since 1957: basement—dwelling and garage; 1st floor—dwelling; that the proposed use and occupancy will be the same; that this is an appeal to review a decision of the Borough Superintendent to revoke an approval of B.N. Applic. 1644-58; and

WHEREAS, the applicant states that the existing building is a frame brick veneer two family dwelling erected in March 1957; that after the certificate of occupancy was issued the owner had a porch (or patio) erected in the rear of his building outside the kitchen-dining room area; that no approval or permit was obtained for this work; that a violation was issued and plans were filed to obtain approval that the plans were subsequently approved; that prior to this the owner had been summoned to court and fined; that no permit was issued as the copy of Workmen's Compensation filed was deemed improperly made out; that the Superintendent of Buildings, Borough of Queens, in a review of the approval ruled that the application had been approved in error, and revoked the approval; that the alleged error is based on the assumption by the Borough Superintendent and a subsequent order issued by the Superintendent

# MINUTES

(Queens) that a porch or patio even though unroofed, if erected more than 18 feet high, constituted occupied area and should be included in the area of the building; that the combined area of the building and porch (patio) including the front stoop would then be about 165 square feet over the area, as computed; that the existing porch is approximately 59 feet high, in relation to yard grade; that under Section 19 (a) of the Zoning Resolution roofed porches are not permitted to encroach in required open spaces and under the only definition of floor area, Section 1 (u) of the Zoning Resolution; that the floor area is the sum of gross horizontal floor areas between exterior faces of walls and shall include walls of roofed porches; that this porch is not roofed, and has no exterior walls; that the porch (patio) is below the level of floor it is adjacent to and could not interfere with either light or ventilation; that the adjacent property to the south and east has a 6 feet high split sapling fence along the common lot line, and the porch cannot be seen from these lots and can barely be seen from the street; that it could in no way effect light or ventilation to the adjacent property; that in view of the circumstances as described, and the nature of use of this porch or patio area, and the fact that it can in no way effect any light or ventilation to anyone, and due to the hardship it would create for the owner, it is respectfully requested that that the revocation of the Borough Superintendent be set aside, and the order of the Superintendent be waived, and this approval granted; and

WHEREAS, the Board has considered this appeal and finds no justification for modifying or reversing the action of the Borough Superintendent in reopening the approval which was given in error on Building Notice 1644-58.

Resolved, that the decision of the Borough Superintendent, acting on B.N. Applic. 1644-58, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 240-60-A

APPLICANT—Philip Freshman for Estorbrook Electric Corporation, owner.

SUBJECT—Application March 31, 1960—Appeal from a decision of the Borough Superintendent—re—enclosed stairs.

PREMISES AFFECTED—156-160 Flushing Avenue, south side, 82 feet, 8½ inches east of Vanderbilt Avenue, Block 1872, Lot 26, Borough of Brooklyn.

### APPEARANCES—

For Applicant: Philip Freshman.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 3, 1960 on Alt. Applic. 3358-59, reads:

"1. As the present legal occupancy of the upper floors is 'vacant' the change to manufacturing requires compliance with Sec. 270 Labor Law. Provide two enclosed stairs comply with all provisions of Sec. 270 Labor Law."

nd

WHEREAS, the applicant states that the building is 61 feet 1¾ inches by 133 feet 5 inches irregular in area, 4 stories, 7 feet 4 inches high, of class 3 construction, located in unrestricted use, B area, class 2 height district, built prior to 1916, now used and occupied since 1958: cellar—boiler room and ordinary storage; 1st floor—offices and factory, 20 persons; 2nd, 3rd and 4th floors—vacant; substantially in accordance with Certificate of Occupancy #166168, issued June 23, 1958 against Alt. Applic. 1115-59; that the proposed

use and occupancy will be: cellar—boiler room and ordinary storage; 1st floor—offices and factory, 20 persons; 2nd, 3rd and 4th floors—factory, 15 persons each floor; that the occupant of the 1st floor is a manufacturer of electrical appliances; that the tenant to the upper floors have not as yet been found; and

WHEREAS, the applicant proposes to construct a new 3 foot 8 inch wide interior steel stair enclosed in 1 hour partitions and fireproof self-closing doors and ladder through a roof scuttle; that the 2nd means of egress will be through a new front labor law type fire escape; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 3358-59, Objection No. One and that the appeal be and it hereby is *granted, on condition* that the work shall conform to drawings filed with this appeal, dated September 28, 1960, 3 sheets, November 16, 1960, 2 sheets, that the new stair shall be in full compliance with Section 270 of the Labor Law; that the fire escape shown shall comply with the Labor Law, Section 273; that the building shall be made structurally safe in all respects to the satisfaction of the Borough Superintendent; that there shall be no storage of combustibles or inflammable material which would require a Fire Department permit; that the stair shown shall be continued to the roof; and that a new Certificate of Occupancy shall be obtained.

## 491-60-A

APPLICANT—Joseph Levy Jr. for Stanislaus Wojcik, owner; St. Stanislaus Memorial Post No. 1771 American Legion, lessee.

SUBJECT—Application June 30, 1960—Appeal from a decision of the Borough Superintendent re—frame building, public use.

PREMISES AFFECTED—119 Driggs Avenue and 93-101 North Henry Street, southwest corner, Block 2703, Lot 26, Borough of Brooklyn.

### APPEARANCES—

For Applicant: Joseph Levy, Jr.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 3, 1960 on Alt. Applic. 2572-59, reads:

"1. Proposed public use in a frame (class 4) structure violates Sect. 4.2.1 of Code."

and

WHEREAS, the applicant states that the building is 25 feet 6 inches by 100 feet in area, 1 and 2 stories, 12 and 26 feet high, of class 4 construction, located in business use, C area, class 1¼ height district built in 1905, now used and occupied as follows: cellar—ordinary; 1st floor—3 car garage and meeting room, 100 persons; 2nd floor—1 family; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that Alt. Applic. 4528-11 was approved to erect a one story frame extension 25 feet 4 inches by 55 feet 7 inches at the 1st floor and the work was completed on September 16, 1911 for the occupancy of the 1st floor as store and dance hall (not more than 300 people) and one family on the 2nd floor; that B.N. Applic. 5187-27 was approved to convert rear portion of the 1st floor into a 3 car garage by erecting cement blocks separating the garage from the remaining frame extension, also to fire-retard the walls and ceiling of the extension as well

# MINUTES

as the ceiling of the garage and erect a chimney and brick-work around cooking pots in connection with the manufacturing of potato chips; that Certificate of Occupancy #44383 was issued on June 2, 1927 for the occupancy of a 3 car private garage, store, also manufacturing of potato chips on the 1st floor and one family on the 2nd floor; that B.N. Applic. 7572-31 was approved to replace present show windows and removal wall at 1st floor between portion under main building and extension; that also, lower floor of extension and provide concrete floor; that Certificate of Occupancy #65506 was issued on October 14, 1931 for the occupancy of a store on the 1st floor and 1 family on the 2nd floor; that B.N. Applic. 7964-32 was approved for fuel oil installation and new boiler room and the work was completed on November 4, 1932; that in 1942 the store was occupied as a milk station by the Board of Health for a year; that thereafter the store was vacant for almost ten years when in 1953 the St. Stanislaus Memorial Post #1771 American Legion moved into the 1st floor of the building; that the Post received its charter on November 21, 1949 and now has a membership of 334; that it meets once a month and the Ladies Auxiliary also meets once a month; that in the interim the Executive, Regular and Special Committees hold their meetings; that at no time does the attendance exceed 100; that the Post has tried to find other meeting places in the immediate neighborhood but there is none available within the area set down by the Kings County American Legion standards as to zoning and territory for each post; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted under certain conditions.

*Resolved*, that the decision of the Borough Superintendent, dated June 3, 1960, acting on Alt. Applic. 2572-59 Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the work shall conform to drawing filed with this appeal, dated October 6, 1960, 1 sheet; that the occupancy of the first floor shall not exceed 74 persons; that all laws, rules and regulations applicable shall be complied with; and that a Certificate of Occupancy shall be obtained.

## 510-60-A

APPLICANT—Louis Stone for F.E.W. Building Corporation, owner.

SUBJECT—Application July 6, 1960—Appeal from a decision of the Borough Superintendent—re Revocation of permit—2124-59 issued re—N.B. 795-59.

PREMISES AFFECTED—2714 Eastchester Road, east side, 100 feet north of Allerton Avenue, Block 4534, Lots 25 and 26, Borough of The Bronx.

### APPEARANCES—

For Applicant: Louis Stone.

ACTION OF BOARD—Appeal denied.

### THE VOTE TO GRANT—

Affirmative: ..... 0

Negative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Fox and Commissioner Becker ..... 4

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 6, 1960, reads:

"A review of the files in this department and the inspection report of January 15th shows that only a partial trench excavation for the proposed foundation had been made. No concrete had been placed, and no request for a required soil test or inspection had been made preparatory to placing of footings or foundation.

"Therefore, based on recent judicial reviews and determinations made by courts of equity in similar situations, this department had no alternative but to notify the owners to cease any further work on the project on

January 15, 1960. They had neglected to fortify a claim or right to proceed with the undertaking by failing to substantially start any actual construction work prior to the effective date of the change in zoning of the site to a D-1 area, January 14, 1960.

"This department being an administrative agency, it is authorized to act only as mandated by explicit statutory laws, namely, Section 22B of the Zoning Resolution."

and

WHEREAS, the applicant states that the proposed building is 129 feet 6 inches by 78 feet in area, 6 story and basement, 64 feet high, of class 3 construction, located in residence use, presently D-1 area, class 1½ height district; to be used and occupied as a Multiple Dwelling with 51 apartments and accessory garage; that the unimproved land involved in this appeal was purchased June 8, 1959 for the construction of a six-story apartment building; that the land was then in a zoning area designated D District, allowing construction of such apartment building that Foundation approval for N.B. Applic. 795-59 was issued August 21, 1959; and Foundation Permit No. 2124 of 1959 was issued on August 21, 1959; that excavating of the site had been commenced prior to January 14, 1960 by excavating contractor employed by the owner; that on January 14, 1960, the excavating contractor was directed at the site to discontinue excavating, the inspector assigning as his reason that on that day January 14, 1960, a change of zoning occurred to a zoning area designation D-1 district (permitting only one and two family dwellings) by the adoption that day of Item No. 109 by the Board of Estimate; that the Acting Borough Superintendent then revoked approved application N.B. 795-59 and Foundation Permit No. 2124-59, on January 18, 1960; that on May 20, 1960, the owner, by letter to the Borough Superintendent called attention that the revocation was improper and requested cancellation of the revocations of these permits; that on June 4, 1960, the Borough Superintendent refused this request; that in view of the fact that the above referred to zoning was changed after operations had been lawfully started on erecting the structure under approved application N.B. Applic. 795-59, the owner, pursuant to Zoning Regulation, Section 22-B, was and is entitled to proceed as authorized under N.B. Applic. 795-59 and the Foundation Permit 2124-59 for one year after the effective date of the said change of zoning; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the appeal should not be granted.

*Resolved*, that the decision of the Borough Superintendent, acting on N.B. Applic. 795-59, Permit No. 2124-59, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 515-60-A

APPLICANT—Jacob Fisher and Donald D. Fisher for 57th Street Realty Corporation, owner.

SUBJECT—Application July 7, 1960—Appeal from a decision of the Borough Superintendent, re—egress.

PREMISES AFFECTED—543-546 57th Street West, north side 225 feet east of 11th Avenue, Block 1086, Lot 10 Borough of Manhattan.

### APPEARANCES—

For Applicant: Donald D. Fisher and Samuel Cohen.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated June 8, 1960 on Alt. Applic. 366-60, reads:

# MINUTES

"2—2 required means of egress required leading to street and comply with Sect. 270 of the Labor Law."

and

WHEREAS, the applicant states that the building is 75 feet by 100 feet 5 inches in area, 1 story and basement, 23 feet 6 inches high, of class 3 construction, located in unrestricted use, B area, class 1½ height district, built in 1919, now used and occupied since 1919; cellar—boiler room; basement—garage, 2 persons; 1st floor—garage, 3 persons; substantially in accordance with Certificate of Occupancy #1086, against N.B. Applic. 101-18; that the proposed use and occupancy will be: cellar—boiler room; basement—garage, 5 persons; 1st floor—motor vehicle repair shop, 15 persons; and

WHEREAS, the applicant states that the basement is 1 foot 11 inches, average, below grade, that its floor rests on ground except for a fireproof steel and concrete floor over a small boiler room in the cellar at front west; that the construction of the 1st floor is steel and concrete; that live load is 120 lbs. per square foot; that the ceiling of the 1st floor is fire-retarded with plaster boards and sheet metal; that the rear wall is unpierced; that exit facilities for the 1st floor are a concrete and steel ramp at east side, 10 feet 4 inches wide, 1 to 6 gradient, separated entirely from the basement with a 12 inch brick wall, an overhead door is at street front of ramp and an interior stairway at the west side, 3 feet wide, steel and cement treads, handrail on one side, enclosed in 4 inch masonry blocks, a 3 foot fireproof self-closing door at the top; that a 20 inch ladder to a scuttle to roof is outside of the stair enclosure; that the exit facilities for the basement are two separated overhead doors with a 2 foot 10 inch by 5 foot 6 inch swing door built into one of them; that these exit facilities were approved by the Department of Buildings under N.B. Application; that to be required to comply with Section 270 of the Labor Law would mean the ripping out of the present ramp and interior stairway and constructing new steel floor framing for two new stairways 3 foot 8 inch wide or 1 new stairway and 1 new reinforced concrete ramp; that this operation would prevent the use of the 1st floor for many weeks or months and would be very costly, resulting in extreme hardship for the owner; and

WHEREAS, the applicant proposes to improve the exit condition by creating a stair vestibule at the 1st floor level to enclose new roof ladder and scuttle; that the 1st floor opening to the stair enclosure will be sealed in with 4 inch masonry; that a stop will be fixed in the overhead door at bottom of the ramp to keep it permanently open; that an additional swing door will be provided in the east overhead door; that the building is occupied by one tenant—a taxi company; that the building is open 24 hours a day, 7 days a week; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

*Resolved*, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 366-60, Objection No. 2, and that the appeal be and it hereby is granted, on condition that the work shall conform with drawings filed with this appeal, dated July 7, 1960, 6 sheets; on further condition, that a fire escape shall be erected in accordance with the provisions of the Labor Law at the east end of the front of the building; and that a Certificate of Occupancy shall be obtained.

## 60-60-A

APPLICANT—Union Carbide Corporation U.C. Consumer Products Company, A Division, owner.

SUBJECT—Application July 28, 1960—Appeal from a decision of the Fire Commissioner—re Transportation, storage, and packaging of inflammable mixture known as "Prestone Windshield Washer Solvent" in 4-ounce plastic

polyethylene containers with screw caps. (containers not in accordance with Administrative code requirements).

## APPEARANCES—

For Applicant: T. E. Willoughby.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated July 22, 1960 on Folder No. 122-322, reads:

"Your application for our approval of 'PRESTONE' WINDSHIELD WASHER SOLVENT in 4 oz. plastic (Polyethylene) containers, must be disapproved on the grounds that said container fails to conform with Section of C19-59.0, Sub-division c, of the Administrative Code of the City of New York."

and

WHEREAS, the applicant states that the construction of the plastic bottle and the tests conducted on this type of container are summarized in the memorandum "Prestone Windshield Washer Solvent-Polyethylene Bottle" (a copy of which is filed herewith); that the data show that the container is far more resistant to damage than the glass bottles and about equal to the metal cans authorized for flammable mixtures in Section C19-59.0, Sub-division C; that "Prestone" Windshield Washer Solvent is a flammable mixture having an open cup flashpoint of 72°F; that it is principally isopropyl alcohol with a small amount of water and detergent added; that it will not pit, corrode or react in any way with the polyethylene bottle; that the Fire Department approved the marketing of this product under a slightly different name in 2 ounce sealed (nonflammable) plastic containers by letter dated May 25, 1959, copy attached; that "Prestone" Windshield Washer Solvent is sold in service stations and similar outlets that sell automotive products; that it is intended primarily for commercial rather than household use; that experience with polyethylene bottles filled with alcoholic contents has been excellent; that for several years, the cosmetic industry has marketed flammable liquids, such as after shave lotions, in similar polyethylene bottles without incident; that it is our understanding that these products are exempt from the Fire Department regulations.

*Resolved*, that the decision of the Fire Commissioner, dated July 22, 1960, acting on Folder No. 122-322 be and it hereby is modified and that the appeal be and it hereby is granted to permit the use of 4 ounce plastic polyethylene containers with screw caps for the transportation, storage and packaging of "Prestone Windshield Washer Solvent", on condition that the containers shall be labeled to the satisfaction of the Fire Commissioner.

## 658-60-A

APPLICANT—Joseph Werb for Michael LaMantia and Lucy LaMantia, owners.

SUBJECT—Application September 13, 1960—Filed pursuant to Section 36 of the General City Law re—building not fronting on legal street.

PREMISES AFFECTED—708 Delafield Avenue, south side, 277.63 feet east of Clove Road, Block 224, Lot 30, West New Brighton, Borough of Richmond.

## APPEARANCES—

For Applicant: Joseph Werb.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

# MINUTES

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 1, 1960 on N.B. Applic. 619-60, reads:

"1. The above filed dwelling is on a street not final mapped and contrary to General City Law #36."

and

WHEREAS, the applicant states that the proposed building will be 38 feet by 32 feet 5 inches in area, one story, 13 feet high, of class 4 construction, to be used and occupied as a one family dwelling, located on a plot 50 feet by 190 feet in area, in a residence use, E area, class 1 height district; and

WHEREAS, the applicant states that it is respectfully contended that there is no practical reason for the rejection of this application on the sole ground that Delafield Avnue, adjacent to owners' premises, is an unmapped street; that Delafield Avenue was formerly known as Prospect Avenue and clearly appears as having been in use as a public highway in the Atlas for the year 1874; that there are being submitted herewith photographs of Delafield Avenue, in the vicinity of owners' premises, from which it can be clearly seen that the said avenue in this location is an old, well established, paved, regulated and graded street completely built up with residences and stores on both sides thereof; that there are also being submitted copies of the tax maps of the said area upon which the various dwellings and stores have been located; that the only remaining vacant land existing on either side of Delafield Avenue from Elizabeth Street to Clove Road is the plot of ground upon which the owners wish to build their home and which is 50 feet by 190 feet in area; that an adjoining piece in private ownership 100 feet by 190 feet in area, which is presently being used as a parking lot, and 77 additional feet of frontage apparently in the ownership of the City of New York; that Delafield Avenue adjacent to the premises in question has been surfaced and resurfaced and has been maintained by the City for many years; that further, that there is presently an eight inch vitreous sanitary sewer in this street which was originally constructed therein many years ago by the City; that in addition to this sewer, all utilities are in this street and have been in for many years servicing the homes thereon, some of which are about 60 to 75 years old; that Gas, Electricity, Water and Telephone are among these services; that as a matter of fact, this is one of the oldest existing streets in the Borough of Richmond and there is practically no possibility of its character being changed or as to it being regulated or graded in any manner in the foreseeable future, other than as it now exists; that owners are aware of the fact that Delafield Avenue has a width of only 50 feet and that it is within the realm of possibility that it may be widened to 60 feet at some future time; that although there are no proposed widening lines on the map, owners are further aware of the fact that the 10 foot widening may conceivably take place on the southerly side of Delafield Avenue, this being the side upon which owners' premises are located; that there is being submitted herewith a plot plan which indicates that the house is to be set back 30 feet from the street line; that this setback is 20 feet greater than that which is compelled by the zoning in this area and makes more than ample allowance for a future widening of any width, even up to 10 feet; and

WHEREAS, the Board has studied and considered this case and finds that there is justification for the granting of the appeal.

*Resolved*, that the decision of the Borough Superintendent, acting on N.B. Applic. 619-60, Objection No. One be and it hereby is *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be and it hereby is *granted*, on condition that the building shall conform to drawings filed with this appeal, dated September 13, 1960, 2 sheets; that all laws, rules and regu-

lations applicable shall be complied with; and that a new Certificate of Occupancy shall be obtained.

## \*CORRECTION

That portion of the minutes of the meeting of the Board of Standards and Appeals held on October 4, 1960 as they appeared in the Bulletin No. 41, Vol. 45, are hereby corrected to read as follows:

### 294-60-SA

**APPLICANT**—Weil-McLain Company, owner; J.L. Plumbing and Heating Supply Corporation, agent.

## APPEARANCES—

For Applicant: William John Edgar.

**ACTION OF BOARD**—Appliance approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper, Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0  
Absent: Vice Chairman Kleinert..... 1

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 294-60-SA—Weil-McLain Co., Michigan City, Ind., filed for approval of the appliance known as Weil-McLain Type E Gas Boilers, Models E3, E4, E5, E6, E7, E8, E9, and E10, S or W, for use in New York City under the provisions of Article 12, Administrative Building Code.

USE: Gas fired steam or hot water boilers.

**DESCRIPTION:** The Weil-McLain Type E Gas Boilers are low pressure heating boilers for steam or hot water heating systems. They are constructed in accordance with the ASME boiler code and are made of cast iron sections varying in number with the size of the boiler. Burners are atmospheric type with stainless steel ribbon ports. Other equipment includes gas pressure regulator, pilot light with automatic gas shut off valve in case of pilot flame failure, pressure relief valve and limit controls. Provision is made for flue connection at the top.

The boilers are encased in a heavy gauge steel jacket which is insulated with foil backed glass wool insulation and finished in a baked enamel.

The heat input capacity in the Btu per hour varies from 4,000 for the E3 Model to 288,000 for the E10 Model, each size increasing by 32,000 Btu.

**INSPECTION AND TEST:** The data submitted by the applicant was examined by Ass't. Engr. G. F. Sklenarik. These boilers have been tested and approved by the American Gas Association.

**RECOMMENDATION:** The Committee on Test recommends the approval of the appliance known as Weil-McLain Type E Gas Boilers, Models E3, E4, E5, E6, E7, E8, E9, and E10, S or W, for use in New York City when installed in accordance with this report and the requirements of Article 12, Administrative Building Code, provided that each unit shall bear a label, permanently affixed, reading "Ap-above.

proved by the Board of Standards and Appeals for use in New York City under Calendar Number 294-60-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,

Asst. Engr.,

GEORGE F. SKLENARIK,

Asst. Engr.,

Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

\*Correction: In the Resolution and Recommendation portions "*Type E9 and E10*" are added to correct, as shown in italics above.

## RULES

### RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the powers conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

#### Labor Law

##### Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

#### RULE 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

#### Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fireresisting partitions, with all openings therein protected by selfclosing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;  
Boiler making;  
Brick, terra cotta or artificial stone works;  
Forge shops;  
Foundries;  
Iron, steel, brass or copper works;  
Machine shops;  
Smelting;  
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction  
(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

Corrections Affecting Calendar Number 380-50-BZ.

Proposed Rules to Supplement Requirements Section 280 of Labor Law (Automatic Fire Extinguishing Systems).

## COURT DECISIONS

Matter of Weiss vs. Foley:—On January 12, 1960, the Board denied an application reopened June 30, 1959 as Volume IV—decision of the Borough Superintendent—to permit in a business use district, the erection and maintenance of a gasoline service station, auto washing, lubricatorium, office, sale of auto accessories, minor repairs with hand tools only and the continuance of the present parking lot which is a conforming use; Calendar Number 361-37-BZ—Vol. IV; Premises 91-11 Roosevelt Avenue, north side, between 91st and 92nd Streets, Block 1479, Lot 38, Jackson Heights, Borough of Queens.

At Supreme Court, Special term, Part I, Mr. Justice Tessler in a decision concluded that the proceeding and the appeal by the petitioners to the Board should be remitted and referred back to the Board for a review of the record and a reconsideration of its determination. The petitioners and others interested shall each be permitted to offer or submit such other and further proof and evidence before the Board, as each may deem advisable. (N. Y. Law Journal, November 3, 1960, page 15).

Upon reargument by the respondents of the Supreme Court's decision of November 1, 1960, Mr. Justice Tessler remitted the matter to the Board for a review and reconsideration. Pending such reconsideration by the Board, and its determination thereon, an appeal to the Appellate Division is denied. (N. Y. Law Journal, November 30, 1960, page 16).

\* \* \* \* \*

Matter of Satin vs. Board:—On April 5, 1960, the Board granted a variance under Section 21 of the Zoning Resolution, to permit in an E area district, the erection of a multiple dwelling with less than the required setback on one street front, exceeding the permitted ground area coverage and total floor area, with ingress and egress to garage in the E area district and less than the required parking spaces; Calendar Number 49-60-BZ; Premises 964-996 Ocean Parkway and 507-525 Avenue J, northwest corner, and 4636 Bay Parkway, Block 6518, Lot 59, Borough of Brooklyn.

At Supreme Court, Special Term, Part I, Mr. Justice Brown dismissed the petition as it was presented more than thirty days after the Board's decision was filed. (N. Y. Law Journal, July 1, 1960, page 8).

Matter of Satin et al., ap. (Board of Standards and Appeals of the City of N. Y., res.; 968 Ocean Parkway Realty Corp'n. et. al., intervenor-res)—The Appellate Division—Supreme Court, Second Department granted motion to add appeal to the October term calendar. The appeal is ordered to be placed on the calendar for October 14, 1960. (N. Y. Law Journal, October 6, 1960, page 13).

Matter of Satin, pet.-ap. (Board of Standards and Appeals of the City of N. Y., res.; 968 Ocean Parkway Realty Corp'n., intervenor-res.)—The Appellate Division—Supreme Court, Second Department in its decision by Nolan, P.J., stated in part, as follows:

"If it be assumed arguendo that the mere service of the petition and notice of motion within the thirty-day period after the publication of the board's determination was not a presentation of the petition at a Special Term of the Supreme Court within the fair sense of section 668e-1.0 of the Administrative Code of the City of New York (but, cf. Matter of Barns v. Osborne, 286 N. Y. 403; Civ. Prac. Act. secs. 113, 1286), nevertheless when, within the time limitation prescribed by that section, the petitioners performed all of the acts heretofore set forth in an attempt to invoke the jurisdiction of the Special Term in accordance with the statutory provisions and rules regulating the practice concerning motions and special proceedings, the petition must be deemed to have been presented at a Special Term of the Supreme Court in the fair sense of said section of the Administrative Code." (N. Y. Law Journal, November 29, 1960, page 15.)

\* \* \* \* \*

Matter of Clearview Gardens Fifth Corp. vs. Murdock:—On March 31, 1959, the Board granted a variance under Sections 7c and 7h of the Zoning Resolution to permit in a residence use district, the erection and maintenance of a gasoline service station, lubricatorium, minor auto repairs, car wash, storage, office and sales and the parking and storage of motor vehicles for a stated term of fifteen years; Calendar Number 132-58-BZ; premises 17-39 to 17-61 (17-55 official) Francis Lewis Boulevard, 157-63 to 157-71 18th Avenue, northeast corner, 157-52 to 157-64 17th Road and 17-38 to 17-48 160th Street, Block 4747, Lot 31, Whitestone, Borough of Queens.

Upon court review, Mr. Justice Latham, at Supreme Court, Special Term, affirmed the Board's decision and denied the petitioners' motion. (N. Y. Law Journal, June 12, 1959, page 12).

The Appellate Division, Supreme Court, Second Department affirmed the Supreme Court's decision, sustaining the Board's determination. (N. Y. Law Journal, November 22, 1960, page 15).

# CALENDAR

## DOCKET

*New Cases Filed up to December 6, 1960.*

*Cal. No. Dept. Premises Affected*

**863-60-SM**—Nelson Granular Flux Filled Automatic end-weld type CP Studs, diameters and length as required, and Nelson Stud Welding Equipment, manufactured by Nelson Stud Welding Company, Material.

**864-60-A**—B.M.—2169-2175 Amsterdam Avenue, 463-471 West 167th Street, northeast corner, Block 2112, Lots 1 and 5, Borough of Manhattan, Alt. 1428-60, re—Review of a decision of the Borough Superintendent, re—Zoning Matter.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 15, 1960 after due notice by publication in the Bulletin; laid over to December 6, 1960 for decision and two publications in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated September 1, 1960 acting on Alt. Applic. No. 408-59, reads:

"1. Proposed enlargement of accessory building on an existing gasoline service station and change in occupancy to include gasoline service station, auto washing, lubrication, minor repairs with hand tools only, office, sale of auto accessories, and parking and storage for motor vehicles, in a Residence zone, is contrary to Article II, PP. 3 of the zoning resolution; also proposal is not in accordance with the conditional variance granted by the B. S. & A. under Cal. #30-30-BZ and should be referred back to the Board.

"2. Proposed signs in a Residence zone is contrary to Article II PP. 3 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and there has been two publications in the Bulletin of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7a, to permit in a residence use district, the construction of a six foot extension along the front and a fifteen foot by fifteen foot 6 inch extension on the rear of the service building which was pre-

# MINUTES

viously approved by the Board under Vol. II and the extension of the uses to include non-automatic car washing, *on condition* that the work shall conform with drawings filed with this application dated April 17, 1960, 3 sheets and September 8, 1960, 2 sheets; that all laws, rules and regulations applicable shall be complied with; and that all permits including a Certificate of Occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 593-50-BZ

APPLICANT—Alvin F. Golankiewicz, owner.

SUBJECT—Application reopened November 9, 1960 for consideration as to extension of term of variance, expired October 11, 1960—decision of the Borough Superintendent, previously granted on condition, under Section 7h of the Zoning Resolution, permitting in a residence use district, the parking and storage of motor vehicles.

PREMISES AFFECTED—South side of East 225th Street, 280 feet west of White Plains Road, Block 4826, Lot 71, Borough of The Bronx.

### APPEARANCES—

For Applicant: Alvin F. Golankiewicz.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, on November 28, 1950, as amended October 11, 1955, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation October 11, 1960; and

WHEREAS, this application was reopened on November 9, 1960 and set for hearing on December 6, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on December 6, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated September 21, 1960 acting on Alt. Applic. No. 596-50, reads:

"1. The proposed parking and storage lot in a residence use district is contrary to Art. II Sect. 3 of the Zon. Res. Note: Refer to Cal. 593-50-BZ."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 28, 1950, as amended through October 11, 1955, only as to the term of the variance, so that as amended it shall read:

"granted for a term of ten (10) years from the date of this amended resolution, to permit.....; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."

## 471-51-BZ—Vol. II

APPLICANT—Charles A. Buckley, Jr., for Level Realty Corporation and Biscayne Realty Corporation, owners; Alexander's Department Stores, Incorporated, lessee.

SUBJECT—Application reopened July 12, 1960 as Volume II—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a residence, retail and retail 1 use district, the construction of a five story and cellar extension to an existing department store building.

PREMISES AFFECTED—2501-2525 Grand Concourse, northside, and 2508-2520 and 2528 Creston Avenue, Block 3167, Lots 1, 22, 26 and 72, Borough of The Bronx.

### APPEARANCES—

For Applicant: Herbert W. Riemer.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 22, 1960 after due notice by publication in the Bulletin; laid over to December 6, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent dated May 11, 1960 acting on Alt. Applic. No. 17-59, reads:

"4. Proposal to extend an existing commercial bldg. into a Residence Use District through erection of a new portion therein is contrary to Art. II Sect. 3 of the Zoning Resol. and contrary to the Board of Stds. & Appeals Cal. 426-51-BZ."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c of the Zoning Resolution, to permit in a residence, retail and retail-1 use district, the construction of a five story and cellar extension to an existing department store building *on condition* that the work conform to drawings filed with this application dated June 9, 1960, 16 sheets; that all laws, rules and regulations applicable shall be complied with; and that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 548-60-A

APPLICANT—Charles A. Buckley, Jr., for Level Realty Corporation and Biscayne Realty Corporation, owners; Alexander's Department Store, Incorporated, lessee.

SUBJECT—Application June 9, 1960—Appeal from a decision of the Borough Superintendent, re—class 3 commercial building, Escalators.

PREMISES AFFECTED—2501-2525 Grand Concourse, northside, and 2508-2520 and 2528 Creston Avenue, Block 3167, Lots 1, 22, 26 and 72, Borough of The Bronx.

### APPEARANCES—

For Applicant: Herbert W. Riemer.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 11, 1960 on Alt. Applic. 17-59, reads:

"5. Proposal to increase the volume of existing Class 3 commercial bldg. is contrary to 4.2.1 B.C.

6. Proposal to construct an unenclosed escalator in the new proposed portion is contrary to 10.5.1.B.C."

and

WHEREAS, the applicant states that the building is 206.34 feet by 174.89 feet in area, 4 and 5 stories, 57.9 and 70.3 feet high, of class 3 construction, located in residence retail and retail-1 use, B area, Class 1¼ height district, built in 1923, now used and occupied since March 23, 1916; cellar—boiler, pump rooms and sales, 983 persons; 1st floor—loading space and sales, 1225 persons; mezzanine—sales, 307 persons; 2nd floor—sales, 1106 persons; 3rd floor—sales, 967 persons; 4th floor—sales, 787 persons; 5th floor—storage and offices, 220 persons; substantially in accordance with Certificate of Occupancy No. 14126 issued May 7, 1954 against Alt. Applic. 1126/46; that the proposed use and occupancy will be the same, except that a greater area will be available for the existing uses; and

# MINUTES

WHEREAS, the proposed extension will be 100 feet by 182.94 feet in area, 5 stories high, of class 3 construction; and

WHEREAS, the applicant states that the extension, as proposed, is essential to the economical utilization of the increased area for rental store purposes and the retaining of the intermediate fire wall would make completely impracticable such extension; that further, and also important, it is respectfully submitted that in view of the fact that all floor height areas of the new building will coincide with height areas of the existing store structure and there will be no barrier or impediment of any kind between the two buildings; that the existing facilities for ingress and egress in the structure are more than adequately sufficient for any possible contingency; that the proposed escalator will run "down" only and will be in the new portion on completely open floor levels with the existing store premises; that the existing premises are presently equipped with unenclosed escalators, as to our knowledge are all department stores in the City of New York; that the additional building, if granted, will be equipped throughout with a sprinkler system and a fire alarm system and the escalator will be equipped with proper smoke baffles and fire shutter enclosures at each level; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal, insofar as it relates to Objection No. 5 of the Borough Superintendent's decision, should be granted; the applicant having withdrawn his appeal as to Objection No. 6.

*Resolved*, that the decision of the Borough Superintendent, dated May 11, 1960, acting on Alt. App. 17-59, Objection No. 5, but not in regard to Objection No. 6, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that all the requirements of the resolution adopted this day by the Board under Cal. No. 471-51-BZ, Vol. II shall be complied with; and that a certificate of occupancy shall be obtained.

## 269-55-BZ

APPLICANT—Robert Gottlieb for Leon Goldstein, owner.  
SUBJECT—Application reopened November 9, 1960 for consideration as to extension of term of variance, expired November 29, 1960—decision of the Borough Superintendent, previously granted on condition under Section 7h of the Zoning Resolution, permitting in a residence use district, the parking and storage of motor vehicles for owner's small trucks, for his employees' cars and transients' cars.

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 22, 1960 after due notice by publication in the Bulletin; laid over to December 6, 1960 for inspection and decision; applicant to submit recent City Zoning Map; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated April 4, 1960 acting on Alt. Applic. No. 2102-59, reads:

"1. Extension of this building, which is to be used for manufacturing and stores, into the residential portion of this plot, which is partially in a residence use district and partially in a business use district is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c of the Zoning Resolution, to permit in a business and residence use district, the erection of a business building extending from the business use into the residence use district *on condition* that the work conform to drawings filed with this application dated April 19, 1960, five sheets; and on the *further condition* that the manufacturing permitted shall be limited to that which is permitted under Section 4(b) of the Zoning Resolution; that all laws, rules and regulations applicable shall be complied with; and that permits shall be obtained, all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 291-60-A

APPLICANT—Aaron Halpern for Carmelo Liro, owner.

SUBJECT—Application April 19, 1960—filed pursuant to Section 35 of the General City Law re—building is partially in bed of mapped street—proposed widening of Babbage Street.

PREMISES AFFECTED—85-48 to 85-60 118th Street, northwest corner of Hillside Avenue and 117-09 to 117-23 Babbage Street, Block 9260, Lot 28, Jamaica, Borough of Queens.

### APPEARANCES—

For Applicant: Aaron Halpern.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 4, 1960 on Alt. Applic. 2102-59, reads:

"2. As building is partially in the bed of a mapped street, same is contrary to Sec. 35 of the General City Law."

and

WHEREAS, the applicant states that the building is 124 feet by 123.67 feet, irregular in area, 1 story, 15 feet high, of class 3 construction, located in business and residence use, D-D and G-1 area, class 1½ and class 1¼ height district, built in 1927, now used and occupied since 1927; cellar—ordinary storage; 1st floor—stores and manufacturing, 20 persons; that the proposed use and occupancy will be: cellar—ordinary storage; 1st floor—stores and manufacturing (not more than five (5) occupied at manufacturing); and

WHEREAS, the applicant states that this building extends for a distance of approximately 20 feet into the bed of Babbage Street as proposed to be widened; that information obtained from the Office of the Borough President indicates that though the widening of the bed of Babbage Street has been proposed since April 7, 1922 or a period of over 38 years, no title to this street has yet been acquired by the City of New York and there is no proceeding now pending to acquire title to Babbage Street; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

*Resolved*, that the decision of the Borough Superintendent, acting on Alt. App. 2102-59, Objection No. 2 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted on condition* that all of the requirements of the resolution adopted by the Board this day under Cal. No. 290-60-BZ shall be complied with; and that a certificate of occupancy shall be obtained.

## 351-60-BZ

APPLICANT—Lama, Proskauer and Prober for Congregation B'Nai, owner.

SUBJECT—Application May 6, 1960—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a residence use, D-D area district, the erection of a one story and cellar at the rear of the present synagogue building without the required rear yard and parking of patrons cars on the open area of the plot extending into the required setback.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 22, 1960, after due notice by publication in the Bulletin; laid over to December 6, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated May 12, 1960, acting on Alt. Applic. 357-60, reads:

"1. Use of roof for parking of automobiles would constitute an extension of a non-conforming use in a retail district contrary to Article 2 Sect. 4-A(a) and 4(a) (15)."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7a of the Zoning Resolution, to permit in a retail use district, the extension of the presently legal garage use to include roof parking and storage of pleasure type motor vehicles only *on condition* that the work conform to drawings filed with this application dated May 27, 1960, 8 sheets; that the bumpers shown, and required, shall be properly braced; that all laws, rules and regulations applicable shall be complied with; and that all permits shall be obtained, all work completed, and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 429-60-BZ

APPLICANT—Leonard F. Rothkrug for Vincent Scognamiglio, owner.

SUBJECT—Application June 1, 1960—decision of the Borough Superintendent, under Sections 7e and 21 of the Zoning Resolution, to permit in a residence use, D area district, the demolition of an existing gasoline service station and store and the erection and maintenance of an auto repair shop with accessory business sign, welding and transmission repairs and parking occupying more than the permitted area and without the required rear yard, all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—2653-2661 Cropsey Avenue, north side, 25 feet east of Bay 44th Street, Block 6912, Lot 6, Borough of Brooklyn.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 965-48-SA

APPLICANT—Franklin Manufacturing Corp., owner—additional model and trade name.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
965-48-SA—Amendment to resolution as to additional model of washing machine and permission to market under additional trade names.

Franklin Manufacturing Corp. requested that the resolution adopted December 14, 1948 and amended through May 7, 1957 under Calendar Number 965-48-SA be reopened and amended so as to include an additional model of washing machine and permission to market under additional trade names.

USE: Automatic washing machine.

DESCRIPTION—The requested machines, known as the 1961 Model, are the same as the previously approved models differing only as to exterior trim and the color. The water supply feature remains the same.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted December 14, 1948 and amended through May 7, 1957 under Calendar Number 965-48-SA be reopened and amended so as to include the additional washing machine Model 1961 and permission to market it under the following names: A.M.C. by the Associated Merchandising Corp., Wizard by Western Auto and Marquette and Bradford by W. T. Grant, on condition that the requirements of the resolution adopted December 14, 1948 and amended through May 7, 1957, under Calendar Number 965-48-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,

Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 1105-48-SA

APPLICANT—Automatic Burner Corp., owner—additional trade name.

APPEARANCES—

For Applicant: W. A. Doermann.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
1105-48-SA—Amendment to resolution as to additional trade name.

Automatic Burner Corp., Chicago, Illinois, requested that the resolution adopted May 3, 1949 and amended through September 20, 1960 under Calendar Number 1105-48-SA be

reopened and amended so as to permit the approved ABC Oil Burner, Model 52A, to be marketed under an additional trade name.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted May 3, 1949 and amended through September 20, 1960 under Calendar Number 1105-48-SA be reopened and amended so as to permit the ABC Oil Burner, Model 52A to be marketed by the Sears Roebuck and Co, under the trade name of Homart Oil Burner, Models 348.5210 & 348.5216, on condition that the requirements of the resolution adopted May 3, 1949 and amended through September 20, 1960 under Calendar Number 1105-48-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 136-50-SM

APPLICANT—G. W. Ackerman, owner—door interviewers.

APPEARANCES—

For Applicant: Geo. W. Ackerman.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
136-50-SM—G. W. Ackerman, New York, filed February 6, 1950 an application for approval of the material known as Ackerman Door Interviewers, Models 2, 3, 4, 5, 6, 7, M and 10, under the provisions of Section C26-191.0 and the Rules of the Board for the Inspections of Approved Opening Protective Assembly. The application was subject for dismissal but was removed from the dismissal list at request of applicant.

USE: The appliance is for voluntary installation in a door so as to permit the occupant of the dwelling to observe a visitor on the outside.

DESCRIPTION: The casting used complies with the ASTM Specification for Zinc Alloy Die Casting XXV of which 94.25% is of 99.99% purity zinc. This alloy has a melting point of 717°F.

INSPECTION AND TEST: A model of the interviewer was inspected by Ass't. Engr. J. A. Darts.

RECOMMENDATION: On the basis of the data filed by the applicant, the Committee on Test recommends the approval of the material known as Ackerman Door Interviewer, Models 2, 3, 4, 5, 6, 7, M and 10, for voluntary installation under the provisions of Rule 3.7 of Rules for Inspection of Opening Protective Assembly when constructed of materials as herein described, on condition that the applicant furnish the manufacturers of the opening protective assembly a template showing the amount of cut-out necessary to receive the unit, the cut-out shall not effect any stiffening member, and provided further, that the device bear a label, reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 136-50-SM", or in lieu thereof the wording may be BSA-136-50-SM.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

# MINUTES

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 890-51-SA

APPLICANT—Mueller Climatrol Div. of Worthington Corp., owner—additional model gas-fired furnace.

### APPEARANCES—

For Applicant: Paul E. Stephenson.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

890-51-SA—Amendment to resolution as to additional models of gas-fired warm air furnaces.

Mueller Climatrol Division of Worthington Corp. requested by letter dated December 11, 1959, that the resolution adopted September 15, 1953 and amended May 20, 1958 under Calendar Number 890-51-SA be reopened and amended so as to include additional models of gas-fired warm air furnaces.

DESCRIPTION—The requested Models 142 and 143 Series are a counterflow type and the Models 144 and 145 are of the highboy category, sectional type, and their construction is very similar to the approved 130 and 131 Series. The principle difference is in the casing style and finish. The 145 Series is to replace the 130 and 131 Series. The models may be suffixed with additional numerals which designate the BTU input. These models have also been approved for the reduced clearances by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted September 15, 1953 and amended May 20, 1958 under Calendar Number 890-51-SA be amended so as to include the following models known as Series 142, 143, 144 and 145, on condition that the requirements of the resolution adopted September 15, 1953 and amended May 20, 1958 under Calendar Number 890-51-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 165-54-SM

APPLICANT—Weyerhaeuser Co. Roddis Div., owner—change of thickness of door and ownership.

### APPEARANCES—

For Applicant: Eugene M. Ford.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

165-54-SM—Amendment to resolution as to change in thickness of door and change of ownership.

Weyerhaeuser Company, Roddis Division, Marshfield, Wisconsin, requested that the resolution adopted May 17, 1955 and amended May 21, 1956 under Calendar Number

165-54-SM be reopened and amended so as to include a door of greater thickness and also to show a change in ownership.

USE: A one hour fire resistive opening protective assembly.

DESCRIPTION: The construction of the requested door is identical to the construction of the approved doors except the thickness has been increased to  $2\frac{1}{4}$ ", from  $1\frac{3}{4}$ ". The balance of the construction is identical.

RECOMMENDATION: The Committee on Test recommends that as the applicant has submitted an affidavit showing a change of ownership from Roddis Plywood Corp. to Weyerhaeuser Co., Roddis Division, that the resolution adopted May 17, 1955 and amended May 21, 1956 under Calendar Number 165-54-SM be reopened and amended so as to show a change of ownership; new owner being Weyerhaeuser Co., Roddis Division, and further that the door may be increased in thickness to  $2\frac{1}{4}$ ", on condition that the requirements of the resolution adopted May 17, 1955 and amended May 21, 1956 under Calendar Number 165-54-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 615-54-SA

### THE VOTE TO REOPEN AND AMEND—

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

615-54-SA—Amendment to resolution as to additional gas fired clothes dryers.

Norge Sales Corp., Division of Borg-Warner Corp., Chicago, Ill., requested that the resolution adopted May 17, 1955 under Calendar Number 615-54-SA be reopened and amended so as to include additional models of gas fired clothes dryers.

USE: Gas fired clothes dryer.

DESCRIPTION: There has been no change in the internal construction of the dryers; the only change being in the styling. The appliances have been approved by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends that the reopening of January 20, 1959 under Calendar Number 615-54-SA be rescinded and that the resolution adopted May 17, 1955 under Calendar Number 615-54-SA be reopened and amended so as to include the Norge Gas Dryers, Models DGU-60, DGU-80; DG49-59; DGM-280; DGF-290; DG-42, DG-G-870; DG-G-670; DG-G-470, DG-G-240, DG-88, DG-G-320; DG-50, DG-70, DG-280 and DG-290, on condition that the requirements of the reso-

### APPEARANCES—

For Applicant: Thomas R. Rogers.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 616-54-SA—Amendment to resolution as to additional models of clothes washing machines.

Norge Sales Corp., Division of Borg-Warner Corp., Chicago, Illinois, requested that the resolution adopted February 23, 1955 under Calendar Number 616-54-SA be reopened and amended so as to include additional models of clothes washing machines.

USE: Automatic and semi automatic clothes washers.

DESCRIPTION: The requested models are similar to the approved models. The only change being in the styling. There has been no change in the water inlet supply features of the equipment. The requested models have been approved by the Underwriters' Laboratory.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted February 23, 1955 under Calendar Number 616-54-SA be reopened and amended so as to include the additional Models AWE-62, AWM-282, AWF-292, AWV-81, AWE-42, AWV-286, AW-287, AW-281, AW-291, AW-282, AW-292, AWG-870, AWG-670, AWG-470, AWG-244, AWG-240, AW-88, AW-91, AWE-8, AWG-320, AW-342, AW-562, AW-52 and AW-729 clothes washing machines, on condition that the requirements of the resolution adopted February 23, 1955 under Calendar Number 616-54-SA are complied with

*Resolved*, that the Board of Standards and appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 668-54-SM

APPLICANT—National Gypsum Company, owner—additional fire resistive partitions.

### APPEARANCES—

For Applicant: Donald K. Busch.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 668-54-SM—Amendment to resolution as to additional fire resistive ratings.

J. K. Hovind for the National Gypsum Company, Buffalo, N. Y., requested by letter dated June 17, 1960 that the resolution adopted April 10, 1956 and amended May 3, 1960 under Calendar Number 668-54-SM be reopened and amended to include additional fire resistive constructions and additional accessories.

USE: Gold Bonds 15/8" Holostuds and 2 1/2", 3 1/4", 4" and 6" Holostuds (previously approved) are incombustible studs for attaching plaster and other bases for furring and hollow partitions.

DESCRIPTION: Two partitions employing 15/8" Holostuds and others employing 2 1/2" Holostuds, previously approved, were tested for fire endurance at Ohio State University. The 15/8" Holostuds and new Holostud accessories, used in the above and/or other fire resistive constructions are as follows:

Gold Bond 15/8" Holostuds are fabricated from 16 gage hot-rolled steel. They have 1/2" wide flanges and are furnished in lengths of 7' to 12'. The web contains 1 1/8" x 1 1/4" slots approximately 4" o.c., factory finished with a black non-corrosive paint.

Gold Bond JX Clips are galvanized wire clips for attachment of gypsum lath to the flanges of Gold Bond Holostuds and 3/4", 1 1/2" and 2" furring channels.

Gold Bond HS-5 Resilient Field Clips are electro-galvanized sheet steel clips with projecting fingers to receive gypsum lath and which permits a resilient attachment to Holostuds.

Gold Bond HS-6 Resilient Starter Clips are electro-galvanized sheet steel clips which clip into Holostud track at the floor and ceiling, and secure gypsum lath.

Gold Bond HS-7 Resilient Finish Clips are electro-galvanized sheet steel clips for attachment of gypsum lath to Holostuds by impaling the lath on a projecting finger which is then bent over.

Gold Bond Holostud Column Clip for 15/8" Holostuds, which is identical to previously approved column clips, except for size.

INSPECTION AND TEST: Fire endurance tests were conducted at Ohio State University on the constructions hereinafter described, tested in accordance with the requirements of ASTM E119 and Sections C26-585.0, C26-591.0 and C26-592.0 Administrative Building Code and the test reports have been filed with and are part of the record. The accessories were inspected by the Committee on Test and were found to be as hereinbefore described.

### Fire Endurance Tested Partitions

No. 1—2 1/2" Holostuds spaced 16" o.c. with 3/8" plain gypsum lath attached with Gold Bond HS-1, HS-2 and HS-3 clips. 1/2" Gold Bond Gypsolite Plaster (mill-mixed 100 lbs. gypsum to 2 c. ft. perlite) applied in double-back operation. Plaster thickness includes lime-putty finish. The partition passed a 1 hour fire endurance and hose stream test.

No. 2—2 1/2" Holostuds spaced 16" o.c. with 3/8" perforated gypsum lath attached with Gold Bond HS-1, HS-2 and HS-3 Clips. 1" Gold Bond Gypsolite Plaster (mill-mixed 100 lbs. gypsum to 2 cu. ft. perlite) applied in two coats, scratch and brown. Plaster thickness includes lime-putty finish. The partition passed a 2 hour (over 2 hrs.-45 min.) fire endurance and hose stream test.

No. 3—2 1/2" Holostuds spaced 16" o.c. with 3/8" perforated gypsum lath attached with HS-5 Resilient Clips and accessories. 1/2" sanded gypsum plaster (2 1/2 parts sand to 1 part plaster) applied in double back operation to each side. Plaster thickness includes a lime-putty finish. The partition passed a 1 hour fire endurance and hose stream test.

No. 4—15/8" Holostuds spaced 16" o.c. with 3/8" perforated gypsum lath attached with Gold Bond JX Clips. 1/2" sanded gypsum plaster (2 1/2 parts sand to 1 part plaster)

# MINUTES

applied in double back operation. Plaster thickness includes lime-putty finish. The partition passed a 1 hour fire endurance and hose stream test.

No. 5—1½" Holostuds spaced 16" o.c. with diamond mesh metal lath wire tied to studs. ⅝" sanded gypsum plaster 1:2, 1:3) measured from face of lath. Plaster thickness includes lime-putty finish. The partition passed a 1 hour fire endurance and hose stream test.

No. 6—2½" Holostuds spaced 16" o.c. to which ⅜" x 24" Gold Bond Gypsum Backer Board was attached with Gold Bond HS-1, HS-2 and HS-3 Clips (previously approved). ½" Regular Gold Bond Gypsum Wallboard, previously approved, was laminated to the face surfaces of the backer board with Gold Bond Joint Cement Adhesive. The partition passed a 1 hour fire endurance and hose stream test.

**RECOMMENDATION:** On the basis of the inspection and tests and the data filed by the applicant, the Committee on Test recommends that the resolution adopted April 10, 1956 and amended May 3, 1960 under Calendar Number 668-54-SM be further amended to include constructions No. 1, 3, 4, 5 and 6 hereinbefore described as 1 hour fireproof partitions for use under Sections C26-239.0, C26-240.0 and C26-636.0 and to include construction No. 2 as a 2 hour fire resistive partition for use as stairway enclosures under Sections C26-239.0, C26-240.0 and C26-635.0 Administrative Building Code and to include the Holostud accessories herein described, on condition that all other requirements of the resolution adopted April 10, 1956 and amended May 3, 1960 under Calendar Number 668-54-SM are complied with.

Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 730-54-SM

**APPLICANT**—Eastern Products Corp., owner—additional hanger clip.

### APPEARANCES—

For Applicant: Louis B. Gerold, Jr.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

730-54-SM—Amendment of resolution as to additional hanger clip.

Eastern Products Corporation requested that the resolution adopted March 1, 1955 under Calendar Number 730-54-SM be reopened and amended so as to include an additional clip.

**USE:** Clip used as a component part of a suspension system.

**DESCRIPTION:** The Clip designated as 6180 was approved March 1, 1955 under Calendar Number 730-54-SM is the same as the approved clip differing only as to its length. The purpose being that the use of the clip with the extended leg can drop the main carrying runner varying distances from the 1½ inch channel.

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted March 1, 1955 under Calendar Number 730-54-SM be reopened and amended so as to include the clip part No. 6180 with variable leg length

to fasten the main runner to the 1½ inch channel on condition that the requirements of the resolution adopted March 1, 1955 under Calendar Number 730-54-SM be complied with.

## 713-56-SM

**APPLICANT**—Waco Wall Div. of Waco-Porter Corp., owner—change of ownership and additional trade name.

**APPEARANCES**—

For Applicant: M. D. Faige.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads:

713-56-SM—Amendment as to change of ownership and trade name.

Waco Wall Division of Waco-Porter Corporation, Minneapolis, Minnesota requested by filing an affidavit dated October 18, 1960, that the resolution adopted February 17, 1959 under Calendar Number 713-56-SM be reopened and amended so as to show a change in ownership and trade name of the approved folding door and/or partition.

**RECOMMENDATION:** In view of the affidavit filed by Waco-Porter Corp., the Committee on Test recommends that the resolution adopted February 17, 1959 under Calendar Number 713-56-SM be reopened and amended so as to show a change of ownership; new owner-manufacturer being Waco-Porter Corporation and permission to market the approved folding door and partition under the trade name of Waco Wall on condition that the requirements of the resolution adopted February 17, 1959 under Calendar Number 713-56-SM be complied with.

Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 726-57-SM

**APPLICANT**—The Ascon Products Co., Inc., owner.

**APPEARANCES**—

For Applicant: Arthur S. Robbins.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE:**

Affirmative: Chairman Foley, Commissioner Fox and  
Commissioner Becker ..... 3  
Negative: Vice Chairman Kleinert ..... 1

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads:  
726-57-SM—Ascon Products Co., Inc., Niantic, Conn., filed for approval of the material known as Rubber Crete Terrazzo with S-3 Binder under the provisions of Sections C26-191.0 and C26-667.0 Administrative Building Code.

**USE:** A terrazzo floor covering.

**DESCRIPTION:** The material is basically a mixture of portland cement and marble chips in proportion of 1:2 and this dry mix is wetted with the S-3 Binder which is a liquid synthetic rubber.

When applied to a floor the terrazzo is applied to a maximum thickness of 1/2 inch and weighs 3 lbs. per sq. ft. per 3/8" thickness.

**INSPECTION AND TEST:** The applicant has submitted reports of tests conducted by the Thompson & Lichtner Co., Inc., Boston, Mass. It was noted that the latex type terrazzo is stronger in rupture, has less absorption, less loss in abrasion and is approximately equal in acid susceptibility to a similar water cement terrazzo. The complete report is on file with and is part of the record.

**RECOMMENDATION:** On the basis of the tests and the data submitted by the applicant, the Committee on Test recommends the approval of the material known as Rubber Crete Terrazzo for voluntary use in New York City as a floor covering under the provisions of Section C26-667.0.4.a Administrative Building Code, on condition that the container in which the material is marketed shall be stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 726-57-SM".

Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 377-58-SA

**APPLICANT**—The Coleman Co., Inc., owner—additional model of gas-fired heater.

**APPEARANCES**—

For Applicant: Stanley M. Halpern.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Commissioner Fox and  
Commissioner Becker ..... 3  
Negative: Vice Chairman Kleinert ..... 1

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads:  
377-58-SA—Amendment to resolution as to additional models of gas-fired heaters.

The Coleman Company, Inc., Philadelphia, Pa., requested that the resolution adopted December 16, 1958 and amended through January 26, 1960 under Calendar Number 377-58-SA be reopened and amended so as to include additional models of gas-fired heaters.

**USE:** Gas-fired space heaters.

**DESCRIPTION:** The requested Models 2121, 2122, 2123 and 2124 are basically the same as the Model 2120 previously approved, differing only as to BTU input which ranges from 30,000 to 70,000 BTU and in the location of the draft diverter, the requested models having the diverters mounted

# MINUTES

internally within the casing whereas the approved model has it located externally. The requested heaters have been approved by the American Gas Association.

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted December 16, 1958 and amended through January 26, 1960, under Calendar Number 377-58-SA be reopened and amended so as to include the additional Models 2121, 2122, 2123, and 2124 gas-fired heaters on condition that the requirements of the resolution adopted December 16, 1958 and amended through January 26, 1960 under Calendar Number 377-58-SA be complied with.

Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 408-58-SM

**APPLICANT**—Georgia Co., Inc., owner—additional fabrics.  
**APPEARANCES**—

For Applicant: Irwin D. Littman.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
408-58-SM—Amendment to resolution as to additional fabrics.

Georgia Company Inc. requested that the resolution adopted December 2, 1958 and amended December 1, 1959 under Calendar Number 408-58-SM be reopened and amended so as to include the additional Saran fabric known as Sarankan.

**USE:** Drapery fabric.

**DESCRIPTION:** The requested material is manufactured of the same yarns as the presently approved material Saran-spun Fabric. The difference is in the arrangement of the construction of the fabric. The material Sarankan meets the requirements of the Flameproofing Rules of the Board.

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted December 2, 1958 and amended December 1, 1959 under Calendar Number 408-58-SM be reopened and amended so as to include the additional material known as Sarankan on condition that the requirements of the resolution adopted December 2, 1958 and amended December 1, 1959 under Calendar Number 408-58-SM are complied with.

## 197-59-SA

**APPLICANT**—Perfection Div. Hupp Corp., owner—additional models of gas-fired heaters.

### APPEARANCES—

For Applicant: None.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Commissioner Fox and  
Commissioner Becker ..... 3  
Negative: Vice Chairman Kleinert ..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
197-59-SA—Amendment to resolution as to additional models of gas fired heaters.

Perfection Industries, Division of Hupp Corp., Waynesboro, Georgia, requested that the resolution adopted September 22, 1959 under Calendar Number 197-59-SA be reopened and amended so as to include additional models of gas fired space heaters.

**USE:** Gas fired space heaters.

**DESCRIPTION:** The requested Models OVC-20, OVC-35, OVC-50, OVC-70 and OVRC-20, OVRC-35, OVRC-50 and OVRC-70 are the radiant and non-radiant circulator type; the OVRC series being the radiant type and the OVC series being the non-radiant type.

The pilot burner has been changed from a Baso R36 non-linting type to a MHQ314 non-linting type. The balance of the controls consists of the following: 20,000 & 35,000 BTU heaters—Baso automatic 100% shut-off pilot safety valve, separate pressure regulator, manual shut-off valve and a MHV5155 Mechanical Thermostat Control Valve. 50,000 & 70,000 BTU heater—Unitrol 1000 ST Combination Control incorporating 100% Safety pilot, pressure regulator and mechanical snap throttle thermostat.

The requested model heaters have been approved by the American Gas Association.

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted September 22, 1959 under Calendar Number 197-59-SA be reopened and amended so as to include the additional Models OVC-20, OVC-35, OVC-50, OVC-70, OVRC-20, OVRC-35, OVRC-50 and

## 281-59-SM

APPLICANT—Allied Chemical Corp., Barrett Div., owner—labeling.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
281-59-SM—Amendment to resolution as to labeling.

Allied Chemical Corporation, Barrett Division, New York requested that the resolution adopted September 20, 1960 under Calendar Number 281-59-SM be reopened and amended so as to permit the labeling on the wrapper in lieu of on each individual sheet.

The sheets of Rigidwall Sheathing is packaged in bundles of six (6) sheets and each bundle is then wrapped in heavy Kraft paper with the identifying label on the end.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted September 20, 1960 under Calendar Number 281-59-SM be reopened and amended so as to permit the wrapping in which six (6) sheets of the approved Rigidwall Sheathing are marketed to be stamped or labeled in accordance with the Board's requirement in lieu of stamping or labeling each individual sheet of the approved sheathing, on condition that all other requirements of the resolution adopted September 20, 1960 under Calendar Number 281-59-SM are complied with.

## 618-59-SM

APPLICANT—The William H. Hall Company, owner,  
C. A. Schroeder, agent.

APPEARANCES—

For Applicant: William H. Hall.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
618-59-SM—Wm. H. Hall Co., Windsor Locks, Conn., filed for approval of the material known as Zip-Clip & Zip-

Clamp, Models 7020, 7029, 7031, 7030, 7036, 7034, 7033 and 7035, under the provisions of Section C26-461.0 Administrative Building Code.

USE: A method of attachment of ceilings, ductwork, etc., to structural beams and tees.

DESCRIPTION: The clips are used as a substitute for "C"-clamps, or beam clamps. The clips are made of cadmium spring steel, plated.

The clips are designated as follows:

Model 7020—for flanges 1½" to 2" and bulb T's and is made of 0.093" diameter material.

Model 7029—for flanges up to 2½" to 3" and is made of 0.105" diameter material.

Model 7030—for flanges up to 5" to 6½" and is made of 0.125" diameter material.

Model 7031—for flanges 4" and is made of 0.125" diameter material.

The clips are also furnished with bracket assembly for threaded rod application.

In use the Zip Clip is snapped into place over the flange of the beam and the strap hangers are bolted through the coil of the clip.

INSPECTION AND TEST: Samples of the clip were tested by the Henry Souther Engineering Co. Results were as follows:

Model 7020—failure at average of 385 lbs.

Model 7029—failure at average of 520 lbs.

Model 7031—failure at average of 461 lbs.

Model 7030—failure at average of 385 lbs.

The complete report is on file with and is part of the record.

RECOMMENDATION: On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Zip-Clip, Models 7020, 7029, 7031 and 7030, and the Zip-Clip Bracket Assembly, Models 7036, 7034, 7033 and 7035, for voluntary use in New York City as a beam clamp to carry suspended ceilings, but not plastered ceiling, ducts, etc., on condition that the suspended ceilings carried by this clip shall comply with the requirements of Section C26-461.0 Administrative Building Code and that the maximum load carried by any clip shall not exceed 100 lbs. and further that all cartons in which the material is marketed shall be stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 618-59-SM".

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 98-60-SA

APPLICANT—Insto-Gas Corporation, owner.

APPEARANCES—

For Applicant: John R. Cave.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
98-60-SA—Insto-Gas Corporation, Detroit, Michigan, filed for approval of the appliance known as Insto-Hot Portable Heaters, Models 1415 and 1415T, under the provisions of Section C-19-91.0 Administrative Code and the requirements of the Fire Commissioner.

MINUTES

USE: Salamanders for providing heat for the setting of concrete and drying of plaster.

DESCRIPTION: The Model 1415 heater is rated as approximately 49,000 BTU. It consists primarily of a cast iron burner with a brass orifice placed inside a sheet steel cylinder, mounted on a base plate, carried on three steel legs. Heat is both radiated and convected from the unit.

The fuel, propane gas, is supplied to the burner from a standard I.C.C. cylinder equipped with excess flow check and a non-adjustable type pressure regulator factory set at 11 inches w.c. The supply hose is heavy wall neoprene made with brass threaded connections.

Each heater is equipped with a safety pilot and shut off valve designed for 100% shut off.

The Model 1415T is similar but in addition is equipped with a thermostat.

INSPECTION AND TEST: A typical unit was inspected at 38-05—30th St. by Ass't. Engr. G. F. Sklenarik.

The unit was tested for operation and automatic gas shut off with satisfactory results.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Insto-Hot Portable Heaters, Models 1415 and 1415T, for use in New York City as salamanders under the provisions of Section C-19-91.0 Administrative Code and the requirements of the Fire Commissioner and Rule 2.7 of the Rules of the Board for the Erection, Alteration, Repair, Excavation for and Demolition of Buildings, provided that each heater shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 98-60-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

169-60-SA

APPLICANT—American Radiator and Standard Sanitary Corporation, owner.

APPEARANCES—

For Applicant: Milton R. Scheiber.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker..... 4  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 169-60-SA — American Radiator and Standard Sanitary Corp., filed March 11, 1960 for approval of the appliance known as American-Standard Arcoglass and Arcosteel, Automatic Gas Storage Water Heaters, various models, for use in New York City under the provisions of Article 12, Administrative Building Code.

USE: Automatic Gas Storage Water Heater for domestic and commercial hot water supply.

DESCRIPTION: The types of water heaters are "Arcosteel" Standard and Deluxe, which have galvanized steel tanks, and "Arcoglass," Standard and Deluxe, which have glass lined steel tanks. The outer jacket of the water heaters are of 24 gauge steel finished with baked enamel. All heaters are lined with 1" Owens Corning Fiber Glass, Type "AF" insulation, except the DG heaters which have 2" insulation. The Arcosteel heaters have hot dip galvanized steel tanks tested at 353 PSI with an operating pressure of 150 PSI. The Arco glass heaters have porcelain, sprayed wet frit glass, lined tanks tested at 300 psi with an operating pressure of 127.5 psi. The burner is of single port upshot

cast iron with integral cast iron flame spreader having a Robert-Shaw Fulton Minipilot and #2B pilot. The combustion chamber is located directly beneath bottom head of inner tank. All heaters have Robert-Shaw—Fulton United 100% Safety Shut-off controls. Each heater has a center flue with baffle, gauged to size of heater. The draft hood is of 20 gauge steel baked enamel finish. The cold water inlet tube is of approved plastic compound Kralastic—N.S.F. The anode is of magnesium with steel wire core. 84 diameter 3/4" thread brass or plated steel collar installed through separate topping in top head. The nipples are 3/4" brass in Arcoglass units and 3/4" galvanized wrought steel in Arco-steel units. The Drains are brass 3/4" NPT Sill Cock with standard water hose coupling threads. The heater base on Standard Models are 16 gauge extruded steel legs with a baked enamel finish, except the G50SG Model which has solid ring-type base. The Deluxe Model heaters are equipped with a solid ring-type base. All models are resigned for and are approved for natural, manufactured and mixed gases.

Gauges of the tanks vary in accordance with the size of the heater.

As hot water is drawn from the top of the tank, cold water enters through a dip tube inlet. The cold water flows towards the bottom where a thermostat is located. When the temperature falls to a present level, the thermostat opens a man gas supply and the main burner goes on, ignited by the pilot. When selected temperature is reached, the thermostat shuts off the gas supply.

The capacities of the various water heaters are as follows:

| Arcosteel<br>Standard | Tank Size<br>Gallons | Recovery GPH<br>100°F Rise | BTU Input<br>Per Hour |

## 292-60-SA

APPLICANT—Southwest Pump Company, owner; R. E. Risser, Jr., G. Theon Wright, Gasoline Pump Manufacturers Associates, agent.

### APPEARANCES—

For Applicant: R. Eugene Risser, Jr.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 292-60-SA—Southwest Pump Company, Bonham, Texas, filed for approval of the appliance known as Service Station Gasoline Dispensers for Remote Pumps, Models G.O.C. 1-RC and G.O.C. 2-RC, under the provisions of Section C19-69c. Administrative Code.

USE: Gasoline dispensing units for garages and service stations.

DESCRIPTION: The Model G.O.C. 1-RC dispenser is an island type dispenser to be used with remote pumping units. It is provided with an external visigauge, 15 feet of  $\frac{3}{4}$  inch hose with retracting cable and an illuminated dial to show price per gallon, number of gallons dispensed and total price. Within the casing are assembled an automatic computer, meter with hydraulic control valve, reset interlock mechanism and the operating switch.

The dispenser is so designed as to prevent delivery unless the register has been reset to zero and also to prevent delivery from any dispenser on a common line with others unless its operating switch is closed.

The Model G.O.C. 2-RC dispenser is similar in design except that it is made up of two dispensers which are installed as a unit.

INSPECTION AND TEST: All data was examined by Ass't. Engr. G. F. Sklenarik.

These dispensers have been tested and approved by the Underwriters' Laboratories file MH2100.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Southwest Pump Company Service Station Gasoline Dispensers for Remote Pumps, Models G.O.C. 1-RC and G.O.C. 2-RC, for use in New York City under the provisions of Section C19-69c Administrative Code with approved pumps, provided that each dispenser shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 292-60-SA."

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 293-60-SA—Southwest Pump Company, Bonham, Texas, filed for approval of their appliance known as Service Station Gasoline Pumps, Model G.O.C.-1 and G.O.C.-2, under the provisions of Section C19-69c Administrative Code.

USE: Gasoline dispensing pumps for garages and service stations.

DESCRIPTION: The Model G.O.C.-1 dispensing pump is an island type pump consisting of automatic computer, meter, rotary pump with by-pass valve, air separator with vent and  $\frac{1}{2}$  hp. explosion proof motor with operating switch and reset interlock. A 15 foot  $\frac{3}{4}$  inch hose and nozzle with retracting cable are provided, also a visigauge and an illuminated dial showing price per gallon, number of gallons dispensed and total price.

The Model G.O.C.-2 is similar but consists of two dispensing pumps which are installed as a unit.

INSPECTION & TEST: All data was examined by Ass't. Engr. G. F. Sklenarik.

These dispensing pumps have been tested and approved by Underwriters' Laboratories, File MH2100.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Southwest Pump Company Service Station Gasoline Pumps, Models G.O.C.-1 and G.O.C.-2, for use in New York City under the provisions of Section C19-69c Administrative Code, Provided that each pump shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 293-60-SA".

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 436-60-SA—Carleton Stuart Corp. for Carrier Corp., Syracuse, N.Y., filed for approval of the appliance known as Carrier Window Air Conditioning Units, Series 51CA, Models 130201, 130301, 150201 and 150301, under the provisions of Section C26-191.0 and Article 18, Chapter 19, Administrative Code.

USE: Room cooling units.

DESCRIPTION: The Carrier 51CA Series conditioners are self contained units primarily designed for window installation. The units employ two speed fans and are thermostatically controlled.

The Model 130201 has a 1½ hp. compressor and is charged with R-12 refrigerant. Its capacity is 13,000 Btu per hour and it operates on 9.6 amperes and 208 volts. The Model 130301 is similar except that it operates on 8.5 amperes and 230 volts.

The Model 150201 unit has a 2 hp. compressor and is charged with R-500 refrigerant. Its capacity is 15,000 Btu per hour and it operates on 11 amperes and 208 volts. The Model 150301 is similar, except that it operates on 10 amperes and 230 volts.

INSPECTION & TEST: All data was examined by Ass't. Engr. G. F. Sklenarik.

These air conditioners have been tested and approved by the Underwriters' Laboratories, File SA 2240.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Carrier Window Air Conditioning Units, Series 51CA, Models 130201, 130301, 150201 and 150301, for use in New York City under the provisions of Article 18, Chapter 19, Administrative Code and the Electrical Code of the City of New York, provided that each unit shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 436-60-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Asst. Engr.,

GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

## 609-60-SM

APPLICANT—Security Products Company, subsidiary of Pauly Jail Building Company, owner; Malcolm MacGregor Associated, Inc., agent.

APPEARANCES—  
For Applicant: Stephen J. Gasparovic.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 609-60-SM—Security Products Company, a subsidiary of Pauly Jail Building Co., filed for approval of the material known as Security Metal Window—Model APW-40CT, under the provisions of Section C26-530.0 Administrative Building Code.

USE: Window to provide restraint at the openings.

DESCRIPTION: The window is of the aluminum security louver type with ventilators arrangement. The principle sections of the window are made of 6063-T5 alloy aluminum. The aluminum members are a minimum of 0.125 inches thick except that the weatherstrip housing in the thickness

shall not be less than 0.062 inches. The mechanism housing is of aluminum 0.125 inches thick. The frame members are a minimum of 5½ inches deep and the top and bottom sash members are not less than 1⅝ inches deep with the connecting side rails not less than 1⅝ inches deep. The steel cams and travel bars in the jambs are made of a minimum of ⅜ inch steel with a minimum width of 1¼ inches.

The screws, parts fittings and rivets which are exposed or are in contact with the aluminum members are either stainless steel or aluminum.

The steel security members that are concealed in the top rail of the security members are not less than ⅞ inches in diameter and the security members that are outside window frames are not less than 2 x ¼ inch steel bars.

INSPECTION AND TEST: Details of construction were examined by Ass't. Engr. J. A. Darts and it was noted that the material met the requirements of Section C26-88.0 Administrative Building Code as an incombustible material.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Security Metal Window Model APW-40CT, as herein described, for voluntary use in New York City under the provisions of Section C26-650.0 Administrative Building Code as an incombustible window but not to be used in factories or in locations wherein a fire resistive opening protective assembly is required by law, on condition that the window bear a label, permanently affixed, reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 609-60-SM."

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Asst. Engr.,

GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 8, 1960 on Alt. Applic. 1558-59, reads:

"1. The proposed one story frame extension and frame open porch in rear of building is contrary to the Board of Standards and Appeals Resolution Cal. #763-53-A."

and

WHEREAS, the applicant states that the building is 35 feet 6 inches by 25 feet in area, 1½ stories, 22 feet 6 inches high, of class 4 construction, one of a group of dwellings permitted by the Board under Vol. I, located in a residence use, C area, class 1 height district, built in April 12, 1955, now used and occupied since its erection as follows: cellar—boiler and storage; 1st and 2nd floors—dwelling (one family each); that the proposed use will be the same; and

WHEREAS, the applicant states that at the time the existing one and one half story frame, one family dwelling was constructed, the zone was unrestricted use, A and C area district, and a variance was granted by the Board under Cal. No. 763-53-A, Volume I; permitting construction of a group of single family dwellings; if they complied "with the requirements for a similar building when erected outside of the fire limits within a D Area District"; that it is proposed to enlarge present dining room and kitchen by adding a new one story frame extension to rear of existing structure, open porch to be included, also; that the proposed extension will comply in all respects to a similar building, when erected outside of the fire limits within a D area district; that the owner's family has outgrown the size of existing dining room and kitchen, creating hardship.

Resolved, that the decision of the Borough Superintendent, dated August 8, 1960, acting on Alt. Applic. 1558-59, Objec-

tion No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the work conform to drawings filed with this appeal dated August 24, 1960, 6 sheets; that all other laws, rules and regulations applicable shall be complied with; and that a certificate of occupancy be obtained.

## 578-60-A

APPLICANT—A. H. Salkowitz for Lawnside Realty Corporation, owner.

SUBJECT—Application July 26, 1960—Filed pursuant to Multiple Dwelling Law Section 310 for variation of Section 4, Subdivision 33, of the Multiple Dwelling Law re—height.

PREMISES AFFECTED—170-60 Cedarcroft Road, south side, 109.92 feet west of Kingston Place, Block 9844, Lots 36, 42, 48 and 117, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: A. H. Salkowitz and Peter Graf.

For Administration: Paul M. Pugliese, Dept. of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 19, 1960 on N. B. Applic. 3674-59, reads:

"M2. In order to elect a legitimate grade within the property for purposes of measuring the height of proposed building, occupied area cannot exceed 35% of the area of plot. Sec. 4 subd. 33 M.D.L."

and

WHEREAS, the applicant states that the proposed building will be 65 feet by 470 feet in area, 6 stories, cellar and subcellar 65 feet high, of class 3 construction, located in business and residence uses, C and E areas, class 1 and 1½ height districts, to be occupied as a class A Multiple Dwelling with subcellar accessory garage; that the plot is 200 feet by 500 feet irregular in area, with a 60 feet frontage on Cedarcroft Road and 500 feet frontage on Hillside Avenue; that the site is unique in character because of the radically sharp difference in grade between Cedarcroft Road at the north side of the plot and Hillside Avenue along the south side; that the average established curb elevation on Cedarcroft Road is 113.96 feet; that the average established curb elevation on Hillside Avenue is 77.735 feet, or a difference in 36.225 feet; that the average of these curb levels would bring the average curb elevation to 95.8475 feet; that the curb elevation for the purpose of measuring the height of the Multiple Dwelling would be 98.8475 feet which is the average of the curb elevations of both street frontages in addition to the three foot terrace; that subdivision 31b Section 4 of the Multiple Dwelling Law provides that the front of the lot is that boundary which abuts on the street, or if there be more than one street abutting, on the street designated by the owner; that the building was designed in accordance with and based on the aforementioned premises; that on December 12, 1959 the approval of the plans was denied under objection M-1 as follows:

"As proposed building is located and fronts on Hillside Avenue and as less than 14% of the lot can be deemed as a lot (running from street to street), curb level is to be established by averaging the curb elevation on Hillside Avenue. Section 4 subdivision 31d and Section 4 subdivision 33 of the Multiple Dwelling Law."

that on December 29, 1959 the Commissioner of Buildings in a letter to the Borough Superintendent ruled in reference to this building that because of the relative difference in frontages that the lot cannot be deemed as facing on two streets; that the plan submitted herewith proposes to elect a curb elevation of 98.00 feet; that because of the commercial character of Hillside Avenue, the building was designed to have its main lobby entrance from Cedarcroft Road, the residential street at the higher level; that the sub-cellar

# MINUTES

would be used for garage space for parking of tenants cars in conformity with Section 19-B of the Zoning Resolution and Section 60 of the Multiple Dwelling Law, boiler room, carriage room, shop, incinerator and meter rooms; that the cellar will be used for class "A" dwellings fronting on Hillside Avenue only, and storage and laundry rooms facing toward Cedarcroft Road; that the entire building is well within the height limitations of the Zoning and Multiple Dwelling Law; that the yards and courts meet or are larger than the required minimum of either law.

*Resolved*, that the decision of the Borough Superintendent, dated July 19, 1960, acting on N.B. Applic. 3674-59, Objection No. M2 be and it hereby is *modified* under the powers vested in the Board by Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted on condition* that the work shall conform with drawings filed with this appeal, dated July 26, 1960, 8 sheets; that all laws, rules and regulations applicable shall be complied with; and that a Certificate of Occupancy shall be obtained.

## 599-60-A

APPLICANT—Albert Melniker for Joseph Esposito, owner.

SUBJECT—Application August 5, 1960—Appeal from a decision of the Borough Superintendent re—swimming pool.

PREMISES AFFECTED—215 Naughton Avenue, north side, 84.38 feet east of Husson Street, Block 3549, Lot 122, Grant City, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 14, 1960 on N.B. Applic. 1279-59, reads:

"1. Drain for pool must be at least 3" in diameter and shall be vented and trapped before connecting with drainage system. The overflow shall be connected to inlet side of trap and on sewer side of the valve on the emptying drain."

and

WHEREAS, the applicant states that the building is 46 feet 6 inches by 43 feet 6 inches in area, 2 stories, 24 feet high, of class 4 construction, located in residence use, E area and class 1 height district, now used and occupied since March 30, 1960: cellar—ordinary; 1st and 2nd floors—1 family dwelling 1st floor—1 car garage; the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that this request is made for the approval of a piping system for an indoor, one family residence swimming pool; that the plans, as originally filed and approved by the Department of Buildings, called for a 3 inch waste line in accordance with the examiner's request; that the plumbing contractor did not install the pool piping in accordance with the approved plans and installed a system that has a 1½ inch supply and a 1½ inch suction line; that the specific conditions which required this installation and which is in accordance with several others installed and approved on Staten Island was that the elevation of the pool would make it difficult to use gravity; that the use of a suction pump permits the dumping of the pool water into a sewer on Naughton Avenue where the average grade will be raised 4 feet 5 inches; that the sewer in this street is very high at this time; that the system as installed permits a slower rate of discharge for the tank capacity of 16,800 gallons and gives better control than having a 3 inch drain dump the pool water into a street sewer; that this arrangement conforms with the accepted current practice nation-wide for private swimming pools for one family dwellings; that C26-1278 of the Administrative Code was written specifically for public swimming pools and does not specifically refer to pools for one family residences.

*Resolved*, that the decision of the Borough Superintendent, dated July 14, 1960, acting on N.B. Applic. 1279-59 Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the work shall conform to drawings filed with this appeal, dated December 2, 1960, 4 sheets; that all other laws, rules and regulations applicable shall be complied with; and that a Certificate of Occupancy shall be obtained.

## 620-60-A

APPLICANT—Jacob & Donald D. Fisher for William and Mollie Handelman, owners.

SUBJECT—Application August 16, 1960—Filed pursuant to Section 310 of the Multiple Dwelling Law for variation of Section 177 and Section 34 subdivision 6 of the Multiple Dwelling Law—cellar apartment re—rear yard.

PREMISES AFFECTED—46 East 3rd Street, south side, 60 feet east of 2nd Avenue, Block 444, Lot 11, Borough of Manhattan.

APPEARANCES—

For Applicant: Donald D. Fisher.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 18, 1960 on Alt. Applic. 1707-59, reads:

"A2—Converting cellar to living contrary to Sect. 177 as it does not conform to subdivision six (6) of Section 34 of the Multiple Dwelling Law.

Note—no rear yard."

and

WHEREAS, the applicant states that the building is 20 feet by 50 feet in area, 3 stories, 36 feet high, of class 3 construction, located in business use, B area, class 1½ height district, built about 1885, now used and occupied since 1936: sub-cellar—boiler room and storage; cellar—1 apartment, 4 persons; 1st floor—1 apartment; 2nd and 3rd floors—6 furnished rooms each floor; that the legal use in accordance with Certificate of Occupancy No. 20586, issued September 4, 1935 against Alt. Applic. 142-34 is: cellar—boiler room and storage; basement—store, 4 persons; 1st floor—one family; 2nd and 3rd floors—furnished rooms; that the proposed use and occupancy will be the same as existing use; and

WHEREAS, the applicant states that an inaccuracy in reference to floors in Alt. Applic. 142-34, from which this certificate was issued, was subsequently corrected in the Department of Buildings records, but the certificate was not corrected read sub-cellar, cellar, 1st story, 2nd story and 3rd story; that however, the floor in question is a cellar since the floor to ceiling height of 7 feet 2 inches by 3 feet 10 inches below the curb and 3 feet 4 inches above the curb; that the building is provided with a 2 foot 10 inch wide steel stairs from cellar (entrance floor) to roof; that the stair enclosure and public halls, with self-closing doors opening thereon, are protected with a sprinkler system, and, in addition, the class B rooms on the 2nd and 3rd floors are provided with sprinkler heads, as per section 194 of the Multiple Dwelling Law; that since the height of this cellar space is 7 feet 2 inches and the ceiling is 3 feet 4 inches above the curb; that it is only 3 inches less than the requirement; that the physical layout of the rooms in the cellar shows that the living room (the room used for sleeping), the largest in floor area, faces the street, which qualifies as an "adequate adjacent space"; that also, the windows of this room are entirely above the curb level; that the kitchen and bathroom are the only rooms facing the open side yard of 8 feet 5 inches width by 14 feet 4 inches length; that the windows of all these rooms more than meet the requirements of the Multiple Dwelling Law, of one-eighth of the floor area in sub-curb living rooms; that the arrangement and size of these rooms compare favorably with many apart-

# MINUTES

ments being created in converted dwellings in other parts of the city; that this apartment is used and will be used as a Class A apartment, non-transient; that the side yard at east rear is well drained and this space in the cellar is free from any dampness, is sanitary and habitable; that Cellar Certificate No. 2462 was jointly issued on September 2, 1959, by both the Department of Health and the Department of Buildings, under Section 177, subdivision 6, Multiple Dwelling Law, giving temporary approval to this cellar space for living purposes; that in addition to the Certificate cited above, the attached affidavits of the owner, a tenant in the building and a resident in the immediate neighborhood, shows that the cellar has been continuously occupied as living quarters from 1936 to the present date; that it may be noted that on this particular side street and neighborhood not on a main thoroughfare, there is small likelihood that the cellar could be rented as a store as per present certificate of occupancy; that a vacant store would probably lead to vandalism and unsanitary conditions for the dwelling portions above; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

*Resolved*, that the decision of the Borough Superintendent, acting on Alt. Applic. 1707-59, Objection No. A2 be and it hereby is *modified* under the powers vested in the Board by Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted*, for a term of five years, *on condition* that the work shall conform with drawings filed with this appeal dated August 16, 1960, 7 sheets; on further condition, that the apartment shall be thoroughly cleaned and maintained in a clean condition; that the apartment shall be painted throughout with paint of a light color; and that a Certificate of Occupancy shall be obtained.

## 552-59-A

APPLICANT—Arthur A. Stein for 32-08 38th Avenue Incorporated, owner; J. E. Schecter Corporation, lessee.

## THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 26, 1960, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 26, 1960, by adding thereto:

"that the decision of the Borough Superintendent, dated October 17, 1960, acting on Alt. App. 413-60, Objection C2, be and it hereby is modified in accordance with the terms and conditions of the resolution adopted this day under Cal. No. 223-60-BZ and that other than as herein amended the resolution above cited shall be complied with in all respects."

## 777-46-BZ

APPLICANT—Leonard F. Rothkrug for Errera Bros., owner.

SUBJECT—Application for consideration—reopening for extension of term of variance which expired November 29, 1960—decision of the Borough Superintendent; previously granted on condition, under Section 7e of the Zoning Resolution, permitting in a local retail use district, the manufacturing of wearing apparel for a stated term of years.

PREMISES AFFECTED—62 Tompkins Avenue, west side, 75 feet north of Floyd Street, Block 1739, Lot 42, Borough of Brooklyn.

## APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Application reopened and set for hearing on January 17, 1961, at 10 A.M., to consider extension of the term of variance, requiring a new decision of the Borough Superintendent and two photographs, which have been filed, and two publications in the Bulletin as notice.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

## 799-52-BZ

APPLICANT—Leonard F. Rothkrug for 16 Lexington Avenue Corp., owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—decision of the Borough Superintendent; previously granted on condition, under Section 7c of the Zoning Resolution, permitting in a business and unrestricted use district, the change in occupancy from laundry to manufacturing of knit wear and accessory dyeing.

PREMISES AFFECTED—16-18 Lexington Avenue, south side, 165 feet east of Grand Avenue and 2 Dowing Street, Block 1969, Lot 25, Borough of Brooklyn.

## APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Application reopened as Vol. II subject to the regular procedure.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

## 153-55-BZ

APPLICANT—Patrick D. Concagh for Jessie Millefiori, owner.

SUBJECT—Application for consideration—reopening for extension of term of variance which expired November 22, 1960—decision of the Borough Superintendent; previously granted on condition, under Section 7i of the Zon-

ing Resolution, permitting in a business use district, the maintenance of existing uses of auto repair, body fender and spraying shop.

PREMISES AFFECTED—2955-2957 Boston Road, west side, 95.93 feet south of Adec Avenue, Block 4555, Lot 26, Borough of The Bronx.

## APPEARANCES—

For Applicant: P. D. Concagh.

ACTION OF BOARD—Application reopened and set for hearing on January 17, 1961, at 10 A.M., to consider extension of the term of variance requiring a new decision of the Borough Superintendent and two photographs, which have been filed, and two publications in the Bulletin as notice.

## \*CORRECTION

That portion of the minutes of the meeting of the Board of Standards and Appeals held on October 11, 1960 as they appeared in Bulletin No. 42, Vol. 45 are hereby corrected to read as follows:

380-50-BZ

APPLICANT—Levy and Nevins for Colgate Realty Corp., owner; Tremont Chevrolet Co. Inc., lessee.

SUBJECT—Application reopened September 13, 1960 for consideration as to extension of term of variance, expires July 25, 1965—decision of the Borough Superintendent, previously granted on condition, under Section 7c of the Zoning Resolution, permitting in a residence use district, the erection and maintenance of a business building, for the storage and sale of auto parts, office, sale and display of new and used cars, motor vehicle repair shop, motor vehicle service to new and used cars, including lubrication, greasing and washing.

PREMISES AFFECTED—1470 Bruckner Boulevard, south side, from Colgate Avenue to Evergreen Avenue, Block 3649, Lot 30, Borough of The Bronx.

APPEARANCES—

For Applicant: Saul Nevins.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Sleeper, Commissioner Fox and

Commissioner Becker ..... 5

Negative: ..... 0

WHEREAS, the decision of the Borough Superintendent, dated September 2, 1960 acting on N.B. Applic. No. 515-50, reads:

"1. Proposed use (of premises and) of the building to be erected on this lot, which is in a (Retail Use District and) a residence use district, for the storage and sale of auto parts, office, sale and display of new and used cars, motor vehicle repair shop, motor vehicle service to new and used cars, including lubrication, greasing and washing, incidental to the conduct of a franchised automobile agency is contrary to Art. II Sect. 3 & Sect. 4-A of the Zoning Resol."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 25, 1950 as amended through January 25, 1955, only as to the term of variance, so that as amended it shall read:

*"granted for a term of sixteen (16) years from the date of this amended resolution, to permit .....; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."*

\* Correction: In the *Resolved* portion above the term of variance is corrected to read *"granted for a term of sixteen (16) years . . ."*; as shown in italics above.

# RULES

## PUBLIC HEARING

NOTICE IS HEREBY GIVEN of a public hearing to be held by the Board of Standards and Appeals, Friday, January 20, 1961 at 10 A.M. in Room 909, at 80 Lafayette Street, Manhattan, on the following proposed Rules to Supplement the Requirements of Section 280 of the Labor Law relating to the installation of Automatic Fire Extinguishing Systems in factory buildings having medium or high hazard occupancy below the uppermost floor.

Cal. No. 438-60-SR

Sec. 280 as amended by Chapter 854 of the laws of 1959:  
Sec. 280 AUTOMATIC FIRE EXTINGUISHING SYSTEMS

Every factory building erected before October first, nineteen hundred thirteen, which is more than one story in height and which has any occupancy specified by the board in its rules as of medium or high hazard below its uppermost floor, shall be provided by the owner thereof with an automatic fire extinguishing system.

In every non-fireproof factory building constructed after October first, nineteen hundred thirteen, which is more than one story in height and which has any occupancy specified by the board in its rules as of high hazard below its uppermost floor, the story containing such occupancy and all stories above it shall be provided by the owner thereof with an automatic fire extinguishing system.

The automatic fire extinguishing systems required by this section shall be approved in the city of New York by the fire commissioner in such city and elsewhere in accordance with the rules of the board. The relative hazard of occupancies within said city shall be as determined by the board of standards and appeals thereof. The provisions of this section shall be enforced in the city of New York by the fire commissioner of said city and elsewhere by the commissioner. As amended L.1959, e.854 sec. 5, eff. July 1, 1960.

## 1.0 DEFINITIONS

1.1 FACTORY BUILDING: The term "factory building" shall mean a factory building as defined by section 10 of the New York State Labor Law.

Section 10—"Factory building" means a building, shed or structure which or any part of which, is occupied by or used for a factory, and in which at least one-tenth or more than twenty-five of all the persons employed in the building are engaged in work for a factory, but shall not include a building in a city having a population of more than one million, used exclusively by one employer and in which not more than one-tenth of all the persons employed therein are engaged in work for a factory and which, except for such factory work, would be classified as a mercantile establishment. The provisions of this chapter shall apply to any part of a building occupied or used as a factory, except as otherwise provided by this subdivision.

1.2 AUTOMATIC FIRE EXTINGUISHING SYSTEM: The term "Automatic fire extinguishing system" shall mean:

1.2.1 A system of piping connected to one or more acceptable sources of water supply, which system is provided with approved distributing devices so arranged and located as to automatically discharge an effective spray over the interior of the building in the event of fire therein; or

1.2.2 A system of piping and distributing devices automatically controlled, connected to an adequate supply of chemical fire extinguishing media of a type suitable for the hazard involved.

1.3 BAKERY: The term "bakery" shall mean a bakery as defined by Sec. 330 sub. 1 of the New York State Labor Law.

Sec. 330 sub. (1)—"Bakery" means a building, room, or place used for making, preparing or baking bread, biscuits, pastry, cakes, doughnuts, crullers, noodles, macaroni or spaghetti to be sold or consumed on or off the premises, except kitchens in hotels, restaurants, boarding houses and private residences, wherein all such products are consumed exclusively on the premises; and with respect to the provisions of this chapter relating to machinery, safety devices and sanitary conditions includes hotel bakeries. A bakery is a factory within the meaning of this chapter.

## 1.4 NON-FLAMMABLE:

1.4.1 The term "non-flammable" as used in these rules when applied to solids shall mean materials which will not ignite and continue to burn when brought in contact for five seconds with an open flame or when in contact with glowing materials.

1.4.2 The term "non-flammable" as used in these rules when applied to liquids shall mean any liquid which will not generate an inflammable vapor at a temperature of 200° F when tested in a tagliabue open cup tester.

1.5 VOLATILE INFLAMMABLE OILS OR SOLVENTS: The term "volatile inflammable oils or solvents" as used in these rules shall mean any liquid mixture or compound that will generate an inflammable vapor at a temperature of 100° F when in a tagliabue open cup tester.

PETITION AND ORDER OF CERTIORARI  
SERVED ON THE BOARD OF STANDARDS  
AND APPEALS.

On December 8, 1960, Petition To Review and Order of Certiorari  
was served on the Board by Harry Levy, attorney for petitioner,  
New York City Housing Authority, objecting public corporation, seek-  
ing a review of the Board's determination on November 1, 1960,  
granting a variance under Sections 7e and 7i of the Zoning Reso-  
lution, to permit in a residence use district, the erection and main-  
tenance of a gasoline service station, lubrication, auto washing, non-  
automatic, office, sale of accessories, minor repairs with hand tools  
only, safety inspection station and parking and storage of motor  
vehicles, with ground sign, for a stated term of fifteen (15) years;  
Calendar Number 395-60-BZ; Premises 743-757 Linden Boulevard,  
northeast corner of Euclid Avenue, Block 4461, Lots 27, 31, 32, 33,  
34, 35 and 38, Borough of Brooklyn.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor,  
Borough of Manhattan.

NOTICE

1—CALENDAR: Notices of public hearing on applica-  
tions for zoning variances, will be published twice: first  
publication, listing new cases set for hearing, in the Bulletin  
available to the public at least 14 days before the date of  
hearing; second publication, in the last Bulletin available  
to the public immediately prior to the hearing date. The  
second publication will be augmented with a listing of cases  
laid over from previous hearings. Attention is directed to  
the MINUTES of such previous hearings, where the rea-  
sons for laid over cases will have been published. Notices  
of public hearing on applications for approval of materials  
and appliances will be published once, at least 10 days prior  
to the hearing date.

2—MINUTES: The publication of the "digest" of the  
applicant's statement has been discontinued, except that the  
administrative orders, decisions, etc., which are the subject of  
each application or appeal will be published. The summary  
of information given in the Appeal Form (Form A) shall  
be published for Administrative Appeals. The Board will  
continue to publish such other matters as it may deem ad-  
visable.

### APPEARANCES—

For Applicant: Francis Romanelli.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

### THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, on February 25, 1948, as thereafter amended through December 13, 1955, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation December 13, 1960; and

WHEREAS, this application was reopened on November 15, 1960 and set for hearing on December 13, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on December 13, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated September 26, 1960 acting on Alt. Applic. No. 281-47, reads:

"1. The proposed extension of variance for junk, scrap metal, rags and paper storage and baling on a lot in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R. and to the resolution of the Board under Cal. #486-47-BZ and 950-47-A.

2. Comply with Section 7-B of the Z.R. Present variance expires Dec. 13, 1960."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on December 13, 1955 only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this amended resolution, to permit . . . ; that other than as herein amended the resolution above cited shall be complied with in all respects; that the owner shall comply in all respects with Section 7-B of the Zoning Resolution; and that a new certificate of occupancy shall be obtained."

## 104-48-BZ

"1. Proposed rear yard of 3'-4" in an E-1 district is contrary to Sec. (15-A(e) of Zoning Resolution. Art. IV.

2. Proposed side yard of 5' with projecting chimney and piers is contrary to Sec. 15-A(e) of Zoning Resolution. Art. IV.

3. Proposed area coverage of building of 65% of a lot in an E-1 and residence district is contrary to Sec. 15-A(d) of Z.R. Art. IV."

and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application

# MINUTES

be and it hereby is *granted* under Section 21, to permit in an E-1 area district, the replacement of the frame structure above the basement floor of an existing building with a class 2 superstructure, without the required rear and side yards and occupying more than the permitted area coverage, *on condition* that the work shall conform with drawings filed with this application dated July 14, 1960, 12 sheets; that all laws, rules and regulations applicable shall be complied with; and that all permits including a Certificate of Occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 555-60-A

APPLICANT—Herbert E. Matz for St. John's Lutheran Church, owner.

SUBJECT—Application July 14, 1960—appeal from a decision of the Borough Superintendent—re—class 3 construction—church, height.

PREMISES AFFECTED—86-20 114th Street, west side, 157 feet south of 86th Avenue, Block 9226, Lot 69, Richmond Hill, Borough of Queens.

### APPEARANCES—

For Applicant: Paul C. Reisch and Herbert E. Matz.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 8, 1960 on Alt. Applic. 960-60, reads:

"4) Proposed area of a class 3 church building of 9,400 sq. ft. is contrary to Sec. C26-254.0 of N.Y.C. Administrative Code

5) Proposed height of a class 3 church bldg. of 2 stories and basement is contrary to Sec. C26-254 of N.Y.C. Administrative Code."

and

WHEREAS, the applicant states that the building is 95 feet by 126 feet in area, basement, 1st story and balcony, 52 feet high, of class 3 and 4 construction, located in residence use, E-1 area class 1½ height district, built in 1922, now used and occupied since 1923: (parish house) basement—social room, kitchen, etc., 135 persons; 1st floor—Sunday school room, 165 persons; balcony—meeting room, 45 persons; (no changes to church); that the proposed use will be: basement—social hall, kitchen, kindergarten, etc., 74 persons; 1st floor—chapel and office, 94 persons; balcony—Sunday school rooms, 100 persons; and

WHEREAS, the building in question is of frame construction, and was the original church of the congregation, and used for religious services, Sunday school and social functions, until the congregation built a larger church of non-fireproof construction and at completion turned the old frame building into a Parish House that has been used as such ever since; that the Parish House has become very unsatisfactory and undesirable for the growth of the congregation, it being of frame construction, deterioration having set in, and cannot be greatly altered under the present Building Code; that it is therefore proposed to remove the present superstructure retaining the existing concrete basement walls and building upon same with masonry walls to within height of the present frame walls; that the new interior will have a basement, 1st floor and 2nd floor; that the requirements of the congregation are of area and planning as shown, and it would be a hardship to reduce it any as it would lack the requirements for a growing church; that as the new structure comes within the approximate area and height of present building, and is in no way a detriment to adjoining property owners, but an improvement to the community.

*Resolved*, that the decision of the Borough Superintendent, dated July 8, 1960, acting on Alt. Applic. 960-60, Objection Nos. 4 and 5 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that all the requirements of the resolution adopted this day by the

Board under Cal. No. 554-60-BZ shall be complied with; that the doors between the present and the additional church building shall be one and one-half hour fireproof self-closing doors; that all new construction shall be of class 2 construction; and that a Certificate of Occupancy shall be obtained.

## 565-60-BZ

APPLICANT—Leonard F. Rothkrug for Anthony Mazzeo, owner.

SUBJECT—Application July 25, 1960—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a C area district, the one-story extension of an existing retail store building occupying more than the permitted area and without the required rear yard on first story.

PREMISES AFFECTED—464 86th Street, south side, 135 feet 7¼ inches west of Fifth Avenue, Block 6045, Lot 32, Borough of Brooklyn.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 29, 1960 after due notice by publication in the Bulletin; laid over to December 13, 1960 for inspection and decision; applicant to correct drawings; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated June 27, 1960 acting on Alt. Applic. No. 1467-60, reads:

"1. Proposed extension of building and change of use from store, gas tanks, 2 car garage and Auto Laundry on the first floor to Gasoline Service Station, Minor Auto Repairs, Carburetor & Ignition Work, Lubrication, Office and Sales, Storage and Toilet in a Business Use District is contrary to Art. II, Par. 4, Sect. 29 and 46 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions a and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Sections 7a and i of the Zoning Resolution, to permit in a business use district, the reconstruction of the existing gasoline service station, the relocation of the pumps and the additional uses of minor auto repairs, ignition, carburetor work and lubrication on condition that the work be done in accordance with drawings filed with this application dated July 26, 1960, 4 sheets, October 20, 1960, 1 sheet; and November 14, 1960, 2 sheets; that all laws, rules and regulations applicable shall be complied with; and that all permits shall be obtained, all work completed and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 833-60-A

APPLICANT—William H. S. Tripp, Acting Borough Superintendent, Borough of Queens.

OWNER OF PREMISES: John Anzalone.

SUBJECT—Application November 9, 1960—Revocation of Certificate of Occupancy #Q31833 dated December 7, 1944, issued re—Alteration 912-44.

PREMISES AFFECTED—111-59 44th Avenue, north side, 225.33 feet west of 114th Street, Block 2016, Lot 65, Corona, Borough of Queens.

APPEARANCES—

For Applicant: None.

For Opposition: Robert T. Groh.

ACTION OF BOARD—Appeal granted. Certificate of Occupancy Q31833 revoked.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 4, 1960 on revocation of Certificate of Occupancy #Q31833, reads:

"We respectfully request revocation of Certificate of Occupancy No. Q-31833, issued December 7, 1944, in connection with Alteration Application 912-44, for land and premises located at 111-59 44th Avenue, Block 2016, Lot 65, which was approved in error by permitting the extension of a business structure within

a Residence Use District, and encroachment of a portion of the extension into an existing street widening."

and

WHEREAS, the applicant states that the plot is 25 feet by 93.05 feet with a building 21.6 feet by 71.6 feet in area, 1 story, 14 feet high, of class 4 construction, located in residence use, D area, class 3/4 height district, built in 1944, now used and occupied since 1944: grade—storage of contractors equipment; substantially in accordance with Certificate of Occupancy Q31833 issued against Alt. Applic. 912-44; and

WHEREAS, the applicant states that under N.B. Applic. 994-16, a wood frame foundry, 18 feet by 50 feet, was legally approved and erected at the above location; that this structure encroached in a proposed street widening of 25 feet of the plot, such widening effective October 29, 1910; that this building was set back 8 feet from the existing building line; that under Alt. Applic. 912-44, an approval was given for removal of 15.6 feet of the front portion of the building, enlarging same to 21.6 by 71.6 feet and changing the use from foundry, to storage of general contractor's equipment; that this new enlargement was of non-fireproof construction which was added to an existing frame structure; that this enlargement was created in a residence zone, and a small portion of the side extension was placed in the bed of a mapped street, both of which were in error, since extension of a building for business use, into a residential zone, is contrary to Article II, Section 3 of the Zoning Resolution, and portion of new side extension in the bed of mapped street is contrary to Article 35 of the General City Law; that herewith is submitted a sketch showing the conditions as described.

Resolved, that the application of the Borough Superintendent dated November 9, 1960, to revoke Certificate of Occupancy Q31833, issued December 7, 1944, against Alteration Application 912-44, be and it hereby is affirmed and that the application of the Borough Superintendent be and it hereby is granted.

## 593-60-BZ

APPLICANT—Burke & Groh for John Anzalone, owner.

SUBJECT—Application August 3, 1960—decision of the Borough Superintendent, under Sections 7a and 21 of the Zoning Resolution, to permit in a residence use, D area district, the continuance of the present use of the existing frame building for office, the masonry shed for storage, the metal garage and mechanical concrete loader and the sale of ready mixed concrete with the masonry storage shed and metal garage in the rear yard, in a D area district.

PREMISES AFFECTED—111-59 to 111-69 44th Avenue, north side, 225.33 feet west of 114th Street, Block 2016, Lots 62, 63, 64 and 65, Corona, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 29, 1960 after due notice by publication in the Bulletin; laid over to December 13, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated August 3, 1960 acting on Alt. Applic. No. 429-60, reads:

"1. The proposed legalization of the frame bldg. used for office, masonry shed used for storage, metal garage and mechanical concrete loader in a Res. use district is contrary to Art. II Sec. 3 Zone Res.

2. Existing masonry storage shed & metal garage in

# MINUTES

a "D" area district located in the rear yard is contrary to Art. IV Sec. 14 Z.R." and

WHEREAS, the premises and surrounding area where inspected by a committee of the Board; and the committee recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7a and 21 of the Zoning Resolution, to permit in a residence use, D area district, the continuance of the present use of the premises and the masonry shed for storage, and mechanical concrete loader and the sale of ready mixed concrete with the masonry storage shed in the rear yard in a D area district with the following *conditions*; that as this resolution relates to the decision of the Borough Superintendent, dated August 3, 1960, acting on Objection No. 1 of Alt. App. 429-60, the following requirements shall be complied with: No. 1: that the frame building presently used for office is to be removed in accordance with the decision of the Borough Superintendent; No. 2: that the masonry shed used for storage is to remain and to be used for storage and on the *further condition* that a permanent type roof be installed on the building to confine the dust; No. 3: that the metal garage is to be removed; No. 4: that the mechanical concrete loader is to remain as presently existing.

As to Objection No. 2 of the decision of the Borough Superintendent, the existing masonry storage shed is to remain and the metal garage is to be removed, as stated above; and on the *further condition* that the existing 21 feet 6 inches by 71 feet 6 inches building on Lot 65 shall remain and be altered to incorporate offices and storage space for mobile mechanical equipment; that the entire premises is to be paved with clean cinders or gravel, treated with a binder and rolled to the proper grade for drainage; that this paving may be done in concrete if the owner so desires; that sidewalks and curbing shall be put in good condition satisfactory to the Borough President; that there shall not be more than two curb cuts, twenty feet in width; that the concrete block wall on the rear lot line is to be continuous between the side lot lines and the existing buildings and is to be not less than 10 feet in height; that on the west lot line from the existing building to the 44th Avenue front there shall be constructed a masonry wall six feet in height; that signs shall be limited to a total area of not more than fifty square feet; that all other laws, rules and regulations applicable shall be complied with; and that all permits shall be obtained, all work completed and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 594-60-A

APPLICANT—Burke and Groh for John Anzalone, owner.  
SUBJECT—Application August 3, 1960—appeal from a decision of the Borough Superintendent re—frame building, business use, metal building.

PREMISES AFFECTED—111-59 to 111-69 44th Avenue, north side, 225.33 feet west of 114th Street, Block 2016, Lots 62, 63, 64 and 65, Corona, Borough of Queens.

## APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

ACTION OF BOARD—Appeal denied.

## THE VOTE TO GRANT—

Affirmative: ..... 0

Negative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 3, 1960 on Alt. Applic. 429-60, reads:

"3. Frame bldg. used for office is contrary to 4.1.3(5a) Bldg. Code.

4. Metal bldg. with walls less than 4' from the lot line is contrary to 4.2.1(f)."

and

WHEREAS, the applicant states that the premises is developed with three (3) buildings, a equipment storage building, a frame office building and a masonry storage shed with an attached metal garage; that the two buildings under appeal are the metal garage and frame office; that the metal garage, Building "A" is 38 feet by 18 feet in area, 1 story, 11 feet high, of class 4 construction and the frame office, Building "B" is 15 feet by 15 feet in area, 1 story, 10 feet high, of class 4 construction, located in residence use, D area, class  $\frac{3}{4}$  height district, built in 1934, 1939 and 1956, now used and occupied since approximately 1922: 1st floor—storage, loading and unloading, building materials, including sand, cement, gravel and mechanical concrete loader, 5 persons; substantially in accordance with Certificate of Occupancy #Q31833 issued December 7, 1944 against Alt. Applic. 912-44; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the property is a legal non-conforming use and may be used for the purpose specified; that the only question brought under appeal is that over the course of years, the buildings have been changed and modern equipment installed; that whereby sand and cement used to be mixed on the grounds and loaded by hand on trucks, there is now a mechanical loader which automatically mixes the sand and cement and places it into trimixer trucks which, in turn, mixes the cement en route to the job; that the BZ Application is to grant a variance allowing the continuance of the modern equipment; that the A case is filed because of the present frame building and metal garage which have been on the premises for a long period of time; that the present frame building used for office is a small building located more than 20 feet from any lot line, and at no time is occupied by more than 3 persons; that the metal garage within 4 feet of the rear line of the lot abuts Lot #38, which is under the same ownership as the site; that also, there are no adjoining buildings on Lots 38 and 37; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that in view of the action taken this day by the Board under Cal. No. 593-60-BZ this appeal should be denied.

*Resolved*, that the decision of the Borough Superintendent, dated August 3, 1960, acting on Alt. App. 429-60, Objection Nos. 3 and 4, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

360-50-SA—Amendment to resolution as to additional trade name.

Automatic Burner Corporation, Chicago, Illinois, requested that the resolution adopted October 17, 1950 and amended at various times through June 7, 1960 under Calendar Number 360-50-SA be reopened and amended so as to permit the approved ABC Oil Burner, Model 55J to be marketed by the Crane Company under their own trade name.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted October 17, 1950 and amended at various times through June 7, 1960 under Calendar Number 360-50-SA be reopened and amended so as to permit the approved ABC Oil Burner, Model 55J to be marketed by the Crane Company under the trade name of Crane Oil Burner, Model 3849 on condition that the requirements of the resolution adopted October 17, 1950 and amended at various times through June 7, 1960 under Calendar Number 360-50-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Asst. Engr.,

GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 754-52-SM—Vol. II

APPLICANT—National Gypsum Co., owner—additional channels and accessories.

### APPEARANCES—

For Applicant: Donald K. Busch.

ACTION OF BOARD—Resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

754-52-SM—Vol. II—Amendment to resolution as to additional channels and accessories.

J K Hovind for National Gypsum Company, Buffalo, New York, requested by letter dated May 6, 1957 that the resolution adopted June 2, 1953 and amended November 3, 1954 under Calendar Number 754-52-SM, Vol II, be further amended to include improved Gold Bond "J" Channels and accessories (attachment clips, splines and wall trim channels). The application was reopened June 4, 1957 under Calendar Number 754-52-SM—Vol. III.

USE: The system provides for a hung ceiling of acoustical tile or an incombustible backing for the application of approved acoustical tile or insulation.

DESCRIPTION: The improved Gold Bond "J" Mechanical Suspension System is erected in the same way as the system as previously approved. The only difference being the new design of the "J" Channels (25 gage galvanized steel) and "J" Channel attachment clips (11 gage steel) which provide greater strength and rigidity to the system.

INSPECTION AND TEST: Uniform load tests were conducted on ceiling assemblies and concentrated loads were applied to the attachment clips. Pittsburgh Testing Laboratory reports these tests are on file with and part of the record.

### Results of Tests:

1) Gold Bond "J" Channel No. 401P (17/16" web) spaced 2' o.c. attached to 1½" carrying channels spaced 4' o.c. with "J" Channel Clips. ½" x 2' wide gypsum backerboard was placed between "J" Channels w/long edges resting on channel flanges. Area under uniform load—16 sq. ft.

Load at deflection of 1/360 the span—190 lbs or 11.9 lbs. per sq. ft.

Sustained live load—573 lbs. or 35.8 lbs. per sq. ft.

2) Gold Bond "J" Channel No. 401A (7/8" web) spaced 12" o.c. attached to 1½" carrying channels spaced 4' o.c. with "J" Channel Clips.

Gold Bond Travacoustic Tile (previously approved under Calendar Number 985-40-SM) was placed between the "J" Channels, with channel flanges fitted into the tile kerfs.

Area under uniform load—16 sq. ft.

Load at deflection of 1/360 the span—95.2 lbs. or 5.95 lbs. per sq. ft.

Sustained live load—600.3 lbs. or 37.5 lbs. per sq. ft.

3) Gold Bond "J" Channel No. 401P (17/16" web) spaced 4' o.c. attached to 1½" carrying channels 4' o.c. with "J" Channel Clips.

2' x 4' Panelcoustic metal pans (previously approved under Calendar Number 982-54-SM) were placed between the channels, resting on the channel flanges.

Area under uniform load—16 sq. ft.

Load at deflection of 1/360 the span—110.0 lbs. or 6.87 lbs. per sq. ft.

Sustained live load—495.8 lbs. or 30.9 lbs. per sq. ft.

4) Concentrated load on "J" Channel Clips with "J" Channel No. 401A—Average 120 lbs., with "J" Channel No. 401P—Average 140 lbs.

RECOMMENDATION: On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends that the resolution adopted June 2, 1953 and amended November 3, 1954 under Calendar Num-

ber 754-52-SM, Vol. , be amended to include the improved Gold Bond "J" Channels and accessories including Gold Bond 11 gage wire Bar Joist Clips, for use of the systems as previously approved, on condition that the requirements of the resolution adopted on June 2, 1953 and amended November 3, 1954 under Calendar Number 754-52-SM are complied with other than as herein amended.

Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 66-56-SM

APPLICANT—Josam Manufacturing Co., owner.

SUBJECT—Application February 1, 1956—Josam Backwater Valves Models 1170-T and 1280-T, approval of (for prevention of sewer backing up in building).

### APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material disapproved.

### THE VOTE TO APPROVE—

Affirmative ..... 0  
Negative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker..... 4

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

66-56-SM—Josam Manufacturing Company, New York, filed for approval of the material known as Josam Backwater Valve, Models 1170-T and 1280-T under the provisions of Section C26-1259.0 Administrative Building Code.

USE: To prevent sewer backing up into a building.

DESCRIPTION: The valve is a cast iron valve with a bell inlet, spigot outlet, bronze top hung revolving flap, rubber gasket and a bronze valve seat and cover.

The valve is normally open ¼" for circulation of air and when the water backs up, it forces the flap of the valve closed, thereby preventing water from entering the building.

RECOMMENDATION: As the valve is so constructed that it is normally open, except when the water backs up, and as Section C26-1259.0 Administrative Building Code reads, "Back-water valves shall have all bearing parts made of corrosive resisting material and such valves shall be so constructed as to insure a positive mechanical seal and remain closed, except when discharging waste. Back-water valves shall be of types approved by the Board," the Committee on Test recommends that the application be either withdrawn or disapproved as the construction does not comply with Section C26-1259.0 Administrative Building Code.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *disapprove* this material in accordance with the above report.

## 103-56-SA

APPLICANT—Prosperity Company, Inc., owner—dry cleaning machine.

### APPEARANCES—

For Applicant: Carter C. Nelson.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

# MINUTES

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 103-56-SA—Prosperity Company, Inc., Syracuse, N. Y., filed for approval of the appliance known as Prosperity Dry Cleaning Machines, Models 7B, 7C, 8A, 8B and 8C, under the provisions of the Dry Cleaning Rules of the Board. USE: Dry cleaning machines using Perchloroethylene as the cleaning fluid. The capacity is 27 lbs. dry weight.

DESCRIPTION: The unit comprises an enclosed cabinet in which automatic washing, rinsing, extracting, drying, deodorizing and solvent recovery is performed.

Other components consist of a still for distillation of the solvent, a watercooled condenser for condensing the solvent vapors from the stills, a filter for the solvent and a second filter for the soap solution solvent, a second condenser for condensing solvent vapors in the recovery system, two storage tanks, pumps, piping and valves.

The cabinet, which includes the cylinder, dust bag chamber, air ducts, condenser, heater coil chambers and solvent storage tanks.

The filter is of the round type with large nylon bags that are tightly drawn over a screen.

One still is rectangular in shape, steel fabricated, and is provided with a steam heated jacket; the still is insulated with glass wool and is encased in sheet metal paneling; this still is capable of distilling 90 gals. per hour at 80 lbs. steam pressure.

The second still is cylindrical in shape with a submerged heating grid connected to the steam line. Vapors from this still rise directly into a condenser. The capacity of this still is 60 gallons per hour at 60 lbs. steam pressure.

The blower and deodorizing valve is built into the blower housing assembly. During recovery this valve is closed against the vent stack and during the deodorizing operation it is closed against the air ducts, thus allowing fresh air to pass through the clothes but out through the stack.

The appliance has been approved by the Underwriters' Laboratory under E 14163.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Prosperity Dry Cleaning Machines, Models 7B, 7C, 8A, 8B and 8C, having a capacity of 27 lbs. dry clothes for use with perchlorethylene solvent when installed in accordance with the requirements of the Board's Rules covering Dry Cleaning Establishments and the Electrical Code of the City of New York and provided that each appliance bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 103-56-SA."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

## 106-57-SM

APPLICANT—The Evans Brick Co., owner.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 106-57-SM—The Evans Brick Company, Uhrichville, Ohio, filed for approval of the material known as Evans Face

Brick under the provisions of Section C26-307.a Administrative Building Code.

USE: Structural clay brick.

DESCRIPTION: The bricks are structural clay, manufactured by the wet mud extrusion process. The bricks are identified by a shade number which defines the type and shade. The bricks are Standard Nominal—2" x 4" x 8" or Normal Nominal 2" x 4" x 12".

INSPECTION AND TEST: The applicant has submitted reports of tests conducted by the Pittsburgh Testing Laboratory. The tests were conducted in accordance with the requirements of Section C26-307.a Administrative Building Code. The results showed that all bricks tested complied with the requirements of ASTM C-62-50 and Federal Specifications SS-B-656. The complete reports are on file with and are part of the record.

RECOMMENDATION: On the basis of the data submitted by the applicant, the Committee on Test recommends the approval of the material known as Evans Face Brick, Standard Nominal and Normal Nominal Clay units for use in New York City under the provisions of Section C26-307.a Administrative Building Code on condition that all bills of lading shall be stamped, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 106-57-SM."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## 673-57-SA

APPLICANT—Temco Inc., owner—additional model of gas heater.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Fox and  
Commissioner Becker ..... 3  
Negative: Vice Chairman Kleinert..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 673-57-SA—Amendment to resolution as to additional model of gas heater.

Temco Inc., Nashville, Tennessee, requested that the resolution adopted March 31, 1959 and amended September 15, 1959 under Calendar Number 673-57-SA be reopened and amended so as to include additional models and permission to market under additional trade names.

USE: A wall mounted gas heater.

DESCRIPTION: The requested Models NV20 and NV30 are identical to the approved heater except that the BTU input is 20,000 BTU and 30,000 BTU.

The requested Model 108-3 is similar to the approved model except that the BTU input is 10,000 BTU. All requested models have been approved by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted March 31, 1959 and amended September 15, 1959 under Calendar Number 673-57-SA be reopened and amended so as to include the Temco Wall Heaters, Models NV20, NV30 and 108-3 and further that the Models NV20 and NV30 may be marketed by the Peerless Manufacturing Division of the Dover Corporation under the trade name of Unimatic on condition that the requirements of the resolution

# MINUTES

adopted March 31, 1959 and amended September 15, 1959 under Calendar Number 673-57-SA are complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 232-58-SM

APPLICANT—Buckeye Iron & Brass Works, owner—additional model of automatic nozzle valve.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Fox and Commissioner Becker ..... 3  
Negative: Vice Chairman Kleinert..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

232-58-SM—Buckeye Iron and Brass Works, Dayton, Ohio, requested by letter that the resolution adopted June 24, 1958 under Calendar Number 232-58-SM be reopened and amended to include the Model 100 Automatic Nozzle Valve. DESCRIPTION: The Model 100 Automatic Nozzle Valve is similar to the Model 820UM Nozzle Valve for dispensing gasoline to motor vehicles which was previously approved under Calendar Number 232-58-SM. The Model 100 functions on the same principle but the internal parts have been redesigned and rearranged for improved performance.

The Model 100 Automatic Nozzle Valve has been tested and approved by Underwriters' Laboratories, File MH1460. RECOMMENDATION: The Committee on Test recommends that the resolution adopted June 24, 1958 under Calendar Number 232-58-SM be reopened and amended so as to include the Buckeye Model 100 Automatic Nozzle Valve, on condition that the requirements of the resolution adopted June 24, 1958 under Calendar Number 232-58-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolutions in accordance with the above report.

## 492-58-SM

APPLICANT—Bethlehem Steel Co., owner—additional slabform.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 492-58-SM—Amendment to resolution as to additional slabform.

R. E. Ashley for Bethlehem Steel Co., Bethlehem, Pa., requested that the resolution adopted January 26, 1960 un-

der Calendar Number 492-58-SM be reopened and amended so as to include additional slabform known as Extra Heavy Duty Slabform.

USE: An incombustible roof deck.

DESCRIPTION: The slabform is used in roof construction as the permanent supporting member for lightweight insulating concrete fill.

The form is a galvanized steel deck, 20, 22 and 24 gauge. The 20 gauge has the following properties: 15/15" high by 4 1/2" center to center corrugation having a section modulus of 0.227 and moment of inertia of 0.160. The 22 gauge has the same corrugation as the 20 but the section modulus is 0.183 and the moment of inertia is 0.131. The 24 gauge has the same corrugation as the 20 gauge but the section modulus is 0.136 and the moment of inertia is 0.101.

INSPECTION AND TEST: Decks constructed of the Slabform with a 2" unreinforced insulating concrete fill were tested at Ohio State University in accordance with the requirements of Section C26-626.0 Administrative Building Code. The slag was tested over four supports and tested as a semi-continuous span. The factor of safety was set at 5. The results with the following allowable loads and spans were obtained.

|          |                     |                              |
|----------|---------------------|------------------------------|
| 20 gauge | 51 lbs. per sq. ft. | 10'-0" center to center span |
| 22 gauge | 63 lbs. per sq. ft. | 9'-0" center to center span  |
| 24 gauge | 46 lbs. per sq. ft. | 8'-0" center to center span  |

The complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted January 26, 1960 under Calendar Number 492-58-SM be reopened and amended so as to include the additional material known as Extra Heavy Duty Slabform as a permanent incombustible supporting member for insulating concrete fill for roof construction, on condition that the maximum load and span shall be as herein described under the heading "Inspection & Test" and that all other requirements of the resolution adopted January 26, 1960 under Calendar Number 492-58-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 674-58-SA

APPLICANT—David N. Francis, for Ansul Chemical Co., owner.

APPEARANCES—

For Applicant: David N. Francis.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

674-58-SA—Ansul Chemical Company, Marinette, Wisconsin, filed for approval of the appliance known as Ansul 30 lb. Dry Chemical Piped Fire Extinguishing System, Model PS-30, under the provisions of Section C19-10.0 and Section C26-191.0 Administrative Code.

USE: A fire extinguishing system for indoor use on Class B fires.

DESCRIPTION: The PS-30 dry-chemical extinguishing system is designed to protect two general types of hazards. A total flooding principle is used to protect enclosed hazards, such as paint lockers or engine compartments. Local

# MINUTES

application by means of tankside nozzles or overhead nozzles is used to protect confined flammable-liquid hazards, such as dip tanks, quenching tanks, etc. The system is intended to be installed to protect indoor hazards only.

Since dry chemical is an extinguishing agent which is intended primarily for fires in flammable liquids (Class B fires), the PS-30 dry chemical system is intended primarily for protection against this type of a hazard.

The most common arrangement of PS-30 systems involves the use of a fusible link which is placed in the hazardous area. A rise in temperature causes the link to separate permitting a rod in a detector assembly, to which a wire rope is attached, to move outward under spring pressure. Movement of the wire rope trips a lever, causing a plunger-type release to force down the puncture pin, puncturing a carbon-dioxide cartridge. Gas from the cartridge is released into a dry-chemical chamber and ruptures a plastic disc on the outlet of the chamber, permitting specially treated dry chemical to be carried into the distribution piping and into the nozzles.

Manual operation can be accomplished at the release box by a counter-clockwise movement of a release lever after removal of a lock pin or from a remote station by pulling a ring at the remote station which is attached to a wire rope fastened to the trip lever on the release.

The extinguishing-system assembly consists of a dry-chemical chamber retained in a special bracket, a carbon-dioxide cartridge and cartridge holder, puncture mechanism for the carbon dioxide cartridge, a plastic rupture disc held in a union in the outlet piping, a release assembly, wire rope and pulley arrangement, a detector assembly consisting of a fusible link and a retained spring assembly and appropriate discharge nozzles. Instructions for installation are included in the package. Accessory equipment, such as remote pull stations and an electrical switch for ringing alarm bells, closing windows, etc., are also available. Piping and elbows for dry chemical are furnished by the installer.

## METHODS OF APPLICATION

Ansul PS-30 Dry Chemical Pipe Systems provide fire protection for hazards within the following limitations:

**Total Flooding**—This method provides for flooding of a room or enclosure with dry chemical to a point where fire cannot continue. All doors, windows, ventilators, exhaust ducts and other openings through which the dry chemical might escape or air enter must be kept closed or provided with automatic closing devices. The limiting volume which can be protected with an Ansul PS-30 System is 780 cubic feet. The maximum width should not exceed 10 feet and the maximum length should not exceed 17 feet 6 inches.

**Local Application**—This method provides for applying the dry chemical locally at the surface to be protected. It is applicable to protection of flammable liquids in open tanks or to certain types of machinery subject to local flammable liquid fires.

Two methods of applying local application to a fire area are:

1. **Tankside Application**: The maximum area shall not exceed 40 square feet and the hazard shall not exceed a length of 8 feet.

2. **Overhead Application**: The maximum area shall not exceed 25 square feet and the hazard shall not be more than 7 feet in length nor 3½ feet in width.

Two piped system nozzles, one reducing tee and two special blow-off caps are packaged separately but are shipped with each PS-30 System.

## TEMPERATURE

The standard Ansul PS-30 Piped Systems utilize a carbon dioxide pressure cartridge as an expellant medium. In order to insure effective operation, the extinguisher for the Ansul PS-30 System must be located in an area where the temperature will not exceed 120°F or fall below 32°F.

**Piping**  
1. Piping (to be furnished by the customer) should be ½" and ¾" standard weight, hot-dipped galvanized steel pipe. All fittings should be standard weight, hot-dipped galvanized malleable iron.

2. Before assembling pipe and fittings, make certain that all ends are carefully reamed and blown clear of chips and scale. Thread compound should be used sparingly and only on the male portion of threads.

3. All piping must be securely supported by use of standard pipe hangers or clamps to hold weight, resist shock of chemical flow and to prevent heat warpage. This is particularly important near the nozzles. Support pipe as close to the nozzle as possible.

4. Maximum length of pipe from the extinguisher to any one nozzle is 50 feet.

5. Maximum number of elbows, including the reducing tee, from the extinguisher to any one nozzle is six (6). NOTE: On overhead application only: a minimum of four (4) elbows, including tee, is required.

6. All piping should be run in as direct a manner as possible. If the layout for the ¾" pipe parallels one of the ½" pipes, there must be at least 2 feet of straight ¾" pipe entering the ½" x ½" x ¾" reducing tee.

7. To obtain equal flow of dry chemical from each nozzle, the pipe from the reducing tee to each nozzle should be approximately the same length and the number of ½" elbows must be the same.

### a. Local Application—Tankside

When tankside nozzles are to be used, run ¾" pipe to side of tank and install ½" x ½" x ¾" reducing tee to divide piping. Cut ½" piping so that when nozzles are installed there is at least ¼" clearance between nozzle and side of tank to allow blow-off caps to be attached to nozzles and to be blown free during operation. Tankside nozzles should be installed so that discharge opening is pointing toward center of tank and is parallel to the liquid level. There should be a minimum distance of 8 inches from the nozzle to the flammable liquid level. Tankside nozzles must be located opposite each other and centered on the two shorter sides of the tank.

### b. Local Application—Overhead

When overhead nozzles are to be used for local application, for proper distribution of the dry chemical, locate nozzles one-quarter of the distance from each end of the hazard centered on the short dimension. For flammable liquid hazards the nozzle is to be located between 8 and 10 feet from the flammable liquid level. Between 4 and 6 elbows, including the tee, are required for overhead applications.

### c. Total Flooding Application

Locate extinguisher outside of enclosure to be protected. Locate the nozzles as high as possible on the long center of the enclosure to be protected, and approximately one-quarter of the way in from each end of the enclosure, but with the nozzles no more than 7½ feet apart. Both nozzles should be installed so they are pointing downward.

**INSPECTION AND TEST**: The Ansul Model PS-30 Dry Chemical Piped Fire Extinguishing System has been tested and approved by the Underwriters' Laboratories, File Ext. 1727 and the Factory Mutual Laboratories, Report 12967.

**RECOMMENDATION**: The Committee on Test recommends the approval of the appliance known as Ansul 30 lb. Dry Chemical Piped Fire Extinguishing System, Model PS-30, for use in New York City for Class B fire protection when installed in accordance with this report and the manufacturer's installation recommendations and provided that each installation shall be satisfactory to the Fire Commissioner and bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 674-58-SA."

(Sgd.) WILLIAM A. NOLAN,

Director,

JOHN A. DARTS,

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 758-58-SA

APPLICANT—General Automatic Products Corp., owner—additional models of gas-fired boilers.

## APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

758-58-SA—Amendment to resolution as to additional models of gas fired boilers.

General Automatic Products Corp., Baltimore, Maryland, requested that the resolution adopted March 31, 1959 under Calendar Number 758-58-SA be reopened and amended so as to include additional models of gas fired boilers.

USE: Gas fired hot water boilers for domestic heating.

DESCRIPTION: The requested models known as the LG Series is identical in construction to the approved L Series with the exception that the jacket or casing have rounded instead of square corners and the firing rates have been increased from 18,000 to 21,000 B.T.U. per burner. The LG Series have been approved by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted March 31, 1959 under Calendar Number 758-58-SA be reopened and amended so as to include the following: General Automatic Gas Fired Hot Water Domestic Heating Boilers, Models LG-4, LG-5, LG-6, LG-7, LG-8, LG-9 and LG-10, on condition that the requirements of the resolution adopted March 31, 1959 under Calendar Number 758-58-SA are complied with.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 171-60-SM

APPLICANT—Alpha Plastics Inc., Livingston, New Jersey, owner.

## APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

171-60-SM—Alpha Plastics Inc., Livingston, New Jersey, for approval of the material known as Alpha 101 Unplasticized Polyvinyl Chloride Plastic Pipe under the provisions of Sections C26-191.0 and C26-1297.0 Administrative Building Code.

USE: Plastic pipe for use with plastic fittings in acid and chemical drain systems.

DESCRIPTION: The Alpha 101 plastic pipe is made of unplasticized polyvinyl chloride resin containing suitable pigments and stabilizers but with no added copolymers or plasticizers. The pipe is formed by an extrusion process

and is made in nominal pipe sizes of  $\frac{1}{4}$ ",  $\frac{3}{8}$ ",  $\frac{1}{2}$ ",  $\frac{3}{4}$ ", 1",  $1\frac{1}{4}$ ",  $1\frac{1}{2}$ ", 2",  $2\frac{1}{2}$ ", 3", 4" and 6". Wall thickness is equal to that of either schedule 40 or schedule 80 steel pipe, which corresponds to the thickness of standard weight pipe or extra strong pipe respectively.

The pipe is to be used with approved unplasticized polyvinyl chloride fittings of the same wall thickness. Joints will be cemented with Alpha PVC Solvent Cement approved under 568-58-SM or other approved cement.

Long pipe lines exposed to temperature changes are to be assembled with direction changes, bends or offsets to allow for thermal expansion and contraction. Risers are to be securely supported at the top and bottom at each floor and horizontal lines are to be securely supported approximately every 6 feet, preferably near fittings or with additional support at fittings but in such a manner as to permit longitudinal movement in the piping.

Drain systems are to be tested for tightness after assembly.

The plastic pipe is marked with the manufacturer's trade name, nominal size and schedule.

Polyvinyl chloride resin is classed as corrosion resistant to most acids and chemicals and self extinguishing when exposed to flame.

INSPECTION AND TEST: Details of the data submitted by the applicant were examined by Ass't. Engr. G. F. Sklenarik.

Physical properties of this polyvinyl chloride resin are:

Tensile strength normal impact grade  
7000 psi ASTM D 638-49T

Flexural strength normal impact grade  
14500 psi ASTM D 790-49T

Thermal Expansion normal impact grade  
.00005"/°C ASTM D 696-44T

RECOMMENDATION: On the basis of the data submitted by the applicant, the Committee on Test recommends the approval of the material known as Alpha 101 Unplasticized Polyvinyl Chloride Plastic Pipe and cement for voluntary use in New York City in drain systems  $1\frac{1}{2}$ " or larger for diluted acids and soluble chemical wastes in accordance with this report and the provisions of Section C26-1265.0 through Section C26-1267.0 and Section C26-1297.0 Administrative Building Code, on condition that all cartons in which the material is to be marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 171-60-SM."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

261-60-SM—The Marine Works Inc., New York City, filed for approval of the material known as Marine Works Inc. Grease Filter under the provisions of Section C26-712.o.e

# MINUTES

Administrative Building Code and Section C19-165.3 Administrative Code.

USE: Filters to prevent excessive grease accumulation in kitchen range exhaust systems.

DESCRIPTION: The filters are constructed of 18 gauge galvanized iron with the interior having ten layers of criss-crossed corrugated wire mesh and five layers of fine bronze mesh. The holding frames are constructed of 18 gauge galvanized iron.

The filters are manufactured in the following sizes:

20" x 20" x 2"; 15" x 15" x 2" and 13" x 13" x 2".

INSPECTION AND TEST: Details of construction were examined by Assistant Engineer John A. Darts.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Marine Works Inc. Grease Filter of a size as herein described for use in New York City when installed in accordance with the requirements of Sections C26-712.0.e and C19-165.3 Administrative Building Code and provided further that each filter bear a label permanently affixed reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 261-60-SM."

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## 458-60-SM

APPLICANT—The Chomes Company, Incorporated, owner.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker..... 4

Negative ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

458-60-SM—Chomes Co., Inc., Boston, Mass., filed for approval of the material known as Chomes Cornice Temper Zinc Alloy Sheet Metal under the provisions of Section C26-191.0 Administrative Building Code.

USE: Zinc flashing material.

DESCRIPTION: The 99.9% zinc purity flashing material ranges in thickness from .020" to .064" and weights from .75 lbs. per sq. ft. to 2.4 lbs per sq. ft. depending on the thickness. The composition consists of 97% Zinc and 3% of Chromium, Copper and Cadmium.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Chomes Cornice Temper Zinc Alloy Sheet Metal for voluntary use as a flashing material under the provisions of Section C26-191.0 Administrative Building Code, on condition that each wrapper or carton in which the material is marketed shall be stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 458-60-SM".

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Asst. Engr.,

GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## 532-60-SM

APPLICANT—Universal Atlas Cement Division, United States Steel Corporation, owner.

APPEARANCES—

For Applicant: Boothe B. Blakeman.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker..... 4

Negative ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

532-60-SM—Universal Atlas Cement Division United States Steel Corp., New York, filed for approval of the material known as Atlas High-Early Duraplastic Cement, Type III A, under Section C26-312.0.c.2 of the Administrative Building Code and the Rules of the Board adopted under Calendar Number 64-55-SR.

USE: A portland cement for use in structural concrete.

DESCRIPTION: The cement is made in a dry process plant at Hudson from limestone and shale as the raw materials. The limestone and shale are fed to the grinding mills. This mixture is ground and then fed to the kilns. The resulting clinker is then proportioned with gypsum and a vinsol resin air entraining agent and is then fed to the grinding mills and the finished product is then conveyed to storage silos from which it is either bagged or shipped in bulk.

INSPECTION AND TEST: Samples of the cement were tested by the Haller Testing Laboratories and successfully met the A.S.T.M. requirements for a Type III A cement. The report is on file with and is part of the record. The plants were previously inspected.

RECOMMENDATION: On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Atlas High Early Duraplastic Cement, Type III A, as manufactured at the applicant's dry process plants located at Hudson, New York, and the wet process located at Northampton, Pa., as meeting the requirements of Section C26-312.0.c.2 Administrative Building Code and the Rules of the Board, on condition that the type of cement shall be legibly marked and that each bag or container shall also be marked "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 532-60-SM" and when the cement is shipped in bulk for use in New York City, the bill of lading shall be similarly marked.

## 579-60-SM

APPLICANT—Harry A. Yarish, agent for Architectural Porcelain Fabricators, Incorporated, owner.

APPEARANCES—For Applicant: Harry A. Yarish.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4

Negative ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

579-60-SM—H. A. Yarish for Architectural Porcelain Fab-

# MINUTES

ricators, Inc., New York, filed for approval of the material known as Arpor Panel under the provisions of the Veneering Rules of the Board.

USE: An exterior veneering panel.

DESCRIPTION: The material is made of high vitreous porcelain enamel fused at high temperature on to 16 gauge steel.

The panel may be used as a single sheet or may be used as the exterior face of a pan type panel. The pan type panel is insulated with an incombustible type of insulation.

INSPECTION AND TEST: A sample of the panel was examined by Ass't. Engr. J. A. Darts. The panel is also rated as incombustible under the provisions of Section C26-88.0 Administrative Building Code.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Arpor Panel for voluntary use in New York City as an incombustible exterior veneer, as having met the requirements of Section C26-88.0 Administrative Building Code, on condition that all installations comply with the requirements of the Veneering Rules of the Board and further that all cartons in which the material is marketed shall be stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 579-60-SM."

## 616-60-SM

APPLICANT—National Gypsum Company, owner; J. K. Hovind, agent.

### APPEARANCES—

For Applicant: Donald K. Busch.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

616-60-SM—J. K. Hovind for National Gypsum Company, Buffalo, N. Y., filed an application for approval of the material known as Gold Bond Fire-Shield Acoustical Tile for use in New York City under the provisions of Sections C26-88.0, C26-191.0, C26-239.0, C26-240.0, C26-461.0, C26-575.0, C26-609.0 and C26-615.0 Administrative Building Code.

USE: Fireproofing and incombustible acoustical tile and panels.

DESCRIPTION: Gold Bond Fire-Shield Acoustical Tile is a substantially rigid incombustible product made of mineral wool, clay and binders. The product is supplied in thicknesses of  $\frac{5}{8}$ " and  $\frac{3}{4}$ " both 12" x 12" in size with interlocking edges for use on metal suspension systems. The tile surface is factory coated with a non-flammable paint and is perforated in various patterns or is fissured. Gold Bond T-Panels are uncoated boards, supplied  $\frac{3}{4}$ " x 25" x 50" (other sizes also available), composed of the same materials as Fire-Shield Tile, and are used to make fire protective boxes above light troffers, etc., which may be placed in the ceiling.

INSPECTION AND TEST: Two floor-ceiling fire resistive tests were conducted at Underwriters' Laboratories, Chicago, Illinois, in accordance with the requirements of ASTM E119 and the Administrative Building Code. In the construction tested under U. L. R4337-1, the floor consisted of

2" sand-gravel concrete on  $\frac{3}{8}$ " rib metal lath (previously approved under Calendar Number 342-39-SM) over steel joists spaced 24" o.c.  $\frac{3}{4}$ " Gold Bond Fire-Shield Tile suspended by ("Z" System) Gold Bond "J" Suspension System (previously approved under Cal. No. 754-52-SM) attached to the lower chords of the steel joists with Gold Bond Bar Joist Clips. The construction reached the average limiting temperature on the unexposed surface at 2 hours and 12 minutes. Underwriters' Report R4337-1 of the construction and test is on file with and part of the record.

The construction tested under U. L. R4337-2 included  $2\frac{1}{2}$ " sand-gravel concrete over cellular steel floor units (Inland Steel, H. H. Robertson) supported within the furnace by a 10 WF 29 steel beam.  $1\frac{1}{2}$ " c.r. steel channels were suspended from the floor units with 12 ga. steel wire. Six 2' x 4' light troffers were suspended by the  $1\frac{1}{2}$ " channels. Two air diffusers were also included as part of the ceiling structure. Gold Bond  $\frac{3}{4}$ " Fire-Shield Tile was erected, using Gold Bond "J" Suspension System ("Z" Channels) attached to the  $1\frac{1}{2}$ " channels with Gold Bond "J" Clips. The Fire-Shield Tile ceiling was suspended  $7\frac{1}{4}$ " below the steel beam and was the only protection provided for the steel beam. Fire protective boxes were installed above the light troffers, made of Gold Bond T-Panels. The floor construction reached the average limiting temperature on the unexposed surface at 3 hours and 32 minutes. The steel beam exceeded the requirements for a 5 hour fire resistive rating as specified under Section C26-609.0 and as revised on September 16, 1960. Underwriters' Report R4337-2 of the construction and test is on file with and part of the record.

Tests in accordance with Federal Specification SS-A-118b showed the products to be Class A-incombustible. Copies of the Armour Research Foundation reports have been filed with and are part of the record.

RECOMMENDATION: On the basis of the tests and data filed by the applicant, the Committee on Test recommends the approval of the material known as  $\frac{5}{8}$ " and  $\frac{3}{4}$ " Gold Bond Fire-Shield Acoustical Tile for voluntary use in all classes of construction as incombustible interior finish and the approval of  $\frac{3}{4}$ " Fire-Shield Tile ceilings for fireproofing of cellular steel floors and roofs with  $2\frac{1}{2}$ " concrete fill above as hereinbefore described as a three hour fire resistive floor or roof and ceiling and five hours fire protection for steel beams for use in all classes of construction; with ceilings that may include air ducts (duct openings not over 150 square inches per each 100 square foot of ceiling area) and light fixtures, protected above with Gold Bond T-Panels as hereinbefore described (light fixture area not to exceed 25 square feet per 100 square feet of ceiling area).

It is further recommended that  $\frac{3}{4}$ " Gold Bond Fire-Shield Tile be approved for fireproofing of concrete floors and roofs as hereinbefore described or a 2" thick poured-in-place reinforced gypsum concrete roof (previously approved under Calendar Number 126-51-SM) as provided under Section C26-575.0 shall be rated as a two hour fire resistive floor or roof and ceiling for use in all classes of construction except Class 1, on condition that all cartons in which the materials are marketed shall be tagged, stamped or labeled, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 616-60-SM". The Committee further recommends that all plans submitted to the Department of Buildings showing the proposed use of the products as fireproofing shall be similarly marked.

(Sgd.) WILLIAM A. NOLAN,

Director,

JOHN A. DARTS,

Asst. Engr.,

GEORGE F. SKLENARIK,

Asst. Engr.,

Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 727-60-SA

APPLICANT—Electronics Corporation of America, owner.  
APPEARANCES—

For Applicant: Dudley Winn.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

727-60-SA—Electronics Corporation of America, New York, N. Y., filed for approval the appliance known as Model P3S Smoke Detector consisting of Model 1003E Type A28E Detector and Model 1002 Type L30R Light Source for use in New York City under the provisions of Sections C-26-259.0, C26-661.0 and C26-664.1 Administrative Building Code. USE: A smoke detecting device to be installed in air duct systems.

DESCRIPTION: The P3S Smoke Detector is made of two separate assemblies of electronic components placed in metal housings which are designed for mounting on opposite sides of an air duct. One assembly comprises the phototube detector and the other the light source. The operating range between detector and light source is 5 to 30 feet.

The Model A28E Detector is made up with an RCA 25L6 tube, an RCA 6J7 tube, and RCA 1P40 phototube, two capacitors, six resistors and a potentiometer.

The Model L30R Light Source consists of a 32C.P. 6-8 volt prefocused tungsol lamp, a rheostat and a constant voltage transformer.

In installing this equipment, the light beam is focused on the photocell and any interference with the beam such as the passage of excess smoke can be made to actuate a relay which in turn can be made to shut down blower fans and activate visual and audible alarms through a property wired circuit. The photocell unit is adjusted to operate on a 30% light cut-off.

INSPECTION AND TEST: This equipment was installed at Canada House, New York, by the Acme Fire Alarm Co. Tests were conducted in the presence of Ass't. Engr. G. F. Sklenarik and a Fire Department representative. The device functioned satisfactorily.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Electronics Corporation of America P3S Smoke Detector consisting of Model 1003E Type A28E Detector and Model 1002 Type L30R Light Source for use in New York City as component parts of a smoke detecting system in accordance with this report, the provisions of Sections C26-259.0, C26-661.0 and C26-664.1 Administrative Code and the Rules of the Department of Buildings Relating to the Installation of Ventilating and Air Conditioning Systems as filed with the City Clerk, June 1, 1959, provided that each detector unit shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 727-60-SA".

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 14, 1960 on Alt. Applic. 1515-59, reads:

"1) Proposed 2nd means of egress contrary to 2.4.1.4.9 BC.

2) Proposed 2nd means of egress contrary to #271 and #268 labor law."

and

WHEREAS, the applicant states that the building is 50 feet by 59 feet 4 inches in area, 8 stories, 90 feet high, of class 1 construction, located in unrestricted use, A area, class 2 height district, built in 1892, now used and occupied since 1892 as follows: cellar—boiler room and storage; 1st floor—shipping and receiving room, 3 persons; 2nd floor—manufacturing and washing, 3 persons; 3rd floor—½ office and ½ storage, 5 persons; 4th floor—drum sealing and storage, 5 persons; 5th floor—laboratory and manufacturing, 10 persons; 6th floor—storage, 2 persons; 7th floor—storage and manufacturing, 4 persons; 8th floor—storage; without a certificate of occupancy; that the proposed use and occupancy will be the same; that is manufacturing, processing and shipping of paste and glue; and

WHEREAS, the applicant states that the building is serviced by an approved sprinkler system throughout, as well as an approved standpipe system; that in addition, there is an approved fire alarm system; that the exits consist of an interior stairway and 2 fire escapes; that the interior stairway, which leads to the street and has a ladder and scuttle to the roof of the building, is constructed of steel with a clear width of 3 feet and is enclosed in brick and tile block, with self-closing and fireproof stair doors; that the 2 fire escapes are located at the front of the building with an extension to the roof by ladder and to the street by counter balance ladder; that the windows opening along the course of the fire escapes are fireproof; that a service elevator, adjacent to the street wall of the building, provides an additional means of escape from the upper floors; that the proposal is to replace the fire escape at the southerly frontage of the building with a steel stairway which would be enclosed in wire mesh and provide unobstructed fireproof self-closing exit doors opening out on all floors; that the stairway, which would have a counter balance stair to the street, will have 7 foot ¾ inch maximum risers and 10 inch treads; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the borough superintendent, acting on Alt. Applic. 1515-59, Objection No. 1 and 2 and that the appeal be and it hereby is *granted, on condition* that the building shall conform with drawings filed with this appeal dated June 24, 1960, 2 sheets and December 6, 1960, 1 sheet, with the following exceptions and conditions: that the elevator doors shall be made to fit the openings and shall be self-closing; that the stair doors shall be made self-closing; that the first floor wood partitions shall be removed; that the doors on the ground floor on the front of the building are to be rehung to swing out and made openable; that the entire building shall be sprinklered and a fire alarm and standpipe system shall be maintained; that the plate covering the opening in the sidewalk at the engineer's ladder shall be made into a counter balanced door; that the revised drawings showing these conditions shall be approved by this Board before being submitted to the Building Department; that all laws, rules and regulations applicable shall be complied with; and that a Certificate of Occupancy shall be obtained.

WHEREAS, this application was granted by the Board on October 18, 1960, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 18, 1960 only in so far as it refers to the *packaging* and the *rating* of the HB Watch Cleaning Solution as an "inflammable" at 81° F., permitting the packaging of the HB Watch Cleaning Solution in the same one gallon and one quart containers, as specified in the original resolution, now to have a 104° F. flashpoint which make it a "combustible," the one gallon and one quart containers are to be packaged in cartons as provided in the original resolution, and in all other respects the provisions of the original resolution of October 18, 1960 shall be complied with. (Fire Dept. folder 122-2855—decision of 11/23/60)

273-60-A

APPLICANT—Angelo Costantino for Charles Giorlando, owner.

SUBJECT—Application April 5, 1960—Filed pursuant to Section 310 of the Multiple Dwelling Law for variation of Section 177, subdivision 3 of the Multiple Dwelling Law—re rear yard.

PREMISES AFFECTED—1358-1360 Clove Road, west side, and 9 Cayuga Avenue, east side, 84.10 feet south of Schoharie Street, Block 655, Lot 9, West Brighton, Borough of Richmond.

## APPEARANCES—

For Applicant: Angelo Costantino.

ACTION OF BOARD—Appeal denied.

## THE VOTE TO GRANT—

Affirmative: ..... 0

Negative: Vice Chairman Kleinert, Commissioner Fox, and Commissioner Becker ..... 3

Absent: Chairman Foley ..... 1

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 8, 1960 Alt. Applic. 152-57, reads:

"1. 30' rear yard required sec. 177 subd. 3 Multiple Dwelling Law."

and

WHEREAS, the applicant states that the building is 28.06 by 66.2 feet in area, 2 stories, 23 feet high, of class 3 construction, located in residence use, D area, class 1 height district, built in 1937, now used and occupied since 1952: basement—vacant; 1st floor—8 persons; 2nd floor—3 families, 7 persons (1358-1360 Clove Road); basement—1 family, 2 persons; 1st floor—2 families, 5 persons; 2nd floor—1 family, 6 persons (9 Cayuga Avenue); that the proposed use and occupancy will be: basement—2 families, 4 persons; 1st floor—2 families, 8 persons; 2nd floor—2 families, 7 persons (1358-1360 Clove Road); that there will be no change at 9 Cayuga Avenue; and

WHEREAS, the applicant states that the site is developed with two buildings, both occupied as Multiple Dwellings; that the building under appeal faces Clove Road and is subdivided by masonry party walls into 3 units with separate certificate of occupancy's for each unit, occupied as follows:

Unit #1—Certificate of Occupancy #1329 issued May 12, 1939: Cellar—ordinary; 1st floor—1 family (living room, kitchen, bedroom and bath); 2nd floor—1 family (living room, kitchen, bedroom and bath); attic—household storage;

Unit #2—Certificate of Occupancy #1330 issued May 12, 1939: Cellar—ordinary; 1st floor—1 family (living room, bedroom, kitchen and bath); 2nd floor—1 family (living room, bedroom, kitchen and bath); attic—household storage; and

Unit #3—Certificate of Occupancy #1503 issued September 6, 1939: Cellar—storage and heater; 1st floor—2 stores; 2nd floor—1 family (living room, kitchen, 3 bedrooms and bath);

that it is proposed to install an additional apartment on the cellar level of units #1 and #2; that the cellar is approximately at the yard level; that there is a distance of 10 feet 7 inches between the rear of the subject building and a dwelling fronting on Cayuga Avenue on the rear of the same lot; that there will be no extension of the building and therefore, there can be no diminution of the existing yard of other open spaces; that the rooms in the basement will not depend on the yard for light and air as there are existing windows opening on lawful sideyards at north and south; that the area of the existing rear yard exceeds the requirement for an inner court which is but 3 feet 9 inches by 8 feet; that the rear premises known as 9 Cayuga Avenue, a 4 family, heretofore converted dwelling, will comply with Section 172 of the Multiple Dwelling Law; that an outer court in excess of 3 feet to the south of said premises now exists and which alone or with any open space at the rear of the dwelling equals the required area of a yard; that thus, a yard for 9 Cayuga Avenue is not needed; that the dwellings on the lot were erected prior to the enactment of Section IV of the Zoning Resolution which permits but one principal building with accessory building on one lot; that adequate light and air are now present for the 2 buildings; that the plot is situated in an outlying section of the city, high above sea level; that neither plot or block ventilation will be affected by the granting of the pending appeal as the bulk or volume of buildings will not be increased; that the proposed use will afford good housing accommodations and will not lower housing standards.

*Resolved*, that the decision of the Borough Superintendent, acting on Alt. Applic. 152-57, Objection No. 1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 21, 1960 on Alt. Applic. 879-60, reads:

"1—Area and Height of Bldg. exceeds limits as per Sec. 4.2.1, Ad. Code.

# MINUTES

2—Proposed change of use from Club House to Church, office, and Sunday School in a frame bldg., is contrary to Sec. 4.1.2, Ad. Code.”

and

WHEREAS, the applicant states that the building is 37 feet by 68 feet in area, 1 story and basement, 28 feet high, of class 4 construction, located in residence use, D area, class 1 height district, built in 1924, now used and occupied since 1959 as follows: basement—Sunday school, kitchen, office and boiler room, 50 persons; 1st floor—church, 100 persons; contrary to Certificate of Occupancy #14544 issued November 28, 1924 against N.B. Applic. 10155/24 for a Club House; and

WHEREAS, the applicant states that the original occupancy was by a Democratic Club; that the 1st floor and basement areas had been rented for various club uses and catering for weddings, etc.; that in May of 1959, the directors of the Church of Christ rented the 1st floor portion of the building to be used for church services; that the basement was still being occupied as a club house and catering; that in January 1960 title was taken by the church directors because they had to expand their services due to the increase of parishioners; that since they have been renting up till the time they took title they have and still are renovating and remodeling to give the church an esthetic value for the neighborhood; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated June 21, 1960, acting on Alt. Applic. 879-60, Objections No. 1 & 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the work shall conform to drawings filed with this appeal, dated June 24, 1960, 2 sheets, and December 6, 1960, 1 sheet; that both stairs at the front of the building shall be enclosed with one-hour partitions and shall empty directly into the vestibule; that the kitchen and storage room in the basement shall be separated from the Sunday School by a one-hour partition with a self-closing door to the kitchen and with no door to the storage room; that the door from the kitchen to the exterior shall be made to swing out; that the entire basement ceiling shall be made a one-hour ceiling; that all laws, rules and regulations applicable shall be complied with; that applicant shall submit revised plans to the Board for approval before they are filed with the Building Department; and that a Certificate of Occupancy shall be obtained.

## 503-60-A

APPLICANT—James Pasta for Queens Windsor Park Corporation, owner.

SUBJECT—Application July 1, 1960—Appeal from orders of the Fire Commissioner re—fitness of oil burners.

For Applicant: John J. Fitzsimons.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 2, 1960 on A358219 to A358227 inclusive, reads:

“1. Have person supervising fuel oil burning apparatus obtain Certificate of Fitness.”

and

WHEREAS, the applicant states that the premises consist of 18 Class 4 Multiple Dwellings, 6 stories high, of class 3 construction, built in 1951 and occupied in accordance with valid certificates of occupancy, all located in residence use, D area, Class 1 height district; that these buildings (18) have been paired off in twos and there is one certified person for each two buildings, such person living in one of the two paired-off buildings; that the arrangements made for supervision of all buildings by this total of nine supervisory persons is adequate and a satisfactory substitute for the Fire Department requirements; and

WHEREAS, the applicant has submitted work time schedule and revised drawing.

Resolved, that the decision of the Fire Commissioner dated June 2, 1960, acting on A358219 to A358227 inclusive, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the layout of the buildings shall conform with drawings filed with this appeal dated July 1, 1960, 1 sheet; that the work time schedule submitted with the above mentioned drawings shall be followed in all respects; and that all laws, rules and regulations applicable shall be complied with.

## 541-60-A

APPLICANT—E. Richard Crino for Danny Dow, owner.  
SUBJECT—Application July 15, 1960—Appeal from a decision of the Borough Superintendent—re Frame building, conversion to store.

PREMISES AFFECTED—2462 Williamsbridge Road, east side, 176.59 feet south of Mace Avenue, Block 4449, Lot 72, Borough of The Bronx.

## APPEARANCES—

For Applicant: Danny Dow.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 30, 1960 on Alt. Applic. 240/60, reads:

“C1—The proposed conversion of a dwelling portion of a frame building to a store for commercial purposes is contrary to Sec. 4.2.1 B.C.”

and

WHEREAS, the applicant states that the building is 19 feet 8 inches by 41 feet in area, 2 stories and basement, 28 feet high, of class 4 construction, located in local retail use, D area, class 1 height district, built in 1925, now used and occupied since May 6, 1954: basement—one family, 2 persons; 1st floor—1 family, 4 persons; 2nd floor—1 family, 4 persons; that the proposed use and occupancy will be: basement—store, 1 person; 1st floor—one family, 4 persons; 2nd floor, one family, 4 persons; and

WHEREAS, the applicant states that it is proposed to convert the present heretofore converted dwelling of 3 families into a two family and store; that the owner who is the occupant of the apartment on the 2nd floor, purchased this building with the intention of establishing a retail business for himself within the building; that the owner purchased the building in July 1954 and has been waiting for the tenant who occupies the basement apartment to move; that the tenant will vacate the apartment before September 1960; that

# MINUTES

the change in occupancy will conform with the neighborhood, which has retail stores on the same street; that moreover the proposed building will be removed from the multiple dwelling class, decreasing human occupancy; that the building although of class 4 construction is brick veneer on all sides; that this building is equipped with a fire escape at the rear of the 2nd floor and a rear stair from the 1st floor affording a second means of egress from each apartment; that these safety exits will be maintained; that the proposed store will be used as a hand laundry and no washing of clothings will be done on the premises; that the owner of the building who occupies the 2nd floor apartment will be the tenant for the store; that entire basement envelope will be fire retarded with one hour rating materials; that is, wire lath and cement plaster to be placed on all ceilings and also on partitions adjacent to the public hall; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated June 30, 1960, acting on Alt. Applic. 240-60 Objection No. C1 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the work shall conform to drawings filed with this appeal, dated October 4, 1960, 3 sheets, that all laws, rules and regulations applicable shall be complied with; and that a new Certificate of Occupancy shall be obtained.

## 608-60-A

APPLICANT—Charles M. Spindler for Estate of Morris Greditor, owner.

SUBJECT—Application August 11, 1960—Appeal from a decision of the Borough Superintendent—re Fire Escape.

PREMISES AFFECTED—149 Spring Street, north side, 75 feet west of Wooster Street, Block 501, Lot 35, Borough of Manhattan.

APPEARANCES—

For Applicant: Charles M. Spindler.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: ..... 0

Negative: Vice Chairman Kleinert, Commissioner Fox

and Commissioner Becker ..... 3

Not Voting: Chairman Foley ..... 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 28, 1960 on Alt. Applic. 393-60, reads:

"1—Fire escape on factory bldg. over 6 stories in height is contrary to Sec. 271 L.L."

and

WHEREAS, the applicant states that the building is 25 feet by 100 feet in area, 8 stories, 90 feet high, of class 3 construction, located in unrestricted use, B area, class 2 height district, built in 1896, now used and occupied since 1896: cellar—storage (hardware); 1st floor—store (hardware), 7 persons; 2nd floor—factory, 6 persons; 3rd floor—factory, 2 persons; 4th floor—factory, 2 persons; 5th floor—factory, 3 persons; 6th floor—factory (storage), 2 persons; 7th & 8th floors—factory, 10 persons each floor; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that in 1915, Alt. Applic. 1100-15 was approved for the erection of fire escapes on the front and on the rear of the building; that there is a 3 foot wide fireproof stair enclosed with 4 inch T.C. block plastered on both sides; that all exit doors are fireproof self-closing; that the building is equipped with a standpipe system and an interior alarm; that it is proposed to install a sprinkler system throughout the building; that in view of the limited 25 foot width of the building which makes it impractical to install an additional stairway at the street front, and in view of the limited occupancy of the building; that the present fire protection of a standpipe and an interior alarm, also the proposal to install a sprinkler throughout the building it is respectfully requested that the Board accept the present exits; and

WHEREAS, the premises and surrounding area were in-

spected by a committee of the Board and the committee recommended that the appeal should not be granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 393-60, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 646-60-A

APPLICANT—Charles N. Whinston for 673 Madison Realty Corporation, owner.

SUBJECT—Application August 31, 1960—Filed pursuant to Section 310 of the Multiple Dwelling Law for variation of Section 171 (2a) of the Multiple Dwelling Law re—

increase in height.

PREMISES AFFECTED—673 Madison Avenue, north-east corner of East 61st Street, Block 1376, Lot 21, Borough of Manhattan.

APPEARANCES—

For Applicant: Charles N. Whinston.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner

Fox and Commissioner Becker ..... 3

Negative: ..... 0

Absent: Chairman Foley ..... 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 2, 1960 on Alt. Applic. 1126-60, reads:

"1. Contrary to Sect. 171 (aa) M.D.L. to increase the height or number of stories in a converted dwelling."

and

WHEREAS, the applicant states that it is proposed to extend the area of the existing mezzanine floor to the full area of the building so that the height of the stores below would be 10 feet 4 inches and the height of the office floor above would be 9 feet 4 inches; that the present height of the store floor is 21 feet 2 inches clear which is entirely too high for ordinary or practical store use; that the height of the building will not be increased nor will the bulk be increased; that the intermediate floor created will be used for business and the area used for residence will not be increased; that the business use of this intermediate floor is permitted by the Zoning Laws; that Section 171, 2a prohibits the increase in cubage or number of stories of a non-fireproof multiple dwelling; that the number of stories is not being increased although the area of the mezzanine floor is being increased; that Section 141 of the Multiple Dwelling Law permits non-fireproof multiple dwellings up to 75 feet in height or 6 stories; that Section 171 permits the conversion of buildings to multiple dwellings if not over 6 stories high; that the drawing of proposed conditions indicate cellar, 1st and 2nd floor ceilings will be of 1 hour construction; that the stair is 3 feet wide wood, enclosed in fire retarded partitions, with a sprinkler system in stairhalls.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1126-60, Objection No. One be and it hereby is *modified* under the powers vested in the Board by Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted*, to permit a variation of Section 171 (aa) of the Multiple Dwelling Law permitting a technical increase in the "height" of the building, and the number of stories by the insertion of a second floor between the present first and present second floors of the existing building, by the extension of the existing mezzanine to cover the entire area of the building between the exterior walls, as shown on the plans filed, marked Received October 5, 1960, 10 sheets, *on condition* that in all other respects the building should comply with all laws, rules and regulations applicable; and that a new Certificate of Occupancy shall be obtained.

## 673-60-A

APPLICANT—Paul Friedman for Harry Winston, owner; Harry Winston Incorporated, lessee.

SUBJECT—Application September 16, 1960—Appeal from

# MINUTES

a decision of the Borough Superintendent—re egress and exterior windows within 25 feet of non-fireproof building. PREMISES AFFECTED—718 5th Avenue, southwest corner of West 56th Street, Block 1271, Lot 41, Borough of Manhattan.

## APPEARANCES—

For Applicant: Paul Friedman.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 9, 1960 on Alt. Applic. 462-59, reads:

"1—Secondary means of egress fails to comply with #270 Labor Law in that width of stairway is required to be 44" and treads 10" min. and does not lead direct to street. (Stair extends from 3rd floor down to cellar level and connects to existing stair at cellar level and then goes up within the existing stair enclosure to the first floor level and out to lobby and then to street.)

2—Exterior windows within 25 feet of a non-fireproof building are required to be fire windows. #270 Labor Law."

and

WHEREAS, the applicant states that the building is 27 feet by 100 feet in area, 5 stories and mezzanine, 70 feet high, of class 1 construction, located in restricted retail use, B area, class 1½ height district, now used and occupied since March 23, 1960: cellar—offices and shipping, 18 persons; 1st floor—showroom, 16 persons; mezzanine—offices, 10 persons; 2nd floor—offices, 21 persons; 3rd floor—offices and incidental factory, 20 persons; 4th floor—offices, 16 persons; 5th floor—offices, 19 persons; substantially in accordance with temporary Certificate of Occupancy #52746 issued September 9, 1960 against Alt. Applic. 462-59; that the proposed use and occupancy will be the same, except that the number of occupants on the 3rd floor will be increased to 45; and

WHEREAS, the applicant states only one stair is required for this building; that the second stair was provided for the factory occupants on the 3rd floor; that the 2 stairways are more than adequate for the total population of all floors; that the 2nd stairway, as proposed, will provide egress from the 3rd floor in a number of alternate ways; that the originally proposed egress, which will be continued, is via the cellar where it connects to the 3 foot 8 inch wide stairway which goes to the 1st floor and empties into a lobby that leads directly to West 56th Street; that alternate means of egress are proposed by reversing the swing of the fireproof, self-closing door at the 1st floor level of the 2nd stairway, so as to provide easy and readily visible egress to Fifth Avenue via the showroom and easy and clearly marked egress via a fireproof, self-closing door to West 56th Street via a short lobby passage; it is requested that the existing exterior windows within 25 feet of a non-fireproof building be accepted, especially in view of the following circumstances; that the non-fireproof building to the south and west are two stories and six stories high respectively; that the installation of fire windows would spoil the appearance of the award-winning facade; that the windows front only on major streets and are readily visible from the street and readily accessible to fire-fighting equipment and personnel; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 462-59, Objections No. 1 & 2 and that the appeal be and it hereby is granted, on condition that the work shall conform to drawings filed with this application dated September 16, 1960, 18 sheets; on further condition that factory occupancy shall be limited to the third floor; that the occupancy of the building shall not exceed the capacity of the primary means of egress; and that a new Certificate of Occupancy shall be obtained.

## 361-37-BZ—Vol. IV

APPLICANT—Burke, Green & Groh for Stuart A. Weiss and Kenneth M. Weiss, owners.

SUBJECT—Application for consideration—reopen, subject to regular procedure, for reconsideration, by Order of the Court—decision of the Borough Superintendent; previously denied, under Sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, auto washing, lubritorium, office, sale of auto accessories, minor repairs with hand tools only and the continuance of the present parking lot which is a conforming use.

PREMISES AFFECTED—91-11 Roosevelt Avenue, north side between 91st and 92nd Streets, Block 1479, Lot 38, Jackson Heights, Borough of Queens.

## APPEARANCES—

For Applicant: Robert T. Groh.

ACTION OF BOARD—Application reopened as Vol. IV subject to the regular procedure, in accordance with the decision of the Court.

## THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 3

Negative: ..... 0

Absent: Chairman Foley ..... 1

## 950-40-BZ—Vol. I

APPLICANT—Lama, Proskauer and Prober for Waldwin Holding Corp., owner.

SUBJECT—Application for consideration—reopening for extension of term of variance—decision of the Borough Superintendent; previously granted on condition, under Section 7e of the Zoning Resolution, permitting in a residence use district, the conversion of occupancy of the basement and 1st story of a residence building to an undertaking establishment.

PREMISES AFFECTED—7610-7614 4th Avenue, west side, 50 feet south of 76th Street, Block 5950, Lot 47, Borough of Brooklyn.

## APPEARANCES—

For Applicant—Alfred A. Lama.

ACTION OF BOARD—Application reopened and set for hearing on January 24, 1961, at 10 A.M., to consider extension of term of variance, requiring a new decision of the Borough Superintendent, which has been filed, and two publications in the Bulletin as notice, with permission to use all applicable papers and photographs.

## THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 3

Negative: ..... 0

Absent: Chairman Foley ..... 1

## 323-41-BZ—Vol. II

APPLICANT—Harry A. Yarish for Harry Gleicher, owner.

SUBJECT—Application for consideration—reopening for extension of term of variance which expired October 11, 1960—decision of the Borough Superintendent; previously granted on condition, under Section 7h of the Zoning Resolution, permitting in a residence and business use district, the parking and storage of motor vehicles for a term of years.

PREMISES AFFECTED—1709-1729 Surf Avenue and 2931-2947 West 19th Street, northeast corner, Block 7061, Lots 27, 31 and 36, Borough of Brooklyn.

## APPEARANCES—

For Applicant: Harry A. Yarish.

ACTION OF BOARD—Application reopened and set for hearing on January 24, 1961, at 10 A.M., to consider extension of term of variance, which expired by limitation on October 11, 1960, requiring a new decision of the Borough Superintendent, which has been filed, and two publications in the Bulletin as notice. Record change of zone: business 1, residence and local retail.

## THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 3

Negative: ..... 0

Absent: Chairman Foley ..... 1

## 452-41-BZ—Vol. II

APPLICANT—Joshua Brown, for Staten Island Oil Company, Inc., owner.

SUBJECT—Application for consideration—reopening as Vol. II subject to regular procedure—decision of the Borough Superintendent; previously granted on condition, under Section 7c of the Zoning Resolution, permitting in a business use district, the construction of a new accessory building on an existing gasoline service station.

PREMISES AFFECTED—406 Bay Street, northwest corner of Clinton Street, Block 505, Lot 18, Tompkinsville, Borough of Richmond.

## APPEARANCES—

For Applicant: Joshua Brown.

ACTION OF BOARD—Application reopened as Vol. II subject to the regular procedure.

## THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 3

Negative: ..... 0

Absent: Chairman Foley ..... 1

## 170-43-BZ

APPLICANT—Leonard F. Rothkrug for Jules Epstein, owner.

SUBJECT—Application for consideration—reopening for extension of term of variance which expired June 1, 1960—decision of the Borough Superintendent; previously granted on condition, under Section 7e of the Zoning Resolution, permitting in a business use district, for a term of years, the maintenance of a business sign on the East 187th Street front of building, said sign projection more than 18 inches beyond building line and not conforming with Zone Resolution.

# MINUTES

**PREMISES AFFECTED**—2402 Ryer Avenue, southeast corner of East 187th Street, Block 3152, part of Lot 11, Borough of The Bronx.

## APPEARANCES—

For Applicant: Leonard F. Rothkrug.

**ACTION OF BOARD**—Application reopened and set for hearing on January 24, 1961, at 10 A.M., to consider extension of term of variance, requiring a new decision of the Borough Superintendent, which has been filed, and two publications in the Bulletin as notice.

## THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 3  
Negative: ..... 0  
Absent: Chairman Foley ..... 1

## 641-54-BZ—Vol. II

**APPLICANT**—Maxfield Blaubeux for Baned Realty Corp., owner; Great Atlantic and Pacific Tea Company, lessee.

**SUBJECT**—Application for consideration—reopening as Vol. II subject to regular procedure—decision of the Borough Superintendent; previously granted on condition, under Sections 7e and 7h of the Zoning Resolution, permitting in the residence use district portion of a lot located in a residence and business use district, the free parking of employee's and patron's cars as accessory to authorized automobile dealers use, located at 98-09 Jamaica Avenue, for a term of 15 years.

**PREMISES AFFECTED**—98-02 to 98-14 Jamaica Avenue and 87-01 to 87-19 98th Street, southeast corner, Block 9286, Lot 123, Woodhaven, Borough of Queens.

## APPEARANCES—

For Applicant: Heywood Blaubeux.

**ACTION OF BOARD**—Application reopened as Vol. II subject to the regular procedure.

## THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 3  
Negative: ..... 0  
Absent: Chairman Foley ..... 1

## 433-57-BZ

**APPLICANT**—Frederick A. Ketcher for Estate of Thomas P. Hicks, owner; (George P. Hicks, executor); William Goldstein, lessee.

**SUBJECT**—Application for consideration—reopening for amendment of resolution—decision of the Borough Superintendent; previously granted on condition, under Sections 7h and 7i of the Zoning Resolution, permitting in a business use district, the extension of use of the existing gasoline service station to include motor vehicle repair shop with hand tools only and the parking of more than five motor vehicles on the unbuilt upon portion of the plot.

**PREMISES AFFECTED**—2216 Jerome Avenue, east side, 148 feet south of East 182nd Street, Block 3186, Lot 12, Borough of The Bronx.

## APPEARANCES—

For Applicant: Frederick A. Ketcher.

**ACTION OF BOARD**—Application reopened and set for hearing on January 24, 1961, at 10 A. M., to consider extension of term of variance for parking and repairing, requiring a new decision of the Borough Superintendent, which has been filed, and two publications in the Bulletin as notice.

## THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 3  
Negative: ..... 0  
Absent: Chairman Foley ..... 1

## 791-59-BZ—Vol. II

**APPLICANT**—Larry Meltzer for Avenue Z Construction Company, owner.

**SUBJECT**—Application for consideration—reopening for amendment of resolution—decision of the Borough Superintendent; previously granted on condition, under Section 21 of the Zoning Resolution, permitting in a business use D area district, the erection of an extension to an existing one story and cellar building which structure as proposed occupies more than the permitted area.

**PREMISES AFFECTED**—2602-2612 East 16th Street and 1516-1524 Avenue Z southwest corner, Block 7460, Lot 9, Borough of Brooklyn.

## APPEARANCES—

For Applicant: Larry Meltzer.

**ACTION OF BOARD**—Application reopened as Vol. II subject to the regular procedure, waiving the requirement for new photographs and area diagram, but subject to notification of the affected property owners by registered or certified mail.

## THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 3  
Negative: ..... 0  
Absent: Chairman Foley ..... 1

## 578-59-BZ

**APPLICANT**—Charles M. Spindler, for Sencar Realty Corporation, owner.

**SUBJECT**—Application September 4, 1959—decision of the Borough Superintendent, under Sections 7e, 7f, 7i and 7A(d) of the Zoning Resolution, to permit in a retail district the erection and maintenance of a gasoline service station, lubritorium, non-automatic car wash, minor repairs, office, sales of accessories, safety inspection station, parking and storage of cars and signs within 75 feet of a residence use district.

**PREMISES AFFECTED**—6734-6748 3rd Avenue, west side, from 68th Street to Senator Street, and 282-284 Senator Street, Block 5853, Lot 45, Borough of Brooklyn.

## APPEARANCES—

For Applicant: Charles Spindler.

**ACTION OF BOARD**—Application withdrawn.

## THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 3  
Negative: ..... 0  
Absent: Chairman Foley ..... 1

## 877-53-BZ—Vol. II

**APPLICANT**—Leonard F. Rothkrug for Joseph I. and Ruth Wolfe, owners.

**SUBJECT**—Application for consideration—reopening as Vol. II subject to regular procedure—decision of the Borough Superintendent; previously withdrawn, under Sections 7f, 7i and 7A of the Zoning Resolution, to permit in a business use district for a term of ten years, the erection and maintenance of a gasoline service station, lubritorium, car washing, motor vehicle repairs and office and to permit the display and sale of used cars and the parking and storage of motor vehicles with a curb cut nearer the residence use district than is permitted.

**PREMISES AFFECTED**—1657 Jerome Avenue, northwest corner of Featherbed Lane, Block 2861, Lots 1 and 4, Borough of The Bronx.

## APPEARANCES—

For Applicant: Leonard F. Rothkrug.

**ACTION OF BOARD**—Request to reopen; Laid over to December 20, 1960, at 2 P.M. for complete vote.

## THE VOTE—

Affirmative: Vice Chairman Kleinert and Commissioner Becker ..... 2  
Negative: Commissioner Fox ..... 1  
Absent: Chairman Foley ..... 1

Adjourned 5:10 P.M.

# CORRECTION

## \*CORRECTION

That portion of the minutes of the meeting of the Board of Standards and Appeals held on November 22, 1960 as they appeared in Bulletin No. 48, Vol. 45, are hereby corrected to read as follows.

504-60-A

APPLICANT—Peter S. Gluck for Uddeholm Company of America, Incorporated, owner.

SUBJECT—Application July 1, 1960—Appeal from an order and a decision of the Fire Commissioner—re discontinue use of Uddeholm Aktiebolag electric furnace not approved by Board.

PREMISES AFFECTED—22-14 37th Avenue and 37-16 23rd Street, southwest corner, Block 365, part of Lot 3, (formerly lot 24) Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Peter S. Gluck, Richard J. Herrmann and G. Anderson.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker . . . . . 4

Negative: . . . . . 0

THE RESOLUTION—

WHEREAS, the order and decision of the Fire Commissioner, dated June 2, 1960 on Order No. 3895-9, reads:

"1. Discontinue use of one electric furnace manufactured by Uddeholm Aktiebolag, and using dissociated ammonia, as same has not been approved by the Board of Standards and Appeals, C19-11.0, Administrative Code."

*Resolved*, that the decision of the Fire Commissioner, dated June 2, 1960 acting on Order No. 3895-9 Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that a heat sensing device be provided at the outlets from the muffle tubes and connected to a gas shut off valve so as to shut off the flow of dissociated ammonia in case the flame is extinguished and also an interlock be provided between the ventilating fans and the heating elements so that the oven cannot be operated unless the fans are working; that the building conform to drawings filed with this appeal dated July 1, 1960, five sheets; that all other laws, rules and regulations applicable shall be complied with.

Correction—In the Resolved portion above the following has been deleted to correct "*and that a Certificate of Occupancy shall be obtained.*"

## \*CORRECTION

That portion of the Minutes of the Board of Standards and Appeals held on November 22, 1960 as they appeared in Bulletin No. 48, Vol. 45, are hereby corrected to read as follows:

519-60-A

APPLICANT—Halperin, Natanson, Shivitz, Scholer and Steingut for Forty Fifth Street Associates, owner; 45 West 45th Street Corporation, lessee.

SUBJECT—Application July 8, 1960—Appeal from a decision of the Borough Superintendent—re Violation issued—re C. O. 7656.

PREMISES AFFECTED—41-47 West 45th Street, north side, 363 feet 9 inches east of Avenue of the Americas, Block 1261, Lot 16, Borough of Manhattan.

APPEARANCES—

For Applicant: David I. Shivitz.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker . . . . . 4

Negative: . . . . . 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 1, 1960 on Violation No. 2147-59, reads:

"1—Changing use of the above premises contrary to C.O. 7656 which states office use only, namely doing work of altering, cutting and editing picture film in rooms 503-507-600-605 and 1102 also the 16th floor. Remedy—Discontinue the unlawful use."

and

WHEREAS, the applicant states that the building is 81 feet by 100 feet in area, 16 stories, 190 feet 3 inches high, of class 1 construction, located in retail use, B area, class 2 height district built in 1923, now used and occupied since 1942: cellar—boiler room, storage and locker rooms, 5 persons; 1st floor—retail furniture store, 75 persons, mezzanine—office (part of store); 2nd to 16 floors—offices and accessory uses—75 persons each floor; substantially in accordance with Certificate of Occupancy No. 7656 issued January 1924 against N.B. Applic. 220-23; that the proposed use and occupancy will be the same; and

WHEREAS, violations were placed upon the premises by the *Borough Superintendent*, charging the use of various rooms thereat, contrary to Certificate of Occupancy #7656, which permits "offices"; that the violations state that the contrary use consist of "altering, cutting and editing picture films"; that the use complained of occurs in premises rented and used for offices by concerns related to television and motion pictures; that the complained of use is the editing of pictures and sound, by various methods; that this use is incidental and accessory to the primary use for offices; that in connection with the complained of use, specialized equipment is used, such as a sound synchronizer, manually operated, which is smaller than a telephone; that or a Moviola, machine, no larger than the usual run of office equipment, which synchronizes the sound and the film on separate tracks before they are mixed, and shows an image of the picture, about 2 inches by 3 inches; that no film or tape is produced at any of these premises, both the sound tape and the film being physically produced elsewhere; that likewise, in each and every case, the actual, physical combining of the film and sound is done away from the premises; that all films used is safety film; that the issue here presented is whether the Borough Superintendent interpret the law correctly in issuing the violation in the first instance, and in concluding that cutting, editing and altering film constitutes manufacturing; that the use complained of is properly accessory to the use for offices and does not constitute a change of occupancy, as contemplated by Section C26-185.0; that the work of synchronizing and editing, selecting correcting, and revising music for synchronization with a picture is professional, artistic, or critical and not in the nature of manual or manufacturing work; that the performance of such professional tasks does not transform the use of the office in which they are carried out into a "non-office" use—certainly not a "factory" use; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted under certain conditions; and

WHEREAS, the Board finds that no present use in the building can be considered manufacturing.

*Resolved*, that the decision of the Borough Superintendent, dated July 1, 1960, acting on Violation No. 2147-59, Objection No. One be and it hereby is *reversed* and that the appeal be and it hereby is *granted on condition* that all laws, rules and regulations applicable shall be complied with.

\*Correction: In the second Whereas above "*Borough President*" correct to read *Borough Superintendent*"; in the Resolved section above the word "*revised*" correct to read "*reversed*"; as shown in italics above.

# PUBLIC HEARING

## PUBLIC HEARING

NOTICE IS HEREBY GIVEN of a public hearing to be held by the Board of Standards and Appeals, Friday, January 20, 1961 at 10 A.M. in Room 909, at 80 Lafayette Street, Manhattan, on the following proposed Rules to Supplement the Requirements of Section 280 of the Labor Law relating to the installation of Automatic Fire Extinguishing Systems in factory buildings having medium or high hazard occupancy below the uppermost floor.

438-60-SR

**APPLICANT**—Thomas J. Hartnett, Deputy Assistant Chief, Fire Department.

**SUBJECT**—Request of the Fire Department for the Adoption of Rules to Supplement the Mandatory Requirements of Section 280 of The Labor Law as Amended by the New York State Legislature by Adoption of Chapter 854 of The Laws of 1959.

Sec. 280 as amended by Chapter 854 of the laws of 1959:  
Sec. 280 AUTOMATIC FIRE EXTINGUISHING SYSTEMS

Every factory building erected before October first, nineteen hundred thirteen, which is more than one story in height and which has any occupancy specified by the board in its rules as of medium or high hazard below its uppermost floor, shall be provided by the owner thereof with an automatic fire extinguishing system.

In every non-fireproof factory building constructed after October first, nineteen hundred thirteen, which is more than one story in height and which has any occupancy specified by the board in its rules as of high hazard below its uppermost floor, the story containing such occupancy and all stories above it shall be provided by the owner thereof with an automatic fire extinguishing system.

The automatic fire extinguishing systems required by this section shall be approved in the city of New York by the fire commissioner in such city and elsewhere in accordance with the rules of the board. The relative hazard of occupancies within said city shall be as determined by the board of standards and appeals thereof. The provisions of this section shall be enforced in the city of New York by the fire commissioner of said city and elsewhere by the commissioner. As amended L.1959, e.854 sec. 5, eff. July 1, 1960.

### 1.0 DEFINITIONS

**1.1 FACTORY BUILDING:** The term "factory building" shall mean a factory building as defined by section 10 of the New York State Labor Law.

Section 10—"Factory building" means a building, shed or structure which or any part of which, is occupied by or used for a factory, and in which at least one-tenth or more than twenty-five of all the persons employed in the building are engaged in work for a factory, but shall not include a building in a city having a population of more than one million, used exclusively by one employer and in which not more than one-tenth of all the persons employed therein are engaged in work for a factory and which, except for such factory work, would be classified as a mercantile establishment. The provisions of this chapter shall apply to any part of a building occupied or used as a factory, except as otherwise provided by this subdivision.

**2 AUTOMATIC FIRE EXTINGUISHING SYSTEM:** The term "Automatic fire extinguishing system" shall mean:

1.2.1 A system of piping connected to one or more acceptable sources of water supply, which system is provided with approved distributing devices

so arranged and located as to automatically discharge an effective spray over the interior of the building in the event of fire therein; or

1.2.2 A system of piping and distributing devices automatically controlled, connected to an adequate supply of chemical fire extinguishing media of a type suitable for the hazard involved.

**1.3 BAKERY:** The term "bakery" shall mean a bakery as defined by Sec. 330 sub. 1 of the New York State Labor Law.

Sec. 330 sub. (1)—"Bakery" means a building, room, or place used for making, preparing or baking bread, biscuits, pastry, cakes, doughnuts, crullers, noodles, macaroni or spaghetti to be sold or consumed on or off the premises, except kitchens in hotels, restaurants, boarding houses and private residences, wherein all such products are consumed exclusively on the premises; and with respect to the provisions of this chapter relating to machinery, safety devices and sanitary conditions includes hotel bakeries. A bakery is a factory within the meaning of this chapter.

### 1.4 NON-FLAMMABLE:

1.4.1 The term "non-flammable" as used in these rules when applied to solids shall mean materials which will not ignite and continue to burn when brought in contact for five seconds with an open flame or when in contact with glowing materials.

1.4.2 The term "non-flammable" as used in these rules when applied to liquids shall mean any liquid which will not generate an inflammable vapor at a temperature of 200° F when tested in a tagliabue open cup tester.

**1.5 VOLATILE INFLAMMABLE OILS OR SOLVENTS:** The term "volatile inflammable oils or solvents" as used in these rules shall mean any liquid mixture or compound that will generate an inflammable vapor at a temperature of 100° F when in a tagliabue open cup tester.

### DISCONTINUANCE OF PROCEEDINGS.

Matter of 20 Sutton Place South, Inc. vs. Board:—On July 19,  
1960, the Board granted a variance under Section 19B (a) and (e) of  
the Zoning Resolution, to permit in a residence use B area district,  
the removal of an existing required multiple dwelling garage building  
to develop the site with additional multiple dwellings, the garage  
facilities for the proposed buildings will include the 17 additional car  
spaces required for the existing multiple dwelling; Calendar Number  
329-60-BZ; Premises 430 East 56th Street, south side, 255 feet  $\frac{7}{8}$   
inches, west of Sutton Place South, Block 1367, part of Lot 6,  
Borough of Manhattan.

In Supreme Court, New York County, the above entitled proceed-  
ing for a certiorari order to review a determination of the Board was  
discontinued by stipulation and agreement by both parties on Novem-  
ber 30, 1960.

### PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor,  
Borough of Manhattan.

### NOTICE

1—CALENDAR: Notices of public hearing on applica-  
tions for zoning variances, will be published twice: first  
publication, listing new cases set for hearing, in the Bulletin  
available to the public at least 14 days before the date of  
hearing; second publication, in the last Bulletin available  
to the public immediately prior to the hearing date. The  
second publication will be augmented with a listing of cases  
laid over from previous hearings. Attention is directed to  
the MINUTES of such previous hearings, where the rea-  
sons for laid over cases will have been published. Notices  
of public hearing on applications for approval of materials  
and appliances will be published once, at least 10 days prior  
to the hearing date.

2—MINUTES: The publication of the "digest" of the  
applicant's statement has been discontinued, except that the  
administrative orders, decisions, etc., which are the subject of  
each application or appeal will be published. The summary  
of information given in the Appeal Form (Form A) shall  
be published for Administrative Appeals. The Board will  
continue to publish such other matters as it may deem ad-  
visable.

BZ, 877-53-BZ—Vol. II, 877-53-BZ—Vol. II, 249-29-  
BZ—Vol. II, 285-31-BZ—Vol. II, 600-48-BZ—Vol. III,  
and 867-49-BZ—Vol. II.

Remaining Minutes of the Meeting of December 20, 1960,  
will be printed in the Bulletin of January 12, 1961.

Public Hearing on Proposed Rules to Supplement Re-  
quirements Section 280 of Labor Law (Automatic Fire  
Extinguishing Systems).

# CALENDAR

## DOCKET

Further Sections will be published, containing other approved materials and appliances.

**JANUARY 10, 1961, 10 A.M.**

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, January 10, 1961, at 10 o'clock at 80 Lafayette Street, 9th floor, New York 13, N. Y., on the following matters:

**790-59-BZ**

**APPLICANT**—Saul S. Nevins for Colgate Realty Corporation, owners; Tremont Chevrolet Company, Incorporated, lessee.

**SUBJECT**—Application November 27, 1959—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of passenger type motor vehicles, sale of cars and accessory office.

**PREMISES AFFECTED**—948 Evergreen Avenue, northeast corner of Story Avenue, Block 3659, Lot 1, Borough of The Bronx.

Laid over from November 22, 1960 to January 10, 1961, for hearing; applicant to send new 20-day notices.

**388-39-BZ—Vol. III**

**APPLICANT**—Larry Meltzer for Lipmans owner; Jamaica Manufacturing Company, Incorporated, lessee.

**SUBJECT**—Application reopened July 19, 1960 as Volume III—decision of the Borough Superintendent, under Section 7b of the Zoning Resolution, to permit on a plot partly in unrestricted business and residence use districts, the erection of a one story fireproof open shed within the residence portion of the plot; such shed to be used for off-street loading and unloading and storage of crates and to use the open portion of the plot for additional off-street loading and unloading and accessory parking and storage; all in conjunction with the existing buildings and uses on this plot.

**PREMISES AFFECTED**—1197-1207 DeKalb Avenue, northside, 76 feet 8½ inches east of Bushwick Avenue, Block 3231, Lot 33, Borough of Brooklyn.

Laid over from December 13, 1960, to January 10, 1961, for hearing at request of objectors.

**523-60-BZ**

**APPLICANT**—Crinnion and Crinnion for Antonio Isabella, owner.

**SUBJECT**—Application July 8, 1960—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, the erection of a non-storage garage for a term of fifteen (15) years.

**PREMISES AFFECTED**—966 Sackett Avenue, south side, 331.17 feet east of Bronxdale Avenue, Block 4062, Lot 46, Borough of The Bronx.

**571-60-BZ**

**APPLICANT**—Bernard W. Guenther for St. Paul's Evangelical Lutheran Church, owner.

**SUBJECT**—Application July 18, 1960—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in an E area district, the erection of an extension to the present church to provide for expanded church facilities, without the required setbacks.

**PREMISES AFFECTED**—102-08 129th Street, west side, from 102nd Road to 102nd Avenue, Block 9495, Lot 141, Richmond Hill, Borough of Queens.

**144-19-BZ—Vol. IV**

**APPLICANT**—Justin A. Rothstein for David E. Meltzer and Alvin Greenstein, owners.

**SUBJECT**—Application October 26, 1956, decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, the use of the premises for light manufacturing as permitted in a business use district.

**PREMISES AFFECTED**—23-69 to 23-71 38th Street, east side, 162.21 feet north of Astoria Boulevard (Triboro Bridge Plaza) Block 803, Lot 13, Long Island City, Borough of Queens.

**201-52-BZ—Vol. II**

**APPLICANT**—Edward K. Pincus for Louis Coppola and Michael Cafiero, owners; Neptune Boat Station, lessee.

**SUBJECT**—Application reopened April 26, 1960 as Volume II—decision of the Borough Superintendent, under Section 7f of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline

# CALENDAR

selling station for marine service only in conjunction with present boat showroom and sale and repair of motor boats.

**PREMISES AFFECTED**—2021-2027 Neptune Avenue, northeast corner of West 21st Street, Block 6992, Lots 47 and 49, Borough of Brooklyn.

## 615-60-BZ

**APPLICANT**—James E. Vassalotti for James, Dominick, and Joseph Garone, owners.

**SUBJECT**—Application August 9, 1960—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, the use of the premises for the sale and display of new and used cars with a 10 feet attendant's shanty and the parking and storage of less than 150 motor vehicles with business signs for a term of ten (10) years.

**PREMISES AFFECTED**—84-02 to 84-46 (84-10 official) South Conduit Avenue, south side, from 84th Street to 86th Street, 84-01 to 84-27 and 85-01 to 85-19 149th Avenue and 137-41 to 137-51 84th Street, 137-44 to 137-50 86th Street, Block 11390, Lots 1, 11 and 25, Aqueduct, Borough of Queens.

## 677-60-BZ

**APPLICANT**—A. H. Salkowitz for Max I. Wohl, owner.

**SUBJECT**—Application September 16, 1960—decision of the Borough Superintendent, under Sections 7f, 7i, 7A and 21 of the Zoning Resolution, to permit in a retail use, D area district, the erection and maintenance of a gasoline service station, lubritorium, car wash (non-automatic) minor motor vehicle repairs, office and sales room, parking of cars awaiting service, ground sign with curb cut within 75 feet of a residence use district and without the required rear yard.

**PREMISES AFFECTED**—185-08 Union Turnpike, southeast corner, of Chevy Chase Street, Block 7256, Lot 85, Hollis, Borough of Queens.

## 652-60-BZ

**APPLICANT**—Victor G. Madonia for Joseph Cecala, owner.

Commissioner Fox and Commissioner Becker..... 4  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, on December 22, 1942 as amended May 12, 1953, this application—Vol. II—was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain a Certificate of Occupancy, which had expired by time limitation November 12, 1953; and

WHEREAS, this application was reopened on November 22, 1960 and set for hearing on December 20, 1960, at 10 A. M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on December 20, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated October 19, 1960 acting on Alt. Applic. No. 1363-53, reads:

"1. The extension of time to occupy this bldg. as a public garage in cellar, 1st & 2nd floor is contrary to resolution of Bd. of Standards & Appeals under 903/25/BZ of 12-22-42."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 22, 1942, as amended through May 12, 1953, only as to the time to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a certificate of occupancy shall be obtained."

## 715-47-BZ—Vol. II

APPLICANT—Gustave Goldman for Albert Panerallo, owner.

SUBJECT—Application reopened November 22, 1960 for consideration as to extension of term of variance, expires February 28, 1961—decision of the Borough Superintendent, previously granted on condition, under Section 7i of the Zoning Resolution, permitting in a business use district, the change of occupancy from private garage to motor vehicle repair shop, with school yard between intersecting streets.

PREMISES AFFECTED—966 4th Avenue and 367-369 37th Street, northwest corner, Block 696, Lot 39, Borough of Brooklyn.

APPEARANCES—

For Applicant: Gustave Goldman.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, on October 15, 1947 this application—Vol. I—was granted by the Board on certain conditions; and

WHEREAS, on October 20, 1953 the Board, on certain conditions, under Section 7i, granted this application—Vol. II—to permit in a business use district, the change in occupancy from private garage to motor vehicle repair shop, for a term of two years, and thereafter amended, on February 28, 1956, only so far as it has reference to the term of the variance extending the variance for a term of five years; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which will expire by time limitation February 28, 1961; and

WHEREAS, this application was reopened on November 22, 1960 and set for hearing on December 20, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on December 20, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated October 17, 1960 acting on Alt. Applic. No. 2370-47, reads:

"1. Extending C. of O. is contrary to the Resolution of B.S. & A. under Calendar Number 715-47-BZ."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 20, 1953, as amended on February 28, 1956 only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this *amended* resolution, to permit . . . ; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."

## 347-60-BZ

**APPLICANT**—Lama, Proskauer and Prober for Rabbinical Seminary of America, owner.

**SUBJECT**—Application May 5, 1960—decision of the Borough Superintendent, under Sections 21 and 19B(d) of the Zoning Resolution, to permit in a G-1 area district, the erection of a multiple dwelling occupying more than the permitted area, floor ratio area in excess of area permitted, with less than the required setback from the street line, less than the required outer court and less than the required parking spaces.

# MINUTES

PREMISES AFFECTED—118-20 to 118-34 (118-24 official) 83rd Avenue, and 83-02 to 83-08 Abingdon Road, southwest corner, Block 3329, Lot 11, Kew Gardens, Borough of Queens.

## APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Application denied.

## THE VOTE—

Affirmative: ..... 0

Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 9, 1960 after due notice by publication in the Bulletin; laid over to December 6, 1960 at the request of an objector; applicant concurring; then to December 20, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated April 13, 1960 acting on N.B. Applic. No. 618-60, reads:

"1M. Proposed erection of a 6 sty. and cellar multiple dwelling in a G-1 area district is contrary to Art. IV Sec. 16-C Subd. a Zoning Res. Note: no dwelling can be erected in a G-1 district other than for single family occupancy.

2M. Occupied area of proposed building is in excess to occupied area permitted under Art. IV Sec. 16-C subd. e Zoning Res.

3M. Floor ratio area of proposed building is in excess to area permitted under Art. IV Sec. 16-C subd. f and Sec. 16 subd. e Zoning Res.

4M. Erection of proposed building within 15' of street line is contrary to Art. IV Sec. 16-C subd. b Zoning Res.

5M. Width of outer court located at south lot line to comply with Art. IV Sec. 16-C subd. f and Sec. 16 subd. c Zoning Res.

6M. Provide parking space for each dwelling unit as required in a G-1 area district. Art. IV Sec. 19B Zoning Res."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 19, Subdivision B (d) of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

*Resolved*, that the decision of the Borough Superintendent, acting on N.B. Applic. 618-60, Objections Nos. 1M, 2M, 3M, 4M, 5M and 6M, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 476-60-BZ

APPLICANT—John J. Tricarico for O. Caratozzolo and Sons, owners.

SUBJECT—Application June 23, 1960—decision of the Borough Superintendent, under Sections 7h and 21 of the Zoning Resolution, to permit in a retail and residence use, C area district, the construction of a two car garage as accessory to a funeral home under construction, the combined area coverage of which exceeds the permitted area coverage with accessory parking, all in the residence use portion of the plot.

PREMISES AFFECTED—70-17 Cooper Avenue and 71-80 to 71-86 71st Street, northwest corner, Block 3686, Lot 46, Glendale, Borough of Queens.

## APPEARANCES—

For Applicant: John J. Tricarico.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.  
THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative ..... 0

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 20, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated June 10, 1960 acting on N.B. Applic. No. 613-60, reads:

"1. The combined areas of the funeral parlor and the proposed 2-car garage in a retail and residence use district and a "C" area district are larger than permitted by Sec. 13(b) of the Zoning Resolution.

2. Proposed 2-car garage and open parking accessory to funeral parlor and located partly in a residence use district are contrary to Sec. 3 of the Zoning Resolution."

and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, subdivision h of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Sections 7h and 21 of the Zoning Resolution, to permit in a retail and residence use, C area district, the construction of a two-car garage as accessory to a funeral home under construction, the combined area coverage of which exceeds the permitted area coverage with accessory parking, all in the residence use portion of the plot *on condition* that the work conform to drawings filed with this application dated June 23, 1960, 2 sheets, and December 8, 1960, one sheet; that all laws, rules and regulations applicable shall be complied with; and that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 489-60-BZ

APPLICANT—Victor E. Block for Jaybar Construction Incorporated, owner.

SUBJECT—Application June 29, 1960—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—88 West 174th Street, south side, 234 feet west of Macombs Road, Block 2876, Lot 19, Borough of the Bronx.

## APPEARANCES—

For Applicant: Victor E. Block.

For Opposition: None.

ACTION OF BOARD—Application denied.

## THE VOTE TO GRANT:

Affirmative: ..... 0  
Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 6, 1960 after due notice by publication in the Bulletin; laid over to December 20, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated June 15, 1960 acting on Alt. Applic. No. 98-60, reads:

"1. Parking and storage of more than five motor vehicles in a residence use district is contrary to Art. II Sect. 3 of the Z.R."

and

# MINUTES

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision 11 of the Zoning Resolution.

*Resolved*, that the decision of the Borough Superintendent, acting on Alt. Applic. 98-60, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 534-60-BZ

APPLICANT—Julius S. Rapson for Vincenzo Cinelli, owner.

SUBJECT—Application July 12, 1960—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in an unrestricted use and D area district, the erection of a one story building occupying more than the permitted area.

PREMISES AFFECTED—150-11 Guinzburg Road, north side, 100 feet east of 150th Street, Block 10110, Lot 60, Jamaica, Borough of Queens.

### APPEARANCES—

For Applicant: Julius S. Rapson.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 6, 1960 after due notice by publication in the Bulletin; laid over to December 20, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated July 8, 1960 acting on N.B. Applic. No. 1482-60, reads:

"1. In a D area district the proposed building occupies more than the area permitted by Art. 4 Sec. 14 of the Zoning Resolutions."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardships.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolutions and that the application be and it hereby is *granted* under Section 21, to permit in an unrestricted use and D area district, the erection of a one story building occupying more than the permitted area, *on condition* that the work shall conform to drawings filed with this application dated July 12, 1960, 5 sheets; that all laws rules and regulations applicable shall be complied with; and that all permits, including a Certificate of Occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 553-60-BZ

APPLICANT—Sidney H. Kitzler for Sylvia Kornblum, owner.

SUBJECT—Application July 18, 1960—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a residence use, E-1 area district, the conversion of a professional apartment to a living apartment in the cellar of an existing Class A multiple dwelling.

PREMISES AFFECTED—286 Corbin Place, northwest corner of Esplanade, Block 7516, Lot 279, Borough of Brooklyn.

### APPEARANCES—

For Applicant: Charles Spindler.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

### THE VOTE—

## REGULAR MEETING

TUESDAY AFTERNOON, DECEMBER 20, 1960,  
2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker.

### 211-53-SA

APPLICANT—Speed Queen, Div. of McGraw-Edison, owner—additional washing machines.

### APPEARANCES—

For Applicant: D. M. Eckstein.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Fox, and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

211-53-SA—Amendment to resolution as to additional models of washing machines.

Speed Queen, Division of McGraw-Edison, Ripon, Wisconsin, requested that the resolution adopted November 4, 1953 and amended at various times through October 18, 1960 under Calendar Number 211-53-SA be reopened and amended so as to include additional models of washing machines.

USE: Nine pound clothes washing machine.

# MINUTES

**DESCRIPTION:** The requested models are basically the same as the models approved October 18, 1960 with the following exceptions:

Model

- A-206 —Same as Model A-204, except not factory equipped with coin meter.  
A-206F —Same as Model A-204F, except not factory equipped with coin meter.  
A-340 —Same as A-34, except different color.  
A-340W —Same as A-34W, except different color.  
A-340F —Same as A-34F, except different color.  
A-340WF—Same as A-34WF, except different color.

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted November 4, 1953 and amended at various times through October 18, 1960 under Calendar Number 211-53-SA be reopened and amended so as to include the additional models of washing machines as herein described, on condition that the requirements of the resolution adopted November 4, 1953 and amended at various times through October 18, 1960 under Calendar Number 211-53-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 1010-54-SM

**APPLICANT**—American Steel Band Co., owner.

**APPEARANCES**—

For Applicant: G. C. Kellogg.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker..... 4

Negative: ..... 0

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads:  
1010-54-SM—G. C. Kellogg for American Steel Band Co., Pittsburgh, Pa., filed for approval of the material known as OP Steel Flooring as a component part of a four hour fire resistive floor and/or roof construction under the provisions of Section C26-239.0 Administrative Building Code.  
USE: A component part of a three hour fire resistive floor and/or roof construction.

**DESCRIPTION:** The construction consists of cellular steel floor units, a 2½" 1:3:5 concrete topping and a vermiculite acoustical plastic or the approved plastic on gypsum vermiculite plaster applied to a suspended metal lath ceiling.

The steel floor units were supported on a structural beam and were welded to this support. Each joint of adjoining sheets were welded on 30 inch centers over the full length of the seam. Holes were then drilled on the face of the floor units, 3'-0" on centers to receive the hangers as required under Section C26-461.0 Administrative Building Code. These hangers carry the 1½ inch channels and lath that comprise the suspended ceiling.

The plaster is applied to the lath in a two coat operation, the scratch being a mix of 2 cu. ft. of vermiculite to 100 lbs. of gypsum; the brown coat being a mix of 3 cu. ft. of vermiculite to 100 lbs. of gypsum. The scratch and brown coat total thickness is ⅝ inches. The acoustical plastic or plaster is then applied over the scratch and brown coat giving a total overall thickness of 1½ inches.

The beam is protected by the caging method; strips of furring channel are bent in a "U" shaped section and are placed around the beam on 12 inch centers and wire tied to

stiffener channels. The caging is so placed as to provide a distance of 2½ inches from the face of the lath to the bottom flange of the beam. A vermiculite plaster, the same mix as applied to the floor units, is then applied to the face of the lath to a thickness of 1½ inches.

**INSPECTION AND TEST:** A floor constructed as herein described was tested at the Underwriters' Laboratory in accordance with the requirements of Sections C26-588.0 through C26-590.0 and C26-593.0 through C26-599.0 Administrative Building Code. The construction successfully met the requirements of a 3-hour construction. The complete report is on file with and is part of the record.

**RECOMMENDATION:** The Committee on Test recommends the approval of the material known as American Steel Band Co. OP Steel Flooring as a component part of a three hour fire resistive floor and/or roof construction when constructed as herein described and in accordance with drawings that are included in the Underwriters' Report Retardant 3847-1 which is on file with and is part of the record, for use in New York City under the provisions of Section C26-239.0 Administrative Building Code, on condition that all plans filed with the Department of Buildings showing the proposed use of this construction shall be stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 1010-54-SM."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 792-55-SM

**APPLICANT**—Penn Metal Co., Inc., owner.

**APPEARANCES**—

For Applicant: O. R. Downer and D. E. Boothroy.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads:  
792-55-SM—Penn Metal Company, Inc., New York, filed for approval of the material known as Penmetal Lightsteel Structural Sections under the provisions of Sections C26-143.0, C26-240.0 through C26-244.0 and C26-519.0 Administrative Building Code.

USE: The material is used as a steel joist.

**DESCRIPTION:** The joists are composed of a flat webbed channel crimped at the edge of the web. To this channel are welded cold formed angles. These angles are also crimped and together with the channel form an "I" shaped section. The crimped portions at the edges of the section provide a slot which is used for nailing.

The center of the web of all joists is perforated with 2½ inch round holes, 12 inches on centers. Two ¾" round holes are punched in 1¼ inches from the center line of the joist equidistant between the 2½" holes.

The joists are 6, 8, 9, 10, 11 and 12 inches in depth and are formed of 16, 14 and 12 gauge steel. The steel conforms to A.S.T.M.-A-303 having a minimum yield of 40,000 p.s.i.

**INSPECTION AND TEST:** Tests were conducted at Cornell University and Ohio State University in accordance with the requirements of Section C26-519.0 Administrative Building Code.

# MINUTES

It was noted that the joists met the requirements of the loading as set forth under Section C26-519.0.e but the deflection test as required under Section C26-519.0.d.I showed that the load tables, as submitted by the applicant in his catalogue, which are figured on the basis of deflection, did not comply with test results. The loads in the test varying from 1/2 of 1% to 10% less than the published loads. The complete reports are on file with and are part of the record.

**RECOMMENDATION:** On the basis of the tests and the data submitted by the applicant, the Committee on Test recommends the approval of the Penmetal Lightsteel Structural Sections as a steel joist as defined under Section C26-143.0 for use as simple spans when using material that has a yield point of at least 40,000 p.s.i., when used in buildings as permitted of height and area limitations as set forth under Section C26-254.0 and for maximum loads and number of stories and uses as limited by Section C26-519.0.b under the following conditions: The load tables as published in the applicant's catalogue, dated January, 1960, and known as A.I.A. File 13-G, shall be reduced by 10%; that the joists may be used as a floor joist under Section C26-519.0.c.2.3 in floor systems as provided under Sections C26-240.0, C26-241.0, C26-242.0 and C26-243.0; as a substitute for secondary wood members under Section C26-244.0; as a component part of a fire resistive floor construction in Class II construction under Section C26-240.0 when protected as required under Section C26-620.0.c.I.b and further that all designs be certified by a Licensed Professional Engineer or Registered Architect; that details of design comply with this resolution, that the erection of these joists shall be inspected by component representatives of the applicant during the course of erection and that the bill of material or delivery slip carry the wording "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 792-55-SM."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 356-57-SM

**APPLICANT**—American Biltrite Rubber Company, owner  
—additional use of floor tile.

### APPEARANCES—

For Applicant: Joseph Platzker.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

356-57-SM—Amendment to resolution as to permissive use in stair enclosures.

Joseph Platzker for American Biltrite Rubber Company requested that the resolution adopted February 17, 1959 under Calendar Number 356-57-SM be reopened and amended so as to allow the use of this tile in stair enclosures.

**USE:** A vinyl floor tile.

**DESCRIPTION:** There has been no change in the material, thickness or method of manufacture of the tile.

**INSPECTION AND TEST:** The tile was tested by the Foster D. Snell Laboratory in accordance with the requirements of Section C26-88.0 Administrative Building Code so as to determine the incombustibility of the tile and it was noted that the tile successfully met the requirements of an incombustible material. The complete report is on file with and is part of the record.

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted February 17, 1959 under Calendar Number 356-57-SM be reopened and amended so as to permit the use of the tile in stair enclosures as the tile was found to comply with the requirements of Section C26-88.0 Administrative Building Code, on condition that all requirements of the resolution adopted February 17, 1959 under Calendar Number 356-57-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 260-59-SA

**APPLICANT**—E. B. Blue Company, owner.

### APPEARANCES—

For Applicant: None.

**ACTION OF BOARD**—Appliance approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice-Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

260-59-SA—E. B. Blue Co., South Norwalk, Conn., filed for approval of the appliance known as the Blue Double Rotation Oven, Model #200 & Model #300 Series, Gas Fired, under the provisions of Article 12, Chapter 26, Administrative Building Code.

**USE:** Oven for molding and curing vinyl plastic objects.

**DESCRIPTION:** The Model #200 is listed as either Model 200A, B, and C, and the Model #300 is listed as either Models 300A or 300B.

The oven is a gas heated oven with an interior mechanism for rotating, in two planes at the same time, molds, into which a plastic liquid of the vinyl plastisol, have been poured in and sealed. The purpose of the oven is to jell and cure the plastic by heat penetration through the molds. The liquid plastic coats the inner surfaces of the molds while rotating and then thickens under heat to a rubberlike condition.

The Model 200A, using a direct fired gas burner, with continuously burning pilot, manually lighted, "Baso" safety control, on-off control of gas supply by solenoid valve actuated by a Partlow temperature control, recirculating hot air system, exhaust vent and explosion latches on the access door.

The Model 200B is the same as Model 200A except that it uses a Wheelco Flameotrol or an equivalent electronic flame safety unit for protection of the gas pilot flame, actuating solenoid gas valve for shut-off in case of flame failure and the on-off control of temperature.

The gas line to pilot burner also has a solenoid valve free to open after 45 seconds for purging period.

The Model 200 C is the same as the Model 200 B except that the burner is of the blower burner type, and the controls are either On-Off, On-Off with By-Pass or modulating with a motor actuated valve in air-gas feed to the burner nozzle; similar to a Maxon Premix burner or a controlling blower air supply to the burner mixer, as in a Bryant Burner Unit.

The Model 300 A is similar to the Model 200 Series except it is a larger unit using a direct fired atmosphere gas burner with On-Off control, continuously burning pilot and continuously running fans.

The Model 300 B is a direct fired burner with On-Off, On-Off with By-Pass or High-Low or modulating control on the burner output.

# MINUTES

The oven in general consists of an inner and outer shell of steel with 5 inches of insulation.

When the work is inserted in the oven and the door is closed, a door switch starts a preset timer and a motor drive.

The gas burner fires into a stainless steel tube which goes through the oven wall and into an interior combustion chamber. The fans pull the combustion gases into the oven along with the outside air which is mixed with the hot air in the oven and then recirculated.

The molds are removed from the oven after a predetermined time, cooled, and the closures are then removed and the cured vinyl pieces are then removed.

**INSPECTION AND TEST:** An oven as herein described was inspected by Ass't. Engr. J. A. Darts, Committee on Test, at 375 West Broadway, New York City. The appliance operated as designed and the safety controls functioned as required. No explosive gases were driven off.

**RECOMMENDATION:** The Committee on Test recommends the approval of the appliance known as the Blue Double Rotation Oven, Models 200A, 200B, 200C, 300A and 300B, when constructed as herein described, for use in New York City when installed in accordance with the requirements of Article 12, Chapter 26, Administrative Building Code and further the appliance shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 260-59-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 643-59-SM

**APPLICANT**—C. G. Pardee Company, Incorporated, owner.

### APPEARANCES—

For Applicant: Kenneth Warren.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
643-59-SM—C. G. Pardee Co., Inc., Long Island City, New York, filed for approval of the material known as Drycrete Liquid under the provisions of Section C26-191.0 Administrative Building Code.

**USE:** An admixture for concrete and cement mortar.

**DESCRIPTION:** The material is basically an aqueous solution of calcium chloride of a minimum concentration of 29° Baume. To this solution is added a plasticizer for workability.

**INSPECTION AND TEST:** A comparative test was conducted by the Gulick-Henderson Laboratories, Inc. to determine if the added Drycrete had any adverse effect on the concrete. It was noted that the strength of the concrete with the admixture was greater than the concrete without the admixture, all other items being equal. The complete report is on file with and is part of the record.

**RECOMMENDATION:** The Committee on Test recommends the approval of the material known as Drycrete Liquid for voluntary use in New York City as an admixture to concrete and/or cement mortar, on condition that the

amount used shall not exceed 1 quart per sack of cement and further that all containers in which the material is marketed shall be labeled, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 643-59-SM".

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
148-60-SM—Amendment to resolution as to additional fire proof construction.

Columbia Acoustics and Fireproofing Co., Stanhope, New Jersey, requested that the resolution adopted May 24, 1960 under Calendar Number 148-60-SM be reopened and amended so as to include additional fireproof construction.

**USE:** Material is to be used as an acoustical and thermal insulation and as a component part of three hour fire resistive floor and/or roof construction.

**DESCRIPTION:** The material is the same as the presently approved material. The construction is the same as the presently approved except the thickness in which the material is applied to the underside of the steel deck and to the contour of the steel beam. The deck is protected with  $\frac{1}{4}$  inch of the material Cafco and the beam by  $1\frac{1}{8}$  inches of Cafco; the original being  $\frac{1}{2}$ " &  $1\frac{1}{2}$ " respectively.

**INSPECTION & TEST:** The construction was tested at the Underwriters' Laboratory of Canada in accordance with the requirements of Section C26-609.0 Administrative Building Code, and as the beam was loaded to a stress of 20,000 p.s.i., the beam temperature was not the criterion. The construction successfully met the fire test requirements. The complete report is on file with and is part of the record.

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted May 24, 1960 under Calendar Number 148-60-SM be reopened and amended so as to include the additional form of construction as herein described wherein the steel deck is protected by  $\frac{1}{4}$  inch of Cafco and the steel beam is protected by  $1\frac{1}{8}$  inches of Cafco and applied in accordance to the Drawing CB-615c which is on file with and is part of the record, on condition that the requirements of the resolution adopted May 24, 1960 under Calendar Number 148-60-SM are complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 259-60-SM

APPLICANT—Karpen Steel Products, Incorporated, owners.

### APPEARANCES—

For Applicant: Harold Kardeman.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker..... 4  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

259-60-SM—Karpen Steel Products, Inc., Farmingdale, New York, filed for approval of the material known as Karpen Fireproof Metal Door under the provisions of Section C26-610.0 Administrative Building Code and the Rules for Inspection of Opening Protective Assemblies.

USE: The door is rated as a 1½ hour fire resistive door.

DESCRIPTION: The door is a single swing hollow metal door of the flush design equipped with 1½ pairs of 4½ inch full mortise hinges and a single point latch having a ¾ inch throw. The size of the door is 44 inches in width by 84 inches in height and 1¾ inches in thickness.

The front and back faces are of 19 gauge steel and the stiffeners are channel shaped, 20 gauge steel spaced 4½ inches from the edges of the door and then every 8½ inches on center. The top and bottom channels, closing the assembly are of 18 gauge steel spot welded to the face on each side, 2 inches from each end and 4 inches on center. The insulation is 3½ lb. density rock wool.

INSPECTION & TEST: The door was tested at the Underwriters' Laboratory in accordance with the requirements of Section C26-610.0 Administrative Building Code and successfully met the requirements of both the fire and hose stream tests for a rating of 1½ hour fire resistive opening protective assembly. The complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Karpen Fireproof Metal Door when constructed as herein described and in accordance with the drawings contained in the Underwriters' Laboratory Report Retardant 4253, marked "Received April 7, 1960," which is on file with and is part of the record, for use in New York City under the provisions of Section C26-610.0 Administrative Building Code as a 1½ hour fire resistive opening protective assembly, on condition that the requirements of the Rules of the Board for the Inspection of Opening Protective Assemblies are complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## 448-60-SA

APPLICANT—The Vapor Recovery Systems Company, owner; Frank B. Gill, agent.

### APPEARANCES—

For Applicant: Frank B. Gill.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Commissioner Fox and Commissioner Becker ..... 3  
Negative: ..... 0

Not Voting: Vice Chairman Kleinert ..... 1

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

448-60-SA—Vapor Recovery System Co., Compton, Cali-

fornia, filed for approval of the appliance known as Varec Liquid Level Limit Switches, Models 9351-S Series, 2550 Series and 9600-RS, under the provisions of Section C19-50-b.10 Administrative Code. These liquid level limit switches may be installed in conjunction with their 2500 Series gauges and 8320 Series annunciator boards.

USE: Liquid level indicating devices for use in petroleum bulk storage terminals.

DESCRIPTION: The Varec 9351-S Series are liquid level transmitters intended for use with the Varec 2500 Series automatic tank gauges. They are attached to the gauge head cover and are driven directly by the gauge mechanism.

The electrical components of the transmitter are completely housed in a cast aluminum explosion proof enclosure. Two seals are used between the drive and the electrical section of the transmitter with a vent provided to atmosphere between the seals. A closely fitted shaft, running in sleeve bearings forms an explosion proof passage through the dividing partition.

A separate conduit box attached to the transmitter housing contains the terminal strip for the field wiring. A seal is provided between the transmitter housing and junction box to prevent the entrance of moisture and to allow for transformer oil filling of the transmitter housing if desired.

The transmitter electrical portion is constructed as a complete sub-assembly allowing removal for inspection and servicing without disrupting the assembly or adjustments. The electrical assembly contains calibrated foot and inch dials to facilitate setting the transmitter to correct liquid level reading. Once set, no other adjustments are required.

The transmitter also encloses two single pole double throw limit switches which are on a separate circuit and can be set to function on 95% and 98% of tank capacity energizing visual and audible alarms such as are installed on the 8320 Series annunciator board. The 9351-S Series can also transmit the depth of liquid to a remotely installed single indicator clock receiver reading in feet and inches, and can be wired to a data printer unit for a permanent record and can also be used to actuate motor driven valves or pumps.

The 2550 Series are level limit switches only and have single pole double throw switches operated by cams driven by a shaft from the automatic tank gauge or from a special elbow drive through which passes the stainless steel gauging tape over a pulley made of stainless steel. This series is made with from two limit switches up to five limit switches to indicate various levels but two limits are always to be set at 95% and 98% of tank capacity. They are available for top of tank or side of tank installation.

The switch housing is cast aluminum, explosion proof enclosure with ¾ inch minimum conduit connection.

The 9600-RS is a combination of limit switches and transmitter in an explosion proof housing with a 2500 Series automatic tank gauge assembled as a unit.

The 2500 Series, automatic tank gauge, operates by the rise and fall of a guided float placed within the storage tank. This float is attached to a stainless steel perforated gauging tape. The tape is carried through piping and over stainless steel pulleys in special elbow fittings to the gauge head where it winds on a reel. The gauge head is equipped with a sight glass and also an operation checker by means of which the free movement of the tape can be periodically checked. The rotation of the spring wound tape reel as the float rises or falls in the tank drives the gear and cam mechanism in the transmitter or switch box and will operate the limit switches at preset levels.

The 8320 Series annunciator board is a panel board intended for installation in the dispatcher's office. It carries two sets of warning lights for each storage tank connected to the alarm system. It is also equipped with a buzzer for audible alarm. The lights and buzzer are set to operate at 95% and 98% capacity levels in the tank as it is being filled. The annunciator board is also provided with two electric meters, one calibrated to read in feet and the other to read in inches of liquid depth in any tank in the system. The

# MINUTES

transmitter on any tank is cut in to the meter circuit by means of a rheostat on the board.

**INSPECTION & TEST:** A typical installation was inspected at the petroleum storage terminal at the foot of Steinway Street, Queens. Limit switches were made to operate warning horns and lights. Present were Ass't. Engr. G. F. Sklenarik and Mr. Frank Gill, representing the applicant.

These limit switches have been approved for hazardous locations by Underwriters' Laboratories and Canadian Standards Association.

**RECOMMENDATION:** The Committee on Test recommends the approval of the appliance known as Varec Liquid Level Limit Switches, Models 9351-S Series, 2550 Series and 9600-RS, when installed in accordance with this report and the provisions of Section C19-50.b.10 Administrative Code, provided that each installation including the electric wiring circuits of the alarm system comprising limit switches, visual and audible alarms and receiver or annunciator boards shall be acceptable to the Fire Department and such tests and periodic retests shall be made of each installation as that department may require and further that each device containing limit switches shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 448-60-SA".

Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 531-60-SM

**APPLICANT**—Eastern Duo-Fast Corporation for Fastener Corporation, owner.

**APPEARANCES**—

For Applicant: Bruce J. Zorn.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker..... 4  
Negative ..... 0

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads:

531-60-SM—Eastern Duo-Fast Corp. for Fastener Corp., filed for approval of the material known as Duo-Fast Staple Gun S-762 and Staples under the provisions of Section C26-191.0 Administrative Building Code.

USE: Attachment of sheathing board to studs.

**DESCRIPTION:** The staples are galvanized staples made of 16 gauge wire ranging in length from 1½ inches to 1¾ inches and the crown ¾ inches to 1 inch. The gun to drive the staples is air operated.

**INSPECTION & TEST:** Tests were conducted on the staples by the Smith-Emery Co. and the tests conducted were comparative shear tests, nails versus staples size versus size and in all tests the staples showed a higher shear value. The complete reports are on file with and are part of the record.

**RECOMMENDATION:** The Committee on Test recommends the approval of the material known as Duo-Fast Staple Gun S-762 and staples for voluntary use in New York City under the provisions of Section C26-191.0 Administrative Building Code to be used in lieu of nails as a means of nailing under the following conditions: When used in conjunction with plywood or fiber board sheathing and in plywood subflooring the spacing of the staples shall be as follows: around entire perimeter of sheet—3 inches on center and spacing on intermediate studs or joists 6 inches on cen-

ters and further that all containers in which the material is marketed shall be stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 531-60-SM".

## 714-60-SM

**APPLICANT**—American International Tool Corporation, owner; Fireproof Products Company, Incorporated, agent.

**APPEARANCES**—

For Applicant: Stanley Sirotin and Howard J. Chick.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative ..... 0

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads: 714-60-SM—Fireproof Products Co., Inc., for American International Tool Corp., Miami Beach, Florida, filed for approval of the materials known as Columbia-matic 8 and Columbia-matic 8 Jr. Power Tool, under the provisions of Section C26-1265.0, C26-1340.0, C26-1360.0, C26-1367.0, C26-1383.0, and C26-1392.0 Administrative Building Code. USE: The gun is used for driving approved studs for fastening structural material.

**DESCRIPTION:** The Columbia-matic Power Tool is a cartridge operated tool for driving hardened steel studs to fasten such materials as wood and steel to concrete and steel or for driving studs directly into concrete and steel for fastening various fixtures thereto.

The tool differs from the other power tools in that it will fire 8 shots before reloading.

In order to fire the tool, the safety trigger on the underside of the tool must first be depressed with the second hand, prior to setting the cover plate flush against the surface to be fired into. This requires the removal of the second hand, so that it cannot be in the line of flight. Each time the tool is fired, the safety trigger must be depressed again before another shot can be fired.

The tool can then be placed flush against the firing surface, the trigger is then squeezed, firing the pin into the surface. Thus there are two separate and distinct motions.

Should the firing surface be uneven or the cover plate (safety shield) be tilted at an angle, the gun will not fire and if a chamber of the cylinder not be properly aligned with the barrel, to insure an unobstructed shot, the tool also will not be able to be fired.

Should the safety shield be removed for any purpose, the same device that unlocks the cover plate allowing its removal, also acts as a safety device to prevent the tool from being fully cocked and it thus cannot be fired again. Should an effort be made to cancel out this cover plate safety device, it will snap into another position which still prevents the tool from being cocked and fired. The action that locks the cover plate or safety shield in its proper position when it is replaced on the tool, clears the safety position of the cover plate lock, so that the tool can be fired.

**INSPECTION & TEST:** Pull out tests were conducted by the Pittsburgh Testing Laboratory on studs driven into concrete and into steel. Pull out tests showed that pull out in 3000 p.s.i. concrete ranged from 700 to 1500 lbs. with penetration from 1¼" to 1¾" and in steel from 1177 to 2900 lbs. The appliance has been approved by the Underwriters' Labo-

# MINUTES

ratory, New York State Board of Standards and Appeals and The Commonwealth of Massachusetts. The approvals are on file with and are part of the record.

**RECOMMENDATION:** The Committee on Test recommends the approval of the material known as the American International Tool Corp. Columbia-matic 8 and Columbia-matic 8 Jr Power Tool for driving studs into steel or concrete for use in New York City under the provisions of Sections C26-1265.0, C26-1340.0, C26-1360.0, C26-1367 and C26-1383.0 Administrative Building Code and C10-38.0 Administrative Building Code, provided the appliance bears a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 714-60-SM."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 792-60-SM

**APPLICANT**—American Steel Products Corporation, owner.

**APPEARANCES**—

For Applicant: Harry J. Rosenblum.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

**THE RESOLUTION**—

**WHEREAS**, the report of a Committee on Test reads: 792-60-SM—American Steel Products Corp., Brooklyn, New York, filed for approval of the material known as the American Steel Products Corp. 1½ hour Hollow Metal Fire Door under the provisions of Section C26-660.0 Administrative Building Code.

**USE:** An 1½ hr. fire resistive opening protective assembly. **DESCRIPTION:** The door is designed to protect an opening 7' x 0" high by 2' x 7¾" wide and is 1¾" thick.

Both faces of the door consist of Number 20 gauge steel sheets.

The door has two pairs of vertical stiffeners of 22 gauge steel that run the full height of the door and the shape of these stiffeners is a hat shape and each pair are so installed that they are back to back. Each pair of stiffeners are located 8 inches from the edge of the door and are welded to the faces on 4 inches centers.

The top and bottom closure channels that run the width of the door are of 16 gauge steel, provided with 4 vent holes. These closures are welded to the face sheets on 2 inch centers.

The door is insulated with 3½lb. density rock wool and is only insulated between the stiffeners and between the stiffeners and the edges of the door. There is no insulation in the space of the "hat" in the stiffeners themselves.

The hinge and lock stile are reinforced with ½ inch steel to accept the lock and hinges.

The hardware consists of two hinges and a lock having ¾ inch bolt throw.

**INSPECTION & TEST:** A door constructed as herein described was tested at Protexal Laboratories in accordance with the requirements of Section C26-609.0 and successfully met both the fire and hose stream requirements. The complete report is on file with and is part of the record.

**RECOMMENDATION:** The Committee on Test recommends the approval of the material known as American Steel Products Corp. 1½ Hour Hollow Metal Fire Door when constructed as herein described for use in New York City

as a 1½ hour fire resistive opening protective assembly, on condition that the requirements of the Rules of the Board for the Inspection of Opening Protective Assemblies are complied with.

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 12, 1960 on Alt. Applic. 524-60, reads:

"1. Business use contrary to Building Code Section (4.1.3) application not further examined."

and

WHEREAS, the applicant states that the building is 19 feet by 48 feet in area, 2 stories and basement, 30 feet high, of class 4 construction, located in business use, B area, class 1½ height district, built in 1897, now used and occupied since 1960: basement—doctor's office and boiler room; 1st and 2nd floors—dwelling, 1 family each floor, contrary to Certificate of Occupancy #28807 issued March 25, 1960 against Alt. Applic. 937-56; that the proposed use and occupancy will be the same as the present actual occupancy; and

WHEREAS, the applicant states that the present certificate of occupancy permits the doctor's office on the basement floor on condition that he resides on the 1st floor; that this condition imposes a hardship upon the owner, because a tenant who is willing to occupy both basement and 1st floor as a single unit is difficult to find; that the basement enclosure walls are of brick; that there is no useable difference in the variance requested, that is, if the doctor's office was rented separate from the dwelling use; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted under certain conditions.

*Resolved*, that the decision of the Borough Superintendent, dated July 12, 1960, acting on Alt. Applic. 524-60 Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building conform to the drawing filed with this appeal dated July 25, 1960, 1 sheet; and that a new Certificate of Occupancy shall be obtained.

## 583-60-A

APPLICANT—Ford Instrument Company, Division Sperry Rand Corporation, owner.

SUBJECT—Application July 20, 1960—Appeal from a decision of the Fire Commissioner re—permit for employees to smoke.

PREMISES AFFECTED—31-10 Thomson Avenue, southwest corner of 31st Place, Block 278, Lot 1, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Robert W. Verhaaren.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated June 22, 1960 on Folder No. 53591.01, reads:

"This will acknowledge receipt of your letter of June 14th, 1960 wherein you request a permit for employees to smoke on 4th floor, 3rd floor, 2nd floor, 1st floor and basement of your factory building situated at the above mentioned premises.

You are advised that your request must be denied for the reason that smoking is prohibited by mandatory provision of the Labor Law and the Rules of the Board of Standards and Appeals."

and

WHEREAS, the applicant states that the building is 200 feet by 482 feet in area, 4 stories, 52 feet 6 inches high, of class 3 construction, located in unrestricted use, A area, class 2 height district, built in 1919, now used and occupied since 1943: basement—machine shop, 339 persons; 1st floor—offices and laboratories, 297 persons; 2nd floor—offices and laboratories, 210 persons; 3rd floor—offices, 84 persons; 4th floor—offices, 115 persons; substantially in accordance with Certificate of Occupancy #28551 issued February 15, 1943 against Alt. Applic. 2931-40; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that permission is requested to smoke in various areas, other than manufacturing; that no request is made for smoking in the basement floor; that the request is made to permit smoking on the 4th floor—entire floor occupied as general office area, excluding vault; 3rd floor—entire floor occupied as executive offices and general office area, excluding multilith room; 2nd floor—entire floor occupied as general office area, drafting room and engineering laboratories, excluding engineering vault and chemical laboratory storage room; 1st floor—entire floor occupied as general office, area, engineering laboratories and cafeteria, excluding paint shop, carpenter shop and plating shop; that their employees have requested that application be made for permission to smoke; that it is difficult to enforce "NO SMOKING" rules in the plant; that surreptitious smoking is a greater hazard than smoking under controlled conditions; that watchmen, porters, and matrons are on duty in the areas where smoking is permitted during times when necessary; that permission to smoke will not materially increase the fire hazard in the plant; that sand filled ash trays will be provided at convenient locations for extinguishing cigarettes; and

WHEREAS, the premises were inspected by a representative of the Fire Commissioner who reported that the Fire Department had no objection to granting under certain conditions.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Fire Commissioner, acting on June 22, 1960, Folder No. 53591.01 and that the appeal be and it hereby is *granted, on condition* that the building conform to drawings filed with this appeal, dated July 20, 1960, 4 sheets; that there shall be no smoking on the basement floor; that smoking on the first, second, third, and fourth floors shall be confined to the areas so designated on the drawings filed with this appeal.

## 672-60-A

APPLICANT—Albert Melniker for James Cox, owner.

SUBJECT—Application September 16, 1960—Filed pursuant to Section 36 of the General City Law re—building not fronting on legal street—Dora Street.

PREMISES AFFECTED—21 Dora Street, north side, 183.11 feet west of Woolley Avenue, Block 472, Lot 66, Castleton Corners, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 16, 1960 on N.B. Applic. 890/60, reads:

"1. Proposed building is on a lot not located on a legal city street. Proposed construction is contrary to Art. 3 Par. 36 of the General City Law."

and

WHEREAS, the applicant states that the site is presently vacant; and

WHEREAS, the applicant states that the street in question is one block in length connecting Crystal Avenue and Woolley Avenue; that there are, at the present time, three newly erected houses on this street for which permits were issued; that the street connects two final mapped streets and is within 6 inches of final grading based on a profile map prepared by our surveyor; that due to a recent interpretation by the Department of Buildings, Borough of Richmond, it was decided by the Superintendent of Buildings that no permits would be issued where final mapped streets are not available; that this has prevented the issuance of a permit for the construction of this one family house on the property in question; that reference is made to the attached su-

# MINUTES

preme court decision under General City Law, Section 36 in the matter of Turner (calgi) and related cases with the following statement:

"There is no requirement that the lot to support the proposed structure shall have a frontage on a public street or highway."

that it is further emphasized that the street in question, Dora Street, has in addition to the privately installed sewer; that gas installed by the Brooklyn Union Gas Company; that electricity installed by the Con Edison Company; that water was installed by the City of New York, as well as telephone installed by the New York Telephone Company; that this voids the statement that no public municipal street utility or improvement shall be constructed by the city in any street or highway until it has become a public street and highway and is duly placed on the official map or plan; that in view of the hardship created by this recent ruling; that the fact that the owner has purchased this property at a cost to him and assessment consistent with usable property; that also that for over 30 years it has been the practice in the Borough of Richmond to issue Building Permits for streets not finally mapped since the greater majority of streets on Staten Island are not finally mapped nor do they have drainage plans; that it is therefore requested before this Board to issue a variance to permit the construction of this building.

*Resolved*, that the decision of the Borough Superintendent, acting on N.B. Applic. 890/60, dated August 16, 1960, Objection No. One, be and it hereby is *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be and it hereby is *granted*, *on condition* the work be done in accordance with drawings filed with this appeal, dated September 16, 1960, two sheets; that all laws, rules and regulations applicable shall be complied with; and that a Certificate of Occupancy shall be obtained.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 19, 1960 on N.B. Applic. 377/60, reads:

"1. The above dwelling is located on a street that is not final mapped."

and

WHEREAS, the applicant states that the proposed building will be 25 feet by 42 feet 4 inches in area, 1 story, 19 feet high, of class 4 construction, located in the residence use, G-1 area, class  $\frac{3}{4}$  height district, to be used and occupied as a one family dwelling; that Thomas Street is finally mapped; that Wolverine Street has all utilities installed, namely, sewer, water, gas, electricity and telephone; that this voids the statement that "no public municipal street utility or improvement shall be constructed by the City in any street or highway until it has become a public street and highway and is duly placed on the official map or plan," as stated in Article 3, Section 36 of the General City Law; that on the north side of Wolverine Street construction is under way for a group of dwellings by Irontown Construc-

tion, Inc., which company received a variance from the Board under Cal. No. 449-60-A, to permit the erection of dwellings on this street; that a plan and profile of Wolverine Street has been prepared and the necessary procedures initiated to have this street final mapped; that the street in question is rough graded to within several inches of the tentative grading submitted for adoption; that due to a recent interpretation by the Department of Buildings, Borough of Richmond, it was decided by the Superintendent of Buildings that no permits would be issued where final mapped streets are not available; that application is made before the Board for a variance that will permit the issuance of a permit, the erection of the proposed one family dwelling, and the issuance of a certificate of occupancy upon completion; that the owner has purchased this property for immediate development and in terms of construction procedures the builder should have these buildings fully enclosed before winter weather; that request is respectfully made before this Board to issue a variance covering all conditions as described above; that in addition, in view of the fact that for over 30 years it has been the practice in the Borough of Richmond to issue Building Permits and certificate of occupancy for streets not finally mapped since the greater majority of streets on Staten Island are not finally mapped; that as stated above the necessary steps have been taken to have this street final mapped at the expense of the builders and to install all necessary street improvements as required by regulations.

*Resolved*, that the decision of the Borough Superintendent, dated September 19, 1960, acting on N.B. Applic. 377/60 Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building conform to drawings filed with this appeal, dated September 22, 1960, two sheets; and that the owner will construct a sidewalk, curb, and pavement along the south half of Wolverine Street in front of his property to the satisfaction of the Borough President; and that a Certificate of Occupancy shall be obtained.

## 694-60-A

## 128-57-BZ

APPLICANT—Lama, Proskauer and Prober for Utica Flatlands Corporation, owner.

SUBJECT—Application for consideration—reopening for extension of time to complete which expired November 10, 1960 and amendment of resolution—decision of the Borough Superintendent; previously granted on condition, under Section 7e of the Zoning Resolution, permitting in a residence use district, the erection of a modern supermarket and four adjoining stores, one story height and the parking of motor vehicles for patrons only.

PREMISES AFFECTED—78-06 to 78-18 Linden Boulevard, south side from 79th Street to Sapphire Street, 137-02 to 137-18 79th Street and 137-01 to 137-19 Sapphire Street, Block 11384, Lot 1, Woodhaven, Borough of Queens.

APPEARANCES—

For Applicant: James E. Vassalotti.

# MINUTES

ACTION OF BOARD—Application reopened, resolution amended and time extended.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, this application was granted by the Board on November 19, 1957, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was last extended on November 10, 1959; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work and an amendment of the resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 19, 1957, as *amended* through November 10, 1959 by adding thereto:

“that the building may be reversed on the plot and a curb cut provided on Sapphire Street instead of 79th Street, substantially as shown on revised drawings dated December 2, 1960, 3 sheets, *on condition* that other than as herein *amended* the resolution above cited shall be complied with in all respects;

and to *amend* the resolution as to the time to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

“that the provisions of Section 22A of the Zoning Resolution shall apply from one date of this *amended* resolution; and that a certificate of occupancy shall be obtained.” (NB 4354/56)

## 350-57-BZ—Vol. II

APPLICANT—Burke & Groh for Joseph B. Weynert, owner.

SUBJECT—Application for consideration—reopening for extension of time to complete—decision of the Borough Superintendent; previously granted on condition, under Section 21 of the Zoning Resolution, permitting in a D-1 area district, the erection of a two-story building for use as a doctor's office on the first floor and two efficiency apartments on the second floor having less than the required setback of 10 feet from a mapped street and without the required five foot side yard.

PREMISES AFFECTED—58-44 Main Street, west side, 20.74 feet north of 59th Avenue, Block 6378, Lot 40, Flushing, Borough of Queens.

## APPEARANCES—

For Applicant: Paul A. Martineau.

ACTION OF BOARD—Application reopened and time to complete work extended.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. II, on July 8, 1958, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on January 19, 1960; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 11, 1958, as *amended* through January 19, 1960 only as to the time to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

“that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a certificate of occupancy shall be obtained.” (NB App. 3866-56.)

## 598-57-BZ

APPLICANT—Lama, Proskauer and Prober for Anthony Spensieri, owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—decision of the Borough Super-

intendent; previously granted on condition, under Sections 7e and 21 of the Zoning Resolution, permitting in a residence use district, the erection of a one story masonry building for use as a storage garage for less than five owner's trucks, one 550 gallon gasoline tank and pump, parking and storage of more than five owner's trucks on the open area and maintain the present one story building at the rear of the plot as a two truck garage.

PREMISES AFFECTED—8-22 to 8-30 28th Avenue, south side, 150 feet east of 8th Street, Block 509, Lots 39, 40 and 41, Astoria, Borough of Queens.

## APPEARANCES—

For Applicant: James E. Vassalotti.

ACTION OF BOARD—Application reopened and resolution amended.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, this application was granted by the Board on January 14, 1958, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was last extended on May 17, 1960; and

WHEREAS, the resolution was amended on May 17, 1960; and

WHEREAS, the applicant requested an amendment of the resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 14, 1958, as *amended* through May 17, 1960 by adding thereto:

“that a portion of Building “B” may be removed, providing a rear yard, and a new extension 10 feet in depth may be constructed at the front of the building; that the front doors of Building “A” and the center curb cut may be relocated substantially as shown on revised drawing dated December 2, 1960, 2 sheets, *on condition* that other than as herein *amended* the resolution above cited shall be complied with in all respects.” (Alt. 1076/57)

## 243-58-BZ

APPLICANT—Lama, Proskauer and Prober for Abraham H. Spilky, owner.

SUBJECT—Application for consideration—reopening for extension of time to complete which expires December 22, 1960—decision of the Borough Superintendent; previously granted on condition; under Sections 7f, 7e, 7i and 7A of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubricatorium, car washing, minor auto repairs, storage, office and sales, parking of cars waiting to be serviced, with signs and show windows within 75 feet of a residence use district, for a stated term of fifteen (15) years.

PREMISES AFFECTED—870 Bay Street and 2-10 Townsend Avenue, southwest corner, Block 2840, Lot 85, St. George, Borough of Richmond.

Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0

Remaining Minutes of the Meeting of December 20, 1960, will be printed in the Bulletin of January 12, 1961.

# PUBLIC HEARING

## PUBLIC HEARING

NOTICE IS HEREBY GIVEN of a public hearing to be held by the Board of Standards and Appeals, Friday, January 20, 1961 at 10 A.M. in Room 909, at 80 Lafayette Street, Manhattan, on the following proposed Rules to Supplement the Requirements of Section 280 of the Labor Law relating to the installation of Automatic Fire Extinguishing Systems in factory buildings having medium or high hazard occupancy below the uppermost floor.

438-60-SR

**APPLICANT**—Thomas J. Hartnett, Deputy Assistant Chief, Fire Department.

**SUBJECT**—Request of the Fire Department for the Adoption of Rules to Supplement the Mandatory Requirements of Section 280 of The Labor Law as Amended by the New York State Legislature by Adoption of Chapter 854 of The Laws of 1959.

Sec. 280 as amended by Chapter 854 of the laws of 1959:  
Sec. 280 AUTOMATIC FIRE EXTINGUISHING SYSTEMS

Every factory building erected before October first, nineteen hundred thirteen, which is more than one story in height and which has any occupancy specified by the board in its rules as of medium or high hazard below its uppermost floor, shall be provided by the owner thereof with an automatic fire extinguishing system.

In every non-fireproof factory building constructed after October first, nineteen hundred thirteen, which is more than one story in height and which has any occupancy specified by the board in its rules as of high hazard below its uppermost floor, the story containing such occupancy and all stories above it shall be provided by the owner thereof with an automatic fire extinguishing system.

The automatic fire extinguishing systems required by this section shall be approved in the city of New York by the fire commissioner in such city and elsewhere in accordance with the rules of the board. The relative hazard of occupancies within said city shall be as determined by the board of standards and appeals thereof. The provisions of this section shall be enforced in the city of New York by the fire commissioner of said city and elsewhere by the commissioner. As amended L.1959, e.854 sec. 5, eff. July 1, 1960.

### 1.0 DEFINITIONS

**1.1 FACTORY BUILDING:** The term "factory building" shall mean a factory building as defined by section 10 of the New York State Labor Law.

Section 10—"Factory building" means a building, shed or structure which or any part of which, is occupied by or used for a factory, and in which at least one-tenth or more than twenty-five of all the persons employed in the building are engaged in work for a factory, but shall not include a building in a city having a population of more than one million, used exclusively by one employer and in which not more than one-tenth of all the persons employed therein are engaged in work for a factory and which, except for such factory work, would be classified as a mercantile establishment. The provisions of this chapter shall apply to any part of a building occupied or used as a factory, except as otherwise provided by this subdivision.

**1.2 AUTOMATIC FIRE EXTINGUISHING SYSTEM:** The term "Automatic fire extinguishing system" shall mean:

**1.2.1** A system of piping connected to one or more acceptable sources of water supply, which system is provided with approved distributing devices

so arranged and located as to automatically discharge an effective spray over the interior of the building in the event of fire therein; or

**1.2.2** A system of piping and distributing devices automatically controlled, connected to an adequate supply of chemical fire extinguishing media of a type suitable for the hazard involved.

**1.3 BAKERY:** The term "bakery" shall mean a bakery as defined by Sec. 330 sub. 1 of the New York State Labor Law.

Sec. 330 sub. (1)—"Bakery" means a building, room, or place used for making, preparing or baking bread, biscuits, pastry, cakes, doughnuts, crullers, noodles, macaroni or spaghetti to be sold or consumed on or off the premises, except kitchens in hotels, restaurants, boarding houses and private residences, wherein all such products are consumed exclusively on the premises; and with respect to the provisions of this chapter relating to machinery, safety devices and sanitary conditions includes hotel bakeries. A bakery is a factory within the meaning of this chapter.

### 1.4 NON-FLAMMABLE:

**1.4.1** The term "non-flammable" as used in these rules when applied to solids shall mean materials which will not ignite and continue to burn when brought in contact for five seconds with an open flame or when in contact with glowing materials.

**1.4.2** The term "non-flammable" as used in these rules when applied to liquids shall mean any liquid which will not generate an inflammable vapor at a temperature of 200° F when tested in a tagliabue open cup tester.

**1.5 VOLATILE INFLAMMABLE OILS OR SOLVENTS:** The term "volatile inflammable oils or solvents" as used in these rules shall mean any liquid mixture or compound that will generate an inflammable vapor at a temperature of 100° F when in a tagliabue open cup tester.
